Measure Disapproved.

The following measures from the Public Utilities Commission were taken up:

Making a Finding Concerning Proposed Schedules of Rates to Be Charged to Private Consumers and Departments of the City and County of San Francisco for Hetch Hetchy Electric Energy.

File No. 9813-1, Resolution No. . . . (Series of 1939).

Committee of the Whole.

Supervisor McCarty moved, seconded by Supervisor Ferdon, that the Board resolve itself into a Committee of the Whole for the purpose of hearing from interested citizens.

No objection and motion *carried*.

The President inquired of the audience if there was anyone who desired to speak on the subject matter. No one expressed such a desire.

Privilege of the Floor.

The privilege of the floor was extended to James H. Turner, Manager of Utilities, who gave a detailed explanation for the requested increase in electric rates.

Supervisor McCarty asked the Controller if an increase in the ad valorem tax rate would ensue if the electric rates to city departments were approved. Mr. Ross replied that such an increase would result in a 3 to 4 cent hike in the tax rate, and proceeded to explain how he arrived at the figures quoted above.

Supervisor McCarty suggested to Mr. Turner that the proposed schedule of rates be revised to reflect an increase to private users only.

The Controller at this point suggested that the rate schedule be returned to the Public Utilities Commission because, pursuant to the provisions of Section 86 of the Charter, he could not certify as to the availability of funds for the payment of obligations.

Motion to Rise and Report.

Supervisor McCarty moved that the Board rise and report. Motion seconded by Supervisor Halley and *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Motion to Refer to Committee.

Supervisor MacPhee moved that the foregoing matter be referred to committee.

Motion *lost for want of a second*.

Privilege of the Floor.

The privilege of the floor was extended to A. Dal Thomson, Counsel for the Public Utilities Commission, who expressed the opinion, in reply to a query by Supervisor Mancuso, that the Controller's statement does not properly come within the provisions of Section 86 of the Charter.

The Controller informed the Board that the provisions of Section 86 of the Charter provided that no expenditure shall be incurred unless the Controller first certifies there is sufficient funds for such expenditure in the Treasury, and that all ordinances, resolutions or orders adopted contrary to the provisions of Section 86 shall be void and any claim based thereon shall be invalid. The Controller further pointed out that there has been no certification of available funds to cover the increased rates which the departments would have to pay for the period January 1 to June 30, 1953, should the measure receive the approval of the Board.

Motion to Disapprove.

Supervisor Ferdon moved, seconded by Supervisor MacPhee, that the proposed schedule of rates be disapproved by this Board of Supervisors and referred to the Public Utilities Commission for further study.

Statement by Mr. Turner.

In reply to the statement made by the Controller with respect to the provisions of Section 86 of the Charter, Mr. Turner called the Board's attention to the last "Resolved" in the resolution adopted by the Public Utilities Commission and reading as follows:

"Be It Further Resolved, That the foregoing schedule of rates be submitted to the Board of Supervisors for approval as required by Section 130 of the Charter and that when approved, either expressly, or by operation of law, the effective date be established by the Public Utilities Commission."

Mr. Ross stated that, with respect to the foregoing quotation, he did not have that particular information before him when he mentioned that no certification of funds had been made by him to take care of departmental bills carrying the increased electric rates for the period January 1 to June 30, 1953.

Roll Call.

The roll was thereupon called on Supervisor Ferdon's motion to disapprove the pending measure and it *carried* by the following vote:

Declaring Policy in Support of Simultaneous Construction of Parallel and Southern Bay Crossings.

File No. 9810-1, Resolution No. (Series of 1939).

Discussion.

Supervisor Lewis summarized the events leading to the present impasse on the construction of the second Bay crossing or crossings, and concluded by stating that it was incumbent upon the Board to adopt a policy on the type of bridges desired and that legislation be set in motion to achieve this end at the earliest opportunity.

Supervisor MacPhee emphasized the importance of considering the health and welfare of the people above all and that immediate action should be taken.

Suggestions Offered by Supervisors Dobbs and Ferdon.

Supervisor Dobbs suggested that the Board give consideration to the following suggestions, sponsored jointly by him and Supervisor Ferdon:

That the Board adopt as its official policy its intention to activate a program whereby:

- (1) It shall propose to the California Toll Bridge Authority the names of four individuals or firms, qualified experts in the fields of finance, community planning, engineering and rapid transit, respectively, preferably from the Eastern or Middle Western sections of the United States, and in no way connected with the controversies which have heretofore prevented the construction of such additional bay crossing or crossings;
- (2) It shall urge the Board of Supervisors of Alameda County to propose similarly to the California Toll Bridge Authority the names of four such experts, to be selected by said Board of Supervisors;
- (3) Said body of eight experts shall review and analyze the studies, investigations and reports already completed and now available and arrive at conclusions as to the number, type, location and method of financing of additional bay crossings which are warranted and best adapted to the requirements, present and in the foreseeable future, by physical, economic, social and other pertinent factors;
- (4) Said body of eight experts shall submit to the California Toll Bridge Authority not later than sixty days after its appointment, a recommendation, which shall be based upon said review, analysis and conclusions and which by prior agreement shall be binding upon the City and County of San Francisco, Alameda County and the California Toll Bridge Authority, as to the number, type, location and method of financing of an additional crossing or crossings of San Francisco Bay;
- (5) The California Toll Bridge Authority shall be urged to bear the costs and expenses of employing the experts hereinabove mentioned and disseminating the conclusions and recommendations thereof, and necessary expenses incidental thereto.

Opposition to Pending Measure.

Supervisor Mancuso stated that it was his understanding that there would not be prolonged discussion on the subject measure before the Board, and that a public hearing would be set for some time in the future, when the Board would sit in Committee of the Whole for the purpose of hearing from all interested parties. The Supervisor stated that he did not know enough about the matter to cast his vote intelligently on it today.

Supervisor Christopher stated he supported the stand of Supervisor MacPhee for the immediate construction of two bridges, possibly three or four bridges, but the paramount question in his mind devolved on the method of how such bridge or bridges are to be financed.

Motion to Re-refer to Committee.

Supervisor Dobbs moved, seconded by Supervisor Mancuso, that the pending measure be re-referred to committee.

Motion Withdrawn.

There being no objection, the motion to re-refer to committee was withdrawn, to permit his Honor, the Mayor, to make a few remarks.

The Mayor proceeded to enlighten the Supervisors on a number of fears which had been expressed insofar as finances and the number of bridges were concerned. He stated that he did not intend to be tied to any financial commitment until he knew just where the city was headed, and that once the financial picture was clarified, it would be brought before the Board for approval. The Mayor did express the hope, however, that a meeting could be arranged with our East Bay neighbors for the purpose of ultimately coming to a mutually satisfactory conclusion.

Motion to Re-refer to Committee.

At the conclusion of the Mayor's talk, Supervisor Dobbs moved, seconded by Supervisor Ferdon, that the pending measure be re-referred to committee.

Supervisor McCarty spoke in favor of re-reference.

Invitation by Mayor.

The Mayor extended an invitation to the members of the Board to meet with him, the Controller, the Chief Administrative Officer and the City Attorney, in his office for the purpose of clarifying and possibly arriving at a definite policy with respect to the construction of an additional bridge or bridges.

Motion to Defer Consideration.

Supervisor MacPhee moved, seconded by Supervisor Lewis, that consideration of the foregoing measure be continued for a period of four weeks to permit an investigation by the members of the Board.

Suggestion by Supervisor Mancuso.

File No. 9870, Resolution No. . . . (Series of 1939).

Refererd to County, State and National Affairs Committee.

Motion Fixing Date for Public Hearing on Tow-Away Measure Defeated by the Board.

Supervisor Dobbs brought up the question of the Board reconsidering the measure heretofore defeated, relating to the imposition of tow-away regulations on portions of Market, Mission, Fourth and Sutter Streets, designated as File No. 8847.

Supervisor Halley informed the Supervisors that the Police Committee was meeting on Thursday, January 8, for the purpose of considering the imposition of tow-away regulations on portions of Market and Sutter Streets.

Motion to Rescind Previous Board Action.

Supervisor Dobbs moved that the Board rescind its previous action whereby it had refused to adopt File No. 8847, imposing no-stopping provisions between 4 and 6 p. m. on portions of Market, Mission, Fourth and Sutter Streets, and that the Board set a public hearing for Monday, January 26, when the Board will sit in Committee of the Whole to hear from all interested parties.

Verbal Opinion from City Attorney.

At this point, the President of the Board asked Deputy City Attorney Thomas Blanchard if such a motion was in order, and the Deputy City Attorney replied that off-hand, without checking further into the matter, he believed the proper procedure to be the introduction of new legislation.

The President thereupon ruled the motion out of order.

Reference to Police Committee.

Supervisor Dobbs thereupon reintroduced the following measure:

Adding Portions of Market, Mission, Fourth and Sutter Streets to List of Streets on Which Stopping Is Prohibited Between 4 and 6 P. M., Saturdays, Sundays and Holidays Excepted.

Supervisor Halley requested that the Clerk of the Police Committee inform interested citizens that consideration of the measure calling for the imposition of tow-away regulations on portions of Market and Sutter Streets, which was scheduled for consideration by the Police Committee on Thursday, January 8, was being postponed to a later date.

Consideration of Measure Out of Order.

Suspension of Rules.

Supervisor Halley moved, seconded by Supervisor Ferdon, that the rules be suspended for the purpose of considering the following recommendation of Streets Committee out of order.

No objection and motion *carried*.

Adopted.

The following recommendation of Streets Committee was taken up:

Present: Supervisors Ferdon, Halley.

Declaring Intention to Order Vacation of Blair Street and Portion of Acme Alley.

File No. 7999-1, Resolution No. 12942 (Series of 1939).

(Not in conflict with Master Plan.)

Explanation.

Supervisor Ferdon explained in detail the various ramifications attending the proposed vacation. At the conclusion, he suggested that the privilege of the floor be accorded to Attorney Allen M. Singer, representing petitioners Joaquin C. and Sylvia Andrade.

Privilege of the Floor.

There being no objection, the privilege of the floor was accorded the following:

Mr. Allen M. Singer, attorney-at-law, 369 Pine Street, San Francisco. Mr. Singer based his claim for a more substantial vacation of Acme Alley on the grounds that when his clients purchased their property they were not informed that the patio wall encroached on a public easement and that in all fairness, an additional portion of Acme Alley should be vacated to permit the stone wall to remain on private property.

Judge Daniel R. Shoemaker spoke against the rezoning sought by Mr. Singer, stating that he owned land directly opposite the Andrade property and to vacate that portion of Acme Alley would seriously interfere with building plans which he had prepared some time ago.

Both parties were accorded the privilege of rebuttal.

Matter Taken into Hands of Board.

There being no objection, the matter was taken into the hands of the Board.

It was pointed out to Attorney Singer that even if the desired vacation were granted, the property that would accrue to the Andrades would not be sufficient to entirely include the stone wall.

Supervisor Dobbs stated that he believed the city was certainly not responsible for the location of the stone wall.

Roll Call.

The roll was thereupon called and the pending measure was adopted by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ferdon, Halley, Mancuso, McCarty, Mead, Sullivan—8.

Absent: Supervisors Christopher, Lewis, MacPhee—3.

Consideration of Off-Calendar Matter.**Suspension of Rules.**

Supervisor MacPhee moved, seconded by Supervisor Mancuso, that the rules be suspended for the purpose of considering the following measure out of order.

No objection and motion *carried*.

Adopted.

Requesting Mayor to Appoint a Committee for the Purpose of Drafting Agreement to Build Simultaneously a Southern and Parallel Crossing of the San Francisco Bay.

The Clerk presented:

File No. 9891, Resolution No. 12959 (Series of 1939).

Privilege of the Floor.

There being no objection, the privilege of the floor was extended to George W. Johns, Secretary of the San Francisco Labor Council.

Discussion.

However, before Mr. Johns was able to say anything beyond mentioning that labor was in favor of a southern crossing only, Supervisor Mancuso explained that while he signed the pending measure, he was in opposition to a parallel crossing. He signed the measure because he believed that unless agreement was reached, calling for the construction of a parallel crossing simultaneously with a southern crossing, San Francisco would continue to encounter obstacles in its quest for a southern crossing. The Supervisor pointed out further, that the construction of a parallel crossing would tend to alleviate congestion in the downtown area.

Supervisor Dobbs: We are not approving both bridges in adopting this resolution. We are merely agreeing to meet with the East Bay representatives to find an amicable solution.

Supervisor MacPhee: The Board and the Mayor did a fine job last Saturday in reaching an agreement on this resolution. This is the first of a series of steps to be taken to unravel the complexities involving construction of bay crossings.

Supervisor Christopher reechoed statements made in the Mayor's office last Saturday that he wanted it definitely understood that the word "simultaneous" meant exactly what it intended to convey, and before a final expression is obtained from the Board with respect to the construction of a crossing or crossings, a definite, irrevocable showing should be made by the State Legislature and by the California Toll Bridge Authority that a simultaneous construction of the bay crossings is indisputably their intention.

Supervisor McCarty stated the Eastbay communities favored a parallel crossing; the City and County of San Francisco favored a southern crossing; and declared that if no agreement is reached, no crossing will ever be constructed.

Supervisor Dobbs: This resolution does not change our official policy; it merely calls for a hearing to reach a compromise agreement which will then have to be reviewed by the Board.

Supervisor Ferdon expressed the opinion that no further delay should be permitted, and recommended speedy approval of the measure.

Privilege of the Floor.

The privilege of the floor was again accorded George W. Johns, Secretary of the San Francisco Labor Council.

Mr. Johns informed the Board that the adoption of the measure now before the Board would constitute a complete reversal of form in that the city had heretofore endorsed only a southern crossing, and that its adoption meant capitulation to the forces in Oakland. San Francisco would lose its leadership, and he hoped that the Board would not change its heretofore adopted policy of favoring only a southern crossing.

Mr. Johns stated he was not speaking for his Council in that it had not officially taken any action on the matter but that he was speaking as a labor official.

Mr. George S. Hill, representing the Traffic and Transportation Division of the Central Council of Civic Clubs, likewise spoke in opposition to the pending measure, and stressed the fact that the cost of two crossings, totaling some \$370,000,000, would prove an unbearable burden.

Roll Call.

The roll was thereupon called and the foregoing measure was adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, MacPhee, Mancuso, McCarty, Mead, Sullivan—10.

Absent: Supervisor Lewis—1.

Support of Supervisor Lewis.

The President directed that the record show that had Supervisor Lewis been present, he would have voted for the measure.

Report Approved.

The following from Finance Committee was taken up:

Present: Supervisors Arnold, Christopher, McCarty.

“Report on Alterations of Golden Gate Bridge.”

Discussion.

Supervisor Christopher remarked that he desired the Board to direct a communication to the Golden Gate Bridge and Highway District Directorate requesting them to make application for a reduction in insurance rates or to secure additional protection for insurance premiums now paid, in view of the fact that they are expending \$3,500,000 to reinforce and strengthen the Golden Gate Bridge.

Supervisor Arnold suggested that the Directors also be requested to consider the feasibility of constructing a barrier of some type concurrently with the improvement of the bridge, in order to help prevent suicides.

Mr. Wadsworth, City Engineer, explained details of the report submitted by the Board of Engineers, relative to the strengthening of the bridge.

Supervisor Christopher, seconded by Supervisor Arnold, moved that the Board go on record favoring the report of the engineers, and also that the Directors of the Golden Gate Bridge consider the feasibility of incorporating in the plans additional safeguards against potential suicides.

Substitute Motion.

Supervisor Halley moved, as a substitute, that the Board go on record as approving the report of the Board of Engineers relative to the alterations of the bridge.

Motion Withdrawn.

Supervisor Christopher stated that he would withdraw his motion. No objection and *motion withdrawn*.

Motion.

Supervisor Halley, seconded by Supervisor Christopher, moved that this Board recommend to the Directors of the Golden Gate Bridge and Highway District that they reinforce the Golden Gate Bridge to prevent any additional damage thereto, and that the report of the Board of Engineers heretofore filed with said Directors be accorded the full support of this Board of Supervisors.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—10.

Absent: Supervisor MacPhee—1.

Supervisor Christopher, seconded by Supervisor Halley, moved that the Board go on record as suggesting to the Directorate that they give consideration to the possibility of installing a protective net to prevent suicides and that they take action to secure decreased insurance rates or additional insurance due to the strengthening of the bridge.

Explanation of Vote.

Supervisor Mancuso stated that he would have to vote against the motion until such time as the Directors of the Golden Gate Bridge had an opportunity to express their position.

Supervisor McCarty suggested that the motion be withdrawn pending the receipt of a copy of the engineer's report on the construction of a net under the bridge.

Motion Withdrawn.

Supervisor Arnold remarked that he believed that that portion of the motion relative to the installation of a net under the bridge should be withdrawn and that the Board should request a copy of the report submitted to the Directors in connection with the subject.

Supervisor Christopher requested permission to withdraw his motion.

No objection and motion *withdrawn*.

Motion.

Supervisor Christopher, seconded by Supervisor Halley, moved that this Board of Supervisors communicate with the Directors of the Golden Gate Bridge and Highway District and request them to give consideration to either receiving lesser insurance rates or more insurance coverage for the present premiums, in view of the fact that \$3,500,000 will be expended to strengthen the bridge.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—9.

No: Supervisor Ferdon—1.

Supervisor MacPhee urged adoption.

Supervisor Halley spoke of the prohibitive costs involved in constructing a water system as well as a sewer system on the island and stated he would vote against the measure.

Privilege of the Floor.

Supervisor Arnold requested that the privilege of the floor be extended to Mr. Raymond E. Hoyt, Chief, Regional Office, National Park Service. Mr. Hoyt emphasized the importance of having Angel Island incorporated as part of the Master Plan for Shoreline Development in that the present law required such action before it could be leased by the state to the City and County of San Francisco. The state would then appropriate the sum of \$200,000 for purchase of the island from the Government and in turn would enter into a fifty-year lease with the City and County of San Francisco at \$1.00 per year, with an option to renew the lease on the same terms, provided the island would be used for recreational purposes.

Motion to Re-refer to Committee.

Supervisor Sullivan moved re-reference to committee for further study. Motion seconded by Supervisor Ferdon.

There being no objection, motion *withdrawn*.

Discussion.

Supervisor McCarty inquired of Mr. Hoyt as to the city's obligations to install utility services on the island. Mr. Hoyt replied that this would only be necessary if the City believed it so. There are now three water systems on the island.

Supervisor McCarty said he would vote against the pending measure as well as against the subsequent measure relating to requesting the Recreation and Park Commission to insert in the 1953-54 budget provisions for funds required for the acquisition of the island, unless it was amended to call upon said Commission for a report as to the cost of operating the island. Up to the present time, Supervisor McCarty continued, he did not have any figures with respect to cost of maintenance, and until he had such data he could not vote intelligently on either measure.

Supervisor Lewis urged adoption of the pending measure, claiming that its purport is merely to include Angel Island in the Master Plan for Shoreline Development and did not involve the expenditure of funds nor did it commit the members of the Board to vote for the acquisition of the island.

Supervisor Christopher suggested that the Chief Administrative Officer, the Real Estate Department and the Recreation and Park Department get together for the purpose of preparing a prospectus outlining facts and figures pertaining to cost of operation and main-

tenance of the island as a recreational center. The Supervisor added that the people at the last November election voted for the acquisition of Angel Island, without cost to the city.

Supervisor MacPhee urged adoption of the measure. He stated that the state would lease the island to the city, and then, if the city found the venture to be unprofitable, the land could be returned to the state.

Supervisor Mancuso asserted that neither funds nor commitments were involved in the adoption of the present measure but that its adoption was necessary if the state is to purchase the island from the Federal Government and in turn lease it to the city.

Supervisor Halley suggested that the matter be re-referred to committee and that the California State Park Commission be requested to confer with the committee's members for the purpose of studying the type of lease which the state may insist that the city approve.

Supervisor Lewis: This is a very simple matter, something to be given to us by the state on a lease arrangement. Let us do what the people directed us to do, acquire the island without cost. This does not require us to spend one red cent.

Supervisor McCarty: I would like to see a plan, a concrete plan as to the cost of operating the island, and the cost in dollars and cents, with proper bond as a guarantee against loss. If this is the case, we should acquire the island ourselves from the Federal Government. Until we have such suitable, final proposal, I will not vote for the proposals presently before the Board.

Privilege of the Floor.

There being no objection, the privilege of the floor was extended to Paul Oppermann, Director of Planning. Mr. Oppermann stated that before the city can acquire Angel Island from the state, it must, pursuant to law, include the island as a part of the city's Master Plan for Shoreline Development.

Point of Order.

Supervisor McCarty posed a question to Mr. Hoyt of the National Park Service but before a reply was forthcoming, Supervisor Mancuso rose to a point of order, objecting to method of procedure.

The President ruled the point of order not well taken, contending that Mr. Hoyt was perfectly capable of answering the question.

To the question asked by Supervisor McCarty, Mr. Hoyt stated that the city must first adopt the pending measure, and then the state will withhold the acquisition of the island pending advice from the city.

At this point, Supervisor McCarty stated that the explanation threw a different light on the subject.

Supervisor Christopher: What obligation is placed on the city if we adopt the pending measure.

Mr. Oppermann: There is no financial obligation. If appropriations are eventually required, the Board must certainly act on them.

Supervisor Christopher: Is there any obligation on the part of the Board to pass certain appropriations by reason of passing the pending measure?

Mr. Oppermann: I must give this a flat "no." The Board is the only body to pass upon the advisability of any appropriation.

Supervisor Christopher: Is it legal to include in the Master Plan the acquisition and maintenance of property not within the confines of the City and County of San Francisco?

Mr. Oppermann replied in the affirmative, and reminded that the city had other properties not within the confines of the city such as Hetch Hetchy, Water Department, and Airport holdings.

Roll Call.

There being no further discussion, the roll was called and the pending measure was *adopted* by the following vote:

Fourth Street, east side, between Howard Street and Market Street;

Fourth Street, west side, between Mission Street and Howard Street.)

Discussion.

Supervisor Halley, Chairman of the Police Committee, informed the Board that labor had withdrawn its opposition to the pending measure.

Supervisor Lewis stated he was not satisfied that the adoption of the measure would speed up traffic and expressed a desire to ask certain questions of Captain Eker of the Police Department. Upon those answers, Supervisor Lewis stated, would rest his decision to vote either for or against the measure.

Supervisor Lewis: What good is there to get more cars to go in an easterly direction to the terminal only to have them go back in a westerly direction, bumper to bumper. If you feel you must have towaway regulations on the south side of Market Street, is it going to provide more passenger vehicles for people trying to get home on the north side?

Captain Eker stated the people may not get home faster but there would be more vehicles available to take them home.

Supervisor Lewis: Do you feel one of the complaints is that there are not enough vehicles to take them home?

Captain Eker: That is one of the complaints.

Supervisor Lewis stated he believed there was not sufficient enforcement of towaway regulations on the north sides of Sutter and Market, but that he was willing to approve the pending measure on an experimental basis.

Roll Call.

The roll was thereupon called and the pending measure was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Motion to Pass for Second Reading.

Supervisor Lewis moved passage for second reading; seconded by Supervisor Halley.

Discussion.

Supervisor Lewis explained to the members of the Board and to the members of the Public Utilities Commission, that permission for vehicular traffic to traverse the car track area on Market Street would, in his opinion, lessen the traffic congestion which normally ensues when vehicles must, of necessity, bunch behind busses and trolley busses.

Motion for Study and Continuance of Measure.

Supervisor MacPhee moved that the pending measure be laid over for a period of two weeks and in the meantime the Public Utilities Commission and the Police Commission be requested to review the proposal for the purpose of submitting report and recommendations thereon. Statement by Supervisor Lewis on the City's Transit Problem.

Supervisor Lewis declared that the only way, in his opinion, to alleviate the city's traffic congestion is by means of a mass transit system.

The Supervisor reminded the Board of some of his efforts in the past which have resulted in the following recommendations:

1. That Bush and Pine Streets be made reversible one-way streets during certain hours. This plan has met with success in the east.
2. That study be given to an excellent plan submitted by Mr. Chew for an underground garage on Telegraph Hill.
3. That numerous fringe area parking lots be established in the downtown area in lieu of large parking lots.
4. That a five-cent transit fare be established for travel to commercial establishments in the downtown area—in other words, a shoppers' special.

The Supervisor stated that something had to be done, if only of a temporary, remedial nature, and that it was necessary to continue experimenting with new and different ideas.

Supervisor Lewis called the Board's attention to a dinner meeting held recently by the Peninsula Division of the League of California Cities, attended by the various planning staffs of peninsula towns. This attendance emphasized the importance of united community planning and only in this way, by means of a united front, can the problems confronting many communities be solved.

Supervisor Lewis further called the Board's attention to an article appearing in a leading newspaper in Sydney, Australia, in which mention was made of the fact that San Francisco's downtown area was being slowly strangled to death by transit and traffic congestion.

The Supervisor concluded his statement by stressing the importance of continually exploring and essaying new ideas until the city has achieved the final answer to her transportation and traffic problems.

Requests of Supervisor Mancuso Concerning Extension of Time in Towaway Zones and Solution of Double-Parking Problem in Polk Street District.

Supervisor Mancuso asked Captain Eker of the Police Department to give consideration to the advisability of extending the towaway time presently in effect on Upper Market Street and Portola Drive from 4 to 6 p. m., to 4 to 6:30 p. m., as conditions in those areas warranted, in his opinion, such a revision.

Supervisor Mancuso also asked Captain Eker to see what could be done to discourage double parking on Polk Street, particularly between Geary and Sacramento Streets, and to recommend imposition of towaway regulations in that area if deemed advisable.

Adopted.

The roll was thereupon called and the foregoing measure was adopted by the following vote:

Supervisor Lewis called attention to the continual blocking of Fourth Street to traffic by the Southern Pacific Company, thought it was about time that the company should make some effort to rectify the situation and reminded the Board that such blocking was in direct violation of a city ordinance.

To a query by Supervisor Mancuso, the Chief Administrative Officer stated that the Department of Public Works was negotiating with the Southern Pacific Company to relieve congestion on Fourth Street and that unless relief was forthcoming, the company's franchise might not be renewed.

The Controller explained that at the time the 1947 Off-Street Parking Bonds were submitted to the people, it was the report of the Technical Committee that the five million dollars would be used as a Revolving Fund, and that income from the facilities would revert to the bond fund. Resumption of Consideration of Appeal from Decision of the City Planning Commission, by Its Resolution No. 4114, Disapproving Application to Rezone Property Located on the Northeast Corner of Van Ness Avenue and Vallejo Street from Second Residential District to Commercial District.

Privilege of the Floor.

The privilege of the floor was extended to Mr. Felix Lauricella, attorney-at-law, representing the petitioner Sam Re.

Mr. Lauricella pointed out that his client had his premises remodeled in 1948 and that as a result of such alterations, the city was getting one thousand dollars more a year in taxes. This was merely a side issue, he said, to the main reason, that Van Ness Avenue was fast becoming completely commercialized, and proceeded to point out the various commercial establishments adjacent to and in the general vicinity of the property of his client, and saw no reason why his client's property should not follow the trend.

Paul Oppermann, representing the City Planning Commission, outlined the following reasons for the adverse action taken by his Commission:

1. The subject parcel is located in a high-class residential district, and that the applicant, while requested to offer stipulations, did not do so.

2. Present development and use of the entire block fronting Van Ness Avenue on the easterly side, between Vallejo and Green Streets, is for large apartment houses, with practically no off-street parking space.

3. Proposed use in the new Zoning Ordinance for this block is high density residence, and introduction of a commercial use would

be in conflict with the Land Use Plan scheduled for hearing and adoption this month.

4. No evidence was presented at the hearing to show that the property could not reasonably continue to be used as zoned.

Discussion.

Supervisor Mancuso stated that he believed all of Van Ness Avenue should be zoned commercial and that he would vote against the Commission on this and on any other matters in the future affecting Van Ness Avenue where a request for a commercial zone had been denied by the City Planning Commission.

Supervisor Christopher expressed the opinion that the City Planning Commission was not being practical when it refused to rezone the subject parcel for commercial use.

Mr. Oppermann stated that it was just as important to protect residential values as it was to look out for the interest of commercial properties.

Rebuttal.

Both Mr. Oppermann and Mr. Lauricella were accorded the opportunity of rebuttal.

Mr. Oppermann again reminded the Board that the petitioner was asked to offer stipulations but refused to do so.

Supervisor Dobbs asked if the matter could not be remanded to the City Planning Commission for the purpose of considering stipulations. Mr. Oppermann informed the Supervisor that, pursuant to an opinion rendered by the City Attorney, the Board cannot consider stipulations nor can the matter be sent back to the City Planning Commission for the purpose of considering them, and that the only procedure remaining would be the initiation of a new action a year hence.

Explanation of Voting Procedure.

There being no further discussion, the President of the Board informed the members of the following voting procedure: A vote "Aye" overrides the decision of the City Planning Commission and sustains the appeal; a vote "No" sustains the City Planning Commission and denies the appeal.

The Clerk thereupon read the following measure to the Board:

Disapproving Decision of the City Planning Commission by Its Resolution No. 4114, Dated December 11, 1952, Denying Application to Rezone Property Located on the Northeast Corner of Van Ness Avenue and Vallejo Street from Second Residential District to Commercial District.

File No. 9903-2, Resolution No. 13039 (Series of 1939).

Adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—10.

No: Supervisor MacPhee—1.

City Planning Commission overruled.

Presentation of Guest.

The President introduced Mr. Lloyd Graybiel, Vice-President of the American Trust Company and Acting Chairman of the Boy Scouts

Committee celebrating Boy Scout Week, as a part of the ceremonies attending the 43rd Anniversary of the founding of the Boy Scout movement.

Mr. Graybiel spoke of the tremendous strides which the Boy Scout movement has made since its founding and its effect on the physical, spiritual and moral wellbeing of America.

Mr. Graybiel then introduced one of the city's Eagle Scouts, Mr. John Doty, who spoke on the progress of the Boy Scout movement and its need for the training of adults to perpetuate the principles which the movement represented, and concluded that his organization was non-prejudicial and welcomed all who were interested.

Supervisors Accorded Tenderfoot Rating.

At the conclusion of his talk, Supervisors Halley and McCarty were asked to take their Boy Scout oath and received pins signifying their induction into the Boy Scout movement as tenderfoot scouts.

The privilege of the floor was next extended to Oscar C. Alverson, Executive Officer of the Boy Scout movement in San Francisco. Mr. Alverson thanked the Board for their efforts in furthering and endorsing the movement and expressed the hope that such co-operation would continue in the future.

Continuation of Recommendations of Finance Committee.

(New Business)

Adopted.

Motion Authorizing the Renting of Bleachers for Civic Celebration of St. Patrick's Day to Be Held on March 15, 1953.

It is moved that the Clerk of the Board be and he is hereby authorized to issue a requisition for a purchase order for the renting, transporting, erecting and removing of bleachers, the cost of which shall not exceed the sum of \$350, for the civic celebration of St. Patrick's Day to be held on March 15, 1953; provided funds are available for such purpose.

File No. 9986

Discussion.

Supervisor Mancuso asked the Chief Administrative Officer if funds had been placed in the forthcoming budget for the purchase of bleachers for such occasions as represented by the pending measure.

Mr. Brooks replied that there were no funds in the proposed budget for the purposes suggested.

Supervisor Mancuso then proceeded to ask that the Clerk take up the subject matter with Mr. Brooks to see if funds may not be made available for the purpose of purchasing bleachers instead of renting them each year as has been the custom in the past.

The roll was thereupon called and the foregoing measure was adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, MacPhee, Mancuso, McCarty, Mead, Sullivan—10.

Absent: Supervisor Lewis—1.

Final Passage.

The following measures from Finance Committee, with recommendation "Do Pass" after amendment, were taken up:

		14,400
Total		198,151)

(Proposed amendment is as follows:

Reduce appropriation from \$198,151 to \$190,000.)

Statement by the Chief Administrative Officer.

The Chief Administrative Officer informed the Board that he had attempted to have the necessary plans and specifications prepared within the budget recommended by the Finance Committee but that the fees claimed by the contractors and architects could not be adequately met by the appropriation submitted by the Finance Committee, and if the full amount is not authorized by the Board, the work, of course, could not be done.

The Chief Administrative Officer reminded the Board that if the work is not done as requested, the city would be liable for any damage which may ensue as a result of the defective boilers. Mr. Brooks stated he had made a personal investigation and was satisfied that the desired appropriation was in order.

The President announced that in the absence of a motion, the proposed amendment was not before the Board for a vote.

The roll was thereupon called and the foregoing measure was *finally passed* by the following vote:

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**Criticism of Mission-Bartlett Parking Plaza Lease.**

Supervisor Christopher criticized the policy of the Parking Authority in leasing the Mission-Bartlett Street Parking Plaza on the basis of the receipt of but one bid. He expressed the opinion that more than one bid should have been considered, and that if the Parking Authority is unable to function in a more efficient manner than has been the case since its inception, it should be dissolved and its functions assumed by the Real Estate Department.

Supervisor Christopher asked that representatives of the Parking Authority come before the Board next Monday for the purpose of answering questions which he and other Supervisors may have regarding the Mission-Bartlett Street Parking Plaza lease as well as its future program on off-street parking.

No objection and the *Clerk was directed to invite* the Parking Authority to appear before the Board next Monday.

Criticism Regarding Preparation of Charter Amendment Relating to a Transit Authority.

Supervisor Christopher deplored the lack of vigor necessary to have a suitable Charter amendment prepared looking to the establishment of a Transit Authority, and expressed the hope that the Joint Judiciary and Public Utilities Committee would be successful in having one brought before the Board in the very near future.

Comment on Functions of Parking Authority.

Supervisor Ferdon expressed the opinion that the Parking Authority to date has performed commendably, and mentioned the St. Mary's Square Underground Garage and the Mission-Bartlett Parking Plaza as examples of accomplishments.

Comment on Charter Amendment Establishing Transit Authority.

Supervisor Ferdon stated that if certain people desired action with respect to the preparation of a Charter amendment relating to the establishment of a Transit Authority, it was necessary that the Committee have concrete facts before it for inclusion in said Charter amendment, and until the Committee knows what is desired, the City Attorney's office would not be in a position to draft one.

Supervisor Mancuso asked that the Clerk write Francis V. Keesling, Jr., Washington Legislative Counsel, for the purpose of inquiring just what Congress intends to do in the way of appropriating funds for furthering the Veterans' Administration's hospital program.

No objection and so ordered.

In view of Supervisor MacPhee's objections, the pending measure was referred to the County, State and National Affairs Committee.

Comment by Supervisor MacPhee Regarding Proposed Mission-Bartlett Street Parking Plaza Lease.

Supervisor MacPhee stated he thought the procedure whereby only one bid was received and accepted for the Mission-Bartlett Street Parking Plaza lease was an unusual one. He did not believe that the income derived from such a low rental could possibly pay the interest on the bonds, and further, that its fee-making policy was unfair to other competitors in the neighborhood who are taxpayers.

Use of Bowling Green on Nineteenth Avenue and Sloat Boulevard.

Supervisor MacPhee stated that in driving out in the neighborhood of Nineteenth Avenue and Sloat Boulevard the other day, in balmy weather, he noticed that the bowling green grounds were not being used. The Supervisor stated that such facilities, if not used for bowling green purposes, should be used for other athletic pursuits by any one interested, and that he would discuss the matter with representatives of the Recreation and Park Commission at the first opportunity.

Comment on Boundaries of McLaren Park.

Supervisor MacPhee stated that the original boundaries of McLaren Park were established some 26 years ago and that the most absurd factor coming to his attention was that those who own land within the proposed boundaries are compelled to pay taxes but cannot build on their own property. About 700,000 dollars additionally are required to purchase all the necessary land within the proposed boundary and that his committee was recommending the inclusion of some \$150,000 in the forthcoming fiscal year's budget, and recommended that the Recreation and Park Commission include the required sum for the complete purchase of land in the new budget as a capital expenditure.

Comment by Supervisor Mancuso on Mission-Bartlett Street Parking Plaza Lease.

Supervisor Mancuso asked the Controller certain questions concerning rentals from the proposed lease.

The Supervisor expressed the opinion that it was his understanding that the funds from the off-street parking bond fund were to be used primarily to provide off-street parking facilities, and not for profit.

The Supervisor commended the Parking Authority for its efforts thus far and since parking facilities are needed, he stated he would vote for the proposed lease when it came before the Board.

Discussion on Preparation of Charter Amendment Relating to the Formation of a Transit Authority.

Supervisor Mancuso asked Supervisor McCarty for an explanation of what had been done and what is proposed being done to hasten the preparation of a proposed Charter amendment looking to the formation of a Transit Authority. Supervisor McCarty stated that the City Attorney's office had been asked to prepare such an amendment but had replied that before doing so, certain questions must be answered so that an intelligent approach could be had to the problem. A committee hearing was then held and certain downtown groups were asked to be present and express their views in the matter, and the suggestion was made that the matter be turned over to the Charter Revision Committee, but, the Supervisor stated, "it was like pulling teeth to get an expression from anybody." However, with Salary Standardization, rent control and other more important matters in the offing, nothing has been done in the premises nor is any action contemplated in the immediate future.

Supervisor Mancuso stated that if he were the City Attorney, he would submit something concrete to the Board to work on, and that the present impasse was due to someone passing the buck. The Supervisor stated he would prepare a request for the preparation of a Charter amendment, in which certain definite policies would be set forth. The request would then go to the City Attorney for drafting into proper form. The Public Utilities Commission, as presently established, cannot adequately manage the Municipal Railway and the people should have the opportunity of voting on the question of whether or not they desired the formation of a Transit Authority.

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Comments by Supervisor McCarty.

Supervisor McCarty expressed the hope that very serious consideration would be given to the proposed Mission-Bartlett Parking Plaza lease when it came before the Board, and commended the Parking Authority for a job well done.

With respect to the formation of a Transit Authority, Supervisor McCarty again reiterated his previously made statement that his committee had attempted to get expressions from various organizations concerning the proposed Charter amendment, but without success. However, invitations would again be sent out to various organizations when the committee next met on the matter.

Consideration continued one week.

Re-reference to Committee.

The following recommendation of County, State and National Affairs Committee, heretofore considered, was taken up:

Present: Supervisors Lewis, Mancuso, Sullivan.

Declaring Policy in Support of Simultaneous Construction of Parallel and Southern Bay Crossings.

File No. 9810-1, Resolution No. . . . (Series of 1939.)

January 19, 1953—Consideration continued to February 16, 1953.

Discussion.

Supervisor Lewis spoke of a meeting recently held between officials of the City and County of San Francisco and those representing Alameda County. The meeting was a very satisfactory one and agreement was reached with respect to some phases of the problem relating to the simultaneous construction of a parallel and a southern crossing. It was agreed that the two crossings could be built provided it was definitely established that their financing would not be placed on the shoulders of the ad valorem taxpayer. Accord was also reached as to both bridgeheads and bridges, and that these should be tied down by definite legislation. The city should be assured, Supervisor Lewis continued, that until plans have been brought to a state approaching those of a parallel crossing, nothing should be done with respect to actual construction and this should be tied down by definite state legislation. It must be realized that engineering plans for the parallel crossing are practically in a state of completion. It would probably take two or three years to catch up with the engineering plans for a southern crossing. The question would be, should the building of the parallel crossing wait until such time as the plans and engineering studies for a southern crossing catch up with the completion of the engineering studies and plans for a parallel crossing? The Alameda County representatives stated they were perfectly satisfied to wait until the completion of the plans and specifications for a southern crossing and then build both crossings simultaneously.

Seating of Guest.

President Dewey Mead, noting the presence of State Senator Gerald O'Gara in the audience, requested that he be escorted to the rostrum.

Continuation of Discussion.

Suprvisor Christopher: Does this plan meet with the approval of the Alameda group?

Supervisor Lewis: We did not present any plan formally or informally unless it was so authorized.

Supervisor Lewis stated that the pending measure should be continued on the calendar for a period of two weeks or until another meeting has been held with the Alameda County group.

Supervisor Christopher stated he was ready to vote for the pending measure and to insist that the mandates of the resolution be carried out to the letter. He objected to the many ramifications which may ensue as a result of the meeting between the two groups and that he was perfectly satisfied in following the language of the pending measure and not to go beyond.

Substitute Motion.

Supervisor Dobbs stated that the San Francisco committee made it clear to the East Bay group that it was not going back to the Board until a definite plan of financing the two crossings was agreed to.

He thereupon moved, as a substitute, seconded by Supervisor McCarty, that the pending measure be re-referred to committee.

Discussion.

Supervisor McCarty stressed the fact that the committee representing the City and County of San Francisco had reached no agreement with the East Bay contingent except to meet again, and that he did not like to see any new ideas presented when specific instructions

had been given to the San Francisco committee. He concluded by saying that the pending measure should be tabled until the committee comes up with definite legislation or with a report that it had failed.

Supervisor Lewis emphatically repeated that agreements had been reached with the East Bay committee on the following points:

1. That both bridges can be built simultaneously, provided there is no burden imposed on the ad valorem taxpayer and provided further, that agreement is reached between the respective Boards of Supervisors of the City and County of San Francisco and Alameda County.

2. Location of bridgeheads.

Supervisor McCarty: We did not reach any agreement whatsoever and I would like to ask Supervisor Dobbs and the Chief Administrative Officer if they believed we had reached any agreements.

Point of Order.

Supervisor Halley rose to a point of order, contending that the only matter before the Board is whether or not the pending measure should be re-referred to committee.

The President ruled the point of order well taken.

Explanation of Vote.

Supervisor MacPhee stated he intended to vote against the motion for re-reference, because the Board should not think solely in terms of what is needed today, but what may be needed ten or fifteen years hence, and since time is of the essence, we should forthwith take action to build both bridges simultaneously and immediately.

Roll Call.

The roll was thereupon called and the pending measure was *re-referred to committee* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Halley, Lewis, Mancuso, McCarty, Sullivan—8.

Noes: Supervisors MacPhee, Mead—2.

Absent: Supervisor Ferdon—1.

Adopted.

The following measure was called out of Finance Committee by Supervisor Lewis:

Request of Supervisor Lewis That the Finance Committee Study the Advisability of Recommending an Appropriation of \$100,000 as the City's Share of the Expense of Preparing Plans and Specifications for an Overall Rapid Transit System for the Nine Bay Area Counties.

File No. 9816

(The foregoing is a request of Supervisor Lewis made in Board meeting of December 15, 1952.)

February 2, 1953—Consideration continued to February 16, 1953.

Introduction of Legislation.

In connection with the foregoing matter, Supervisor Lewis presented the following recommendation of the Finance Committee:

Adopted.

Declaring Intention to Provide the Sum of \$100,000 as the City's Contribution in the Proposed Rapid Transit Survey for the San Francisco Bay Area.

File No. 9816-1, Resolution No. 13058 (Series of 1939).

Privilege of the Floor.

The privilege of the floor was accorded Honorable Gerald O'Gara, State Senator, who called to the attention of the members of the Board the efforts made by Supervisor Lewis some ten years ago to initiate action looking to the creation of a mass transit system to serve the Bay Area; how the present Bay Area Rapid Transit Commission was formed and that Senate Bill 109, which he recently introduced in the Senate, proposes to appropriate the sum of \$400,000 as the state's share toward the cost of plans and specifications for a Bay Area transit system, provided, however, that the interested counties contribute their proportionate share of the cost, computed on a population basis. Senator O'Gara concluded his remarks by stressing the fact that Supervisor Lewis has been a dominating factor in the fight for mass transit.

The privilege of the floor was next extended to Harry A. Mitchell, Mayor of Atherton and Chairman of the Bay Area Rapid Transit Commission, who stressed the importance of adopting the recommendation of the Finance Committee.

Roll Call.

The roll was thereupon called and the pending measure was adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Halley, Lewis, MacPhee, McCarty, Mead, Sullivan—9.

Absent: Supervisors Ferdon, Mancuso—2.

Refused Passage for Second Reading.

The following measure was called out of Police Committee by Supervisor Lewis:

Repealing Section 122 of Article 6, Chapter XI, Part II of the San Francisco Municipal Code, Relating to the Passing of Safety Zones Established at Certain Car Stops on Market Street.

File No. 8820-1, Ordinance No. . . . (Series of 1939).

February 2, 1953—Consideration continued to February 16, 1953.

Privilege of the Floor.

The privilege of the floor was accorded James H. Turner, Manager of Utilities, who informed the Board that the Public Utilities Commission had recommended against the enactment of the pending measure for the reason that the street cars on Market Street served heavily populated areas of the city.

Discussion.

Supervisor Lewis stated that it was not his intention to permit use of the car track roadway on Market Street at all hours but merely during the off-peak periods, and recounted how he had occasion to notice that Market Street for considerable of its length was devoid of street cars during the off-peak periods.

Amendment.

He thereupon moved that the measure be amended to provide that vehicles be permitted to use the car track roadway on Market Street during periods of time other than from 7 to 9 a. m. and 4 to 6 p. m.

Supervisor MacPhee declared he would second the foregoing motion if he found the proper answer to the query which he intended to propound to the Manager of Utilities.

Supervisor MacPhee asked Mr. Turner what he thought of the amendment proposed by Supervisor Lewis. Mr. Turner replied that the patterns adopted by other large progressive cities, provided that

the car track roadway be kept clear at all times, and mentioned the cities of Pittsburgh, Philadelphia and San Diego as examples.

Captain Jack Eker, Director of Traffic, Police Department, stated he had conferred with Mr. Miller, Manager of the Municipal Railway, and it was the recommendation of the Police Commission that no change be made in the present ordinance.

Supervisor Lewis advocated that the measure be passed on an experimental basis.

There being no second, the proposed amendment *failed*.

Roll Call.

The roll was thereupon called and the pending measure was *refused passage for second reading* by the following vote:

Ayes: Supervisors Lewis, Mancuso—2.

Noes: Supervisors Arnold, Christopher, Dobbs, Halley, MacPhee, McCarty, Mead, Sullivan—8.

Absent: Supervisor Ferdon—1.

Refused passage for second reading.

Consideration of Off-Calendar Matter.

Suspension of Rules.

Supervisor Halley moved, seconded by Supervisor MacPhee, that the rules be suspended for the purpose of considering an off-calendar matter, namely, hearing from the Parking Authority members in connection with questions which may be asked of them concerning the Mission-Bartlett Street Parking Plaza and other relevant matters pertaining to off-street parking.

No objection and motion *carried*.

Discussion.

Supervisor Christopher asked certain questions of Mr. Albert H. Jacobs, Chairman of the Parking Authority, regarding parking facilities and whether the project is expected to be on a self-supporting basis.

Supervisor Christopher next inquired into the proposed Ellis Street parking facility and asked if this particular site will encounter the same difficulties experienced by the garage at 450 Sutter Street.

Mr. Jacobs stated that public hearings with interested parties were held and that it was determined that the proposed elimination of left-hand turns into Ellis Street and parking prohibition in the area adjacent to the proposed site, would relieve congestion. Mr. Jacobs stated that the project has met with the approval of the Down Town Association, the San Francisco Chamber of Commerce, Real Estate Board and others, and not a single objection was received.

Here Supervisor Christopher inquired into the proposed parking site at O'Farrell and Mason Streets. Mr. Jacobs replied that such a site was merely in the blueprint stage.

Supervisor Christopher: I made the statement to the committee that five years ago the people of San Francisco voted five million dollars in bonds to establish facilities on fringe areas to encourage rapid transit and it was my thought that parking facilities would be forthcoming at the earliest possible moment. Over a period of three years now, we have but one actual accomplishment, that is the Mission-Bartlett parking garage, due more to the initiative of the Mission Merchants Association than to the Parking Authority. They are spending approximately forty thousand dollars a year at the present time and it is my contention that the Real Estate Department could handle the job and not make a huge bureau out of it to spend the taxpayers' money. I still believe that after five years and the people having voted five million dollars in bonds, results as

of this moment have not been sufficient. I believe they could have hurried the project a great deal faster than they have. If the Parking Authority is able to work out parking facilities for which they were established five years ago, well and good.

Mr. Jacobs informed Supervisor Christopher that he was off approximately 40 per cent on his narration of facts. The Parking Authority was not formed in 1947 but activated in 1949; that it took time to do the following things: three or four months trying to find quarters for the Authority and to have the necessary appropriations approved. It wasn't until April of 1950 that the Authority actually began operating. The Mission-Bartlett project took 20 months; the St. Mary's Square Garage, 10 months. Time and time again the Authority tried to get legislation enacted without delay, but were told by the Clerk of the Board, Mr. McGrath, that it must proceed through regular channels. The Authority stands on its record; it has nothing to be ashamed of; it has tried to proceed on each project as quickly as possible. The Real Estate Department has been very helpful, and until we actually acquire property, we cannot call for bids.

Supervisor Christopher: I still do not believe that all has been accomplished which could have been accomplished during the past three years.

Supervisor Lewis commended the Parking Authority for its fine work and suggested that before all of the bond money is used, consideration be given to establishing fringe parking areas in the downtown district, even if such facilities have to be subsidized. If such fringe area parking facilities were set up, then the Public Utilities Commission could inaugurate a five-cent transit loop plan.

Supervisor MacPhee admitted that his information which he had received to the effect that the monthly income from the lease of the Mission-Bartlett Parking Plaza would be insufficient to pay the bond interest, was in error. Interest on the bonds figured at 1.4 per cent would amount to about \$7,500 per year while the yearly rental would amount to some \$18,000, although the estimate from the Department of Public Works, based on a higher parking fee, would run around \$31,800 per year.

Supervisor MacPhee asked Mr. Jacobs, with respect to the proposed parking site on Ellis Street, if plans had been made to widen the street so as to permit proper and adequate ingress and egress. Mr. Jacobs replied that it is proposed to make Ellis Street a one-way street, westbound, and O'Farrell Street, one way, eastbound, and this would take care of the ingress and egress problem.

Supervisor Mancuso asked what the cost would be should the Parking Authority decide to operate the Mission-Bartlett Parking Plaza. Mr. Jacobs replied that the question would concomitantly arise as to whether the city should enter the parking business or lease the facilities.

Supervisor Mancuso: Do you feel the Mission Merchants Association should make a profit out of the operation?

Mr. Jacobs: My feelings do not enter into this. They will either make a profit or a loss.

Supervisor Mancuso: The people, in approving the bonds, did so for the purpose of providing parking and not for profit.

Supervisor Mancuso stated that he did not believe the Mission Merchants Association should make a profit out of the venture, and that the city should have attempted to get more than the 53 per cent of the gross profits as called for by the lease.

Privilege of the Floor.

Supervisor MacPhee moved the privilege of the floor for Morris Uglow, President of the Mission Merchants Association. Mr. Uglow praised the Parking Authority as being efficient and expeditious. He

stated that it was not the intention of his Association to make a profit from the lease but rather to provide cheap but adequate parking.

Suspension of Rules.

In order to properly bring the Mission-Bartlett Parking Plaza lease before the Board for consideration, Supervisor Halley moved, seconded by Supervisor Mancuso, that the rules be suspended for the purpose of considering the following recommendation of Finance Committee out of order.

No objection and *so ordered*.

Adopted.

Confirming Five-Year Lease of the Mission-Bartlett Parking Plaza to the Mission Street Merchants Association Parking Corporation.

File No. 9290-1, Resolution No. 13056 (Series of 1939).

Continuation of Discussion.

Supervisor Mancuso expressed the opinion that if the Mission Street Merchants Association intended to make a profit, such an act should be circumvented by reducing the parking charges.

Mr. Uglow told Supervisor Mancuso that his association did not expect to make a profit but they were interested in charging as little as possible.

Privilege of the Floor.

The privilege of the floor was next extended to William H. Woodfield, Jr., who, aside from commending the Parking Authority for a job well done, ventured the opinion that the Mission Street Merchants Association would lose money from the operation of the parking plaza.

Supervisor Mancuso: How were the bids advertised?

Absent: Supervisors MacPhee, McCarty—2.

Motion to Rescind.

Supervisor Mancuso moved rescission; courtesy second extended by Supervisor Halley.

No objection and motion *carried*.

Discussion.

Supervisor Mancuso stated he was not satisfied with the list of names and asked if the President had discussed it with Mr. George W. Johns, Secretary of the San Francisco Labor Council.

The President informed Supervisor Mancuso that he had discussed the list with Mr. Johns but not with the Sheriff, and that Mr. Johns had approved it.

Supervisor Mancuso suggested that an informal meeting with the Sheriff be arranged for the purpose of determining if the nominees had a common ground as to the method of rehabilitation.

The President declared that to the best of his knowledge all of the proposed nominees were expected to accept the responsibilities imposed on them.

Motion to Re-refer to Committee.

Supervisor Mancuso moved that the foregoing measure be re-referred to committee for the purpose of arriving at a common understanding with respect to the rehabilitation program and that the Sheriff be invited to attend the hearing. Motion seconded by Supervisor Christopher.

Discussion.

Supervisor Lewis stated that a mountain was being made out of a mole hill. He reminded the Board that it had adopted a resolution authorizing the President to make appointments subject to confirmation by the members of the Board.

Supervisor Mancuso said that conversation with certain parties had disclosed the information that the committee, as proposed, was too large, and that if the measure were re-referred to committee, consideration could be given to the advisability of reducing it and still maintaining maximum efficiency.

Motion Lost.

The roll was thereupon called on the motion to re-refer to committee and it *lost* by the following vote:

Ayes: Supervisors Christopher, Mancuso—2.

Noes: Supervisors Arnold, Dobbs, Ferdon, Halley, Lewis, McCarty, Mead, Sullivan—8.

Absent: Supervisor MacPhee—1.

Explanation of Vote.

Supervisor Mancuso: I am going to vote against the appointments because I think the committee is not a representative committee of citizens of San Francisco. The President stated he was empowered to select a committee. The committee selected will not serve the purpose for which it was appointed. It is incumbent upon the President to have nominations made and then have the President make the appointments.

President Mead: Let me refresh Supervisor Mancuso's memory. I never objected to considering further nominations. My statement has been to the effect that I had no objections to adding to the list of nominees. That has been done. I do object, however, to the taking of names off the list. When the matter was referred to committee, I offered no objections to adding names, but I did object to deleting names from it.

Roll Call.

The roll was thereupon called and the foregoing measure was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, McCarty, Mead, Sullivan—9.

No: Supervisor Mancuso—1.

Absent: Supervisor MacPhee—1.

(Proposed to house 900 cars.)

Privilege of the Floor.

There being no objection, the privilege of the floor was extended to Vincent Compagno, attorney, representing S. H. Kress Company, who requested that the Board continue consideration of the pending measure until March 19th, so as to afford him an opportunity to assemble data with which to properly discuss the subject.

Motion to Continue Consideration.

Thereupon Supervisor Ferdon moved continuance for three weeks; motion seconded by Supervisor Mancuso.

Discussion.

Supervisor McCarty urged that definite action be taken on the matter today since S. H. Kress and Company will have ample opportunity to appear before the Parking Authority and again before the Finance Committee when the necessary appropriation is before the body.

Supervisor Lewis called the Board's attention to the philosophy outlined in the report of the Mayor's 1947 Technical Committee, when it advocated location of parking lots adjacent to freeways. Then came DeLeuw who agreed with the thinking of the Mayor's Technical Committee and advocated fringe parking areas. Supervisor Lewis thereupon called upon Mr. Oppermann, Director of Planning, for comment.

Mr. Oppermann stated that his Commission had to some extent followed the recommendations of the Mayor's Technical Committee and the DeLeuw Report. The Commission's Trafficways Plan is based on some of the abovementioned reports but also on results of investigations in the field, and before the Commission had adopted the Trafficways Plan, all of the reports on the subject had been investigated and studied.

Point of Order.

Supervisor Ferdon rose to a point of order, contending that the only matter before the Board was the motion to continue consideration for a period of three weeks.

Point of Order Well Taken.

The President ruled the point of order well taken.

Supervisor Mancuso disagreed with the views expressed by Supervisor McCarty that Mr. Compagno would be accorded the opportunity of discussing the pending measure on several occasions in the future. The Supervisor called attention to the fact that he had received a phone call from a party in Sacramento asking that the measure be continued in committee and was surprised to learn that it has appeared before the Board with its recommendation. He emphasized the importance of having a public hearing on the measure, according downtown groups, individuals and improvement clubs the privilege of expressing their respective views.

Vining T. Fisher, Executive Director of the Parking Authority, stated he believed the present measure should follow the pattern outlined for the St. Mary's Square Underground Garage and the Mission-Bartlett Parking Lot; that many downtown organizations had endorsed the project and that the measure should be adopted without delay. Mr. Fisher reminded the Board that a request for the necessary appropriation could not be made until official sanction had been given to the pending measure.

The Controller, when asked for his opinion regarding consideration of the required appropriation ordinance, stated that there was no question but that both measures could be considered concurrently by the Board.

Supervisor Halley asked Thomas Blanchard, Deputy City Attorney, as to the legality of the aforementioned statement by the Controller, and he replied that he could not see any objection to the method mentioned.

Supervisor McCarty stressed the fact that the pending measure had been under consideration by the Parking Authority for a period of four months, and that he would never close the doors to anyone who desired to be heard, and that S. H. Kress Co., despite its affluence, certainly had no priority.

Supervisor Christopher objected to the aforementioned statement by Supervisor McCarty and voiced the opinion that the Board owed this firm every possible consideration.

Supervisor McCarty emphasized he need not apologize to anyone for any statement made by him.

Roll Call.

The roll was thereupon called and the motion to defer consideration of the subject measure for three weeks *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—10.

Absent: Supervisor MacPhee—1.

Authorizing Attendance of Representatives of the Public Utilities Commission at the Sixth Annual Meeting of the Airport Operators' Council to Be Held in Kansas City, March 22-28, 1953, and to Permit Study of Airport Terminal Building at Fort Worth, Texas.

File No. 10073, Resolution No. 13128 (Series of 1939).

(Edward B. Baron, Public Utilities Commissioner; George D. Burr, Senior Engineer; A. Dal Thomson, Public Utilities Counsel; and either George M. Dixon, Manager, San Francisco Airport, or Harold S. Messersmith, Superintendent of Airport Operations.)

Discussion.

Supervisor Christopher voiced a strong protest against the practice of sending several representatives from any one department to a convention where the attendance of one person would probably suffice and that the present practice is costing the taxpayer around seventy-five thousand dollars per year. In the case at hand, he saw no reason why anyone else but George M. Dixon, Manager of the San Francisco Airport, should be authorized to go.

Amendment.

Supervisor Christopher accordingly moved that the pending measure be amended to provide authority for the attendance of only George M. Dixon, Manager of the San Francisco Airport. Courtesy second extended by Supervisor Mancuso.

Supervisor Arnold reminded the Board that San Francisco has a forty-million dollar investment at the Airport. Many airline companies use the airport's facilities and that it was incumbent and imperative that the Board authorize the attendance of the persons mentioned in the measure so that further business for the airport may be developed.

Privilege of the Floor.

The privilege of the floor was extended to George M. Dixon, Manager of the San Francisco Airport, who stated that the Airport Operators' Council met every year, and was attended by not only representatives from all over the country but by representatives of the Civil Aeronautics Board. Engineering and other vital problems were thoroughly discussed and ideas studied. Mr. Dixon stressed the importance of authorizing attendance of the individuals men-

tioned in the measure, pointing out that it was impossible for one man to assimilate all of the information or ideas which may be advanced or formulated.

Supervisor Mancuso declared that he considered it advisable and to the benefit of the city and county to exchange ideas and other relative data concerning airport planning and improvement.

Supervisor Ferdon philosophized that two persons constituted company, three a crowd and four a multitude and felt that the city should send but two representatives to the conclave.

Amendment to Amendment.

Supervisor Ferdon accordingly moved, seconded by Supervisor Christopher, that the pending measure be amended to provide authorization for the attendance of two representatives at the convention instead of four.

Statement by Mr. Dixon.

The Manager of the Airport urged that the Board authorize the attendance of the four representatives as called for by the pending measure, pointing out that undoubtedly many problems would be discussed at the convention involving legal questions and the subject of taxation.

Mr. Dixon stated that revenues this year would probably exceed one million dollars, which will be sufficient to take care of operating costs and the interest on bonds, and in about three to five years after the completion of the new Terminal Building, sufficient revenues will be realized to operate in the black.

Supervisor McCarty expressed the opinion that to send the four representatives would achieve the greatest benefit at a nominal cost.

Amendment Withdrawn.

There being no objection, Supervisor Christopher withdrew his amendment. The President then ruled that Supervisor Ferdon's amendment to the amendment, is now an amendment.

The roll was thereupon called on the amendment and it *lost* by the following vote:

Ayes: Supervisors Christopher, Ferdon, Lewis, MacPhee—4.

Noes: Supervisors Arnold, Dobbs, Halley, Mancuso, McCarty, Mead, Sullivan—7.

The roll was then called on the pending measure and it was *adopted* by the following vote:

Ayes: Supervisors Arnold, Dobbs, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—8.

Noes: Supervisors Christopher, Ferdon, MacPhee—3.

Discussion.

Supervisor Mancuso asked the Chief Administrative Officer for his comments on the pending measure.

Mr. Brooks stated that, in his opinion, the building should never have been built in its present location, and that the contractor had failed in some of his requirements. The subject appropriation is necessary so that rain water may be properly drained and not permitted to undermine the buildings. This is but one of the jobs which must be done to make certain that none of the buildings will suffer.

Supervisor Mead stated that the subject matter was a sore spot with him, and that the matter of proper drainage was taken up some two years ago. Many things were not done in proper manner and finagling was indulged in. Window panes were supposed to be of unbreakable glass; some were and some were not. The contractor had not done his job correctly or efficiently. The drainage system certainly should have been taken care of. The building is poorly constructed. The Supervisor stated that he was in the contracting business, and if

he did not do a job correctly, he would certainly do it all over again. He stated he would vote against the measure in the hopes, that legally, something might be done to correct the situation.

Supervisor Mancuso: Has the city a suit against the architect to see that the proper drainage system was included in the plans originally?

Mr. Brooks: The project was unsatisfactory in the first place. The architect drew plans according to the wishes of the Juvenile authorities. The contractors performed all of the work. The city cannot compel the contractors to do this work. There will be other repairs necessary; however, this is the first because it involves drainage.

Supervisor Christopher suggested that the City Attorney go over the contract to determine if there has been non-compliance with any of its terms.

Mr. Brooks stated that the City Attorney had to be called in to compel compliance with all of the requirements of the contract.

Roll Call.

The roll was thereupon called and the pending measure was *passed for second reading* by the following vote:

Ayes: Supervisors Christopher, Dobbs, Ferdon, Halley, Mancuso, McCarty, Sullivan—7.

Resumption of Consideration of File No. 9133, Relating to Salary Standardization.

Supervisor Arnold, Chairman of the Finance Committee, presented his Committee's Report, and spoke of the long hours spent by his committee in attempting to arrive at an impartial decision in connection with the fixing of salaries of persons whose compensations are governed by the provisions of Sections 151 and 151.1 of the Charter.

The Supervisor pointed out that slight disagreement existed among the members of the committee with respect to the proposed range for certain classifications and these differences were noted by the appearance of an asterisk and the initial of the particular Supervisor who disagreed with the proposed range.

Motion to Adopt Report.

Supervisor Arnold further stated that the Civil Service Commission, upon transmission to the Board of its report on data which had been submitted by the Board on February 24th, had recommended additional increases amounting to ninety-five thousand dollars plus. The Finance Committee, after long and diligent study, amended said schedules to the extent of some two hundred and twenty thousand dollars. This amount, he pointed out, was exclusive of retirement amounts, fringe benefits and the like. At the conclusion of his statement, he moved that the Finance Committee's Report be adopted.

Supervisor McCarty concurred in Supervisor Arnold's statement, declaring that the committee attempted to bring out a unanimous report, and while he felt that certain recommendations should have been higher, he believed the efforts of the Finance Committee resulted in such rates as could reasonably be expected under existing conditions. He concluded by saying that he was in accord with the ultimate conclusions reached as a whole, and that he would second Supervisor Arnold's motion that the report be adopted in its entirety.

Supervisor Christopher stated he was impressed with the sincerity of purpose exemplified in the meetings of the Finance Committee and he believed the committee did a fine job. He said any differences of opinion between himself and Supervisors Arnold and McCarty were honest and sincere differences. Of 67 recommendations of the committee, he agreed with 40 of them and disagreed on 27. His opposition was predicated on the fact that there were some increases which were not based on realism, and that difficulties would crop up next year when the salary standardization question was again considered, and that all classifications, with the exception of one, with which he disagreed, involved only a five-dollar raise.

Motion for Ten-Minute Recess.

Supervisor Arnold moved a ten-minute recess. Motion seconded by Supervisor Sullivan and, there being no objection, motion *carried*.

Recess of ten minutes taken.

Statement by Supervisor Christopher.

Supervisor Christopher: Regardless of what the Finance Committee did, I believe there would still exist some dissatisfaction. However, I feel that the committee has done the best job possible and under the circumstances, I feel that the recommendation should now be unanimous and would ask that the Clerk record my name as being in favor of it.

Report Adopted.

The roll was thereupon called and the report embodying the recommendations of the Finance Committee was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Supervisor McCarty presented:

File No. 10162, Resolution No. . . . (Series of 1939).

Discussion.

Supervisor Mancuso reminded the Board that the subject of placing the control of the bridge with the state agency was to be considered by the County, State and National Affairs Committee on Wednesday, March 18, 4:00 p. m.

Accordingly, Supervisor McCarty moved adoption; seconded by Supervisor Halley.

Objection.

Supervisor Ferdon expressed the opinion that the Coroner's office should be completely overhauled and that the answers he desired rested exclusively with the Coroner and until such a change has been made, he would vote against any measure affecting the Coroner's office.

Discussion.

Supervisor Christopher: I am concerned about these appropriations for overtime. I feel both the Board and the Finance Committee should give the subject further study and consideration in the future.

Supervisor Arnold: I want to assure all members that the Finance Committee is concerned at all times with the subject of overtime. Department heads have been instructed to hold down overtime to the bare minimum. I feel that the department heads are cooperating with our committee.

Supervisor McCarty: The Finance Committee has given these matters extremely close scrutiny. Meetings have consistently gone to 6 and 6:30 p. m. on Wednesdays. These requests are far lower than the requests which came before us last year at the same time. I can assure the Board that between now and July 1st, particularly, you will not get a recommendation from the Finance Committee until we have gone into the matter thoroughly and are convinced that it is a proper expenditure.

Roll Call.

The roll was thereupon called and the foregoing measure was *finally passed* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, MacPhee, Mancuso, McCarty, Mead, Sullivan—10.

Rescission of Action.

Supervisor MacPhee moved, seconded by Supervisor Halley, that the Board rescind its action whereby it had heretofore considered and finally passed a recommendation of the Finance Committee, designated by File No. 10125, relating to an appropriation of \$3,400 for telephone expense and being an emergency measure.

No objection and motion *carried*.

Discussion.

The Chief Administrative Officer explained that the appropriation was required to provide services at the Islais Creek Bridge, the sewage treatment plants and the Army Street Yard.

Supervisor MacPhee ventured the opinion that a great deal of money could be saved if all phones in the City Hall and elsewhere could be placed under the present HEmlock 1-2121 number, since there were many departments who had their own private lines. In this way the public would not be inconvenienced by having to be informed by the City Hall operator that a second call was necessary.

Roll Call.

The roll was thereupon called and the pending measure was *finally passed* by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Halley, MacPhee, Mancuso, McCarty, Mead, Sullivan—9.

Present: Supervisors Ferdon, Halley, Sullivan.

Hearing of Appeal in Connection With the Improvement of Portions of Harkness Avenue Between Rutland and Sparta Streets.

File No. 5825

(The Board of Supervisors at its meeting of December 15, 1952, heard protestants in connection with the improvement of portions of Harkness Avenue between Rutland and Sparta Streets, by the construction of paving, etc., by the Bernal Construction Company, as described in Declaration of Intention, Order No. 33265, dated April 19, 1950, of the Department of Public Works, and the matter was subsequently referred to Committee for further study and action. The Committee now recommends that the appeal be denied and the assessment confirmed.)

Explanation by Supervisor Ferdon.

Supervisor Ferdon explained that the unsatisfactory removal of dirt was the bone of contention of the residents. The Department of Public Works claimed that the work was satisfactorily performed. A hearing was held and an effort was made to have private contractors remove the dirt. Unfortunately, a difficult situation existed. The City Engineer was prevailed upon to make an investigation, and he returned to say that nothing further could be done. The people involved were informed that, under the circumstances, their appeal would have to be denied.

Accordingly, Supervisor Ferdon moved, seconded by Supervisor Halley, that the subject appeal be denied and the assessment confirmed. No objection and motion *carried* by the following vote:

Supervisor Dobbs stated that he had come to treat those recommendations of the Finance Committee contained in the weekly Board calendar as having the acquiescence of the three members comprising said committee, and that as a rule he generally went along with the recommendations, unless he had information which would dictate an adverse attitude. Statement by Supervisor Mancuso Concerning Measure Relating to Control of Golden Gate Bridge.

Supervisor Mancuso informed Supervisor Arnold that the measure relating to transfer of control of the Golden Gate Bridge to the California Toll Bridge Authority had been referred to the County, State and National Affairs Committee on March 2nd, and since 30 days had not elapsed since its reference to committee, his motion that said matter be called out of committee for presentation to the Board at its meeting on March 23, was out of order.

The President informed Supervisor Mancuso that Supervisor Arnold had merely served notice that he was calling the subject measure out of committee if more than 30 days had elapsed. Since the time limit had not expired, the measure, under our rules, could not be called from committee at this time.

Statement by Supervisor McCarty Concerning Bills Relating to Control of Golden Gate Bridge.

Supervisor McCarty asked that the County, State and National Affairs Committee bear the fact in mind that on March 23, in Sacramento, consideration will be given to the proposed bills sponsored by Senator Jack McCarthy of Marin County, proposing to transfer the control of the Golden Gate Bridge to the California Toll Bridge Authority, and that the Board should make its position known by that time.

Statement by Supervisor McCarty on Bay Crossings Policy.

Supervisor McCarty: The Board adopted a resolution setting up a committee to discuss the subject of Bay crossings with representatives of the East Bay. That resolution does not change the existing policy of the City and County of San Francisco. The city's policy has been and is in favor of a southern crossing and when your committee shows up with another proposition, it will be time then to consider whether to deviate from our present policy.

SPECIAL ORDER—2:00 P. M.

Consideration Temporarily Postponed.

General Discussion of the Capital Improvement Program for 1953-1959 Submitted by the Department of City Planning as of January, 1953.

(Pursuant to request of Supervisor Lewis made in meeting of Board of Supervisors on February 9, 1953.)

March 2, 1953—Consideration continued to March 23, 1953.

There being no objection, consideration of the foregoing matter was temporarily postponed pending arrival of his Honor the Mayor.

Request for Information on Widening of Waldo Approach.

Supervisor Christopher asked permission to ask questions of the directors of the Golden Gate Bridge and Highway District, who were present, regarding the widening of Waldo Approach.

There being no objection, permission was granted.

Supervisor Christopher inquired if some way could not be found whereby the cost of reconstructing the Waldo Approach could be fully borne by the State Division of Highways and thus obviate the necessity of having the Bridge District bear a portion of such expense.

Mr. Joseph J. Diviny, President of the Golden Gate Bridge and Highway District, stated that the money needed for the work was coming from the State Sinking Fund in the sum of \$5,000,000, to be repaid after the bridge bonds had been redeemed at a 1½ per cent rate of interest.

James Adam, Public Relations Officer for the Bridge District, informed the Board of the following facts: The present Waldo Approach has a 6 per cent grade; the Bridge District has gone into this matter very thoroughly, and a 3.3 per cent grade was recommended by a Baltimore engineering firm. In 1947 the Bridge District was instrumental in having the State Legislature enact a law which permitted the District to obtain a loan of five million dollars. In the meantime, the District asked the State Division of Highways to make a survey and the decision was reached, recommending the widening of the Waldo Approach. The District then reached an agreement with the Division of Highways for the widening of the Approach, the total project costing \$7,500,000, five million dollars to be repaid by the District after the bonded indebtedness had been paid off in 1971, by revenues received from tolls.

Supervisor Christopher mentioned that his only concern was whether everything had been done to obviate the necessity of the District having to pay a portion of the cost of improving the Waldo Approach. Mr. Adam assured the Supervisor that the foregoing deal was the best the District could possibly obtain.

Consideration of Matter Out of Order.

There being no objection, Supervisor McCarty brought up the subject of the Board's immediate consideration of a measure opposing proposed bills now pending in the State Legislature, dealing with transferring control and maintenance of the Golden Gate Bridge to the California Toll Bridge Authority.

Supervisor McCarty: Last Monday I introduced a resolution opposing three bills presented by Senator McCarthy, proposing to turn over the bridge to the California Toll Bridge Authority. I informed the Board that a committee hearing would be held on March 24th. I therefore asked for immediate consideration. Supervisor Mancuso objected and the matter was referred to committee. The committee scheduled a hearing for last Wednesday. When the matter was heard, the bridge directors were present, as well as its attorney, Florence McAuliffe, but Supervisor Mancuso stated the matter would not be heard, because Senator McCarthy could not be present. I suggested the matter be sent back to the Board, contending that Senator McCarthy was here two months ago on the same question. Supervisor Mancuso replied that there was no doubt in his mind that the hearings could be postponed. I was informed by the Down Town Association that the hearings would proceed tomorrow. I received a telephone call this morning that the committee hearings were going to proceed tomorrow. Therefore, I feel that regardless of what action the Board might take, I think the matter should be considered today so that whatever action the Board might take can be relayed to the legislative committee for its study tomorrow.

Point of Information.

In answer to a question propounded to him, Deputy City Attorney Thomas Blanchard advised the Board that a majority of the Board members present could vote to call the matter out of committee for action at any time.

Motion to Call Measure Out of Committee.

Supervisor McCarty accordingly moved, seconded by Supervisor Halley, that the measure which he introduced at the last regular meeting of the Board and designated as File No. 10162, "Opposing enactment of Senate Bills Nos. 558, 559 and 562 relating to the Golden Gate Bridge and Highway District," be called out of the County, State and National Affairs Committee for immediate consideration by the Board.

Ruling by President.

The President ruled that the foregoing measure was properly before the Board.

Point of Order.

Supervisor Mancuso: I rise to a point of order. The last time you ruled that a motion such as Supervisor McCarty's motion, had to have the suspension of the rules and the motion was so made. You then entertained a motion for immediate consideration which required only six votes.

Point of Order.

Supervisor McCarty rose to a point of order, contending that Supervisor Mancuso's statement was not before the Board and therefore out of order.

Point of Order Well Taken.

The President ruled Supervisor McCarty's point of order well taken.

The President of the Board informed Supervisor Mancuso that at the time mentioned by him it was the practice to call for the suspension of the rules but not now.

Deputy City Attorney Thomas Blanchard informed the Board that it was his opinion that the Board had control over any of its legislation, and that Supervisor McCarty's measure could be voted upon today, but suggested that it be heard by the Board sitting as a Committee of the Whole.

Supervisor Mancuso questioned the legality of Supervisor McCarty's motion. At this point, the Clerk of the Board apprized the members of the wording of Section 8 of Ordinance No. 6071 (Series of 1939), "Legislative Procedure Ordinance," which read in part as follows: "Unless otherwise authorized or directed by the Board, if the committee to which any measure has been referred has not reported said measure to the Board at the expiration of thirty days from the date of such reference, any member of the Board may, at any subsequent meeting of the Board, call for said measure. . . ."

Supervisor Ferdon asked that the measure be read so that he could refresh his memory. The Clerk thereupon did so.

Supervisor Mancuso: When Senator McCarthy was heard several months ago, he asked for the privilege of the floor to speak in general terms regarding the operation of the bridge. The matter was referred to committee and we held a hearing on the information furnished by Senator McCarthy. We felt that since no legislation was introduced, we were proceeding along uncertain lines. As a result of bills introduced in Sacramento, we asked Senator McCarthy to send us copies of his bills. This was done and I introduced the bills. He asked me if the matter could be put over a week from today because he was busy in Sacramento and he wanted to appear before the Board to explain why his bills should be supported in Sacramento. At the committee hearing last Wednesday, I explained that to the directors of the bridge district and that the matter would be put on the calendar, to be heard by this Board a week from today at 4:00 p. m. I do not think it is fair to attempt to have a hearing when there is only one side available to be heard. Senator McCarthy told me that amendments have already been introduced to the pending bills. I understand two amendments have been introduced, one of which provides that all of the expense of maintenance and upkeep will be borne by tolls, that none of the money will be taken from the gas tax fund. Another amendment provides that San Francisco will be relieved of her future obligations.

Supervisor Lewis supported the stand taken by Supervisor Mancuso that consideration of the pending measure should be continued for a period of one week.

Supervisor Ferdon warned that the Board should approach the problem along common sense lines and that we should not antagonize Senator McCarthy or any other official whose support the city might need for the construction of a southern crossing.

Roll Call.

The roll was thereupon called on Supervisor McCarty's motion to call from committee File No. 10162 relating to bills affecting the Golden Gate Bridge, and it lost by the following vote:

Ayes: Supervisors Arnold, Halley, McCarty, Mead—4.

Noes: Supervisors Christopher, Dobbs, Ferdon, Lewis, MacPhee, Mancuso, Sullivan—7.

Resumption of Consideration of Discussion Concerning the Capital Improvement Program.

Upon the appearance of his Honor the Mayor in the Chambers, he was asked to comment on the proposed capital improvement program.

The Mayor stated that he was in the midst of studying the 1953-54 budget requests and that he was encountering much difficulty in that it contained many desirable projects; however, he intended to ask the Public Utilities Commission to submit a request for an appropriation of \$45,000 to cover cost of engineering studies looking to the construction of a subway and that he expected the proposed

bond issue for such a project could be submitted to the electorate in 1954.

Supervisor Christopher questioned the wisdom of appropriating the funds, contending that there were worthier projects which required more urgent attention, such as the rehabilitation of the Laguna Honda and Hassler Health Homes, rehabilitation of the Civic Auditorium, and the construction of a central office building which would obviate the necessity of the city spending hundreds of thousands of dollars a year in rentals; and asked if the Mayor could not exercise his prerogatives, under the Charter, and have the various city departments submit what they considered to be their most urgent projects, and have such projects molded into a single bond issue, to be submitted to the electorate in November of this year.

The Mayor countered by stating that he had discussed the subject with the various departments and that he believed only the most urgent bond issues should be submitted this November with the remainder the next year.

Supervisor Lewis: Parking lots or parking garages is only piecemeal relief. San Francisco is being strangled downtown and is losing out to the outside districts. San Francisco is dying on the vine. It is a very difficult problem. We must face this problem at the earliest possible moment. I see nothing but darkness until 1959 through the Capital Improvement Program, which contains nothing more or less than budgetary requirements. The City Planning Commission can come here with a definite plan to alleviate the traffic situation in San Francisco, and start figuring out some way to start moving the people so as to avoid economic strangulation. Time is moving against us. This is not intended to be a criticism; no personalities intended. We are all working together.

Supervisor Lewis urged closer cooperation by the City Planning Commission with other planning commissions of the Bay Area and emphasized the fact that just because the problem is a most difficult one, it should not be bypassed for future action.

Supervisor MacPhee called the Board's attention to an improvement program which he had presented some time ago having to do with rehabilitating facilities at the Hall of Justice, providing a new office building to obviate necessity of the city spending thousands of dollars in rental expense, the rehabilitation of the Civic Auditorium, but no action had been taken on them. San Francisco is a great tourist attraction and the city must have the money to finance these much-needed projects.

Privilege of the Floor.

The privilege of the floor was extended to Paul Oppermann, Director of Planning, who stated that his department had a long-range program prepared pursuant to the DeLeuw Cather Report, and that it was intended to be financed by yearly appropriations. The Board, he pointed out, has the power to expedite these plans. His department has been doing its job and it is prepared to work on additional plans once the wishes of the Board are made known. He stated that there is no mention of a subway in the report because there is no policy of the Board on the matter. He concluded by stating that it is his belief that the city needs a limited subway and needs it badly, and that if such a project were constructed, traffic time would be cut by half.

Sherman P. Duckel, Director of Public Works, told the Board that the solution of the whole problem is a question of funds. His department has done a fine job with the funds at hand and there is a large amount of work going on in connection with the city's freeway program.

At this point, discussion of the subject was terminated, and no further Board action taken.

UNFINISHED BUSINESS.

Adopted.

The following recommendations of Finance Committee, heretofore considered, were taken up:

Present: Supervisors Arnold, Christopher, McCarty.

Designating Area Bounded by Ellis, Powell, O'Farrell and Stockton Streets as a Site for the Construction and Operation of a Public, Off-Street Parking Garage.

File No. 10053, Resolution No. 13170 (Series of 1939).

(Proposed to house 900 cars.)

March 2, 1953—Consideration continued to March 23, 1953.

Committee of the Whole.

Supervisor Arnold moved, seconded by Supervisor Mancuso, that the Board resolve itself into a Committee of the Whole for the purpose of hearing from interested parties.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, Mead, Sullivan—10.

Absent: Supervisor McCarty—1.

Privilege of the Floor.

The privilege of the floor was extended to the following opponents:

W. Burleigh Pattee, Attorney, representing S. H. Kress and Company, who strenuously opposed the pending measure, contending that there existed doubt as to the legality of the right of the city to purchase property for the purposes indicated, when private interests have indicated a willingness to provide parking facilities.

Frank X. Flynn, representing the Better Parking Company, spoke of plans to construct facilities to house 600 vehicles.

Mr. Marsden Campbell, a resident of the East Bay, stated he saw in this city a potential New York and Manhattan and urged that the parking facility be located in another part of the city.

The privilege of the floor was extended to the following proponents:

Karl Stull, representing the Retail Drygoods Association, informed the Board that the retail business is the backbone of every city, and that unless something was done quickly to provide parking facilities in the downtown area, the city will lose a great deal of business.

Thomas Gray, representing the Down Town Association, endorsed the sentiments expressed by Mr. Stull.

Mr. David White, representing the Woolworth Company, stressed the importance of constructing the parking facility on the proposed site at the earliest possible moment.

Mr. Albert Jacobs, Chairman of the Parking Authority, philosophized that the policy of his body was based on "the greatest amount of good for the greatest possible number."

Motion to Rise and Report.

Supervisor MacPhee moved that the Board rise and report. Motion seconded by Supervisor Sullivan and there being no objection, motion *carried*.

Discussion.

Supervisor MacPhee asked Mr. Jacobs what plans, if any, were in store to take care of the seven or eight hundred vehicles leaving the facility at peak hours.

Mr. Jacobs stated that he could not visualize any confusion because the City Planning Commission proposed to make Ellis Street a one-way street, westbound, and O'Farrell Street a one-way street, east-bound.

Mr. Jacobs declared that the parking facility, when leased, will produce around \$640,000 a year, with only \$151,400 required to amortize the yearly payments.

Supervisor Mead stated that he felt S. H. Kress and Company to be a very responsible organization and that such a firm should be granted additional time within which to execute their plans for the construction of a parking facility.

Supervisor Mancuso inquired how the estimated sum of \$640,000 in revenues was reached. He was informed by Mr. Vining T. Fisher, Executive Director of the Parking Authority, that the sum was based on rates charged by the Union Square Garage.

Supervisor McCarty emphasized that consideration of the pending matter had been continued for a period of three weeks at the request of a representative of the S. H. Kress Company and that the company had plenty of time within which to bring forth a concrete proposal. Time would elapse before the Board would receive an appropriation request from the Parking Authority; the Finance Committee would first have to study it and then it would have to go to the Board. By the time the Board received the appropriation, sufficient time will have passed for the company to bring in their plan.

Supervisor Ferdon: I believe that this plan will work. The opponents have had three weeks within which to advance plans. Not one of them advanced them to the Finance Committee or to me. The question of parking must be answered. I am voting in favor of the resolution. The additional time has come on my own motion to present plans but nothing has been done, and I cannot consider it wrong to go along with the Parking Authority. The opponents still have time to move if they are so inclined. I have discussed this matter with real estate men, merchants and others, but none has come forward to present a definite plan.

Supervisor Christopher expressed the opinion that sufficient space should be allowed on the ground floor to permit ample opportunity for ingress and egress.

Mr. Jacobs replied that plans contemplate no parking on the south side of O'Farrell Street and no parking on the north side of Ellis Street.

Request for Abstention from Voting.

Supervisor Dobbs asked permission to be excused from voting due to business reasons. Supervisor Halley accordingly moved such permission; motion seconded by Supervisor Ferdon, and there being no objection, motion carried.

Supervisor Dobbs excused from voting.

Supervisor Mancuso stated he was in a quandary and that, accordingly, he intended to vote against the pending measure. When the appropriation measure comes before the Board, and if his views have changed, he reserves the right to vote for it at that time. He stated he had checked parking facilities in other cities and he was impressed with the necessity of having assurance that proper ingress and egress be provided. He was not convinced that such would be the case with the Ellis Street site once its capacity has been reached.

Motion to Reconsider.

The roll was thereupon called on the pending measure.

Ayes: Supervisors Arnold, Christopher, Ferdon, Halley, Lewis, MacPhee, McCarty—7.

Noes: Supervisors Mancuso, Mead, Sullivan—3.

Excused from voting: Supervisor Dobbs—1.

Before the results of the roll call were announced, Supervisor Sullivan changed his vote from "No" to "Aye" and moved reconsideration; motion seconded by Supervisor Mancuso.

The Clerk then announced the results of the roll call as follows:

Ayes: Supervisor Arnold, Christopher, Ferdon, Halley, Lewis, MacPhee, McCarty, Sullivan—8.

Noes: Supervisors Mancuso, Mead—2.

Excused from voting: Supervisor Dobbs—1.

Motion for Immediate Reconsideration.

Supervisor Mancuso moved the suspension of the rules for the purpose of immediate reconsideration. Motion seconded by Supervisor Halley, and *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty—8.

Noes: Supervisors Mead, Sullivan—2.

Excused from voting: Supervisor Dobbs—1.

Rules suspended.

Immediate Reconsideration Lost.

The roll was then called and the motion for immediate reconsideration *lost* by the following vote:

2. Amending Chapter 1554, Statutes of 1947, authorizing any municipality to bring action to quiet title against the State of California and making an appropriation.)

Motion to Adopt.

Supervisor Lewis moved adoption; seconded by Supervisor Mancuso.

Discussion.

Supervisor Mancuso attempted to explain the intent of the proposed legislation affecting Chapter 1554, Statutes of 1947; however, sufficient explanation was not forthcoming and the Director of Property was sent for. It developed that he was not available; thereupon Supervisor Mancuso moved that consideration be continued for a period of one week. Motion seconded by Supervisor MacPhee, and there being no objection, motion *carried*.

Consideration continued one week.

Adopted.

Requesting the Board of Directors of Joint Highway District No. 10 to Adopt Resolution Declaring the Completion of a Portion of Junipero Serra Boulevard Extension.

Motion to Adopt.

Supervisor Mancuso moved adoption; seconded by Supervisor Dobbs.

President Mead Excused from Voting.

Supervisor Mead asked that he be excused from voting due to his interest in the joint highway district. Accordingly, Supervisor MacPhee moved, seconded by Supervisor Mancuso, that the President be excused from voting.

No objection and motion *carried*.

In response to a query, Thomas Blanchard, Deputy City Attorney, ruled that should the Board adopt the pending measure, and the Board of Directors of the Joint Highway District in turn adopted a measure of their own, declaring the completion of a portion of Junipero Serra Extension, and served such notice on the San Mateo County Board of Supervisors, it would then be incumbent upon San Mateo County to maintain said completed portion.

Roll Call.

The roll was thereupon called and the pending measure was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Sullivan—10.

Excused from Voting: Supervisor Mead—1.

Reference to Committee.

Discussion.

Supervisor Mancuso stated that the report was before the Board for the purpose of taking action on the recommendations of the Mayor's Legislative Committee.

Motion "Do Pass."

Supervisor Mancuso moved, seconded by Supervisor Lewis, that the Board favor the passage of A.B. 406, 779, 782 and S.B. 1492 dealing with the subject of "comparative negligence."

Supervisor Ferdon objected to the foregoing motion, contending that passage of the measures would affect the operations of the Mu-

municipal Railway in that a judge or jury would find some negligence on the part of a driver of a bus or street car.

Motion to Re-refer to Committee.

Supervisor Ferdon moved re-reference to committee, with the suggestion that the committee bring out definite recommendations. Motion seconded by Supervisor Arnold and *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mead, Sullivan—9.

No: Supervisor Mancuso—1.

Absent: Supervisor McCarty—1.

Referred to County, State and National Affairs Committee.

Adopted.

The following recommendation of Public Buildings, Lands and City Planning Committee was taken up:

(Area bounded as follows: Commencing at Mission and Ninth Streets, thence to Howard, Eighth, Bryant, Seventh, Brannan, Sixth, Bryant, Third, Brannan, Second, Harrison, Hawthorne, Folsom, Sixth, Mission, and Ninth Streets and point of commencement.)

Notice of Interest in Property.

Supervisor Christopher informed the Board that he had an interest in the property located in the area which the Redevelopment Agency proposed to designate as South of Market Redevelopment Area D, and accordingly requested that he be excused from voting on the pending measure.

Thereupon Supervisor Halley moved, seconded by Supervisor Arnold, that Supervisor Christopher be excused from voting.

No objection and motion *carried*.

The roll was thereupon called and the foregoing measure was *adopted* by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—10.

Excused from Voting: Supervisor Christopher—1.

Re-referred to Committee.

The following measure from Public Buildings, Lands and City Planning Committee, without recommendation, was taken up:

Present: Supervisors Mancuso, Dobbs.

Designating the Old U. S. Mint Property Located on the Northwest Corner of Fifth and Mission Streets as a Site for a Public Parking Garage, and Directing Federal Legislative Representative to Take Necessary Steps to Make Site Available for Acquisition by the City and County of San Francisco.

File No. 10054, Resolution No. . . . (Series of 1939).

Motion to Adopt.

Supervisor Mancuso moved adoption; seconded by Supervisor Lewis.

Discussion.

Supervisor Dobbs mentioned the fact that federal judges had made application to the Federal Government to make the site available for a courts building.

Motion to Re-refer to Committee.

Supervisor Dobbs moved that the foregoing measure be re-referred to committee to be heard on April 9. Motion seconded by Supervisor Sullivan.

Discussion.

Supervisor MacPhee stated he was particularly concerned with the traffic conditions existing at Fifth and Mission Streets. He expressed the hope that the committee would seriously consider the fact that unusually heavy traffic congestion exists in the area.

Supervisor Lewis stated that downtown merchants want the area as a parking site, and ventured the opinion that a parking garage was far more important than a courts building, and that the Board should not block adoption of the measure.

Supervisor Dobbs stated he was in favor of the measure, but he understood that certain parties had not been heard in committee.

Supervisor MacPhee stated he did not know what would happen when four or five hundred cars were turned loose from the parking facility during peak hours.

Privilege of the Floor.

The privilege of the floor was extended to Vining T. Fisher, Executive Director of the Parking Authority, who stated that his agency had taken action in connection with the pending measure on February 11th and that there should be no delay today on the measure, pointing out that where there has been delay in the past, his office lost valuable time and never was able to catch up.

Roll Call on Motion to Re-refer.

The roll was thereupon called and the pending measure was *re-referred to committee* by the following vote:

Ayes: Supervisors Arnold Christopher, Dobbs, Ferdon, MacPhee, Sullivan—6.

Noes: Supervisors Halley, Lewis, Mancuso, McCarty, Mead—5.

Supervisor Mancuso announced a meeting of the Public Buildings, Lands and City Planning Committee for Thursday, April 9, at 3:30 p. m.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Reference to Committee.

Supervisor Christopher called attention to a news item appearing in the bulletin issued by the San Francisco Bay Area Council, concerning the necessity of forming a Waterfront Labor-Management Committee to work out difficulties which may arise. The Supervisor mentioned the fact that he had introduced legislation on the subject in 1948 or 1949, but that nothing was done about it. He suggested that the proper committee study the advisability of recommending that such a committee be formed.

Referred to Commercial and Industrial Development Committee.

Reference to Committee.

Supervisor Christopher called attention to the formation of the Mayor's Technical Advisory Committee some years ago, consisting of approximately one hundred citizens, to assist in solving many of the city's problems, but which has since been dissolved.

The Supervisor pointed out that such a committee should be reactivated as the need for it has greatly increased.

Referred to the Public Health and Welfare Committee.

Request for Appearance of Francis V. Keesling Before Finance Committee.

Supervisor Christopher requested that the Clerk ask the city's Public Relations Counsel at Washington, Francis V. Keesling, to appear before the Finance Committee, at one of its meetings, so that he may be in a position to answer certain questions which the Supervisor desired to propound.

No objection and the *Clerk was directed to comply.*

Resumption of Consideration of Measures from the County, State and National Affairs Committee Relating to the Golden Gate Bridge, and Designated as File No. 9593-1, (Enactment of S.B. Nos. 558, 559, 561 and 562), and File No. 10162 (Opposing Enactment of S.B. Nos. 558, 559 and 562.)

Motion to Adopt.

Supervisor Mancuso moved adoption of measure designated as File No. 9593-1, captioned "Recommending enactment of Senate Bills Nos. 558, 559, 561 and 562, relating to the Golden Gate Bridge and Highway District." Motion seconded by Supervisor MacPhee.

Committee of the Whole.

Supervisor Mancuso moved that the Board resolve itself into a Committee of the Whole. Motion seconded by Supervisor McCarty and *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Privilege of the Floor.

The privilege of the floor was extended to the following proponents of the pending measure:

Senator Jack H. McCarthy of Marin County was the first to speak. He stated that he did not hold any antagonistic feeling toward any member of the Board of Supervisors nor toward any member of the bridge district, and that it was unfortunate that some of the members of the bridge district valued their political ambitions higher than their duty to the people. He stressed the fact that his bills if enacted into law, would result in an annual savings of \$150,000 in operating expenses. He had been and is now for a twenty-five cent toll and that such a toll could be placed into effect right now without injury to the financial structure of the district. He mentioned that while there is a fifteen-million dollar reserve at the present time, if expenses proposed to be incurred by the district are actually incurred, the probability existed that the reserve would be greatly depleted.

Here the Senator explained the purport and intent of each of the bills which he has introduced in the State Legislature. At the conclusion of his explanation, he read two editorials appearing in recent issues of the "San Rafael Independent-Journal" and the "San Francisco Examiner."

Cross-Explanation.

At the conclusion of the reading of the editorials, Supervisor McCarty asked various questions of the Senator from Marin County.

Point of Order.

Supervisor Lewis rose to a point of order, objecting to the wrangling ensuing between Supervisor McCarty and Senator McCarthy, and that more respect should be paid a Senator from a neighboring county.

The President took no action on the point of order.

Queries.

Supervisor McCarty: If the bridge directors had performed their duties properly, you would not have initiated action to turn control of the bridge over to the California Toll Bridge Authority?

Senator McCarthy: That is correct.

Supervisor Arnold: Insofar as Senate Bill No. 558 is concerned, the city would not be released from any of her obligations in event of catastrophe?

Senator McCarthy: That is correct.

Supervisor Arnold: Would the passage of Senate Bill No. 559 release the taxpayers of their contingent liability?

Senator McCarthy: That is correct, in event of approval by the voters.

Supervisor Arnold: We should join in concerted action to insure the passage of Senate Bill No. 559 which will relieve the taxpayers of this contingent liability.

Senator McCarthy: The Bridge District approved of Senate Bill No. 559 two years ago but are not in favor of it today.

Substitute Measure.

Supervisor Christopher stated he intended to present legislation, once the Board is no longer sitting as a Committee of the Whole, which would memorialize the State Legislature to enact legislation to bring the Golden Gate Bridge into the State Highway System, under certain conditions.

Supervisor Mancuso suggested that the proposed measure be amended to provide that the expense of bridge maintenance be met from tolls and from the gas tax fund.

Privilege of the Floor.

The privilege of the floor was next accorded Phil Davies, a director of the bridge. Mr. Davies stated he was in favor of the bills introduced by Senator McCarthy. While he felt that the bridge directors have done a fine job and have served the people of the district in an outstanding manner, he thought that turning control of the bridge over to the state was just sound business. He declared that he has, for the past several years, advocated a 25-cent toll. He further stressed the conviction that all bay crossings should be under one management.

Mr. Joseph J. Diviny, President of the Bridge District, next spoke.

Mr. Diviny: A majority of the bridge directors would be for state acquisition provided that the taxpayers would be relieved of their obligations; that the bond holders would be protected and if the California Toll Bridge Authority were constituted in a different manner. The California Toll Bridge Authority is not set up in a proper manner. It consists of the Governor, the Lieutenant Governor, Director of Finance, Director of Public Works and a layman from Chico, California. All are appointed and serve at the pleasure of the Governor.

The privilege of the floor was next extended to Jesse C. Colman, a bridge director.

Mr. Colman confined his remarks to the proposed enactment of S.B. 558, contending that the proponents of said bill would have the

District turn over the control of the bridge to the California Toll Bridge Authority and leave the burden of providing bond interest and redemption on the \$53,000,000 outstanding bonded indebtedness, strictly up to the counties comprising the district. Further, he asked, should the Toll Bridge Authority take over the control of the bridge, and were S.B. Bill 558 to pass, how would the operating costs of the bridge be met? They would probably have to be met from the counties' share of the gas tax fund, moneys which normally should go for the construction of streets and highways within each particular county.

Mr. Colman stated that the Bridge District had amassed a fifteen-million dollar reserve and that the bridge was functioning in a sound manner. True, he admitted, there were certain economies which he believed could be effected, but his views apparently did not coincide with those representing a majority of the bridge directorate.

James Adam, Public Relations Representative for the Bridge District, next spoke.

Mr. Adam pointed out that enactment of S.B. 558 would turn over control of the bridge to the State but would leave a bonded indebtedness of some fifty-three millions of dollars on the shoulders of the taxpayers of the counties constituting the district, and proceeded to give a summary of meetings held in Sacramento on bills introduced by Senator McCarthy.

Point of Order.

Supervisor Mancuso rose to a point of order, arguing that Mr. Adam was not confining his remarks to the merits of the pending legislation.

The President replied that he had permitted Senator McCarthy and Supervisor McCarty to consume approximately one hour and ten minutes and that much of their discussion was off the subject and that some leeway should be allowed here; however, he did ask Mr. Adam to confine his remarks to issues before the Board.

Mr. Adam then proceeded to explain his reason why Senator McCarthy's bills should not be approved.

Frank White, Secretary of the C.I.O., next spoke. He stated his organization wanted to see all bridges in the bay area on a toll-free basis. His organization would support the plan for the state to take over the control of the bridge provided it would assume its outstanding indebtedness as well. He declared that the wording of the bills are so vague as to cast doubt as to their intended meaning. He expressed the hope that the bridge would become toll-free in 1971, when the bonded indebtedness would be paid off.

Mr. J. L. Hogg, representing the Building Trades, was accorded the privilege of the floor and stated that the present bridge directors are handling the affairs of the district in commendable fashion, and that the finest workmen are employed. He feared that if the California Toll Bridge Authority took over the span, the present personnel would probably be replaced.

Mr. Clyde Edmondson, General Manager of the Redwood Empire Association, commented briefly, advising that several counties of the district had already adopted resolutions expressing their views on the proposed legislation.

Rebuttal.

In the absence of further speakers, each side of the discussion was permitted time for rebuttal. Both Senator McCarthy and James Adam took advantage of the privilege.

Motion to Rise and Report.

Supervisor Christopher moved that the committee rise and report. Motion seconded by Supervisor Sullivan and, there being no objection, motion *carried*.

Substitute Measure.

Supervisor Christopher moved that the following measure be considered by the Board in lieu of the presently pending legislation:

Memorializing the State Legislature, Under Certain Conditions, to Enact Legislation Bringing the Golden Gate Bridge Under State Control.

Supervisor Christopher presented:

File No. 10248, Resolution No. . . . (Series of 1939).

Motion seconded by Supervisor MacPhee.

Objections.

Supervisor Ferdon objected to consideration of the measure, contending that he was not in a position to vote on it at the moment, and that it should first receive committee study.

Supervisor McCarty likewise stated he was in no position to vote on Supervisor Christopher's subject. He urged the Board to dispose of the calendar measure one way or the other and to vote against the substitute legislation.

Motion to Re-refer to Committee.

Supervisor Dobbs moved, seconded by Supervisor Ferdon, that Supervisor Christopher's substitute measure as well as the two calendar items relating to the Golden Gate Bridge be re-referred to committee. He stated he could not vote on the measure designated as File No. 9593-1 at this time. He conceded that Supervisor Christopher's substitute measure might have merit but that he was not willing to go on record for or against it at this time.

Supervisor MacPhee expressed the opinion that the bridge directors were doing a fine job, but that he did not like the idea of the district awarding a paint contract to a firm without first calling for bids. He emphasized that the Board must take the first step, that of turning the bridge over to the state. He was against postponing consideration of the pending matter and that he was willing to vote for Supervisor Christopher's substitute measure.

Supervisor McCarty reiterated his previous statement that immediate decisive action is necessary in that committee hearings have already been held on the subject matter, and warned that regardless of what the Board does, Senator McCarthy will undoubtedly exert every effort to push his bills through the Legislature. He would therefore vote against re-referral to committee.

Motion to Re-refer Lost.

The roll was thereupon called and Supervisor Dobbs' motion to re-refer the measures to committee *lost* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Mancuso—5.

Noes: Supervisors Halley, Lewis, MacPhee, McCarty, Mead, Sullivan—6.

Explanation of Votes.

Supervisor Ferdon said he would vote against Supervisor Christopher's substitute measure as he did not understand it.

Supervisor Mead stated his philosophy was based on the axiom that "when I am in doubt, I will vote 'No.'" He was in doubt at the moment.

Supervisor Dobbs echoed the sentiments of Supervisor Ferdon.

Supervisor Halley voiced opposition.

Supervisor Arnold asserted he would vote against Supervisor Christopher's proposal and then vote for the passage of File No. 9593-1, insofar as it relates to S.B. 558 only, and that the remainder of the bills in said measure should be re-referred to committee.

Substitute Measure Lost.

The roll was thereupon called on Supervisor Christopher's substitute measure and it lost by the following vote:

Ayes: Supervisors Christopher, Lewis, MacPhee, Mancuso, Sullivan—5.

Noes: Supervisors Arnold, Dobbs, Ferdon, Halley, McCarty, Mead—6.

Motion—Lost.

Supervisor McCarty moved that the Board go on record as opposing S.B. 558 and that our position be made known to the Transportation Committee of the Senate in Sacramento.

Motion lost for want of a second.

Substitute Motion—Lost.

Supervisor Mancuso moved, as a substitute, that the pending measure, designated as File No. 9593-1, be re-referred to committee for redrafting.

Motion lost for want of a second.

Substitute Motion—Lost.

Supervisor McCarty moved as a substitute for the pending measure designated as File No. 9593-1, a measure opposing only S.B. 558 as recommended by the Transportation Committee of the Senate, and that our opposition be made known to the Legislature.

Motion lost for want of a second.

Substitute Motion—Lost.

Supervisor Mancuso moved, as a substitute, that the pending measure be re-referred to committee for study by the County, State and National Affairs Committee on Wednesday next. Motion seconded by Supervisor Sullivan.

Objections.

Supervisor Lewis objected to the motion, stressing the importance of making our decision known today.

Supervisor MacPhee was also opposed to any further delay. Such tactics, he declared, would be unfair both to the Bridge District and to Senator McCarthy. If necessary, he suggested that the Board recess until later on in the evening.

Roll Call.

The roll was thereupon called and the motion to re-refer to committee lost by the following vote:

Ayes: Supervisors Dobbs, Ferdon, MacPhee, Mancuso, Sullivan—5.

Noes: Supervisors Arnold, Christopher, Halley, Lewis, McCarty, Mead—6.

Substitute Motion—Lost.

Supervisor Mancuso moved, as a substitute, that the Board adopt the pending measure in its entirety, with the proviso that the Legislature enact into law the bills mentioned therein; provided further, that if the Legislature does not pass the bills as outlined, that the Board make known its opposition to S.B. No. 558.

Motion lost for want of a second.

Reference to Committee.

Supervisor Dobbs moved that the pending measure as well as legislation proposed by Supervisor Christopher, be referred to committee for study. Motion seconded by Supervisor Ferdon and *carried* by the following vote:

File No. 10154, Resolution No. 13206 (Series of 1939).

Discussion.

Supervisor Mancuso asked Vining T. Fisher, General Manager of the Parking Authority, certain questions pertaining to bids.

Explanation of Vote.

Supervisor Mead stated he was opposing the measure because he believed in encouraging private enterprise and not eliminating much needed assessments from the tax rolls.

Request to Be Excused from Voting.

Supervisor Dobbs asked that he be excused from voting because of his being in close proximity to the proposed garage site. Accordingly, Supervisor Christopher moved, seconded by Supervisor MacPhee, that Supervisor Dobbs be excused from voting.

Objection.

Supervisor Lewis objected, contending that all members should vote on matters of this kind; and that if the motion prevailed, the Board was opening the door to the establishment of a dangerous precedent. He called attention to an incident some years ago when he attempted to obtain permission to abstain from voting on a particular matter but was ruled out of order by the President.

At this point, Supervisor Christopher, who, at the time mentioned by Supervisor Lewis, was President of the Board, reminded the Supervisor that the circumstances at that time were different from those currently existing.

Roll Call.

The roll was thereupon called and the motion to excuse Supervisor Dobbs from voting *carried* by the following vote:

Ayes: Supervisors Christopher, Ferdon, Halley, Lewis, MacPhee, Mancuso, Mead, Sullivan—8.

Absent: Supervisors Arnold, Dobbs, McCarty—3.

Motion for Temporary Postponement—Withdrawn.

Supervisor Ferdon moved that consideration of the pending measure be postponed until the arrival of Supervisor Arnold. Motion seconded by Supervisor Halley.

Before a vote was taken on the foregoing, Supervisor Arnold put in an appearance; thereupon, there being no objection, Supervisor Ferdon *withdrew* his motion.

Explanation of Vote.

Supervisor Mancuso stated that when the matter of designating the Ellis-O'Farrell location as a site for a public parking garage was brought up, he voted against the measure, explaining his reasons at the time. However, the Board saw fit to approve the site, and he now felt that he should go along with the majority sentiment.

The roll was thereupon called and the pending measure was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Halley, Lewis, MacPhee, Mancuso—7.

Noes: Supervisors Mead, Sullivan—2.

Excused from Voting: Supervisor Dobbs—1.

Amending the Health Code to Provide for Reward to Any Person Who Supplies Information Leading to the Arrest and Conviction of Anyone Violating the Provisions of Said Code Prohibiting Deposit of Garbage and Refuse on Streets and Other Designated Places Within the City and County.

File No. 9888, Ordinance No. (Series of 1939).

(Adds Sections 282 and 283 to Chapter V. Authorizes Controller to pay \$250 to each informant certified to by the Mayor.)

Discussion.

Supervisor MacPhee stated he had received a great many complaints from residents who claim that garbage was being dumped into receptacles furnished by the city, some by people alighting from automobiles, and asked Deputy City Attorney Thomas Blanchard if provisions of the pending measure covered such receptacles. He was informed it did not.

Supervisor Christopher also declared that he has been receiving complaints practically every week that people are alighting from cars and dumping garbage into lots adjacent to homes.

Supervisor Ferdon stated that the proposal to pay an informant the sum of \$250 for performing a moral obligation was too large and that he could not possibly vote for it.

Supervisor Arnold: I suggested in Finance Committee that the amount be reduced to \$50. The Finance Committee felt that \$250 would be a proper amount and would aid in discouraging the practice.

Supervisor Ferdon suggested that the amount be reduced to \$50.

Motion to Amend.

Supervisor Mancuso moved that the sum of \$250 be reduced to \$100. Motion seconded by Supervisor MacPhee.

Objection.

Supervisor Lewis expressed opposition, contending that the practice of paying people to inform on others is a dangerous one, and declared that the proper method of approaching the problem would be to increase the existing penalty as well as the imprisonment term. If the Board approved the measure, it would be opening the door to providing rewards in connection with other legislation.

Supervisor Dobbs likewise spoke against the measure, expressing the belief that to offer a reward would prove an incentive for people to spy on others and cause all sorts of difficulties.

Setting of Special Order.

Supervisor MacPhee said he believed the Board should hear from representatives of the Police and Health Departments, and accordingly moved, seconded by Supervisor Lewis, that consideration of the pending measure be made a Special Order of Business for Monday, April 13, 1953, at 2:00 p. m., and that the Clerk notify representatives of the Health and Police Departments of said hearing.

No objection and motion *carried*.

No objection and motion *carried*.

Consideration continued one week.

Appropriating \$54,721.68, Water Department, Additional Funds for Payment of Taxes to Other Counties and Incorporated Cities and Towns.

File No. 10227, Ordinance No. . . . (Series of 1939).

Discussion.

Supervisor MacPhee stated that he did not want the city to pay taxes on any more property than absolutely necessary and required for the Water Department, and asked Paul Negri of the Public Utilities Commission to assemble such information as he could with respect to amount of land actually required by the Water Department and the possible disposition of such lands as might be considered surplus.

Mr. Negri stated he would have the information desired.

The roll was thereupon called and the foregoing measure was *passed for second reading* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, Mead, Sullivan—10.

Absent: Supervisor McCarty—1.

Introduction of Guests.

The President introduced the Hon. Dr. Spitzer, representative of the Department of State, who in turn, introduced the Hon. Dr. Franc Greiter, Mayor of Innsbruck and Mr. Stanislaus Pacher, both of Austria.

File No. 10229-1, Ordinance No. . . . (Series of 1939).

(Administrative Assistant	\$370-430
General Clerk	240-300)

Discussion.

Supervisor MacPhee inquired into the necessity for the position. Mrs. Kathleen C. Dolen, representing the Civil Service Commission, advised that the measure was merely one of reclassifying the position of General Clerk to Administrative Assistant, the functions of the latter position having been performed by the incumbent for many years.

Motion to Defer Consideration.

Supervisor Ferdon stated he would like a week's continuance to permit him to look further into the matter; accordingly, he moved, seconded by Supervisor Sullivan, that consideration of the pending measure be continued for one week.

No objection and motion *carried*.

Consideration continued one week.

Supervisor Ferdon moved, seconded by Supervisor Sullivan, that consideration of the foregoing measure be continued for a period of one week.

No objection and motion *carried*.

Consideration continued one week.

Appropriating \$700, City Attorney, for Position of Bookkeeper.

File No. 10230-1, Ordinance No. . . (Series of 1939).

(Salary range, \$280-340 per month.)

Discussion.

Supervisor Christopher informed the Board that it was his understanding that the Mayor had approved provisions for the position in the 1953-54 budget.

Motion to Re-refer to Committee.

Supervisor Ferdon opposed the measure, declaring that he believed that the creation of such a position should be taken up during budget time, and accordingly moved, seconded by Supervisor MacPhee, that the pending measure be re-referred to committee, for the purpose of studying the advisability of considering the measure at budget time.

Substitute Motion.

Supervisor Arnold moved, as a substitute, seconded by Supervisor Halley, that the measure remain on the calendar for one week and that the Controller and the City Attorney be requested to be present.

Discussion.

Supervisor Mancuso stated he felt that the original motion made by Supervisor Ferdon was the proper procedure. It has been the practice toward the end of a fiscal year for positions such as the one under consideration, to be created and when the budget is considered, it naturally follows that funds for the new positions would be allowed. Therefore, it was his opinion that such requests for new positions should be considered at budget time.

Supervisor Arnold stated that it was pointed out in the committee hearing of the importance of creating the position of bookkeeper;

that there is no bookkeeper at present on the City Attorney's staff and that a survey was made by the Civil Service Commission and determined that such a position should properly be established.

Supervisor Mancuso stated he would like the answer to two questions: (1) Why can't the people doing the job continue to do so without the necessity of creating the position; and (2) Why are the attorneys in the City Attorney's office permitted to continue their private law practice?

Supervisor Dobbs spoke against the measure.

Supervisor MacPhee asserted that if the measure did not represent an actual emergency, he saw no reason why it could not be considered at budget time.

In reply to a query heretofore made by Supervisor Mancuso with respect to private practice being indulged in by attorneys in Mr. Holm's office, Supervisor Christopher stated that he had received information to the effect that while the attorneys were permitted to conduct their private law practice, none of them had taken advantage of this privilege, and to enact legislation prohibiting such practice would be considered an affront to the gentlemen involved.

Substitute Motion Lost.

The roll was thereupon called and the substitute motion to defer consideration for one week *lost* by the following vote:

Ayes: Supervisors Arnold, Christopher, Halley, Sullivan—4.

Noes: Supervisors Dobbs, Ferdon, Lewis, MacPhee, Mancuso, Mead—6.

Absent: Supervisor McCarty—1.

The roll was thereupon called on the motion to re-refer the measure to Finance Committee and it *carried* by the following vote:

Operating Engineer	330-390)

Motion to Re-refer.

Supervisor Ferdon moved, seconded by Supervisor Arnold, that the foregoing measure be re-referred to Finance Committee for consideration of advisability of deferring action until budget time.

Discussion.

Supervisor MacPhee emphasized the importance of close scrutiny.

Request for Information.

Supervisor Mancuso suggested that the Finance Committee check into the number of operating engineers which have been added to the payroll since the opening of the institution to see if possible retrenchment cannot be made.

Supervisor Mancuso asked the Chief Administrative Officer to see if certain of these positions cannot be dispensed with and still maintain services as required by state law.

Roll Call.

The roll was thereupon called and the pending measure was *re-referred to Finance Committee* by the following vote:

Ayes: Supervisors Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, Mead, Sullivan—9.

Absent: Supervisors Arnold, McCarty—2.

Amending the Annual Salary Ordinance, Section 27.1, Youth Guidance Center, Juvenile Hall—A Companion Measure to the Preceding Item.

Re-referred to Finance Committee.

Refused Passage for Second Reading.

(Supervisor Christopher dissenting.)

Appropriating \$400, Hetch Hetchy Project, Utilities Engineering Bureau, for Overtime Allowance.

File No. 10223, Ordinance No. (Series of 1939).

Discussion.

Supervisor Christopher voiced opposition to the measure.

Privilege of the Floor.

The privilege of the floor was accorded Harry E. Lloyd, Chief Engineer and General Manager, Hetch Hetchy System, who spoke in favor of it and answered questions raised by members of the Board.

Opposition.

Supervisor Ferdon made known his intention of voting against the measure. He stated that department heads should be compelled to live within their budgets. The practice of appropriating funds for a department beyond the amount budgeted is becoming too common and the Board should adhere to a rigid policy of discouraging such tactics.

Amendment.

Supervisor Christopher moved that the sum of \$400 be reduced to \$100. Motion seconded by Supervisor Mancuso.

Supervisor Mancuso inquired why the requested sum did not come from the Mayor's Emergency Reserve Fund.

The Controller informed the Supervisor that pursuant to Charter provisions, a public utility may accumulate funds to pay for operation, repairs and maintenance, up to 25 per cent of total expenditures of any utility, and that there were funds available for the purposes outlined in the pending measure.

Point of Order.

Supervisor Lewis rose to a point of order, contending that the Charter was not involved here.

The President ruled the point of order not well taken.

Amendment Lost.

The roll was thereupon called on the amendment and it *lost* by the following vote:

Ayes: Supervisors Christopher, MacPhee, Mancuso, Mead—4.

Noes: Supervisors Arnold, Dobbs, Ferdon, Halley, Lewis, Sullivan—6.

Absent: Supervisor McCarty—1.

Amendment—Lost.

Supervisor Halley moved, as an amendment, that the sum of \$400 be reduced to \$300. Motion seconded by Supervisor Sullivan.

Opposition.

Supervisor Ferdon reiterated his previously taken stand that the Board should either insist upon strict compliance with budgeted amounts or allow all departments whatever excess amounts they ask for.

Supervisor Dobbs stated he would vote only in those cases where an actual emergency existed and that there appeared to be no emergency here.

The roll was thereupon called and the amendment *lost* by the following vote:

Ayes: Supervisors Arnold, Halley, Mancuso, Mead Sullivan—5.

Noes: Supervisors Christopher, Dobbs, Ferdon, Lewis, MacPhee—5.

Absent: Supervisor McCarty—1.

Refused Passage for Second Reading.

Declaring Policy of the City and County of San Francisco Concerning Proposed Transfer of Jurisdiction Over the Golden Gate Bridge to the State of California.

File No. 10248, Resolution No. 13217 (Series of 1939).

Discussion.

Supervisor Lewis explained the purport of the pending measure.

Supervisor Halley proceeded to dwell on the effects of Senator McCarthy's amendments to S.B. 558.

Point of Order.

Supervisor Lewis rose to a point of order, contending that Supervisor Halley was not confining his remarks to the subject at hand.

Supervisor Halley retorted that the most important matter before the Board was whether or not the members should approve S.B. 558.

Point of Order Ruled Upon.

Supervisor Lewis insisted upon a ruling by the President on his point of order. The President thereupon stated that technically his point of order was well taken; however, he expressed the opinion that Supervisor Halley's remarks did tie in with the intent of the pending measure.

Discussion.

Supervisor MacPhee stated he could not see how there could possibly be any objection on the part of any member of the Board to the adoption of the pending legislation.

Amendment.

Supervisor Lewis moved, as an amendment, that the word "simultaneously" found in the initial "Resolved" be deleted. Motion seconded by Supervisor Mancuso.

Substitute—Carried.

Supervisor Dobbs moved, seconded by Supervisor Lewis, that the following language, appearing in the initial "Resolved," and reading as follows: "... there is simultaneously enacted accompanying legislation, as follows . . .", be deleted, and the following language inserted in lieu thereof: "... within the aforesaid legislation, the following be provided . . ."

The roll was thereupon called and the substitute motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, Mead, Sullivan—10.

Absent: Supervisor McCarty—1.

Amendment.

Supervisor Arnold moved as an amendment, seconded by Supervisor Halley, that subdivision (a) of the pending measure be amended to read as follows: "That the California Highway Department or the California Toll Bridge Authority assume and become primarily responsible for all of the obligations of the counties comprising the Golden Gate Bridge and Highway District."

Discussion.

Supervisor Lewis pointed out that the word "assuring" appearing as the first word in Subdivision (a), meant a possible election. Supervisor Arnold's amendment does not mean that an election will be held.

Supervisor Mancuso suggested that the Board leave Subdivision (a) as is; that the purport of Supervisor Arnold's motion has been answered by opinions rendered by the Attorney General's office to the effect that the state can assume, with the consent of the people, the obligations of the bridge district, provided, however, that the respective counties assume secondary liability.

The roll was thereupon called and the amendment lost by the following vote:

Ayes: Supervisors Arnold, Halley, Mead—3.

Noes: Supervisors Christopher, Dobbs, Ferdon, Lewis, MacPhee, Mancuso, Sullivan—7.

Absent: Supervisor McCarty—1.

Query of Chief Administrative Officer.

Supervisor Halley inquired of Mr. Brooks, Chief Administrative Officer, as to the loss San Francisco would suffer were its gas tax funds used toward the operation of the bridge in event the state took over control. Mr. Brooks replied that he estimated the cost to the city would be about \$115,000 annually.

Amendment.

Supervisor Halley moved, seconded by Supervisor Mancuso, that the pending measure be amended to provide a new subdivision to be known as Subdivision (e) and reading as follows: "That this legislation be ratified and approved by the people of the State of California. . . ."

Opposition.

Supervisor Ferdon expressed the opinion that the proposed amendment was not necessary at this time and that he, accordingly, would vote against it.

Amendment to Amendment.

Supervisor Christopher moved as an amendment to the amendment, that the words "If necessary" be added to Supervisor Halley's amendment.

Motion lost for want of a second.

The roll was thereupon called and the amendment *carried* by the following vote:

Ayes: Supervisors Arnold, Dobbs, Halley, Mancuso, Mead, Sullivan—6.

Noes: Supervisors Christopher, Ferdon, Lewis, MacPhee—4.

Absent: Supervisor McCarty—1.

The roll was thereupon called on the pending measure, as amended, and it *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, Mead, Sullivan—10.

Absent: Supervisor McCarty—1.

(Supervisor Mancuso dissenting.)

File No. 10162, Resolution No. 13207 (Series of 1939).

Discussion.

Supervisor Mancuso: It was never the intention of Senator McCarthy to enact S.B. 558 without having to pass S.B. 559 as well.

Motion to Re-refer to Committee.

Supervisor Mancuso thereupon moved, seconded by Supervisor Christopher, that the foregoing measure be re-referred to committee.

Objection.

Supervisor Lewis objected to re-reference, declaring that the Board should make its position known to our representatives in Sacramento.

The roll was thereupon called on re-reference and it lost by the following vote:

Ayes: Supervisors Christopher, MacPhee, Mancuso—3.

Noes: Supervisors Arnold, Dobbs, Ferdon, Halley, Lewis, Mead, Sullivan—7.

Motion lost for want of a second.

The roll was thereupon called on the pending measure and it was adopted by the following vote:

He accordingly moved, seconded by Supervisor Mancuso, that the foregoing measure be adopted.

Objection—Withdrawn.

Supervisor Ferdon objected to the foregoing measure, declaring that he saw no reason for correcting the committee list; however, he subsequently withdrew his objection.

Supervisor Lewis said he was presenting the measure because he saw no reason why the city should spend money to belong to an organization which has exerted its efforts to defeat legislation which the City and County of San Francisco desired to have enacted. He referred particularly to the legislation calling for an appropriation of \$400,000 by the State as its share of the cost of preparing plans and specifications toward the creation of a Bay Area rapid transit system. SPECIAL ORDER—2:00 P. M.

(Introduced by Supervisor Lewis in Board on Monday, April 6, 1953.)

Reference to Committee.

Urging California Toll Bridge Authority to Give Consideration to Suggestions for Expediting Movement of Traffic on the San Francisco-Oakland Bay Bridge.

File No. 10267, Resolution No. . . . (Series of 1939).

Privilege of the Floor.

Supervisor MacPhee moved, seconded by Supervisor Sullivan, that the privilege of the floor be extended to Howard C. Wood, representing the California Toll Bridge Authority.

No objection and motion carried.

Discussion.

Mr. Wood explained that his Authority was constantly giving study to plans looking to the protection of motorists and at the same time assist in speeding up traffic on the bay span.

Supervisor Lewis asked Mr. Wood a number of questions. In this he was joined by Supervisor MacPhee and other members of the Board.

Supervisor MacPhee asked if the pending measure could not be amended to include a study of the following points:

- (a) Installation of new safety traffic signals and allowing passenger vehicles to use lower deck during peak hours.
- (b) Allowing two lanes of traffic in one direction on lower level during peak traffic hours.
- (c) Delete suggestion that provision be made for barging or ferrying heavy duty or slow moving commercial vehicles excluded from using any level of the bridge during peak hours.

Supervisor Lewis stated he saw no objection to inserting the above provisions in the pending measure.

Consideration Temporarily Postponed.

There being no objection, consideration of the foregoing measure was *temporarily postponed* pending revision of the measure to incorporate points raised by Supervisor MacPhee.

SPECIAL ORDER—2:00 P. M.

Refused Passage for Second Reading.

The following recommendations of Finance Committee, heretofore considered, were taken up:

Present: Supervisors Arnold, Christopher, McCarty.

Amending the Health Code to Provide for Reward to Any Person Who Supplies Information Leading to the Arrest and Conviction of Anyone Violating the Provisions of Said Code Prohibiting Deposit of Garbage and Refuse on Streets and Other Designated Places Within the City and County.

File No. 9888, Ordinance No. . . . (Series of 1939).

(Adds Sections 282 and 283 to Chapter V. Authorizes Controller to pay \$250 to each informant certified to by the Mayor.)

April 6, 1953—Consideration continued to April 13, 1953.

Privilege of the Floor.

The privilege of the floor was extended to Dr. Ellis D. Sox, Director of the Department of Public Health.

Dr. Sox stated that a survey had been made and that it disclosed that a number of people had not availed themselves of the services

of the garbage companies. The doctor mentioned that years ago an officer had been assigned to check up on matters such as these but later was removed from that particular assignment. The doctor stressed the importance of strictly enforcing the provisions of existing laws and that if they were enforced, he believed that the complaints of garbage dumping might be removed.

Inspector Arnaud of the Police Department informed the Board that his department had a greater number of arrests in 1949 than in 1953, and suggested that the proposed plan might be worth a trial.

Objection.

Supervisor Ferdon objected to the passage of the measure, declaring he could not adhere to the philosophy that if a certain plan did not work, another plan could be found. He did not care to pay the sum of \$250 to any person who has turned informer. He believed that a more strict enforcement of present laws by the judiciary would accomplish the purpose proposed in the pending measure.

Supervisor McCarty explained the reasons for favorable committee action.

Supervisor Lewis spoke against the legislation, asserting that he did not intend to make stool pigeons out of citizens.

President Mead explained his reason for voting against the measure.

Roll Call.

The roll was thereupon called and the pending measure was *refused passage for second reading* by the following vote:

Ayes: Supervisors Arnold, Christopher, Halley, McCarty—4.

Noes: Supervisors Dobbs, Ferdon, Lewis, MacPhee, Mancuso, Mead, Sullivan—7.

Refused Passage for Second Reading.

Ayes: Supervisors Arnold, Christopher, Halley, McCarty—4.

Noes: Supervisors Dobbs, Ferdon, Lewis, MacPhee, Mancuso, Mead, Sullivan—7.

UNFINISHED BUSINESS.

Passage for Second Reading.

The following recommendations of Finance Committee were taken up:

Present: Supervisors Arnold, Christopher, McCarty.

April 6, 1953—Consideration continued to April 13, 1953.

Reference to Committee.

Supervisor McCarty explained the purport of the measure, and at the conclusion of his explanation, Supervisor MacPhee requested that the following suggestions be referred to Finance Committee for consideration at such time as the public parking garages are in operation:

That consideration be given to using revenues from such facilities for payment of taxes; payment of interest on bonds; payment of operating budget of the Parking Authority.

Referred to Finance Committee.

Reference to Committee.

Supervisor Mancuso presented a communication from San Francisco Council, District Merchants Association, in which suggestion is made that the city rebate parking meter fees to those districts in which the meters are located, said funds to be used to assist in solving the respective districts' parking problems.

Referred to Finance Committee.

Containing 328.5 acres more or less.)

March 30, 1953—Consideration continued to April 13, 1953.

Discussion.

Supervisor MacPhee mentioned that a number of hearings were held on the matter, and that unfortunately full unanimity could not be reached. Some of the owners felt that their property was worth more money. It was finally agreed in committee that the Board should appropriate in the budget the sum of \$340,000 which would be needed to take care of the property still to be purchased. The Real Estate Department, Department of City Planning and the Recreation and Park Department met and agreed on the boundaries as presently outlined in the measure.

Director of Property Eugene J. Riordan spoke of the part his department has played in formulating the present measure.

Motion to Continue Consideration.

Supervisor Arnold stated that Mr. William Steinberg, representing a number of owners in the tract, had requested a week's continuance for the purpose of assembling much-needed data.

Supervisor MacPhee stated that while he had no objection to the delay, he stressed the importance of disposing of the matter once and for all.

Mr. Steinberg was accorded the privilege of the floor to explain why he desired the one-week extension.

Supervisor Arnold thereupon moved, seconded by Supervisor McCarty, that consideration of the pending measure be continued for a period of one week.

Substitute Motion—Withdrawn.

Supervisor Halley moved as a substitute, seconded by Supervisor Mancuso, that the measure be re-referred to committee, because he feared that if the boundaries are changed the entire matter would have to go back to committee for re-referral to the proper city departments for approval of the requested change.

Supervisor MacPhee suggested that Mr. Steinberg, during the week, contact the interested city agencies and make known to them his recommendations, so that by next Monday these departments may make known their recommendations to the Board.

There being no objection, Supervisor Halley *withdrew* his substitute motion.

Motion to Defer Consideration Carried.

The roll was thereupon called and the motion to defer consideration for a period of one week *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Resumption of Consideration of File No. 10267 Entitled "Urging California Toll Bridge Authority to Give Consideration to Suggestions for Expediting Movement of Traffic on the San Francisco-Oakland Bay Bridge.

Motion to Adopt.

Supervisor Lewis moved that the pending resolution, with the suggestions of Supervisor MacPhee incorporated therein, be adopted. Motion seconded by Supervisor MacPhee.

Discussion.

Supervisor Dobbs questioned the wisdom of adopting the measure, contending that by so doing it would assist the California Toll Bridge Authority in its quest for a parallel crossing.

Supervisor Lewis: We might get a crossing, whether southern or parallel, in six or seven years. All the Board is doing is asking the California Toll Bridge Authority to look into the feasibility of certain plans to expedite traffic on the bay bridge. I cannot see how there is any connection with Supervisor Dobbs' statement.

Supervisor Mancuso suggested that the measure be referred to committee; that all interested parties be notified and given the opportunity of participating in committee discussions.

Motion to Refer to Committee.

Accordingly, Supervisor Dobbs moved that the subject measure be re-referred to committee. Motion seconded by Supervisor Mancuso.

No objection and motion *carried*.

Referred to County, State and National Affairs Committee.

Supervisor MacPhee Excused.

There being no objection, Supervisor MacPhee was excused from further attendance.

Supervisor MacPhee excused at 3:50 p. m.

File No. 9693-1, Resolution No. . . . (Series of 1939).

(Estimated Cost—\$3,871,000.)

Opposition.

Supervisor Mancuso declared that he had voted against the bond issue the last time it was presented to the Board and he intended to follow identical procedure with respect to the pending measure.

Supervisor Christopher stated his opposition at its last submission was based on the fact that he believed that a Transit Authority should first be set up and thus permit that agency to determine the necessity for the bond issue.

Supervisor Ferdon opposed the plan of presenting the rehabilitation measures to the electorate in two segments. He did say, however, that he favored the entire bond issue if submitted as one proposal.

Supervisor Lewis expressed the opinion that before the Public Utilities Commission decided to present a bond issue to the Board of Supervisors concerning acquisition of new equipment or the rerouting of present car lines, the riding public should be circularized in order to determine their feelings in the matter. He concluded by saying that he would vote for the proposed bond issue involving an expenditure of \$3,871,000 for the rehabilitation of the Railway but would vote against the second proposed bond issue of \$2,749,000, calling for the purchase of equipment and the conversion of certain lines.

Supervisor McCarty urged that the bond issues, as submitted, be adopted, pointing out that the bond issue barely lost out when voted upon some time ago.

Motion to Re-refer to Committee.

Supervisor Sullivan declared that he felt there were insufficient votes on hand to adopt the pending measure, and he thereupon moved its re-reference to committee. Motion seconded by Supervisor Ferdon.

Supervisor Mancuso stated he felt the pending legislation should be considered simultaneously with proposed legislation setting up a Transit Authority.

Substitute Motion.

Supervisor Christopher moved, as a substitute, that consideration of the pending measure be continued for a period of one week. Motion seconded by Supervisor Halley, and lost by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Halley, McCarty—5.

Discussion.

Supervisor McCarty informed the Board that the Controller's office was in favor of the establishment of the subject position.

Supervisor Ferdon declared that it was his understanding that the foregoing measure had been re-referred to Finance Committee a week ago ostensibly for the purpose of having it considered at budget time.

Supervisor Mancuso echoed the feeling of Supervisor Ferdon.

Supervisor Arnold stated he had been informed by the Controller that the city was losing large sums of money by not having a bookkeeper in the City Attorney's office.

Roll Call.

The roll was thereupon called on the pending measure and it *failed of passage to second reading* by the following vote:

Supervisor Dobbs expressed the opinion that the departments should live within their budgets.

Supervisor Ferdon said he was not opposed to the personnel receiving earned compensation, but he was against the idea of departments requesting funds beyond those specifically budgeted, and the Public Utilities Commission should have anticipated the pending requirements and made provisions accordingly.

Supervisor McCarty urged passage of the measure, warning that the personnel involved would have to work without compensation.

File No. 9369-1, Resolution No. 13224 (Series of 1939).

Statement by Supervisor Halley.

Supervisor Halley stated that his favorable vote on the pending measure should not be construed as indicating that a similar vote would be cast on the final order to vacate; that he received a communication from property owners on Broadway; that he intended to look over the property and be sure that certain persons are cognizant of the intention to vacate.

Roll Call.

The roll was thereupon called and the pending measure was *adopted* by the following vote:

File No. 10246, Resolution No. 13226 (Series of 1939).

Discussion.

Supervisor Christopher stated he would vote for the subject measure but that his proposed affirmative action should not be construed to portend a favorable vote on the subsequent appropriation.

Supervisor Lewis: I am going to vote "No" on all of these matters from now on. I feel that if there is a certain position the city desires to take, the city should take it. I cannot intelligently vote just to have the City Attorney represent the city without knowing all of the facts in the matter. It may not be necessary for the City Attorney to be there at all. I must vote "No" on this type of legislation.

Supervisor McCarty: It will take the State Public Utilities Commission about three years to go over this matter, and now it is suggested that the Board decide this matter over a question of a couple of hours.

Roll Call.

The roll was thereupon called and the pending measure was *adopted* by the following vote:

Supervisor Christopher was excused at 5:55 p. m.

Privilege of the Floor.

The privilege of the floor was accorded Dion R. Holm, City Attorney, who informed the Board that the people of the city were confronted with a very serious matter.

The City Attorney explained that the Pacific Telephone and Telegraph Company is getting 5.6 per cent on its investment and with the proposed rate increase realized, the percentage would rise to 7.7 per cent. San Francisco's share of the cost of the increased rate would amount to \$3,500,000. Plans have been made to share the expense of the cost with Oakland on a 50-50 basis, and he wanted to have an expression from the Board just how far he could go with respect to incurring expenses involved in presenting and defending San Francisco's position in the matter.

Discussion.

Supervisor Mancuso stated the matter of determining just how far the Board would go toward the cost of adequately representing the City and County, should be referred to Finance Committee.

Supervisor McCarty ventured the opinion that nothing should be done until the appropriation is before the Board; however, he did say that when such an appropriation is before the Board, he would vote for it.

Supervisor Halley and President Mead pledged support for the appropriation.

No further Board action taken.

Adopted.

The following measure, presented by the Clerk, was taken up:

Fixing Date of April 20, 1953, 2:00 P. M., for Hearing the Appeal from the Decision of the City Planning Commission Disapproving Application to Rezone Property Located on the East Line of Alemany Boulevard Distant Thereon 156.66 Feet South of the Southerly Line of Leo Street, from First Residential District to Commercial District.

Ayes: Supervisors Arnold, Halley, Mancuso, McCarty, Mead, Sullivan—6.

Noes: Supervisors Ferdon, Lewis—2.

Absent: Supervisors Christopher, Dobbs, MacPhee—3.

Re-referred to Committee.

The following recommendation of County, State and National Affairs Committee, appearing on the Board's supplemental calendar, was taken up:

Present: Supervisors Mancuso, Sullivan.

Directing the State Legislative Representative and Members of the San Francisco Delegation in the State Legislature to Present and Support Legislation That Would Amend Existing Law so as to Provide That the City and County of San Francisco Shall Have the Power to Annex Portions of San Mateo County Without the Necessity of a County-Wide Election in Said County, and That Would Clarify the Law With Reference to Annexation of Territory Comprising Part of an Incorporated City.

File No. 9849, Resolution No. . . . (Series of 1939).

Discussion.

Supervisor Mancuso explained the purport of the measure.

Supervisor Halley questioned the economic feasibility of annexing Broadmoor and Westlake Village.

Point of Order.

Supervisor Mancuso attempted to explain, but Supervisor Lewis rose to a point of order, contending that the measure should be referred to the Mayor's Legislative Committee, and that it should not be considered at this time. The Supervisor pointed out the provisions of Resolution No. 6484 (Series of 1939), which provided that legislation pending in the State Legislature, affecting the welfare of the City and County of San Francisco, shall first be studied by a legislative committee consisting of the Mayor, Chief Administrative Officer, Assessor, Controller, City Attorney and Chairman of the Board's County, State and National Affairs Committee.

The President did not rule on the point of order. However, he did state that certain people in San Mateo County had suggested that a meeting be had between the respective Boards of Supervisors of both counties to discuss the pending legislation.

Motion to Re-refer to Committee.

Accordingly, Supervisor Halley moved, seconded by Supervisor Arnold, that the subject measure be re-referred to committee and that a meeting be arranged between the respective Boards of Supervisors.

Supervisor Arnold suggested that a dinner meeting be held, similar in nature to the one held between the two Boards some time ago.

It was decided to vote on the portion of the motion which re-referred the matter to committee. The roll was thereupon called and the motion *carried* by the following vote:

Ayes: Supervisors Arnold, Ferdon, Halley, McCarty, Mead—5.

Noes: Supervisors Lewis, Mancuso, Sullivan—3.

Absent: Supervisors Christopher, Dobbs, MacPhee—3.

Measure re-referred to committee.

Motion to Arrange Dinner Meeting.

Supervisor Halley moved, seconded by Supervisor Arnold, that a dinner meeting be arranged with the members of the San Mateo County Board of Supervisors.

Discussion.

Supervisor Arnold expressed the opinion that the annexation of Broadmoor and Westlake Village would prove a liability to the City and County of San Francisco, and should prove no loss to San Mateo County.

Point of Order.

Supervisor Lewis rose to a point of order, contending that the only question before the Board was the question of arranging a dinner meeting with the San Mateo County Board of Supervisors and not on the merits of the proposed annexation.

Amendment to Motion.

Supervisor Arnold moved as an amendment that the President of the Board of Supervisors arrange with the President and members of the Board of Supervisors of San Mateo County for an informal dinner meeting of the two Boards at the earliest possible moment. Motion seconded by Supervisor Halley.

Discussion.

Supervisor Lewis: How can we sit down when we haven't reached a decision among ourselves? They would make us look very ridiculous. If we are going to call a dinner meeting, let us be unified.

Supervisor McCarty mentioned the fact that no policy had been established by the Board at the time the members met with various officials at the Palace Hotel in connection with advisability of objecting to the proposed construction of the San Rafael-Richmond bridge.

Supervisor Mancuso: I know how San Mateo feels about me. They think I am trying to rob them of their property.

Supervisor Lewis stated he felt very strongly about the City and County of San Francisco consolidating with San Mateo County and possibly Marin County, and that San Francisco was fast losing her representatives in Sacramento.

Point of Order.

Supervisor Ferdon rose to a point of order, declaring that Supervisor Lewis was annexing everything.

The President did not rule on the point of order.

Supervisor Lewis: We are in danger of going down to San Mateo and sitting with them and discussing the question of annexing a portion of their property of which many members of this Board are not in favor.

Reconsideration.

The roll was thereupon called on the amended motion as follows:

Ayes: Supervisors Arnold, Halley, McCarty, Mead, Sullivan—5.

Noes: Supervisors Ferdon, Lewis, Mancuso—3.

Absent: Supervisors Christopher, Dobbs, MacPhee—3.

Before the result of the foregoing roll call was announced, Supervisor Lewis changed his vote from "No" to "Aye."

The vote then stood:

Ayes: Supervisors Arnold, Halley, Lewis, McCarty, Mead, Sullivan—6.

Noes: Supervisors Ferdon, Mancuso—2.

Absent: Supervisors Christopher, Dobbs, MacPhee—3.

Thereupon Supervisor Lewis moved that the vote by which the President of the Board has been authorized to arrange a dinner

meeting with the members of the San Mateo County Board of Supervisors, be reconsidered.

Over one week on reconsideration.

OFF-CALENDAR LEGISLATION.

The following recommendation of his Honor the Mayor was presented by the Clerk:

Reference to Committee.

Supervisor Lewis asked that the proper committee of the Board give study to the advisability of recommending legislation which would authorize the reduction of the size of the center islands recently constructed on Van Ness Avenue, between Market Street and San Francisco Bay; that title to said islands be transferred to the Recreation and Park Commission so that such area may be used for the planting of shrubs and flowers.

Referred to Education, Parks and Recreation Committee.

Reference to Police Committee.

Supervisor Mancuso presented a communication from the Marina Merchants Association, suggesting parking improvements in the Marina District.

Referred to Police Committee.

Supervisor McCarty moved that the Board rescind action taken last week whereby it had refused passage for second reading File No. 10223, relating to the aforementioned appropriation. Motion seconded by Supervisor Halley.

Call of the Board.

Supervisor Ferdon arose and stated he was asking for a call of the Board.

Point of Order.

Supervisor Lewis rose to a point of order, declaring that a call of the Board, under present rules, required majority consent of the members present.

The President ruled the point of order well taken.

Motion for Call of the Board.

Accordingly, Supervisor Ferdon moved a call of the Board; motion seconded by Supervisor Mancuso, and lost by the following vote:

Ayes: Supervisors Ferdon, Mancuso—2.

Noes: Supervisors Arnold, Halley, Lewis, McCarty, Mead Sullivan—6.

Absent: Supervisors Christopher, Dobbs, MacPhee—3.

Discussion.

Supervisor Ferdon stated that he did not believe in approving the type of legislation under consideration, and that it was a matter of principle with him.

Motion for One Week's Continuance.

Supervisor Lewis moved that consideration of the measure be continued for one week. Motion seconded by Supervisor Arnold.

Objection.

Supervisor Mancuso objected to the procedure; however, the President ruled that the motion made by Supervisor Lewis was in order.

Supervisor Halley informed Supervisor Lewis that if he withdrew his motion for a week's continuance, and permit a vote on motion to rescind, he would then move one week's continuance.

There being no objection, Supervisor Lewis *withdrew* his motion.

Discussion.

Supervisor Arnold stated that while he was in favor of a week's continuance, he would vote for the appropriation at that time.

Supervisor Ferdon stated he was opposed to the entire procedure, and that the Board should not even consider deferring the measure for a period of one week.

Supervisor McCarty claimed that during the past four weeks, he was blocked several times in bringing certain matters to a vote, and he expressed the opinion that he had the necessary six votes to pass the pending measure.

Motion to Expunge Record.

Supervisor Ferdon moved that the record be expunged insofar as his remarks just made are concerned.

No objection and motion *carried*.

Final Passage Refused.

(Supervisor Christopher dissenting.)

Appropriating \$330, Public Utilities Commission, General Office, for Overtime.

File No. 10251, Ordinance No. . . . (Series of 1939).

Explanation of Vote.

Supervisor Christopher explained that while he had no objection to compensating the chauffeur, he felt that department heads should live within their budget requirements. He did not mind appropriating extra funds for emergencies but the present measure certainly did not constitute an emergency in any sense of the word. Accordingly, he would vote against the legislation.

The roll was thereupon called and the measure was *refused final passage* by the following vote:

Ayes: Supervisors Arnold, Halley, Lewis, McCarty, Sullivan—5.

Noes: Supervisors Christopher, Ferdon, MacPhee, Mancuso, Mead—5.

Absent: Supervisor Dobbs—1.

(See later action for rescission and final passage.)

Final Passage.

Appropriating \$750, Public Library, for Temporary Salaries.

Finally Passed by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty; Mead, Sullivan—10.

Re-referred to Finance Committee.

The following matter, relating to reconsideration of recommendations of Finance Committee, was taken up:

Determining and Declaring That Public Interest and Necessity Demand the Acquisition, Construction and Completion by the City and County of San Francisco of the Following Municipal Improvement, To Wit: A Further Rehabilitation of the Municipal Railway Consisting of Reconstruction of California Streetcars and California-Hyde Carhouse, New Grips, Fare Boxes, Radio Cars, the Purchase of New Motor Coaches and New Streetcars, the Rerouting and Reconstruction of Certain Lines or Routes, Including the Removal of Unused Tracks and Construction of New Tracks, and All Other Works, Property or Structures Necessary or Convenient for the Complete Further Rehabilitation of the Municipal Railway, and That the Estimated Cost of Said Municipal Improvement Is and Will Be Too Great to Be Paid out of the Ordinary Annual Income and Revenue of Said City and County.

File No. 9693-1, Resolution No. . . . (Series of 1939).

(Estimated cost—\$3,871,000.

On Monday, April 13, 1953, the following vote was recorded on the motion for re-reference of the above measure to committee:

Ayes: Supervisors Arnold, Dobbs, Ferdon, Halley, Mancuso, McCarty, Sullivan—7.

Noes: Supervisors Christopher, Lewis, Mead—3.

Absent: Supervisor MacPhee—1.

Before the result of the foregoing roll call was announced, Supervisor Christopher changed his vote from "No" to "Aye."

The vote on re-reference of the above measure then stood:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Mancuso, McCarty, Sullivan—8.

Noes: Supervisors Lewis, Mead—2.

Absent: Supervisor MacPhee—1.

Thereupon Supervisor Christopher moved that the vote whereby said measure was re-referred to committee, be reconsidered.)

Discussion.

Supervisor Ferdon stated he believed that both the bond issue presently being considered by the Board as well as the subsequent one appearing on the calendar, should be re-referred to Finance Committee with the view of consolidating them and submitting them in that form to the people. If compelled to vote today, he would vote against the measures.

Supervisor Lewis stated he was in favor of submitting the bond issue calling for the sum of \$3,871,000 in reconstruction work but would be opposed to the proposed bond issue calling for the sum of \$2,749,000 for extension of trolley coach lines and conversion of certain streetcar lines, and other improvements.

The Supervisor felt that a survey should be made by the Public Utilities Commission of the riders using the lines; take steps to discourage them from using their automobiles and have them revert

to the use of mass transportation, and that it will be impossible to get the people to leave their cars at home if they are not satisfied with the type of transportation facilities offered.

Supervisor McCarty declared that it was the thought of the Finance Committee that the total rehabilitation project should be divided into two bond issues. A number of people voted against the bond issue when last submitted, because a portion of the sum involved was earmarked for conversion to bus and trolley coaches. The bond issue now being considered by the Board calls for needed improvements to existing facilities which are of an emergency nature. The other bond issue, to be considered by the Board, calls for conversion of streetcar lines into bus and trolley coaches. The Supervisor said that he personally was in favor of both bond issues and if the Board will not go along with them, he intended to present a consolidated bond measure later in the meeting.

Supervisor Mancuso: I do not feel the people voted against the rehabilitation of the Municipal Railway but the reason it did not pass was because of a lack of faith in the Public Utilities Commission's ability to operate the railway. The matter should be held in committee for necessary amendments and give the people the opportunity to vote on a change in the Management of the railway. I prepared a number of charter amendments on a Transit Authority and the people should vote on them simultaneously with the bond issue. I am going to vote against the matter and will continue to do so unless it is submitted simultaneously with the charter amendments giving the people of the City and County of San Francisco the opportunity to decide whether they are satisfied with the operation of the Municipal Railway.

Supervisor Halley: I am strictly in accord with the recommendation of the Finance Committee to submit the bond issue to the people for its approval or disapproval. However, I am counting votes today and it looks as though eight votes would be difficult to obtain today. It is therefore advisable to refer the measure to committee for further study. If voted down, the impression might be given that a certain program does not meet with the approval of the Board; hence, it would not get the approval of the people.

Substitute Motion.

Supervisor Halley moved, as a substitute, that the foregoing measure be re-referred to committee. Motion seconded by Supervisor Sullivan.

Ruling by President.

The President ruled that failure of the Board to reconsider would automatically refer the pending measure to committee.

Withdrawal of Substitute Motion.

There being no objection, Supervisor Halley withdrew his substitute motion.

Roll Call on Motion to Reconsider.

The roll was thereupon called on the motion to reconsider and it lost by the following vote:

Ayes: Supervisors Christopher, Halley, McCarty—3.

Noes: Supervisors Arnold, Ferdon, Lewis, MacPhee, Mancuso, Mead, Sullivan—7.

Absent: Supervisor Dobbs—1.

Re-referred to Finance Committee.

Determining and Declaring That Public Interest and Necessity Demand the Acquisition, Construction and Completion by the City and County of San Francisco of the Following Municipal Improvement, To Wit: A Further Improvement of the Municipal Railway Consisting of Extension of No. 8 Trolley Coach Line and Conversion of B and J Lines to Trolley Coach Operation, the Purchase of New Trolley Coaches, Construction of a Substation, Feeder Connections to Substations, Extension of Kirkland Yard and Improvements to Elkton Shop, and All Other Works, Property or Structures Necessary or Convenient for the Further Extension and Improvement of the Municipal Railway, and That the Estimated Cost of said Municipal Improvement Is and Will Be Too Great to Be Paid out of the Ordinary Annual Income and Revenue of Said City and County.

Noes: Supervisors Christopher, Lewis, Mead—3.

The vote on re-reference of the above measure then stood:

Noes: Supervisors Lewis, Mead—2.

Absent: Supervisor MacPhee—1.

Thereupon Supervisor Christopher moved that the vote whereby said measure was re-referred to committee, be reconsidered.)

Roll Call on Motion to Reconsider.

The roll was thereupon called on the foregoing motion to reconsider and it lost by the following vote:

Ayes: Supervisors Christopher, Halley, McCarty—3.

Noes: Supervisors Arnold, Ferdon, Lewis, MacPhee, Mancuso, Mead, Sullivan—7.

Absent: Supervisor Dobbs—1.

Re-referred to Finance Committee.

Reference to Committee of Suggestion Relating to Survey of Municipal Railway Riders Concerning Reconversion of Streetcars to Bus or Trolley Coach Operation.

There being no objection, Supervisor Lewis moved, seconded by Supervisor Sullivan, that the Public Utilities Commission, before any bond issue is submitted to the people, make a survey of the riders of the B and J lines and determine whether they are satisfied with the lines or if they prefer to have said lines converted to bus or trolley coaches.

Supervisor Arnold objected to the motion; whereupon the President referred it to the Finance Committee.

Refused Passage for Second Reading.

(NOTE: The Board at its meeting on April 13th, rescinded its action whereby it had refused, on April 6th, to pass the

following measure to second reading. On motion by Supervisor Halley, seconded by Supervisor Sullivan, and carried, the measure was ordered placed on the Board calendar for its meeting on April 20th.)

(Supervisor Christopher dissenting.)

Appropriating \$400, Hetch Hetchy Project, Utilities Engineering Bureau, for Overtime Allowance.

File No. 10223, Ordinance No. . . . (Series of 1939).

Refused Passage for Second Reading by the following vote:

Ayes: Supervisors Arnold, Halley, Lewis, McCarty, Sullivan—5.

Noes: Supervisors Christopher, Ferdon, MacPhee, Mancuso, Mead—5.

Absent: Supervisor Dobbs—1.

Statement by Supervisor Lewis.

Supervisor Lewis stated he intended to seek rescission of the foregoing vote whereby the measure was refused passage for second reading.

Supervisor Christopher expressed the opinion that it would be improper to again rescind because such action had heretofore been taken.

The President stated he knew no parliamentary procedure that would prohibit another attempt at rescissory action.

No further discussion entertained.

Rescission of Board Action.

Supervisor Lewis moved that the Board rescind its action whereby it had, earlier in the meeting, refused to finally pass the measure identified by File No. 10251 and captioned: "Appropriating \$330, Public Utilities Commission, General Office, for overtime." (Supervisor Christopher dissenting.) Motion seconded by Supervisor McCarty.

Discussion.

Supervisor Lewis stated he has been supplied with additional facts in the case and that he has decided that, in the light of such additional information, the appropriation should be approved. The Supervisor stated he would be the first one to vote against an appropriation which he considered wrong but not to approve this appropriation does not make good sense. By voting for the subject measure, one is not sacrificing his principles that budgetary requirements should be strictly adhered to.

Supervisor MacPhee: I agree with Supervisors Dobbs and Ferdon in enforcing certain governmental procedures and sticking with that policy. I do not agree with Supervisor Lewis that the amount will not break the city. The question remains whether the matter is right or wrong. I do not intend to vote for the measure if rescinded. These men should be paid if worked overtime; however, it is the responsibility of the Public Utilities Commission to determine how much money they have with which to pay the men. This is not an emergency situation. If a crisis arises, we should provide emergency overtime money. In my opinion the Public Utilities Commission should live within the scope of budgeted funds. Now is the time to set the record straight and keep it that way.

Supervisor McCarty termed the action of the Board in denying final passage to the measure as being "penny wise and pound foolish," and hoped that the Board would go along with the motion to rescind.

Supervisor Ferdon: What does the budget mean? We granted a certain amount to be used by the Public Utilities Commission in order that they may use a chauffeur-driven vehicle. They have exhausted that amount. The responsibility rests with them. I, for one, will insist that each department live within its budget. We are not being honest with the people of San Francisco. I regret that this individual chauffeur may not receive overtime compensation which he has worked for. Unless it is proven to be an emergency, we are not conducting an economical government.

Supervisor MacPhee: If the matter is an emergency, I intend to vote for it. On the other hand, if it is not an emergency, I do not intend to vote for it. If you continue to run these cars with overtime excesses, the people of San Francisco will see to it that there will be no chauffeurs. You must recognize that this is a luxury operation. People such as Mr. Turner are all able to run the cars themselves.

Roll Call.

The roll was thereupon called on the motion to rescind and it *carried* by the following vote:

Ayes: Supervisors Arnold, Halley, Lewis, MacPhee, McCarty, Mead, Sullivan—7.

Noes: Supervisors Christopher, Ferdon, Mancuso—3.

Absent: Supervisor Dobbs—1.

Discussion.

Supervisor Christopher: The time has come for the Board to decide if it is going to take for granted requests made by department heads. The Board has restored 99 of the deletions made in the last budget. We should take a more objective viewpoint of matters coming before the Board. We are not only concerned with the chauffeurs. We should have sound business knowledge in the government. The taxpayers are tired of it. I am tired of it. This matter may be of small consequence compared to millions of dollars but the time has come to take a second look at these appropriations. We should be more certain in our voting. The chauffeur is entitled to his overtime. The department heads should be warned that they must live within their budgets henceforth. There might be a taxpayers' strike in San Francisco, and maybe some of the members of the Board will join that strike.

Supervisor Lewis: If I were convinced that this particular appropriation was unsound, was not right, I would be the first to vote against it. All I know is that the Board set a certain figure; that figure was not lived up to. More money is needed beyond that figure. All we have on hand is the question of paying a man who was merely following directions and should be paid. If extravagance is proved, I will go along and vote against it.

Supervisor McCarty: The Finance Committee has screened every appropriation last year. Mr. Christopher is a member of the Finance Committee. We have screened an average of forty appropriations a week for 13 months and I doubt if Mr. Christopher voted against all of the appropriations more than fifteen times.

Roll Call.

The roll was thereupon called and the pending measure was *finally passed* by the following vote:

Ayes: Supervisors Arnold, Halley, Lewis, McCarty, Mead, Sullivan—6.

Noes: Supervisors Christopher, Ferdon, MacPhee, Mancuso—4.

Absent: Supervisor Dobbs—1.

Suspension of Rules.

Supervisor MacPhee moved the suspension of the rules for the purpose of considering the following recommendation out of order. Motion seconded by Supervisor Halley.

No objection and motion *carried*.

Adopted as Amended.

The following recommendation of Education, Parks and Recreation Committee, heretofore considered, was taken up:

Present: Supervisors MacPhee, Halley.

Declaring Policy Establishing Boundaries of Proposed John McLaren Park; and Repealing Resolution No. 5557 (Series of 1939).

File No. 9660, Resolution No. . . . (Series of 1939).

(Boundaries: Burrows Street, La Grande Avenue, Harvard, Bacon, Oxford, Wayland, University, Mansell, Dartmouth Streets; Wilde Avenue, Ervine, Delta Streets, Campbell Avenue, Elliot, Hoyt, Sawyer Streets, Teddy Avenue, Going Street, Arleta, Raymond Avenues, Hahn Street, Visitation, Brookdale, Brazil and Excelsior Avenues.

Containing 328.5 acres more or less.)

April 13, 1953—Consideration continued to April 20, 1953.

Discussion.

David E. Lewis, General Manager, Recreation and Park Department, stated that a meeting was had with interested city departments and Mr. William Steinberg, Counsel for several of the property owners in McLaren Park area, and decision reached to amend the measure to include therein the following language, to be inserted at the end of the legislation:

“ . . . excluding the northerly 300 feet of Assessor's Block 6062, also excepting the portions of Cambridge Street and Yale Street adjoining said excluded part of Block 6062.

“Containing a net area of 326.0 acres, more or less.”

Amendment.

Supervisor MacPhee moved the foregoing amendment as a recommendation of the Public Buildings, Lands and City Planning Committee. Motion seconded by Supervisor Halley and *carried* by the following vote:

Ayes: Supervisors Christopher, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—9.

Absent: Supervisors Arnold, Dobbs—2.

Statement by Supervisor MacPhee.

Supervisor MacPhee: If we vote for the pending measure we should also be ready to provide for the appropriation to purchase the land. I want to impress upon you the importance of fair play. I understand about forty-five thousand dollars will be saved by the amendment just passed. I recommend approval of the two hundred and sixty odd thousand dollars when the budget matter comes before the Board.

Roll Call.

The roll was thereupon called and the pending measure, as amended, was *adopted* by the following vote:

Ayes: Supervisors Christopher, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—9.

Absent: Supervisors Arnold, Dobbs—2.

OFF-CALENDAR LEGISLATION.**Suspension of Rules.**

Supervisor Halley moved, seconded by Supervisor Mancuso, that the rules be suspended for the purpose of considering the following measure out of order.

No objection and motion *carried*.

Referred to Finance Committee.

Urging the Directors of the Golden Gate Bridge and Highway District to Provide a Reduction in Tolls from 40 Cents to 25 Cents for Passenger Automobiles.

File No. 10322, Resolution No. . . . (Series of 1939).

Motion to Adopt.

Supervisor Halley moved, seconded by Supervisor Mancuso, that the foregoing measure be adopted.

Objection.

Supervisor Arnold objected, declaring that the matter should first be referred to committee.

Discussion.

Supervisor Halley: The Bridge District will meet on April 24th. We have been given to understand our action will have an effect on legislation pending in Sacramento.

Supervisor Arnold: The Bridge District will undoubtedly consider the matter on April 24th and it seems to me that it would be presumptuous indirectly to tell the Management what tolls should be charged without any data being presented to us to substantiate a reduction in tolls. The measure should be referred to committee for study and action may be taken at the district's meeting on April 24th.

Supervisor Arnold: Is it the intention of this resolution to nullify pending legislation in Sacramento?

Supervisor Mancuso: It would have the effect of tabling the measures.

Withdrawal of Motion.

There being no objection, Supervisor Arnold withdrew his motion to refer the pending measure to committee.

Bridge District Informed of Proposed Measure.

It was understood that the Bridge District was supplied with a copy of the pending measure last week.

Privilege of the Floor.

The privilege of the floor was extended to the following directors of the Golden Gate Bridge and Highway District:

W. D. Hadel, Chairman of the District's Finance Committee, who informed the Board that the district has heretofore given consideration to a proposed toll reduction to 25 cents. Several factors, however, deterred affirmative action, namely, that the district has a \$4,000,000 improvement program pending; that a reduction in tolls would result in a loss of revenue of over one million dollars per year, which would have to be met from the insurance reserve fund.

Mr. Hadel urged that the Board join with the District and with the other counties comprising the District, to seek either state or

federal aid for the purpose of procuring insurance beyond the \$14,000,000 presently carried.

Supervisor Mancuso: In view of your remarks, would you vote for or against it?

Mr. Hadeler: I would be inclined to vote for it, although it is against my best judgment.

Introduction of Distinguished Guest.

The proceedings were momentarily interrupted while the President introduced Robert Slater, International Commander of the Order of the Purple Heart.

Mr. Slater: I am very happy to be with you today observing "Youth in Government Day," and I sincerely hope that none of the young people here will ever become eligible to join our organization. Thank you very much.

Continuance of Hearings Regarding Proposed Reduction of Tolls on the Golden Gate Bridge.

Supervisor MacPhee: I still feel that the interest of the people can be best served by transferring control to the California Toll Bridge Authority. I feel that by taking a chance for a year, we will get the answer we need. At the end of the year, you might go back to this Board and tell us you are not satisfied and to get back to the forty-cent rate. I do not believe we are gambling very much with a year's trial. Is this a fair statement or how do you feel?

Mr. Hadeler: I do not want to leave the impression that a 25-cent toll is not proper. The big stumbling block is the insurance feature. If you can get that insurance coverage, I am sure the District will vote for a 25-cent fare.

Supervisor MacPhee: How much of a loss do you anticipate as a result of a reduction to 25 cents?

Mr. Hadeler: \$1,039,000 plus eighty-eight thousand more.

Supervisor Arnold: Do you think it unsound to reduce the toll at this time?

Mr. Hadeler: I do.

Supervisor McCarty: My recommendation would be to experiment for a period of six months. In this way their loss would be at a minimum.

Mr. Dan Del Carlo, Bridge Director: I am opposed to the resolution as it is written. In 1942 the Board of Supervisors appointed me as a director. In the second or third meeting, we read a resolution of the City and County of San Francisco asking that the Board of Directors refinance the bridge, which would have made an additional expenditure of eleven million dollars on top of what we owe now. I voted against refinancing. Within two weeks after the vote was taken, individuals who were for refinancing stated that in four years the bridge would be in the red and that an assessment would have to be levied on the people. This is the first time I have been asked to experiment and take a chance with the people of San Francisco. In 1951 there was a windstorm. Our engineers have found that there are unseen weaknesses in the bridge as a result of that windstorm. To experiment is foolhardy. I refuse to be blackjacked by saying that we table the legislation in Sacramento on the promise that we reduce our tolls to twenty-five cents. I do not intend to be the goat for the political boys to appease anybody. I would not do it if you asked me to, unless I thought it was sound.

Supervisor McCarty: I am not being blackjacked by the State Senator. I will be guided by principle.

Point of Order.

Supervisor Mancuso: I rise to a point of order. I resent any remarks about Senator McCarthy.

The point of order was not ruled upon.

Mr. Phil Davies, Bridge Director: I feel that a 25-cent toll is reasonably economical and feasible at this time. I feel this was the case long before Senator McCarthy introduced his legislation. On March 14, 1953, a bridge engineer report revealed that with a 25-cent fare by 1971 there will be sufficient funds to pay the bonds in full and still leave a surplus of seventeen million dollars. Bay bridge business is four times greater under the 25-cent fare than under the 50-cent toll.

Supervisor Arnold: If each member of the Board of Directors found it economically unsound, how would you vote?

Mr. Davies: I would vote according to my own views.

Supervisor Arnold: How would you vote if it were found to be economically unsound or politically expedient?

Mr. Davies: I would give serious consideration to the recommendation of the Board of Supervisors.

Counterparts Excused.

Supervisor MacPhee asked that the counterparts for the various members of the Board be excused at 5:00 p. m. No objection and permission granted.

Continuation of Consideration of Reduction in Bridge Tolls.

Mr. Joseph J. Diviny, Bridge Director: The Bridge District has received a resolution from the State Legislature seeking to reduce the fare on an experimental basis. (Here Mr. Diviny read prepared report in which inability to secure more insurance protection was main subject.) We have been unable to secure more insurance despite every effort to do so. I favor initiating action looking for federal assistance. I would like to suggest to the Board of Supervisors that they invite representatives of investment bankers to study and analyze the toll situation, review all facts and financial reports and advise the Board of Directors as to their findings.

Adoption of Measure Requires Unanimous Vote.

The President informed the members of the Board that, pursuant to charter provisions, it would require the unanimous consent of all members of the Board to adopt the pending measure.

Opposition.

Supervisor Mancuso: I will vote against the resolution. I have before me a report of the bridge district which says that 65 per cent of the traffic originates in Marin County. The report says that the Bridge Directors are for development of Marin County regardless of the feelings of the San Francisco taxpayers. If I vote for this resolution, I will be voting against my principle and will be voting only for the purpose of a compromise.

Supervisor Arnold: It would be unwise for the Board to take any action on such loosely presented data as submitted to us today, and I object to the consideration of the measure at this time.

Ruling of President.

President Mead: In view of the objections, the matter is automatically referred to committee—to the Finance Committee.

Setting Date for Hearing.

Supervisor Arnold, the Chairman of the Finance Committee, set Wednesday, April 29, 3 p. m., as time for hearing the foregoing measure.

Consideration of Legislation Out of Order.

Supervisor McCarty moved, seconded by Supervisor Christopher, that the rules be suspended for the purpose of considering the following recommendation of Finance Committee out of order.

No objection and motion *carried*.

Adopted.

Ayes: Supervisors Arnold, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—8.

Absent: Supervisors Christopher, Dobbs, Ferdon—3.

OFF-CALENDAR LEGISLATION.**Consideration of Measures.**

Supervisor McCarty moved, seconded by Supervisor Mancuso, that the rules be suspended for the purpose of considering the following measure out of order.

No objection and motion *carried*.

Adopted.

Opposing Portion of Proviso of Housing and Home Finance Agency Section of Title I of HR 4663, Known as Independent Offices Appropriation Bill, Relating to Urban Redevelopment.

File No. 10321-1, Resolution No. 13250 (Series of 1939).

Motion to Adopt.

Supervisor Halley moved adoption; seconded by Supervisor Mancuso.

Adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—9.

Absent: Supervisors Dobbs, Ferdon—2.

Supervisor Halley Excused.

Supervisor Halley asked to be excused from further attendance. No objection and the Supervisor was excused at 5:20 p. m.

Reconsideration Carried.

Reconsideration of Amendment to Motion Made by Supervisor Arnold, Seconded by Supervisor Halley, That the President of the Board Be Authorized to Arrange With the President and Members of the Board of Supervisors of San Mateo County for an Informal Dinner Meeting of the Two Boards at the Earliest Possible Moment.

On Monday, April 13, 1953, the following vote was recorded on the foregoing motion:

Ayes: Supervisors Arnold, Halley, McCarty, Mead, Sullivan—5.

Noes: Supervisors Ferdon, Lewis, Mancuso—3.

Absent: Supervisors Christopher, Dobbs, MacPhee—3.

Before the result of the foregoing roll call was announced, Supervisor Lewis changed his vote from "No" to "Aye."

The vote then stood:

Ayes: Supervisors Arnold, Halley, Lewis, McCarty, Mead, Sullivan—6.

Noes: Supervisors Ferdon, Mancuso—2.

Absent: Supervisors Christopher, Dobbs, MacPhee—3.

Thereupon Supervisor Lewis moved that the vote whereby the President of the Board was authorized to arrange an informal dinner meeting with the members of the San Mateo County Board of Supervisors, be reconsidered.

Discussion.

Supervisor Lewis: The members of the Board of Supervisors of San Mateo County have no desire to sit down with us on this matter. It's the same thing as San Mateo trying to take the Richmond or Sunset District from us. I think this is a great mistake. I am for sitting down with the members of all counties and discussing mutual problems, but for us to go down there when we have no policy on this matter is ridiculous. I certainly will not go down there. I am against any meeting unless we have a policy.

Supervisor Mancuso: I think the people of San Francisco should establish a policy. The charter definitely provides for consolidation with San Mateo County. If we take Broadmoor and Westlake Village, this will be a start toward final consolidation with the whole of San Mateo County.

Reconsideration Carried.

The roll was called and the motion to reconsider *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Halley, Mancuso, McCarty, Mead, Sullivan—7.

No: Supervisor Lewis—1.

Absent: Supervisors Dobbs, Ferdon, MacPhee—3.

Introduction of Legislation.

In light of the foregoing action, the President of the Board introduced the following measure:

Adopted.

Authorizing Informal Meeting With the San Mateo County Board of Supervisors to Discuss Inter-County Problems.

File No. 10323, Resolution No. 13251 (Series of 1939).

Motion to Adopt.

Supervisor Mead moved adoption; seconded by Supervisor Christopher.

Inclusion of Amount.

Supervisor Arnold moved that the sum of \$300 be inserted in the space provided in the measure. Motion seconded by Supervisor McCarty, and there being no objection, motion *carried*.

Discussion.

Supervisor Mancuso declared that the question of annexation was one of the hottest subjects before the State Legislature.

Point of Order.

Supervisor Sullivan rose to a point of order, contending that Supervisor Mancuso was straying from the subject.

The President ruled that such was not the case and ruled the point of order not well taken.

Point of Order.

Before Supervisor Mancuso had the opportunity of continuing his discourse on the subject of annexation, Supervisor Lewis rose to a point of order, asserting that the only thing before the Board was the question of a dinner meeting with the San Mateo County Board of Supervisors.

The point of order was not ruled upon.

Supervisor Lewis warned that the members of the Board were making a mistake in arranging for the meeting, declaring that Supervisor Mancuso will attend and will undoubtedly bring up the question of annexation. The Supervisor said he approved of the dinner but that this was not the proper time for it.

Roll Call.

The roll was thereupon called on the pending measure and it was adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, MacPhee, Mancuso, McCarty, Mead, Sullivan—7.

No: Supervisor Lewis—1.

Absent: Supervisors Dobbs, Ferdon, Halley—3.

Final Passage.

The following recommendation of Public Utilities Committee, heretofore Passed for Second Reading, was taken up:

Present: Supervisors McCarty, Christopher, Sullivan.

Privilege of the Floor.

There being no objection, the privilege of the floor was extended to Francis V. Keesling, San Francisco's Washington Public Relations Counsel.

Mr. Keesling was called upon to explain the intent of the legislation which is now awaiting President Eisenhower's signature concerning rent control. He stated that it was his understanding on

information acquired through proper channels, that the bill proposed to extend rent controls to July 31, 1953, in those areas in which such controls had heretofore been extended to April 30, and that San Francisco was considered one of those areas.

Mr. Thomas Blanchard, Deputy City Attorney, stated it was the opinion of the City Attorney's office that rent controls are automatically effective in the City and County of San Francisco under the terms of the bill now before the President, and that no formal action of any kind is required of the Board of Supervisors.

Supervisor Mancuso stated he believed the additional three months were being granted to permit states and/or municipalities to decide among themselves the necessity of extending rent controls in their respective areas beyond July 31, 1953.

Motion to Rescind Previous Action.

Supervisor Halley moved that the Board rescind its previous action whereby it had ordered the holding of a special meeting to hear persons interested in the subject of rent control.

Motion lost for want of a second.

Discussion.

Supervisor McCarty said he did not believe it wise to cancel tomorrow's meeting until word had been received that the President had signed the bill.

Supervisor MacPhee ventured the opinion that the Board should cancel the meeting on the premise that the President would sign the bill, and in view of the fact that it was the President's own idea of wanting to extend rent controls.

Motion to Cancel Special Meeting.

Supervisor MacPhee moved, seconded by Supervisor Christopher, that the Board rescind its action whereby it had, at a previous meeting of the Board, fixed Tuesday, April 28, 2 p. m., for hearing persons interested in the subject of rent control.

Objection.

Supervisor Mancuso spoke against the motion, declaring that he did not believe the special meeting should be canceled in that the President had not as yet signed the rent control extension measure. The President will undoubtedly sign the bill, but there exists a possibility that events may occur which may prevent him from so doing. If and when the legislation is signed, the special meeting can then be called off.

Motion to Rescind Carried.

The roll was thereupon called on the motion to rescind previous action and it *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Halley, MacPhee, Mead—5.

Noes: Supervisors Mancuso, McCarty, Sullivan—3.

Absent: Supervisors Dobbs, Ferdon, Lewis—3.

Mr. Francis V. Keesling apprized the Board on status of federal legislation respecting housing in redevelopment areas.

Suspension of Rules.

Supervisor Mancuso moved the suspension of the rules for the purpose of considering the following measure out of order. Motion seconded by Supervisor MacPhee, and there being no objection, motion *carried*.

Adopted.

Accepting Notice of Housing Authority of San Francisco That It Will Not Accept Relinquishment of Certain Temporary War Housing Projects, and Terminating Agreement in Connection Therewith.

File No. 10211-1, Resolution No. 13264 (Series of 1939).

Motion to Adopt.

Supervisor Mancuso moved adoption; seconded by Supervisor Sullivan.

Discussion.

Supervisor Mancuso: It is the opinion of the Director of Property and the Controller that it would not be feasible for the city to take any steps to acquire this temporary war housing project. It is their position that we cancel the original agreement between the City and County of San Francisco and the Housing Authority, as the first step. At a subsequent date we would be in a better position to bargain with the federal government.

Mr. Ross, Controller: In 1950 when the Board authorized entering into agreement for relinquishment with the Housing Authority, the condition of the property was in much better shape than today. Since that time, the Federal Government has collected over a million dollars from this property and the Director of Property has estimated that the property has deteriorated between 75 and 80 per cent. Approximately 7000 families occupy these premises.

To a question propounded to him, Mr. John W. Beard, Executive Director of the Housing Authority, replied: The Federal Government offers the temporary housing as a gift to the city, the only mandatory consideration being that the city agrees to purchase the land where the housing is located at cost price to the federal government and at a minimum of ten annual installments.

Mr. Ross, Controller: At the present time the Housing Authority is asking to be relieved of its trusteeship with regard to the City and County of San Francisco, because in their judgment, the economic risk is too great. That is all that is before the Board. San Francisco's right is not before the Board. All that is before the Board is the application of the Housing Authority to be relieved of their responsibility under contract dated October, 1950, to make application to the Federal Government, on behalf of the City and County of San Francisco, for relinquishment of properties under their custody. The reason is that they believe the economic risk is too great. It is the opinion of the Director of Property and the Controller that economic risks for San Francisco, without further detailed study, would be too great for us to recommend to the Board for action. That is a separate matter apart from the one actually before the Board.

Privilege of the Floor.

The privilege of the floor was extended to James McFeeley, Regional Office Attorney, Public Housing Administration, who informed the Board that failure of the Housing Authority or the City and County of San Francisco to accept relinquishment would mean that the Federal Government would be faced with the necessity of getting rid of the housing structures either through sale or demolition and of taking steps to have the land revert to their original owners.

Mr. Beard told the Board that the Federal Government has derived income to the extent of \$1,655,000 from the housing projects administered by the Housing Authority.

Objection.

Supervisor Lewis spoke against the idea of giving up the war housing projects until concrete plans have been formulated which

would take care of persons displaced from redevelopment areas, and suggested that the Housing Authority work closely with the Redevelopment Agency in this connection.

Mr. Sam Hermann, Secretary of the Redevelopment Agency, informed Supervisor Lewis that his Agency has been working very closely with the Housing Authority in the matter at hand.

Supervisor McCarty: We are considering at this time whether or not the City and County of San Francisco should make application to the Federal Government to accomplish relinquishment of this project to the city. The only thing before us is this: Sometime ago the Board authorized the Housing Authority, as agent for the city, to make application to the Federal Government to take over, on behalf of the City and County of San Francisco, this particular temporary housing project. Since the time the Authority made such application, the property has depreciated about 80 per cent in value. The Government has taken down over one million dollars in income. The only thing before the Board is whether we should permit the Housing Authority to withdraw their application. The Housing Authority today believes that to accept relinquishment would necessitate a financial loss.

Motion to Defer Consideration.

Supervisor Lewis moved that consideration of the pending measure be continued for one week and that representatives of the Redevelopment Agency, be requested to appear before the Board for discussion of the matter; further, that an opinion be obtained from the City Attorney as to procedure to follow should it be determined that economic loss would accrue should relinquishment be accepted.

Motion lost for want of a second.

Supervisor Lewis again reiterated his stand that the low-cost housing would take care of those people who would be ousted from redevelopment areas and thus preclude the necessity of the city of having to build other temporary quarters. That is the reason, Supervisor Lewis concluded, why he wanted the Redevelopment Agency here next week, so that this particular feature could be explored and a sound policy established.

Roll Call.

The roll was thereupon called on the pending measure and it was adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Halley, MacPhee, Mancuso, McCarty, Mead, Sullivan—8.

No: Supervisor Lewis—1.

Absent: Supervisors Dobbs, Ferdon—2.

Consideration of Legislation Out of Order.

Suspension of Rules.

Supervisor McCarty moved, seconded by Supervisor Christopher, that the rules be suspended for the purpose of considering the following recommendation out of order.

No objection and motion *carried*.

Passage for Second Reading.

The following recommendation of Public Utilities Committee was taken up:

Present: Supervisors McCarty, Christopher, Sullivan.

Amending Section 1183 of the Police Code and Adding Thereto a New Section to Be Known as Section 1184, Prohibiting the Operation of Interurban Passenger Motor Buses Within Certain Areas and Providing a Penalty for Violation Thereof.

File No. 9272-1, Ordinance No. . . . (Series of 1939).

(Approximate perimeter area: Mason and Sutter Streets to California and Market Streets, to Mason and Market Streets, to point of commencement. To be effective on and after July 1, 1955. Penalty provides a fine of \$500, or six months' imprisonment or both.)

Motion to Defer Consideration.

Supervisor Arnold stated that the pending measure was being studied by a group of business men and that a week's delay was being sought within which to bring out a report and recommendation. He accordingly moved a week's postponement. Motion seconded by Supervisor Mancuso.

Discussion.

Supervisor McCarty pointed out that the subject measure had its initial start in 1945 and encountered numerous delays in committee during that period of time, and urged that no further delay be sanctioned.

Supervisor Arnold pointed out that he was merely asking that the courtesy be extended to him of a week's delay, the same courtesy which has been extended to other Supervisors in the past.

Supervisor Lewis spoke against continuance of consideration.

Supervisor Mancuso stated that in view of the explanation made by Supervisor McCarty, he would oppose continuance although he was not withdrawing his second.

Supervisor Arnold pointed out that tomorrow morning the Traffic Council was meeting on the subject matter.

Supervisor Christopher stated he objected to any further delay, and declared that any proposed changes could be given consideration between the passage of the pending measure and July 1, 1955, the effective date of the legislation.

Supervisor Mead: Over a period of a great many years, requests for delay, with very few exceptions, have been granted, and for the purpose of being consistent, I will vote accordingly.

Motion to Defer Consideration Lost.

The roll was thereupon called and the motion to delay consideration for one week lost by the following vote:

Ayes: Supervisor Arnold, MacPhee, Mead—3.

Noes: Supervisors Christopher, Halley, Lewis, Mancuso, McCarty, Sullivan—6.

Absent: Supervisors Dobbs, Ferdon—2.

Privilege of the Floor.

Supervisor McCarty moved the privilege of the floor to Warren Burke, representing the United Air Lines. There being no objection, motion *carried*.

Legislation Considered Out of Order.

Suspension of Rules.

Supervisor McCarty moved, seconded by Supervisor Halley, that the rules be suspended for the purpose of considering the following recommendation of Finance Committee, after amendment, out of order.

No objection and motion *carried*.

Present: Supervisors Arnold, Christopher, McCarty.

Adopted as Amended.

Urging the Directors of the Golden Gate Bridge and Highway District to Reduce Tolls for Passenger Automobiles from 40 Cents to 25 Cents.
File No. 10322, Resolution No. 13304 (Series of 1939).

(Proposed amendment is as follows:

Amend to provide that reduction in tolls be effective for six months rather than one year.)

Motion to Adopt.

Supervisor McCarty moved adoption of the foregoing amendment; seconded by Supervisor Halley.

Discussion.

Supervisor Ferdon declared that he would vote for a reduction in tolls but not for a six months' period. He expressed the belief that a year's trial would be necessary in order to properly determine a future course of action.

Supervisor Mead stated he would not vote for a six months' trial period as he believed that such a short period of time would not conclusively prove whether such a reduced rate is a proper one.

Supervisor Halley said he did not see how any great amount of importance could be attached to the question of whether a six months' or a year's trial is in order.

Supervisor MacPhee said he would vote for a reduction in rates but suggested that only the "Resolved" remain in the resolution and that the "Whereases" be deleted.

Supervisor Sullivan ventured the opinion that a year's trial would present a better picture of bridge finances and whether or not the reduction should stay in effect.

Amendment Adopted.

The roll was thereupon called on the amendment and it was adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Halley, MacPhee, Mancuso, McCarty—6.

Noes: Supervisors Ferdon, Lewis, Mead, Sullivan—4.

Absent: Supervisor Dobbs—1.

Discussion.

Supervisor Mancuso: I am voting against the resolution. It is not the Board's responsibility to make any recommendation to the bridge directors. It is strictly a matter of their own responsibility. We have been advised by the Bridge District's Finance Committee that it is not economically feasible to reduce the tolls to 25 cents. I have always felt that the bridge should be a part of the highway system and that it should be made toll-free as soon as possible. I cannot compromise on principles and if I vote for the reduction, it would be a compromise of principles. The only purpose of this resolution is to give Senator McCarthy an opportunity to drop bills which he has in the Senate to transfer control of the Golden Gate Bridge to the State, and I will not be a part to vote 25-cent tolls to accomplish that purpose. I feel that if the bridge directors find it economically feasible to reduce the fares, they should do so without a resolution from this Board. Mr. Hadelers said that if they reduced the fares at the request of San Francisco, they would have to come back later and ask for increased fares. Why should we put ourselves out on a limb to help Senator McCarthy for a short period of time? The report shows that 65 per cent of passenger traffic over the bridge are residents of Marin County. Eighty-six per cent of the responsibility for the bonded indebtedness is on the people of San Francisco.

Why should we pass this resolution and give relief to the people of Marin County while the major part of the indebtedness is on the people of San Francisco?

Supervisor McCarty: My vote here has nothing to do with Senator McCarthy's bills. I feel the matter should be considered on its merits and should be voted on that way. Supervisor Mancuso points out that 65 per cent of the bridge's traffic comes from Marin County. We would like to be able to get more. We do not want to build a wall around San Francisco. We want people to patronize our stores and do their business here. If we want to isolate ourselves, we should put up a five-dollar toll. What we want is to get more people to come here and a reduction in tolls will accomplish that. Supervisor Mancuso says that we should not make our views known to the bridge directors. That statement puzzles me. We elect our representatives in Sacramento and we do not hesitate to tell them what we think is good for the people of San Francisco. Why, then, should we hesitate to tell the bridge directors what we believe to be in the interest of the people of San Francisco?

Substitute Motion.

Supervisor MacPhee reiterated his heretofore expressed belief that the Golden Gate Bridge should become a part of the state highway system. He thereupon moved as a substitute, that the Board of Directors of the Golden Gate Bridge and Highway District be requested to give consideration to a reduction in passenger tolls to 25 cents for a period of one-half year, on a trial basis; if, in their opinion such a reduction will not seriously impair the financial structure of the bridge. Motion seconded by Supervisor Mancuso.

Supervisor McCarty. I would rather not pass a resolution at all than vote for the substitute proposed by Supervisor MacPhee.

Point of Order.

Supervisor Sullivan rose to a point of order, contending that the substitute is a new resolution and therefore must be referred to committee for study.

Point of Order Not Well Taken.

President Dewey Mead ruled that the substitute presented is actually an amendment to the original resolution and is therefore properly before the Board.

Discussion.

Supervisor MacPhee defended his substitute motion by stating that while he would vote for a reduction of fares on a trial basis, he believed the Bridge District was entrusted with the responsibility of running the bridge and therefore should decide whether, in their opinion, it would be financially sound to place a reduction in tolls into effect.

Supervisor Ferdon: The only thing we are doing is approving the reduction. The Finance Committee has determined that 25 cents will benefit the residents of this particular community. I believe they are correct. Now all they are doing is approving the reduction. I am like Supervisor McCarty—the bridge directors will probably not pay any attention to it.

Substitute Motion Lost.

The roll was thereupon called on the substitute motion and it lost by the following vote:

Ayes: Supervisors MacPhee, Mancuso—2.

Noes: Supervisors Arnold, Christopher, Ferdon, Halley, Lewis, McCarty, Mead, Sullivan—8.

Absent: Supervisor Dobbs—1.

Ayes: Supervisors Arnold, Christopher, Ferdon, Halley, Lewis, McCarty, Mead, Sullivan—8.

Noes: Supervisors MacPhee, Mancuso—2.

Suspension of Rules.

Supervisor Halley moved, seconded by Supervisor Ferdon, that the rules be suspended for the purpose of considering the following measure from Police Committee, without recommendation, out of order.

No objection and motion *carried*.

Present: Supervisors Halley, Ferdon.

Consideration Continued One Week.

Authorizing Temporary Closing of East Lake Merced Boulevard from Higuera Avenue to a Point Approximately 3,000 Feet Southerly Therefrom to Permit Conduct of Annual Coaster Derby on June 7, 1953.

File No. 10357-1, Resolution No. . . . (Series of 1939).

Motion to Adopt.

Supervisor Lewis moved adoption; seconded by Supervisor Christopher.

Discussion.

Supervisor Halley called the Board's attention to a communication from the Chief Administrative Officer in which certain objections to the race on the boulevard mentioned, were outlined.

Privilege of the Floor.

There being no objection, the privilege of the floor was extended to a Mr. Young, representing the proponents of the race. Mr. Young pointed out that the particular portion of East Lake Merced Boulevard offered the best possible course for coaster racing and that the suggestion that Sunset Boulevard be used did not have merit in that that boulevard carried just as heavy a burden of traffic as East Lake Merced Boulevard.

Inspector Arnaud, representing Chief Gaffey's office, stated that the department was not in favor of the East Lake Merced Boulevard location due to its interference with the normal flow of traffic.

Deputy City Attorney's Verbal Opinion.

To a query raised by Supervisor Mancuso as to the effect of an adopted resolution in view of objections of certain departments to the closing of a portion of East Lake Merced Boulevard, Mr. Thomas Blanchard, Deputy City Attorney, replied that a similar problem had arisen some years ago and that his office had ruled that the Board had the authority to close any street without the approval or concurrence of city departments involved.

Supervisor Mancuso asked Mr. Blanchard to check into a case which had arisen some time ago where the City Attorney had allegedly ruled that the Board could not close a portion of a street because of objections on the part of the Department of Public Works.

Supervisor Halley expressed the opinion that the Police Commission had arrived at a very wise decision in recommending against the closing of portion of East Lake Merced Boulevard.

Supervisor MacPhee suggested that perhaps Thirty-eighth Avenue could be used, which would necessitate the closing of the Avenue's intersections with Ulloa, Vicente and Wawona Streets.

The President said he saw no reason why the Board could not adopt the pending measure since traffic will not be inconvenienced beyond six or seven hours.

Supervisor Lewis called attention to the fact that parades, celebrations are held frequently in San Francisco and there is never any hue and cry about traffic tieups; yet here are groups in San Francisco trying to give the kids their day and the hue and cry goes up that traffic will be discommoded.

Substitute Measure.

Supervisor Lewis thereupon introduced the following measure and moved its adoption:

Authorizing Temporary Closing of Portion of East Lake Merced Boulevard to Permit Conduct of Annual Coaster Derby on June 7, 1953.

File No. 10357-2, Resolution No. . . . (Series of 1939).

Consideration Continued.

Supervisor MacPhee suggested that the matter go over one week, and that, in the meantime, Mr. Young, together with members of the Police Department, attempt to find another suitable site for the coaster derby which will meet with no opposition.

Mr. Young informed the Board that he had already tried to do so but that no other suitable site could be found.

Supervisor Halley asked that a portion of Stanley Drive be investigated, because he did not feel that he could vote in opposition to the wishes of the Police Department.

Motion to Defer Consideration.

Supervisor MacPhee moved, seconded by Supervisor Halley, that consideration of the measure be continued for one week and that in the meantime, Mr. Young in conjunction with representatives of the Police Department, attempt to find another location agreeable to all concerned.

Supervisor Mead stated he was opposed to any further delay of the matter and that he would vote accordingly.

The roll was thereupon called and the motion to continue consideration for one week *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Halley, MacPhee, Mancuso, McCarty, Sullivan—8.

No: Supervisor Mead—1.

Absent: Supervisors Dobbs, Lewis—2.

Consideration continued one week.

Supervisors Lewis and McCarty Temporarily Excused.

Supervisor McCarty asked that both he and Supervisor Lewis be excused at 4:30 p. m. to attend a meeting in the Mayor's office with an East Bay delegation, in connection with discussions on the construction of both parallel and southern crossings.

No objection and permission *granted*.

Motion Concerning Acquisition of Land for McLaren Park.

Adopted.

Supervisor MacPhee:

On Monday, April 20, 1953, the Board of Supervisors adopted Resolution No. 13245, which resolution was a policy declaration establishing boundaries of the proposed John McLaren Park in accordance with the recommendation of the Recreation-Park Commission and the City Planning Commission.

The boundaries as established in the resolution referred to are the result of considerable study and, it is believed, are those which will provide an adequate park and will conclusively settle this question. For many years the people owning property in or adjacent to McLaren Park have been in a quandary because from almost day to day they were not certain whether their property was included within the boundaries of the Park or was excluded therefrom, and the consequence was, if believed to be in they could not build and even if believed to be out, they could not build because of the possibility that the boundaries might again be revised to include their property.

It is confidently believed that the boundaries for McLaren Park are now firmly established and the firm estimate of the amount necessary to augment moneys presently available for acquisition of the remainder of such property within the boundaries of McLaren Park as is presently in private ownership has been received.

The money necessary for acquisition of the remainder of the privately-owned property within the boundaries of McLaren Park has not been set up either in the annual budget for the fiscal year 1953-54, nor in the supplemental budget request for that fiscal year, and therefore:

I move that it be the express policy and intention of this Board of Supervisors, when the budget for the fiscal year 1953-54 is before it and a motion is made for the inclusion of the amount of \$254,046 for the purchase of the remainder of the private property within the boundaries of McLaren Park that the members of this Board will vote to include such item in the budget of the Recreation-Park Commission, as a capital expenditure.

Motion seconded by Supervisor Halley and adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Halley, MacPhee, Mancuso, Mead, Sullivan—8.

Absent: Supervisors Dobbs, Lewis, McCarty—3.

Request Concerning Transfer of Crystal Springs Properties to the Recreation and Park Commission.

Supervisor Mancuso requested that the proper committee of the Board study the advisability of requesting the Public Utilities Commission to terminate present lease of Crystal Springs Golf Course and that said property be transferred to the jurisdiction of the Recreation and Park Commission.

Referred to Public Utilities Committee.

Statement Concerning Appointment of Mayor's "Go Forward" Committee.

Supervisor Mancuso criticized the size of the Mayor's "Go Forward" Committee, contending that the present number of 166 can be cut down to 50 and still retain its efficiency. The Supervisor called attention to the fact that the roster contained names of leaders of companies and corporations and that it did not contain the name of a representative of any civic or improvement clubs nor the name of any women.

Request for \$100,000 Appropriation for Compilation of Report Concerning the City's Alleged Corrupt and Illegal Practices.

Supervisor Mancuso requested that the Finance Committee study the advisability of appropriating \$100,000 for the purpose of conducting a private investigation (similar to the Atherton Report of some years ago), into alleged corrupt, irregular and illegal practices purported to be rampant in San Francisco, so that the citizens may be fully apprized of existing conditions.

Referred to Finance Committee.

Request for Study of Feasibility of Splitting the San Francisco Unified School District.

Supervisor Mancuso called the Board's attention to the fact that the rural districts were, in effect, milking San Francisco of a great deal of money normally accruing to the San Francisco Unified School District, and suggested that the proper committee of the Board study the feasibility of requesting the Board of Education to split the San Francisco Unified School District into segments and thus avail itself of larger subventions from the state.

Referred to Education, Parks and Recreation Committee.

RECONVENING OF BOARD.

The Board reconvened in regular session at 6:02 p. m.

ROLL CALL.

The roll was called and the following members were noted present: Supervisors Arnold, Christopher, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—10.

Absent: Supervisor Dobbs—1.

Quorum present.

President Dewey Mead presiding.

Announcement of Committee Hearing.

Supervisor Lewis called a meeting of the County, State and National Affairs Committee for Thursday, May 7, 1953, at 3:30 p. m.

Discussion.

Both Supervisors Lewis and McCarty spoke of the meeting just concluded in the Mayor's office with Otto H. Fischer and Joseph R. Knowland, representing a subcommittee from Alameda County. The Supervisors stated agreement could not be reached on the city's insistence that in event both the parallel and southern crossings could

not be built simultaneously, that the southern crossing be given top priority, and recommended that the Board now bend every effort to push through the construction of a southern crossing, without the assistance of eastbay interests.

Motion.

Supervisor McCarty accordingly moved that the Board reiterate its former policy relating to a southern crossing and that we inform our legislators in Sacramento accordingly.

Motion seconded by Supervisor Lewis.

Discussion.

Supervisor Christopher: I do not believe we should drop discussions with Oakland. The door should be left open so that we may arrive at a solution.

Supervisor McCarty: This Board authorized the committee to take the following action: (1) Consider legislation on simultaneous construction of a parallel and southern crossing with the eastbay delegation, and if possible, arrive at an agreement; (2) If no agreement was reached, to report same to this Board for its consideration. We have failed to reach an agreement. The committee has terminated negotiations; the committee is dissolved.

Supervisor MacPhee: The worst thing that can possibly happen is to stop trying to accomplish the desired end. It may be that the best course of action for us to take would be to pass a resolution instructing our legislative representatives in Sacramento to introduce a bill which will accomplish the proposal we have in mind.

Amendment—Withdrawn.

Supervisor McCarty moved, as an amendment, seconded by Supervisor Halley, that the Board go on record supporting and urging our California delegation and our legislative representatives to support A.B. 2543 (Dolwig Bill).

There being no objection, the foregoing motion was *withdrawn*.

Amendment.

Supervisor McCarty moved as an amendment (quoting from Dolwig Bill, A.B. 2543), that the Board of Supervisors go on record as favoring legislation providing that the California Toll Bridge Authority shall apply promptly to the appropriate officials of the Federal Government for permission to construct a southern crossing having its westerly terminus in the vicinity of Army and Third Streets in the City and County of San Francisco and its easterly terminus on Bay Farm Island, and shall obtain the necessary permits therefor as promptly as feasible. Motion seconded by Supervisor Halley.

Substitute Measure.

Supervisor Lewis moved, as a substitute, the adoption of the following measure:

Reiterating Policy of the City and County of San Francisco in Favor of the Construction of a Southern Bay Crossing.

File No. 10400, Resolution No. 13295 (Series of 1939).

Amendment.

Supervisor MacPhee moved that the foregoing substitute be amended to provide that the Mayor's Advisory Committee still function for the purpose of possibly arriving at an amicable agreement with the eastbay delegation.

Motion lost for want of a second.

Supervisor Ferdon: I am strongly opposed to the idea. The committee has done everything possible. The impasse is not our fault.

Supervisor MacPhee: I have come to the conclusion that the best interests of the people of San Francisco can be served by the simultaneous construction of both bridges. We may not need both bridges today or tomorrow, but I am willing to concede most of our plans are based on what is needed in ten or twenty years from now. I am going to maintain my position for simultaneous construction of both bridges.

Roll Call.

The roll was thereupon called and the substitute measure was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—10.

Absent: Supervisor Dobbs—1.

Dissolution of Mayor's Advisory Committee.

Motion.

Supervisor MacPhee: I move that the Board of Supervisors commend the members of the Bridge Committee for their efforts put forth in connection with recent discussions with the eastbay people regarding simultaneous construction of bay crossings, and request that the committee continue to meet with the eastbay delegation in hopes that agreement may be reached on construction of both bridges. Motion seconded by Supervisor Lewis.

Supervisor McCarty: The committee is dissolved. The State Legislature will not pass any bills unless it knows exactly what San Francisco wants. I refuse to serve on such a committee again.

President Mead: This committee was appointed by resolution adopted by this Board and up to and including this moment, the committee is still functioning, and will continue to be in effect until this Board, by motion, decides that this committee be dissolved, with thanks.

Supervisor McCarty: I hereby tender my resignation as a member of this committee.

Substitute Measure.

Supervisor Mancuso moved, as a substitute, the adoption of the following measure:

Adopted.

Dissolving Committee Appointed for the Purpose of Drafting Agreement to Build Simultaneously a Southern and Parallel Crossings of San Francisco Bay.

File No. 10401, Resolution No. 13296 (Series of 1939).

Statement by Supervisor Christopher.

Supervisor Christopher: I do not feel we should close the door. Eventually this matter will be covered by negotiations through our democratic processes. However, I am voting for the substitute. I believe the Mayor should indicate to the eastbay people that if they have any further suggestions, we should proceed to meet with them. The problem cannot be solved by disagreeing but rather will be solved by a meeting of the minds.

Roll Call.

The roll was thereupon called and the foregoing measure was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Halley, Mancuso, McCarty, Mead, Sullivan—8.

Noes: Supervisors Lewis, MacPhee—2.

Absent: Supervisor Dobbs—1.

ADJOURNMENT.

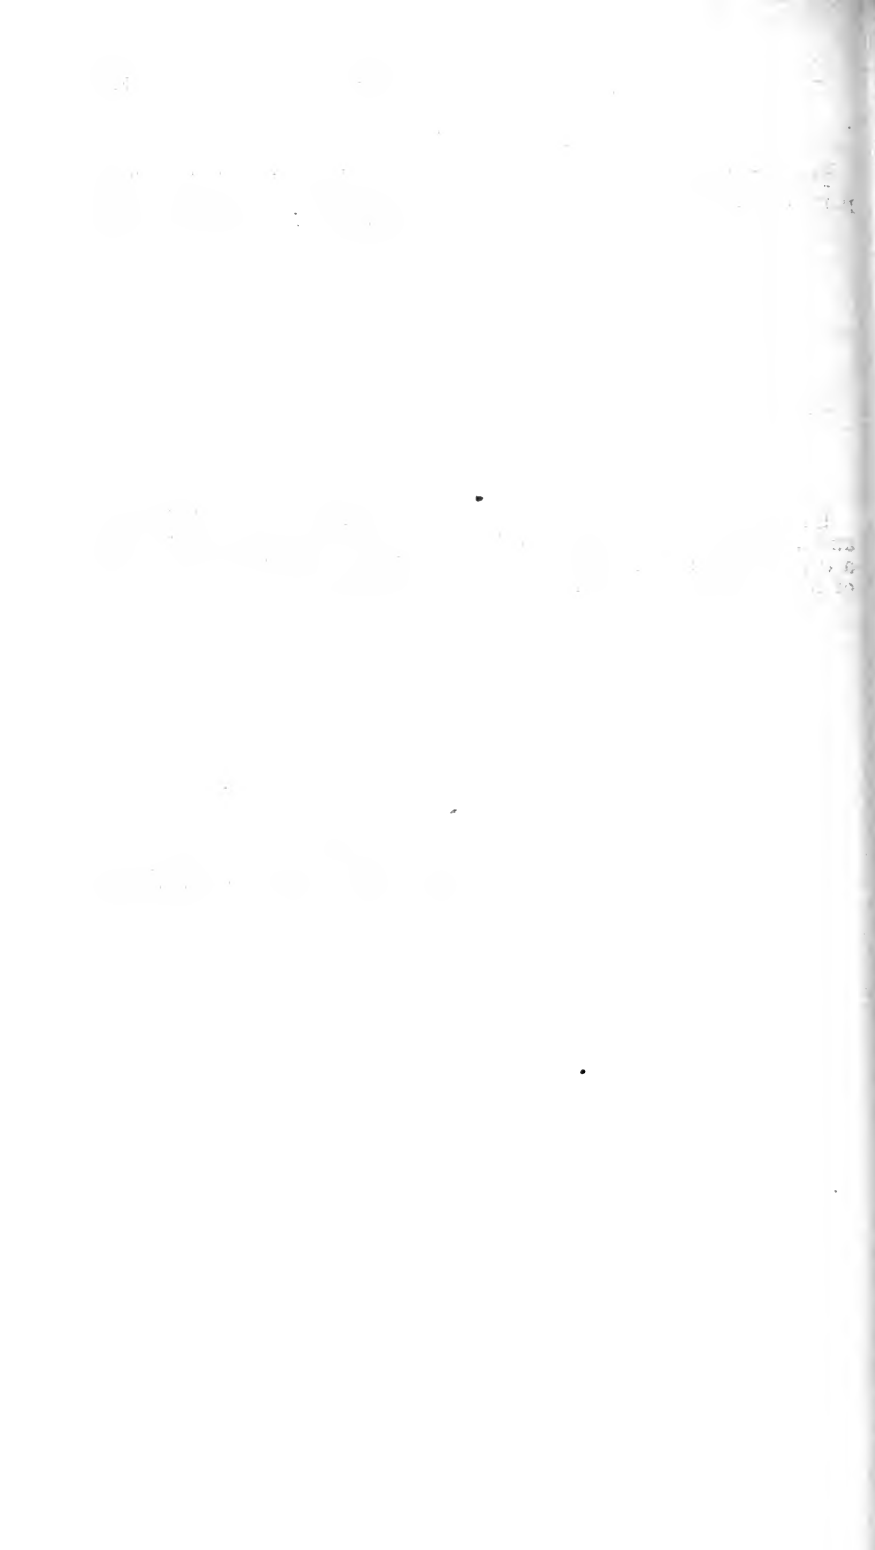

There being no further business, the Board, at the hour of 6:47 p. m., adjourned.

The President of the Board assured Miss Pickford that the Board and the audience were being singularly honored by her presence and wished her success on her patriotic mission throughout the country.

Amending Bill No. 589, Ordinance No. 12.1751, Relating to the Method Whereby Real Property Owned by the City and County of San Francisco, or by Any Department Thereof, Including the School Department, May Be Transferred from the Jurisdiction of One Department to Another by Amending Section 4 Thereof to Eliminate Requirement for Consent of Mayor and Transferor Department.

File No. 10104, Ordinance No. . . . (Series of 1939).

Motion to Defer Consideration.

Supervisor Mancuso moved, seconded by Supervisor Lewis, that consideration of the foregoing measure be continued for one week to permit the preparation of proper legislation covering the subject matter.

Discussion.

Supervisor Christopher called the Board's attention to the space in the back of the Opera House as well as the Veterans' Building which could be used for general parking purposes but which is often closed by means of chains and wondered why such an area could not be made available at all times. The Supervisor likewise ventured the opinion that steps should be taken to immediately make available, for parking purposes, the unused Commerce High School playfield.

There being no objection, Mr. Irving Breyer, counsel for the Board of Education, was granted the privilege of the floor and he declared that the Board of Education some time ago adopted a resolution, the purport of which was to turn over the Commerce High Playfield to the City and County without cost; however, with the stipulation that whatever interest the Board of Education had in said property would be retained.

Supervisor Christopher stated he would like to see action taken by the Parking Authority to institute parking privileges at the playfield in the immediate future. He stated he had been asked repeatedly why this area has not been made available for parking.

Request of Supervisor MacPhee Concerning Activation of Car Pool Measure.

Supervisor MacPhee requested that the Clerk of the Board place on next Monday's calendar that measure which he believed was still in committee, wherein certain passenger cars belonging to the several city departments would be transferred to the jurisdiction of the Purchaser of Supplies and placed in a car pool.

No objection and the *Clerk was directed to comply.*

There being no objection, consideration of the pending measure was *continued for one week.*

Expenses in connection with conduct		
of Show	3,685.00	8,976.50

Estimated Surplus, December 31, 1953	\$311,502.58)
--	---------------

Discussion.

Supervisor MacPhee praised the yearly holding of the Flower Show as one of the finest things that could happen in the city and inquired if the budgeted sum of \$311,502.58 could be used for purposes other than for the Flower Show.

The Chief Administrative Officer stated the Recreation and Park Department was charged with the responsibility of erecting a horticultural building in Golden Gate Park to be known as the Pavilion of Flowers. Plans for such a building are well under way. It was his opinion that money from this fund could be used for any other purpose associated with flowers.

To a query propounded by Supervisor Mancuso, the Chief Administrative Officer stated that money from the Flower Show fund would be used for the horticultural building to be constructed in Golden Gate Park.

Request of Supervisor MacPhee Concerning Flower Show in Golden Gate Park.

Supervisor MacPhee asked that the Finance Committee study the advisability of recommending that the Flower Show be held in Golden Gate Park and to determine as to what other uses the funds in the Flower Show account may be put.

Referred to Finance Committee.

Adopted as Amended.

The following recommendations of County, State and National Affairs Committee were taken up:

Present: Supervisors Lewis, Mancuso, Sullivan.

Requesting the Mayor to Appoint a Committee to Study the Advisability of Submitting to the Electorate a Declaration of Policy as to Whether or not the City and County of San Francisco and the Counties of San Mateo and Marin Should Be Consolidated.

File No. 5536, Resolution No. 13315 (Series of 1939).

Discussion.

Supervisor Dobbs said he would vote against the pending measure until the Legislature acts on pending enabling legislation on annexation.

Supervisor Arnold suggested that the Board adopt the measure before it and table the succeeding measure relating to support of enabling legislation on the subject of annexation.

Point of Order.

Supervisor Lewis rose to a point of order, contending the Board was, at the present time, considering only the measure dealing with the proposal to consolidate the City and County of San Francisco with the Counties of San Mateo and Marin and was not concerned with the measure proposing support of enabling legislation on the question of annexation.

The President ruled the point of order well taken.

Amendment.

Supervisor Ferdon moved, seconded by Supervisor Dobbs, that the measure be amended by deleting all reference to the Mayor and inserting in lieu thereof, the Chief Administrative Officer.

Supervisor Arnold stated he would vote against the amendment, declaring he felt the question of a committee appointment should be more appropriately handled by the Mayor.

The President said he had the highest respect for both the Mayor and the Chief Administrative Officer; however, he understood that there will be a change of administration some two and one-half years from now and he believed that the incoming officials should be the ones to handle the pending matter and he would, accordingly, vote against the amendment.

Amendment to the Amendment.

Supervisor McCarty moved as an amendment to the amendment that the Chairman of the Judiciary Committee be authorized to select an appropriate committee to study the matter and then make its recommendations to the Board. Motion seconded by Supervisor Arnold.

Supervisor Ferdon said he would vote against the amendment to the amendment, declaring that he did not believe the Chairman of the Judiciary Committee possessed the necessary knowledge to select an appropriate committee, and that he believed the Chief Administrative Officer to be eminently fitted for the task.

Amendment to Amendment Lost.

The roll was thereupon called on the amendment to the amendment and it lost by the following vote:

Ayes: Supervisors Arnold, McCarty—2.

Noes: Supervisors Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, Mead, Sullivan—9.

Amendment Carried.

The roll was thereupon called on the amendment and it *carried* by the following vote:

Ayes: Supervisors Christopher, Dobbs, Ferdon, Lewis, MacPhee, Mancuso, Mead—7.

Noes: Supervisors Arnold, Halley, McCarty, Sullivan—4.

The roll was then called on the measure, as amended, and it was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Re-referred to Committee.

Urging Opposition to A.B. 347 Which Would Make Civil Service Employees Eligible for State Unemployment Insurance.

File No. 10200, Resolution No. 13320 (Series of 1939).

Motion to Re-refer to Committee.

Supervisor Ferdon stated he did not possess sufficient information on the measure and accordingly moved re-reference to committee for further study.

Motion *lost* for want of a second.

In response to a query, Controller Ross stated that with respect to the proposed cost to the city by the passage of AB 347, the city's payroll runs around 80 to 90 millions of dollars and it would cost the employer, at the start, a rate of 2.7 per cent.

Roll Call.

The roll was thereupon called and the measure was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Authorizing President to Appoint Three Members of the Board of Supervisors to Attend the Annual Meeting of the National Association of County Officials to Be Held in Boston During the Month of July, 1953.

Discussion.

Supervisor Christopher reaffirmed his policy of keeping attendance of department representatives at meetings and conventions at an absolute minimum, and accordingly moved that the pending measure be amended to provide for two instead of three representatives from the Board of Supervisors.

Motion *lost* for want of a second.

The roll was thereupon called and the measure was *adopted* by the following vote:

Supervisor Lewis said he could not vote for the foregoing matter as it did not directly affect the City and County, and accordingly requested permission to abstain from voting.

No objection and *permission granted*.

The roll was thereupon called and the pending measure was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, MacPhee, Mancuso, McCarty, Mead, Sullivan—10.

Excused from Voting: Supervisor Lewis—1.

Supervisor Mancuso's Statement on Proposed Crime Investigation Made Part of the Record.

Supervisor Mancuso: I am sorry that the Mayor saw fit to attack me personally when I made the request for an appropriation of \$100,000. The State Crime Commission's report, just out, condemns San Francisco. I have prepared a report to the Mayor and I want it made part of the record.

No objection and *so ordered*.

Statement.

Supervisor Mancuso:

I feel that it is necessary that some reply be made to the statements of Mayor Robinson concerning my efforts to obtain an appropriation for an investigation of crime in the City and County of San Francisco.

It is not my intention to attack any individual, including the Mayor, in my effort, which is merely a sincere effort to clear the atmosphere of suspicion that now exists in San Francisco and has for some time. Why the Mayor seems to want to make a personal issue insofar as I am concerned is something I cannot understand. It would appear to me that all public officials in San Francisco, and particularly the Mayor, should invite an investigation by outside interests to determine if there is any merit to the many rumors existing and that have existed for some time. The atmosphere of suspicion in San Francisco must be cleared and can only be cleared by an investigation.

The Mayor has continually taken the position that San Francisco is one of the white spots of the nation. However, the recent State Crime Commission report referred to incidents taking place in San Francisco that the Mayor states it is now regrettable that this information sets forth events that took place several years ago.

However, several years ago the Mayor took the same position he is taking at the present time and the Crime Commission report seems to indicate he must have been in error then; maybe he is in error now.

What I want to know is why the Mayor is opposed to an appropriation, particularly in view of the Crime Commission's report which was just issued; further, why he, as chief executive, would not welcome such an appropriation that the atmosphere might be cleared insofar as all public officials are concerned in the City and County of San Francisco?

It is not my purpose, as a supervisor, and not my duty and responsibility to do all of the things that the Mayor said I should do. In requesting an appropriation for a study, I am doing the very thing as a legislator that I am elected to do, and the Mayor knows this just as well as I do. The Mayor knows further that it would be impossible for me as an individual to get anywhere in attempting to check into this problem, as all of the records and steps that are taken are under control by departments entirely under his control and jurisdiction and not under the control and jurisdiction of the Board of Supervisors or any member of the Board. After all, he appoints the Police Commission, which in turn controls the Police Department.

I hope the Mayor can see his way clear to come out in support of my request for an appropriation. He should take the same position that was taken by Roger Lapham when he was threatened with a recall. Mayor Lapham signed the petition for recall and requested the people of the City and County of San Francisco to sign the petition and determine whether or not they wanted to keep him as the chief executive of the city.

To me it seems that the Mayor should invite this investigation to clear any aspersions that might be cast on any officials serving under his administration, whether elected or otherwise.

Communication Concerning Establishment of Classification of Ediphone Transcriber.

Supervisor McCarty presented a communication from Mrs. Margaret Wilson, appealing from the failure of the Civil Service Commission to comply with her request for creation of a new classification of Ediphone Transcriber.

Referred to Judiciary Committee.

Fixing Date and Time for Caucus of Board.

The President of the Board fixed Monday, May 18, 1953, 1:30 p. m., for the holding of a caucus of the Board for the purpose of determining the status of one of the positions of Chauffeur of the Board of Supervisors.

RECESS.

There being no further business, the Board, at the hour of 5:30 p. m., recessed, to meet again on Friday, May 15, 1953, at 2:00 p. m., to begin consideration of the 1953-54 budget.

JOHN R. McGRATH, Clerk.

Sheriff Gallagher informed the Board as to the nature of the duties involved and the hours worked.

Supervisor Mead stated that he would like to discuss Index 72, Retirement System, Sheet 4, Line 27, for the purpose of adding an amount to provide new chairs.

Motion to Amend.

INDEX 72—RETIREMENT SYSTEM

Supervisor Mead, seconded by Supervisor Sullivan, moved that on Sheet 4, Line 27, \$1,800 be added to provide new chairs for the members of the Board.

Supervisor Mead inquired of the City Attorney as to whether or not such a motion was a proper one and whether purchase of chairs would constitute a capital expenditure.

Mr. Blanchard, Deputy City Attorney, replied that it would be considered a capital expenditure item.

Supervisor Mancuso questioned the correctness of Mr. Blanchard's answer and asked for an explanation.

Mr. Blanchard replied that it was considered a capital expenditure on the basis that it was an addition to present property in the Retirement Office.

Supervisor Mancuso requested that Mr. Blanchard submit a written opinion on the matter.

Supervisor Christopher, in speaking against the motion, remarked that the purchase of new chairs was not of vital importance and that the budget should not be opened for that particular item.

Supervisor McCarty, in explaining his vote, stated that the Finance Committee had not considered the item because the Mayor had cut it from the budget, and that if the Board were to consider it it would mean that all similar items should be considered and for that reason he would vote against the motion.

Supervisor MacPhee suggested that the motion be withdrawn until after the Board had voted on the recommendations of the Finance Committee.

Motion Withdrawn.

Supervisor Mead requested permission to withdraw his motion.
No objection and motion *withdrawn*.

Motion to Amend Adopted.

The motion to amend the budget was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Motion to Amend.

INDEX 72—RETIREMENT SYSTEM

Supervisor Mead, seconded by Supervisor MacPhee, moved that on Sheet 4, Line 27, the amount of \$1,800 be added for the purchase of chairs.

Discussion.

Supervisor Mancuso asked the City Attorney if, in view of Section 72 of the Charter, the motion of Supervisor Mead was properly before the Board with respect to reference of such a matter to the City Planning Commission for report as to conformity with the Master Plan.

Mr. Walker Peddicord, Assitant City Attorney, explained that such an item, by reason of its very nature, was not required to be referred to the City Planning Commission because it would not affect the Master Plan.

Motion *lost* by the following vote:

Aye: Supervisor Mead—1.

Noes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Sullivan—10.

Motion to Amend.

INDEX 12.01—RECREATION AND PARK COMMISSION

Supervisor MacPhee, seconded by Supervisor Halley, moved that on Sheet C4, Line 5, the amount of \$235,000 be added to the budget as a capital expenditure for the purchase of land required for McLaren Park.

Discussion.

Supervisor Mancuso stated that he doubted that the matter could be approved by the Board without reference to the City Planning Commission for approval as to conformity with the Master Plan.

Mr. Walker Peddicord explained that the item would have to be reported on by the City Planning Commission but that it was his belief that the City Planning Commission, by its former actions, had approved such an expenditure of funds.

Supervisor MacPhee remarked that the motion was in conformity with the recommendation of the City Planning Commission and the Director of Property.

The Chair ruled that the motion was in order.

Motion Adopted.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Motion Adopted.

Supervisor Arnold, seconded by Supervisor McCarty, moved that all new positions set up under interdepartmental services in the 1953-54 budget be included, insofar as rates and classifications are concerned, in accordance with the Civil Service classifications of positions and the Salary Standardization Ordinance, but that any and all reference to the number of such positions be deleted and that the tenure of such positions be determined by the Civil Service Commission.

He further moved that the Civil Service Commission include in the Annual Salary Ordinance only those interdepartmental positions which are filled by permanent appointments or are ordered filled as permanent positions by the Civil Service Commission under the authority granted by the Board of Supervisors.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Motion Withdrawn.

Supervisor Arnold, seconded by Supervisor McCarty, moved that the Controller be directed to adjust the retirement allowances and Social Security charges in the 1953-54 budget estimates, as adopted by the Board of Supervisors, based upon personal service changes and anticipated savings because of amounts transferred to compensation reserves.

Discussion.

Supervisor Mancuso stated that he believed that the motion should not be adopted until after the budget had been adopted.

Motion Withdrawn.

Supervisor Arnold requested permission to withdraw the motion.

No objection and motion *withdrawn*.

Motion Adopted.

Supervisor Arnold, seconded by Supervisor McCarty, moved that in accordance with the recommendations of the Mayor and the respective Boards, Commissions and Department heads, the departmental budget estimates for the fiscal year 1953-54 be adjusted to make effective July 1, 1953, the new compensation schedule set forth in the Salary Standardization Ordinance, Charter Sections 151 and 151.1, Ordinance No. 7783 (Series of 1939).

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Supervisor Arnold, seconded by Supervisor McCarty, moved that the Civil Service Commission be directed to establish in the Annual Salary Ordinance rates of pay for employments known as disability transfers in accordance with the rates of pay established by the Civil Service Commission under the provisions of Section 156 of the

Charter, and that the Controller be directed to prepare the Annual Appropriation Ordinance to reflect such rates of pay.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Supervisor Arnold, seconded by Supervisor McCarty, moved that the Controller be authorized to pay from such funds as are available such expenses as were incurred in connection with the 1953-1954 budget hearings by the Board of Supervisors and its staff and the Controller and his staff.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Motion Withdrawn.

Supervisor Arnold, seconded by Supervisor McCarty, moved the adoption of the budget, as amended in the Board of Supervisors, and that the Controller be instructed to prepare the Annual Appropriation Ordinance to reflect the budget as adopted by the Board of Supervisors; and the Civil Service Commission be instructed to prepare the Annual Salary Ordinance in conformity with the Civil Service Commission classification of positions and the Salary Standardization Ordinance enacted by the Board of Supervisors, to reflect the positions continued or created by the Board of Supervisors in the adoption of the budget; the Annual Appropriation Ordinance and the Annual Salary Ordinance to be transmitted to the Board of Supervisors for its action on May 26, 1953.

Discussion.

Supervisor Ferdon complimented the members of the Finance Committee for the work done and stated that it was his opinion that each department should live within its budget; and that he would exert every effort to see that the various departments did so.

Supervisor Dobbs expressed his appreciation to the members of the Finance Committee and explained that if the Board felt that the budget was a sound one then each department had money within which to operate and supplemental budgets should be held at a minimum during the coming fiscal year.

Supervisor Mead inquired as to whether or not the Board should adopt the motion relative to retirement allowances and social security charges before or after the budget was adopted.

Mr. Walker Peddicord explained that the motions were a method of incorporating by reference many details necessary to be done in that way; that he was of the opinion that the motion relative to retirement allowances and social security charges was in proper order when it was presented and should be enacted before the budget was adopted.

Motion Withdrawn.

The Chair requested Supervisor Arnold to withdraw the motion for the adoption of the budget.

Supervisor Arnold requested permission to withdraw the pending motion.

No objection and motion *withdrawn*.

Motion Adopted.

Supervisor Arnold, seconded by Supervisor McCarty, moved that the Controller be directed to adjust the retirement allowances and social security charges, in the 1953-54 budget estimates, as adopted by the Board of Supervisors, based upon personal service changes

and anticipated savings because of amounts transferred to compensation reserves.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Supervisor Arnold, seconded by Supervisor McCarty, moved the adoption of the budget, as amended in the Board of Supervisors, and that the Controller be instructed to prepare the Annual Appropriation Ordinance to reflect the budget as adopted by the Board of Supervisors; and the Civil Service Commission be instructed to prepare the Annual Salary Ordinance in conformity with the Civil Service Commission classification of positions and the Salary Standardization Ordinance enacted by the Board of Supervisors, to reflect the positions continued or created by the Board of Supervisors in the adoption of the budget; the Annual Appropriation Ordinance and the Annual Salary Ordinance to be transmitted to the Board of Supervisors for its action on May 26, 1953.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Widening of Portola Drive.

Supervisor Arnold explained that in Index 44, Special Gas Tax Street Improvement Fund, there was an item for \$915,000 for the widening of Portola Drive, and that the amount was approved on the condition that the Streets Committee consider and approve the project before the work could be done.

Request to Be Excused.

Supervisor Halley congratulated the Finance Committee and all who participated in the preparation of the budget.

Supervisor Halley then requested permission to be excused.

No objection and *request granted*.

Discussion.

Supervisor Mancuso complimented the Finance Committee for the fine work they had done not only on the budget for the coming fiscal year but also for the present budget.

Supervisor Christopher remarked that he expected departments to live within the budget and that he would watch very closely to see that it was done. He suggested that there be an investigation to determine various services rendered the people of San Francisco with the view of transferring such services from districts that do not require them to districts where they are needed; and that those services include libraries, parks, etc.

Supervisor Christopher requested that the Clerk direct a communication to the Mayor informing him of the foregoing statement.

Supervisor Mead congratulated the Finance Committee for a job well done.

Motion Adopted.

Supervisor Mancuso, seconded by Supervisor Ferdon, moved that the Clerk of the Board direct a communication to each department advising them that it is the expression of the members of the Board that the respective departments live within the departmental budgets adopted by the Board of Supervisors for the coming fiscal year.

Supervisor MacPhee stated that he felt that the communication should contain the provision that any request for a supplemental appropriation during the coming fiscal year should be based on a

real emergency and not on the basis of a desire to continue or provide services of a non-emergency nature.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—10.

Absent: Supervisor Halley—1.

Accepting Offer of Board of Education for Temporary Use of Commerce Playfield for Public Parking Purposes and Directing Parking Authority to Submit Plans and Recommendations for Use of the Field as a Public Parking Facility.

File No. 9390-5, Resolution No. . . . (Series of 1939).

Motion to Adopt.

Supervisor Mancuso moved adoption; seconded by Supervisor Christopher.

Discussion.

Supervisor Dobbs stated that he had been informed by the City Attorney's office that if the Board adopted the pending measure, it would preclude the Board of Supervisors, during the three and one-half years' period of the agreement between the City and County of San Francisco and the San Francisco Unified School District covering the use of Commerce Playfield as a parking lot, from declaring such land as surplus.

The Director of Property stated he knew very little of the proposed agreement and could not speak on its legality.

Supervisor Dobbs: If the Board adopts the resolution, will it stop the Board from having the land transferred, under the ordinance passed for second reading today, at any time during the leasing period?

Mr. Thomas Blanchard, Deputy City Attorney: Upon termination of this agreement, the land will revert to the Board of Education.

Mr. Irving Breyer, Counsel for the Board of Education: We have been told many times that Commerce Playfield is not being used and should be made available for parking purposes. The Board of Education was persuaded into doing exactly that, making that field available for parking. We have done that, permitting the use of that field and charging nothing for it. We are faced with certain legal rights. As far as the School District is concerned, we are doing exactly what you are asking us to do; making the field available for parking purposes. We have not entered into negotiations with the Parking Authority; however, we are willing to turn the property over to the City and County. If they want to make it available to the Parking Authority, that is their business.

Motion to Delete.

Supervisor Mancuso moved deletion of Section 5 of the proposed agreement, reading as follows: "5. That upon the termination of this lease, the jurisdiction of said field shall be returned to the School District, unless prior thereto the School District has taken action to terminate its interest thereto."

Point of Order.

Supervisor McCarty rose to a point of order, declaring that the Board did not have the authority to amend an agreement proposed by the Board of Education and incorporated in the measure before it.

Accordingly he suggested that consideration of the matter be delayed for a period of one week and in the meantime Mr. Blanchard and Mr. Breyer get together on the question of revising the agreement to accede to the desires of Supervisor Mancuso.

Substitute.

Supervisor Mancuso moved, as a substitute, that consideration of the foregoing matter be continued for one week, and in the meantime the Board of Education be requested to delete Paragraph 5 from the agreement embodied in the measure. Motion seconded by Supervisor MacPhee.

Supervisor Arnold suggested two weeks. Accordingly, Supervisor Mancuso renewed his motion that the pending measure be continued, but for a period of two weeks and added the request that, in the meantime, the Board of Education reconsider the resolution proposed today and adopt a resolution that would make available, to the Parking Authority, the immediate possession of Commerce Playfield, reserving all questions of title or ownership of that playfield as between themselves and the City and County of San Francisco.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, MacPhee, Mancuso, McCarty, Mead, Sullivan—9.

No: Supervisor Lewis—1.

Absent: Supervisor Halley—1.

Consideration continued for two weeks.

Status of State of California Relief Map.

Supervisor Christopher asked the Chief Administrative Officer as to the status of the matter dealing with the City's proposed retention of the relief map of the State of California, presently exhibited in the Ferry Building.

Mr. Brooks informed the Supervisor that the Superintendent of Schools had told him that the School Department did not possess adequate facilities for housing the map. Further, that discussion with the Manager of the San Francisco Chamber of Commerce had resulted in the suggestion that the map be housed in the Palace of Fine Arts; however, this would require considerable repair work.

Supervisor Christopher suggested that perhaps the map could be placed in a glass enclosure to be located in the Civic Center Plaza, and urged quick action.

Mr. Brooks added that a suggestion was advanced that the map be placed in a glass enclosure in Golden Gate Park but that the General Manager of the Recreation and Park Department had advanced the information that the cost would be in the neighborhood of thirty thousand dollars.

No further action taken.

Discussion on Bay Crossing Bill in the Legislature.

Supervisor Christopher stated that the failure of the Assembly Committee last week to permit city officials the opportunity of discussing the merits of the Caldecott bill was of much concern to him. San Francisco, he declared, had done more than her share in trying to be a good neighbor, and has always tried to extend the hand of friendship, and he charged that while San Francisco's representatives were meeting with representatives of the East Bay in an attempt to reach an amicable agreement with respect to the construction of a parallel and a southern crossing, the Caldecott bill was quietly being introduced in Sacramento and thus preparation was being made for any eventuality. The City and County of San Francisco, on the other hand, did not see fit to take such precautionary measures feeling that by doing so it would constitute an affront to our trans-bay neighbors.

The Supervisor now urged that effort should be made to have our City Attorney prepare a restraining order and proposed legislation to forestall any further encroachment by the California Toll Bridge Authority so that the interests of the City and County may be protected at all costs. The Supervisor further ventured the opinion that if the people in Alameda County were permitted to express their desires at the polls, they would vote overwhelmingly for a southern crossing. The Supervisor therefore asked that the following requests be referred to the proper committee for consideration:

(1) That the Mayor and the Chief Administrative Officer consult with East Bay representatives on the question of second Bay crossings should the opportunity present itself.

(2) That the City Attorney be requested to be prepared to petition for a restraining order in the event the California Toll Bridge Authority sees fit to institute condemnation proceedings for land required for approaches for a parallel crossing.

The President *referred the foregoing requests to the County, State and National Affairs Committee.*

The Clerk read communications from (1) State Division of Beaches and Parks urging meeting of state and city officials to discuss the problem of the city's acquiring Angel Island; and (2) from the Recreation and Park Department, embodying adopted resolution of the Commission affirming its intention to utilize Angel Island as a recreational area.

Motion.

Supervisor McCarty moved, seconded by Supervisor Mancuso, that the Board of Supervisors authorize the City Attorney and the Director of Property to meet with the Army, federal and state agencies involved for the purpose of discussing this entire matter and reporting back to the Board of Supervisors at its earliest convenience.

Supervisor Dobbs expressed the opinion that when the people voted on the declaration of policy they did so with the thought in mind that the venture would not cost the taxpayers one cent.

Supervisor Halley declared that the expense to provide recreational facilities on the island would prove to be an enormous one.

Supervisor Christopher stated he had no objection to the meeting proposed hereinabove but called the Board's attention to the necessity of providing an adequate water and sewage system, police and fire protection and that these expenses would run around three million dollars.

Mr. David E. Lewis, General Manager of the Recreation and Park Department, informed the Board that his engineers had made certain studies of the island and had determined that the existing water supply would be sufficient for a period of three or four years or longer, and that an independent survey of sewage system requirements would run into at least ten thousand dollars.

Supervisor Ferdon termed the present motion "frivolous" in that no data is available to support any stand or policy adopted by the Board.

Supervisor McCarty stated he was assured that the Federal Government would agree to consider the motion authorizing the meeting of city representatives with the Army, state and federal agencies as complying with its request for definite action toward ultimate acquisition of the island.

Substitute Motion.

Supervisor Arnold moved that in lieu of the City Attorney and the Director of Property, the members of the Public Buildings, Lands and City Planning Committee be named instead. Motion seconded by Supervisor Christopher.

Substitute Motion Withdrawn.

There being on objection, Supervisor Arnold withdrew his substitute motion.

Renewal of Motion.

Supervisor McCarty renewed his motion as follows: I move that the City Attorney and the Director of Property be requested to meet with federal and state agencies, and with the Army, in order to receive what information they have to give us regarding possible use of all or any portion of Angel Island by the Army, and that thereafter they report their findings to the Public Buildings, Lands and City Planning Committee.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Figone, Halley, Mancuso, McCarty, Mead, Sullivan—10.

Absent: Supervisor Lewis—1.

Supervisor Mancuso announced a meeting of the Public Buildings, Lands and City Planning Committee on the matter for Wednesday, June 24, 1953, at 3:00 p. m., to consider the proposed acquisition of Angel Island.

Presentation of Distinguished Guest.

The President of the Board introduced the Honorable Mohammed Ali, Attorney-General of the State of Pakistan. Mr. Ali said he was touring the country for the purpose of acquainting himself with the various parliamentary procedures in use by various governing bodies.

The President of the Board assured the Attorney-General that it was the wish and desire of the Board that he enjoy every minute of his time while sojourning in this country.

Present: Supervisors Mancuso, Dobbs.

Accepting Offer of Board of Education for Temporary Use of Commerce Playfield for Public Parking Purposes and Directing Parking Authority to Submit Plans and Recommendations for Use of the Field as a Public Parking Facility.

File No. 9390-5, Resolution No. . . . (Series of 1939).

June 8, 1953—Consideration continued to June 15, 1953.

Discussion.

The Clerk read a communication from the Board of Education approving modification of Section 5 of the pending measure, provided that additional language be added, by way of clarification after the word "terminated." The additional language shall read as follows: ". . . by court action or by voluntary action of the School District."

Query.

Supervisor Dobbs asked Deputy City Attorney John Barriklo if the Board were to adopt the foregoing language suggested by the Board of Education, would it tend to obviate the provisions of the ordinance recently passed by the Board relating to the method whereby real property owned by the City and County may be transferred from the jurisdiction of one department to another, and identified by Ordinance No. 7919 (Series of 1939)?

Mr. Barriklo stated as his opinion that the adoption of the amendment recommended by the Board of Education would have no effect on the provisions of Ordinance No. 7919 (Series of 1939), hereinabove mentioned.

Ten-Year Lease Suggested.

Director of Property Eugene Riordan informed the Board that it would be difficult for him to find bidders interested in leasing the Commerce Playfield for parking purposes on a short-term lease such as 3½ years as proposed by the Board of Education and suggested that the lease be for a period of ten years, with a six-months' cancellation clause to be effective after three years' time of the lease had elapsed.

Motion.

Supervisor Dobbs moved, seconded by Supervisor Ferdon, that the Clerk of the Board be directed to communicate with the Board of Education to request that the Board of Education give consideration to a proposal for the amendment of condition "1" in the "Resolved" clause of its resolution No. 25-12A1 to provide that the term of the lease shall be ten years and that such lease shall be subject to cancellation by the City on six months' notice at any time subsequent to three years from the date of its execution.

Opinion Requested.

Questions were raised by members of the Board and answered by Deputy City Attorney John Barriklo regarding rights of the city under Ordinance No. 7919 (Series of 1939) to declare the playfield land surplus in the event the interest of the School District during the proposed 3½ year lease of the Commerce Playfield is not terminated by court action or voluntary action of said School District.

Supervisor McCarty thereupon asked that the City Attorney be requested to render a written opinion as to whether or not the city and county could declare the Commerce Playfield land surplus, at the request of any department, pursuant to the provisions of Ordinance No. 7919 (Series of 1939), if, during the 3½ year period of the proposed lease, the interest of the School District is not terminated by court action or by voluntary action of said District.

No objection and the *Clerk was directed to comply.*

Statement by General Manager, Parking Authority.

Mr. Vining T. Fisher, General Manager of the Parking Authority, urged the Board to adopt the pending measure, contending that delay in doing so might jeopardize bidding for the lease, as his agency had been in conference with three prospective bidders. Mr. Fisher suggested that the measure be adopted and thereafter the Board could ask the Board of Education to consider a longer lease period.

Motion Adopted.

The roll was thereupon called on Supervisor Dobbs' motion and it was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Figone, Halley, Mancuso, McCarty, Mead, Sullivan—10.

Absent: Supervisor Lewis—1.

Motion to Defer Consideration of Pending Measure.

Discussion.

Supervisor Sullivan explained that the Board had received many communications on the matter of rent control both for and against the matter, and requested the City Attorney to inform the Board as to its powers in the matter.

Bernard Ward, Deputy City Attorney, remarked that the Board had received an opinion from the City Attorney which stated that under the police powers the Board would have the power to set up controls concerning rent; that the Board, in order to declare an emergency, would have to hold hearings to get certain facts and then the Board could act upon rent control.

Supervisor Lewis inquired as to whether or not there would have to be an emergency before the Board could pass a rent control ordinance.

Mr. Ward replied that the Board would have to find that an emergency existed which required use of police powers.

Supervisor Lewis asked that if the Board found that an emergency existed today would that finding be effective on July 31st.

Mr. Ward answered that the emergency would have to be as of July 31st.

Supervisor Lewis stated that as he understood Mr. Ward he was advising the Board that after listening to hearings today and if a determination was then reached as to whether or not there was then an existing emergency all of the effort would be meaningless because the Board would again have to hold the same type of hearing and determine that there was an emergency on July 31st.

Mr. Ward explained that the emergency would arise as of the date that the controls would go off. If the emergency was to be brought about by decontrol then the emergency would be on that date.

Supervisor Lewis asked of Mr. Ward if he would advise the Board that if it should make a determination after listening to evidence today would he hold that the Board could put on controls or would the Board have to again hold a hearing.

Mr. Ward answered that if the facts brought forth today would show that an emergency would exist in the future then that information could be used in declaring an emergency on July 31st; that he believed that facts could be developed to show that today's facts could be used.

Request for Legal Opinion.

Supervisor Lewis requested the City Attorney to submit his written opinion on the questions which had been propounded.

No objection and request granted.

Supervisor McCarty remarked that at a meeting in the City Attorney's Office, Supervisor Sullivan and himself were informed that data on which the emergency would be based would have to exist on July 31st, and that the information secured today would not necessarily be effective on July 31st.

Supervisor McCarty continued that there were a number of questions upon which the Board should secure information in addition to whether or not rents should be decontrolled, and that he would suggest that the Board hear the thinking of all the various groups in connection with the matter.

Supervisor Ferdon stated that the Board had received an opinion from the City Attorney in which he explained that the facts the Board would receive would determine whether or not rent controls should be enacted; and that since the Board was sitting as a Committee of the Whole he believed that the Board should proceed accordingly and then act after the matter was submitted.

The Chair explained that the Board would first hear from the proponents of decontrol and then the opponents, with a rebuttal period for each.

Motion to Limit Speakers.

Supervisor Arnold, seconded by Supervisor Sullivan, moved that a time limit of one hour be granted to the proponents and one hour to the opponents.

Discussion.

Supervisor Christopher remarked that he felt that if the Board tried to stop some speaker after one hour, the people would feel that they had not been heard.

Request to Withdraw Motion.

Supervisor Arnold requested permission to withdraw his motion.
No objection and request granted.

Supervisor Christopher suggested that the Board hear first from those persons who desired to continue rent control.

The Chair ruled that the Board would first hear from persons who wanted to decontrol.

Supervisor Arnold explained that in view of the fact that there was no legislation before the Board that the Board should hear from the persons who desired to continue rent control.

The Chair ruled that that procedure would be followed.

Supervisor Christopher remarked that since there was no legislation pending before the Board he believed that the matter should be taken under advisement for future consideration.

Supervisor Sullivan suggested that the transcript be referred to the City Attorney.

Motion Adopted as Amended.

Supervisor Ferdon, seconded by Supervisor Mancuso, moved that the complete transcript and all exhibits that have been submitted be prepared as soon as possible and be submitted to Mr. Sullivan's committee and the City Attorney for review and if he wants at that time to have any of us sit with him that we will so that we can determine whether or not an emergency exists.

Supervisor Arnold, seconded by Supervisor Ferdon, moved as an amendment that the entire matter be re-referred to the Public Health and Welfare Committee in transcript form, and a copy be referred to the City Attorney.

Determining and Declaring That Public Interest and Necessity Demand the Acquisition, Construction and Completion by the City and County of San Francisco of the Following Municipal Improvement, To Wit: A Further Rehabilitation of the Municipal Railway Consisting of Reconstruction of California Streetcars and California-Hyde Carhouse, New Grips, Fare Boxes, Radio Cars, the Purchase of New Motor Coaches and New Streetcars, the Rerouting and Reconstruction of Certain Lines or Routes, Including the Removal of Unused Tracks and Construction of New Tracks, and All Other Works, Property or Structures Necessary or Convenient for the Complete Further Rehabilitation of the Municipal Railway, and That the Estimated Cost of Said Municipal Improvement Is and Will Be Too Great to Be Paid Out of the Ordinary Annual Income and Revenue of Said City and County.

File No. 9693-1, Resolution No. 13451 (Series of 1939).

(Estimated cost—\$3,871,000.)

Discussion.

At the request of Supervisor Dobbs, Supervisor McCarty explained the reasons why the Finance Committee considered it expedient to recommend the submission of two bond issues calling for the rehabilitation of the Municipal Railway. Supervisor McCarty pointed

out that the Finance Committee felt confident that the pending measure would be approved by the electorate, while the succeeding measure, identified by File No. 9693-2, may encounter some difficulty.

Supervisor Dobbs expressed the opinion that in the event that one of the proposed bond issues failed to receive the necessary two-thirds vote, the result would be that only a certain segment of the population would stand to benefit by the proposed rehabilitation. He added that with proper support by the press, both measures should be approved by the electorate.

Motion to Consolidate Bond Issues.

Supervisor Dobbs thereupon moved, seconded by Supervisor Mancuso, that the pending measure be consolidated with the measure identified by File No. 9693-2, calling for a bond issue of \$2,749,000 for the extension of the No. 8 Trolley Coach Line, the conversion of B and J lines to trolley coach operation and other improvements.

Privilege of the Floor.

The privilege of the floor was extended to the following representatives of the Public Utilities Commission:

Mr. James H. Turner, Manager of Utilities, who stressed the importance of approving the pending measure and recommended that each bond issue be voted upon separately.

Mr. Marmion D. Mills, Traffic Consultant, who likewise urged submission of the bond issue, pointing out that the city now has in operation many old buses which should be retired.

Motion to Consolidate Bond Issues Lost.

The roll was thereupon called on the motion to consolidate the pending and subsequent bond issues and it lost by the following vote:

Ayes: Supervisors Dobbs, Mancuso—2.

Noes: Supervisors Arnold, Christopher, Figone, Halley, McCarty, Mead, Sullivan—7.

Absent: Supervisors Ferdon, Lewis—2.

Explanation of Vote.

Supervisor Mancuso: Unless the people of San Francisco have submitted to them the question of a charter amendment calling for the establishment of a Transit Authority, I cannot vote for the bond issue. Two matters were presented, one by Supervisor Ferdon and one by myself. I feel we should wait until we have completed hearings on these charter amendments and if they are submitted to the people, the bond issues should be submitted at the same time. Unless such is done, I have no alternative but to vote "no" on the bond issues.

Consideration Temporarily Postponed.

Consideration of the pending measure was temporarily postponed pending arrival of Interim Acting Mayor Supervisor John J. Ferdon.

Consideration temporarily postponed.

SPECIAL ORDER—2:30 P. M.

Adopted.

The following measure, called out of the County, State and National Affairs Committee by Supervisor Ferdon, was taken up:

Urging California Toll Bridge Authority to Give Consideration to Suggestions for Expediting Movement of Traffic on the San Francisco-Oakland Bay Bridge.

File No. 10267, Resolution No. 13440 (Series of 1939).

Discussion.

The Clerk read a communication from the State Department of Public Works advising that it could not report on suggestions conveyed to it by the Board of Supervisors relative to safety devices on the bay span designed to facilitate traffic, in time for Board consideration at its meeting on June 22nd.

Supervisor Ferdon suggested that a letter be sent to the California Toll Bridge Authority, for the purpose of ascertaining just when such information may be expected.

The President of the Board stated he saw no harm in adopting the measure presently pending before the Board, in which the Toll Bridge Authority is requested to consider certain safety measures.

Motion to Adopt.

Thereupon Supervisor Ferdon moved adoption of the pending measure; seconded by Supervisor McCarty, and the measure was adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Figone, Halley, Mancuso, McCarty, Mead, Sullivan—9.

Absent: Supervisors Dobbs, Lewis—2.

Resumption of Consideration of File No. 9693-1, Relating to a Bond Issue of \$3,871,000 for the Rehabilitation of the Municipal Railway.

Explanation of Vote.

Supervisor Dobbs stated he would vote in favor of submitting the bond issue presently being considered as well as the succeeding measure, although he considered such method of procedure unfair.

Supervisor Ferdon declared that he felt that the procedure was wrong and while he gave the Finance Committee credit for having gone into the matter thoroughly, he intended to vote against submission, at the same time expressing the opinion that his negative vote would not keep the measure off the ballot.

Roll Call.

The roll was thereupon called and the pending measure was adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Figone, Halley, McCarty, Mead, Sullivan—8.

Noes: Supervisors Ferdon, Mancuso—2.

Absent: Supervisor Lewis—1.

Adopted.

Determining and Declaring That Public Interest and Necessity Demand the Acquisition, Construction and Completion by the City and County of San Francisco of the Following Municipal Improvement, To Wit: A Further Improvement of the Municipal Railway Consisting of Extension of No. 8 Trolley Coach Line and Conversion of B and J Lines to Trolley Coach Operation, the Purchase of New Trolley Coaches, Construction of a Substation, Feeder Connections to Substations, Extension of Kirkland Yard and Improvements to Elktion Shop, and All Other Works, Property or Structures Necessary or Convenient for the Further Extension and Improvement of the Municipal Railway, and That the Estimated Cost of Said Municipal Improvement Is and Will Be Too Great to Be Paid Out of the Ordinary Annual Income and Revenue of Said City and County.

Discussion.

Supervisor Ferdon voiced objection to the use of the word "rebirth," and to celebration of the 1906 disaster.

Supervisor Christopher, the author of the measure, explained that what he desired to convey was the fact that the world should know that San Francisco was still pulsating with life and that it was sparing no effort to bring trade and business here. Further, it was the purpose of the measure to have the Mayor appoint the proper people to conduct a real world's fair and induce people to come to San Francisco not only to celebrate its rebuilding but also to participate in the centennial celebration of the city's official designation as a city and county.

Supervisor Christopher mentioned the fact that perhaps plans could be formulated that would result in reclaiming the seven hundred odd acres of land located in the Islais Creek District on which to conduct the exposition, and at the conclusion of the festivities, the land could be utilized for industrial purposes.

Supervisor Ferdon replied that he concurred in the plan of Supervisor Christopher to bring new people and industry to San Francisco but that he felt that a celebration commemorating the city's centennial anniversary should be sufficient.

Finding and Declaring That an Emergency Exists Which Vests the Board of Supervisors With Discretionary Powers to Legislate Continuance of Rent Control From and After July 31, 1953.

File No. 10011-1, Resolution No. . . . (Series of 1939).

Motion to Adopt.

Supervisor Sullivan moved adoption; seconded by Supervisor Ferdon.

Discussion.

Supervisor Christopher inquired as to the data which the Public Health and Welfare Committee utilized on which to base their findings; further, he wanted to know if, in the event the pending measure did not pass, it was the intention of the President of the Board to submit a proposal calling for the creation of a Fair Rent Committee.

President Dewey Mead: It is the intention of your Chairman to present a resolution setting up a Fair Rent Committee, consisting of representatives of labor, the Real Estate Board, apartment house associations, and representatives of tenants.

Supervisor Christopher asked Supervisor Sullivan, Chairman of the Public Health and Welfare Committee, if his committee had discussed any surveys for the purpose of arriving at a decision, to which Supervisor Sullivan replied that no survey was considered.

To a query propounded to him by Supervisor Christopher, Deputy City Attorney Thomas Blanchard replied that extension of rent controls must be based upon a determination of facts construed to be an emergency affecting the public health and welfare.

Supervisor Figone stated that since last Friday he had personally conducted a survey in the North Beach area and other districts and that he was convinced of the need to continue rent controls, for a period of at least six months.

Supervisor Ferdon declared that the Board must decide from evidence adduced whether or not an actual emergency existed, and that up to the present moment he had not been presented with any concrete evidence as to whether or not an emergency existed, aside from the two field surveys conducted last year.

Statements by Supervisors.

Supervisor Dobbs: We had one public hearing sitting as a Committee of the Whole. We heard evidence from both sides. The Board, by unanimous action, decided to refer the matter to the Health Committee for further hearings and recommendation. At that time two proposals were submitted. The committee, consisting of Supervisors Sullivan, McCarty and myself, was asked to bring back one of these particular measures or something along similar lines. The committee listened to further evidence from both sides. I then made a motion that we go into caucus and to decide among ourselves what position we would take. We returned to these Chambers at the request of the Chairman. I explained my position that I had listened to the evidence and that I had concluded that no emergency existed. Supervisor McCarty stated he was going to suggest to the Board a proposition different from that of myself and different from the resolutions before the committee. After hearing the evidence he said he would recommend that a 12 per cent increase be given all landlords without regard to rental, and that the 12 per cent represented an average increase in San Francisco. Supervisor Sullivan con-

cluded by saying that he would reserve his decision until today. The committee heard evidence that the Kellogg Survey of 1952 did not represent a vacancy factor in San Francisco. Newspaper clippings were presented showing vacancies. We asked the City Attorney under what conditions we could continue rent controls in San Francisco, and he made it clear that there was only one issue before the Board: Was there or was there not an emergency which required that rent controls be extended beyond July 31st?

Introduction of Guest.

The proceedings were momentarily interrupted to permit the President to call the Board's attention to the presence of Dr. J. C. Geiger, former city Public Health Director, and his wife.

Resumption of Consideration of Rent Control.

Supervisor Dobbs continued: The City Attorney gave us one decision only, if you do not have an emergency existing, you cannot pass rent control legislation. My conclusions in this respect were not reached for any consideration of parties on one side or the other. I do not represent any landlords; I do not own income property. I have a duty to pass legislation based on what I believe to be facts, and that is all. In my judgment, I fail to find evidence that an emergency exists either today or will exist on July 31st. If I find that landlords go out of bounds, I will be the first to support rent control be it on September 15, October 15, December 15 or in 1954. Accordingly I will vote against the calendar item.

Supervisor Halley: I also sat in Committee of the Whole and I also attended the Health Committee hearing. On the facts presented I cannot understand how an emergency exists now nor in the foreseeable future. If greed should run rampant among the landlords, I shall be among the first to propose legislation on the matter. I feel that San Francisco, as the rest of the state, should be freed of rent control. I am not too fearful that property owners can possibly be stupid enough to jeopardize their own welfare. I don't believe the people of San Francisco will be too greatly disturbed by the lifting of rent controls.

Supervisor Mancuso: I have had the pleasure of introducing on two past occasions legislation extending rent control. We have had hearings on this matter to which the people were invited. Within the last two weeks, Congress has taken controls off of two major cities in California, one of them being San Diego. In my opinion, one of the most critical areas in the State of California is San Diego. I think, but I am not quite sure, that San Francisco is the only city that has rent control. Frankly, gentlemen, contrary to feelings of some members of this Board, there is no evidence introduced, in my opinion, that would indicate the existence of an emergency and I am going to vote against continuance of rent controls at this time.

Supervisor McCarty: I agree with Supervisor Dobbs that the matter before the Board is the determination as to whether or not an emergency exists. We heard from people last Friday. What was before us last Friday? We had the two resolutions now before us. President Mead made certain statements as to his intentions, and I made certain statements as to my intentions. I would like to say, however, that I feel, in the interest of proper procedure, that we should not discuss the recommendations of anyone in regard to possible legislation. We should confine our hearings today as to whether or not an emergency exists. We have had very costly surveys. Just seven months ago a survey showed certain vacancy factors on which the Board extended rent control. One side presented evidence from the Federal Bureau, showing vacancy factors; the other side showing newspaper ads, personal knowledge claims and so forth. It was

pointed out to us it is contemplated that the vacation of homes due to the redevelopment program will call for more homes. I feel evidence on this matter is close. Our population has been increasing. I feel that the emergency factor which may not be an emergency elsewhere may well tend to be one here.

Supervisor Lewis Requested to Assume the Chair.

President Mead requested Supervisor Lewis to assume his chair so that he could make a statement on the pending measure.

Supervisor Mead: I call my colleague's attention to the fact that over the weekend I was advised, in no uncertain terms, that I would arrive here in the Board of Supervisors on a stretcher. I may go out on a stretcher but I arrived here on my own two feet. I am being accused of being the leader of the movement for decontrol. I have never discussed this matter with any of my colleagues. I have served on this Board for quite some time. This is one of the finest Boards of Supervisors. They are all over 21 years of age and no matter what I say to them, it won't have any effect. I want it definitely understood that the people who are threatening me are wasting their time. I am not a bit frightened, although they might frighten my wife. We have our conscience to live with. I have made many decisions on this Board and I expect to make many more, and I never went home worried about it. There are two things I like to do, relax and sleep, so I have no fear. Because of my labor background, many people feel that I have turned turtle. I hope that those in Labor will continue to be my friends.

I have told my labor friends so, whenever I felt they were wrong. Now I realize that Labor is entitled to every consideration in the world and it is going to get it, but I am also aware of the fact that Labor, in many instances, has gotten many raises over the period of years, while property owners have been granted an increase of 25 per cent over a period of ten years. I am also aware of the fact that there are unscrupulous landlords and unscrupulous people in any business. Everywhere you go the landlords are in the minority and I have enough confidence that they will do right by the people of San Francisco. If the minority becomes a majority, this Board of Supervisors will do something about it. Los Angeles operated a Fair Rent Committee when controls went off down there. They had some three hundred complaints. They were handled to everybody's satisfaction, so much so that the committee has been dispensed with. I have yet to hear one solitary squawk from the City of Oakland. In Sacramento, the controls went off. Do you know what happened? Some rents have been lowered. If you want to grow, you must induce people to come to San Francisco. I accordingly will vote for discontinuance of rent controls as of July 31. Regardless of the fact that I will have made thousands of enemies or friends, as the case may be, and I think there are enough people in the Chambers to attack me on my way out, I can still go home tonight and know that in my own heart I have done the right thing.

Roll Call.

The roll was thereupon called on the pending measure and was *refused adoption* by the following vote:

Objection.

Robinson instead of by Acting Mayor Marvin E. Lewis, and suggested that the measure be amended to provide that the appointments mentioned therein be made by "Mayor Elmer E. Robinson."

Supervisor Ferdon objected to immediate adoption, pointing out that Mayor Robinson would not return until about July 15th, and the measure was thereupon *referred to the Public Health and Welfare Committee.*

A recess of ten minutes was ordered to permit clearing of the Chambers by the throng interested in rent control.

Discussion of San Francisco's Policy With Respect to Federal Legislation Concerning a Southern Bay Crossing.

There being no objection, Supervisor Christopher expressed the feeling that the Board should advise our federal legislators that San Francisco wanted to be assured that a southern Bay crossing would be constructed first and then later on, possibly proceed with the construction of a second or third bridge.

Supervisor Halley, Acting Mayor: I requested Congressman Mailliard, as Acting Mayor, to oppose any action necessitating any change in the Dolwig Bill until our delegates arrive in Washington and discuss the matter with him first hand.

Supervisor Christopher: I feel that before we adjourn this afternoon, this Board of Supervisors should inform our congressional legislators of our feelings in the matter. We should apprise Mailliard and Shelley as to our feelings.

Supervisor Halley: I will read a statement prepared by the Acting Mayor and presented to the legislative committee last Friday and approved unanimously at that time. (Read statement.) Since that time, Supervisor Lewis has approved the statement only in part. It was discussed at length last Friday and this morning. The majority of the committee still feel it is the policy of the people of San Francisco and our delegation at Washington has been so instructed. I have not been instructed to compromise San Francisco's position.

Motion.

Supervisor Christopher reiterated his feelings that the Board should take some definite action, and accordingly moved, seconded by Supervisor Lewis, that the Board of Supervisors go on record as concurring in the agreement arrived at by Congressmen Mailliard, Shelley and others.

Supervisor Lewis explained that he was particularly concerned with the city getting the following: (1) a southern crossing; (2) proper financing of same, and (3) priority construction.

Suggested Amendment.

Supervisor Lewis suggested that Supervisor Christopher's motion be amended to provide language to the effect that the City and County of San Francisco would be willing to go along with the policy of the East Bay as soon as we were assured of the financing and priority construction of the southern crossing.

Supervisor Halley urged that in lieu of the pending motion by Supervisor Christopher, nothing be done pending an expression from San Francisco's delegation which is scheduled to meet with San Francisco's congressional representatives tomorrow for the purpose of arriving at a mutual understanding and agreement. When word has been received as to what may be expected by way of agreement, a meeting will be called of the policy-making committee to which will be invited members of the Finance Committee.

Presentation of Distinguished Guest.

The proceedings were interrupted momentarily while the President introduced Captain George A. Rosso, Chaplain, U. S. Navy.

Continuation of Consideration of Second Bay Crossing.**Withdrawal of Motion.**

There being no objection, Supervisor Christopher *withdrew* his motion.

Supervisor Halley reiterated his assurance that when he received word from Washington, D. C., as to action taken by or agreement reached between our delegation and our congressional representatives, a meeting would be called to which the members of the Board would be invited.

Motion.

Supervisor McCarty moved, seconded by Supervisor Mancuso, that Acting Mayor Halley inform our representatives that this Board of Supervisors is not adverse to federal legislation which will permit construction of a southern crossing provided (1) that federal legislation does not attempt to dictate the location of the crossing and (2) that it does not impair the terms of the Dolwig Bill as it pertains to the sale of bonds.

Substitute Motion.

Supervisor Halley moved, as a substitute, seconded by Supervisor Christopher, that no action be taken on this matter until a report is forthcoming from the delegation now in Washington, D. C., and that when the Board concludes its deliberations, it recess until the hour of 10 a. m. Thursday, July 9th, or earlier, at the call of the Chair, at which time a full report will be made to the Board.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Figone, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—11.

Communication.

The Clerk read a communication from the State Department of Public Works in which the Board was informed that said department had filed with the Federal Government an application to construct a combination causeway and tube crossing of San Francisco Bay.

The President *referred the communication to the County, State and National Affairs Committee.*

Request of Supervisor Arnold.

Supervisor Arnold requested that copies of the foregoing letter be sent to the members of the committee studying the construction of a southern crossing.

No objection and the Clerk *was directed to comply.*

Appointment of Supervisor Lewis to Attend Hearing on Toll Reduction on Golden Gate Bridge.

The Clerk read a wire from the Governor, advising of public hearing to be held on Wednesday, July 8th, on the question of a toll reduction on the Golden Gate Bridge from \$.40 to \$.25.

Supervisor Lewis was instructed by the President to attend.

(Designated as Sections 4312 to 4318, inclusive, Article 43, Chapter I, Part II (Building Code) of the San Francisco Municipal Code.)

Discussion.

Supervisor Ferdon, Chairman of the Joint committee which considered the pending measure, commended all those interested in the problem for their cooperation in arriving at a reasonable solution. He mentioned that the members of the committee were in accord with the proposed measure except Supervisor Mancuso who objected to it on the grounds that it did not contain a retroactive clause. The City Attorney was consulted in the matter and he ruled that it would be unconstitutional to provide for such a clause.

Supervisor Mancuso also spoke of the complete cooperation offered by all parties concerned but mentioned that he did not believe the measure as such would accomplish the purposes for which it was intended. He defended the use of the retroactive clause, and emphasized that some of the City Attorney's opinions in the past had not been judicially upheld.

Motion to Amend.

Supervisor Mancuso thereupon moved that the pending measure be amended by inserting therein a retroactive provision to cover a period of three years and that all billboards now located in the designated area outlined in the pending measure be not removed.

Motion lost for want of a second.

Motion to Amend.

Supervisor McCarty moved, seconded by Supervisor Figone, that Section 3 of the pending measure be amended to provide that in lieu of the words "City Engineer" the words "Chief of Police" be substituted instead, the amendment to apply to any other section of the measure where the words "City Engineer" appeared.

Both Supervisors Ferdon and Mancuso spoke against the amendment.

The roll was thereupon called and it *lost* by the following vote:

Ayes: Supervisors Figone, McCarty, Mead—3.

Noes: Supervisors Christopher, Dobbs, Ferdon, Lewis, Mancuso, Sullivan—6.

Absent: Supervisors Arnold, Halley—2.

Motion to Amend.

Supervisor Lewis termed the language in Section 5 as ambiguous and moved the following: In the third line of Section 5, after the words "light signs . . ." add the words "which contain," and delete the following phrase on the next line and reading as follows: ". . . and which are visible and legible from the freeway at any point . . ."

Motion lost for want of a second.

Supervisor McCarty expressed the opinion that Section 5 was not necessary in view of the language contained in Section 2.

Motion to Amend.

Supervisor McCarty moved, seconded by Supervisor Ferdon, that Section 5 be deleted, and the sections in the measure be properly renumbered.

Supervisor Mancuso declared that he believed the language in Section 5 was essential.

Privilege of the Floor.

The privilege of the floor was extended to Mr. Paul Oppermann who stated that the intent of the measure was to regulate flashing signs and suggested that the following amendment be adopted: Insert the word "moving" in the third line of Section 5 after the words "black light signs," as well as after the words "colors or" immediately following; place a comma after the word "Sign" at the beginning of the next line, and delete the following phrase "and which are visible and legible from the freeway at any point, or . . ."

Amendment Withdrawn.

There being no objection, Supervisor McCarty withdrew his amendment, and thereupon moved, as an amendment, the language suggested by Mr. Oppermann. Motion seconded by Supervisor Ferdon.

The roll was thereupon called on the amendment and it was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Figone, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—10.

Absent: Supervisor Dobbs—1.

Explanation of Vote.

Supervisor Mancuso: I am going to vote for the legislation even though I tried to amend it by including therein a retroactive feature, because I am in favor of legislation which will restrict construction of billboards adjacent to freeways, and particularly those located in San Francisco. I feel that even though the retroactive feature is not in the legislation, the possibility exists that it may be amended at some time in the future to include such retroactive clause. In order that it may be on the statute books, I am willing to vote for it.

The roll was thereupon called and the measure was *passed for second reading* by the following vote:

Ayes: Supervisors Christopher, Dobbs, Ferdon, Figone, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—10.

Absent: Supervisor Arnold—1.

Resumption of Consideration of File No. 10629, Authorizing Purchase of Certain Real Property from Katherine M. Russell, for \$600, Required for School Project No. 14.

Motion to Continue Consideration.

Supervisor McCarty moved that consideration of the foregoing measure be continued for a period of one week. Motion seconded by Supervisor Ferdon and, there being no objection, motion *carried*.

Consideration continued one week.

The following recommendations of Public Utilities Committee were taken up:

File No. 10634, Resolution No. 13490 (Series of 1939).

Discussion.

Supervisor Lewis stated he would vote against the measure because he felt that its adoption might cost the city an exorbitant amount of money for investigations, transcripts, and that the City Attorney has enough problems without adding to his woes.

Supervisor Dobbs likewise spoke against the measure, stating that unless the city was well prepared to enter into the controversy, it should stay out of it.

Supervisor McCarty averred that if the city did not authorize representation at the hearings, it would never have the opportunity of arriving at a definite conclusion.

Supervisor Mancuso declared that the Board owed it to the people of San Francisco to find out all about the matter.

The roll was thereupon called and the measure was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Figone, Halley, Mancuso, McCarty, Mead, Sullivan—9.

Noes: Supervisors Dobbs, Lewis—2.

Authorizing City Attorney to Appear Before the State Public Utilities Commission in Connection With Application of Key System for Increase in Fares Between San Francisco and the East Bay and to Report Thereon to the Board of Supervisors.

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Figone, Halley, Lewis, Mancuso, McCarty, Sullivan—10.

Absent: Supervisor Mead—1.

Adopted as Amended.

The following measure from Public Health and Welfare Committee, with recommendation "Do Pass After Amendment," was taken up:

Present: Supervisors Sullivan, Dobbs, McCarty.

Creating a Fair Rent Committee and Prescribing Its Functions and Duties.

File No. 10674, Resolution No. 13483 (Series of 1939).

(Proposed amendment is as follows:

Delete the last "Further Resolved" relating to provision for quarters, facilities and personnel for the Committee.)

Discussion.

Supervisor Sullivan: We have to start somewhere. We may have to pass an ordinance fixing a fair rent schedule and placing penalties for violations. I am going along with this and hope we never have to come back to pass stiffer measures.

Supervisor Christopher: We do not want more than 7 or 8 men or women to comprise the committee. I would respectfully suggest that not more than 7 be appointed.

Acting Mayor, Supervisor Halley: I intend to appoint one person from each category with the exception of the clergy.

Supervisor Ferdon: If the Fair Rent Committee has too many cases, naturally it may resolve into an emergency and the enactment of legislation. I do not believe that any Acting Mayor should exercise his prerogatives and appoint the Fair Rent Committee. In the interest of good government, it should emanate from the regular Mayor.

Supervisor Mead: I am asking the City Attorney's office to prepare for me one of the stiffest pieces of legislation legally possible to create, because in the event the majority of the landlords continue to be greedy, I propose to take an opposite position to the one I have taken. Because if an emergency does not exist today, it can by the time I get back. I feel confident in a period of a few months this Fair Rent Committee will no longer be necessary. Los Angeles had some three hundred odd cases and later on it folded. I hope San Francisco will see fit to do the same thing.

Amendment.

Supervisor Arnold moved, seconded by Supervisor Ferdon, that in the first "Resolved," first line, after the words "Fair Rent Committee . . ." insert the words "11 members," to be divided as follows: four representatives of the landlords, four representatives of the tenants and three representing the public interest.

Supervisor McCarty urged immediate adoption of the measure and the appointment of the committee so that landlords who are getting out of bounds may be kept in line.

Supervisor Ferdon stated he believed the people should be apprized of the fact that the Fair Rent Committee was merely an advisory group with no authoritative powers.

The roll was thereupon called on the amendment, and it lost by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Sullivan—5.

Noes: Supervisors Figone, Halley, Lewis, Mancuso, McCarty, Mead—6.

Amendment.

Supervisor Dobbs moved that the amendment as suggested by the committee, that of deleting the last "Further Resolved," be adopted. Motion seconded by Supervisor McCarty and *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Figone, Mancuso, McCarty, Mead, Sullivan—9.

Noes: Supervisors Halley, Lewis—2.

Amendment.

Supervisor Christopher stated that he believed the regular Mayor should be responsible for the appointment of the committee, and thereupon moved, seconded by Supervisor Arnold, that the words "Elmer E. Robinson" be inserted in the first "Resolved" after the words "by the Mayor" found in the second line.

Explanation of Vote.

Supervisor Mead: The Acting Mayor is truly a legal representative and should be given the right to exercise his prerogatives.

The roll was thereupon called and the amendment *lost* by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon—3.

Noes: Supervisors Dobbs, Figone, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—8.

Amendment.

Supervisor Lewis moved that all language found in the first "Resolved" after the word "Mayor," second line, be deleted. Motion seconded by Supervisor Mancuso.

The roll was thereupon called and the motion *lost* by the following vote:

Ayes: Supervisors Christopher, Dobbs, Ferdon, Lewis, Mancuso—5.

Noes: Supervisors Arnold, Figone, Halley, McCarty, Mead, Sullivan—6.

The roll was thereupon called on the pending measure, as amended, and it was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Figone, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—11.

Request of Supervisor McCarty Regarding Survey by Federal Bureau of the Census.

No objection and the *Clerk was directed to comply*.

Supervisor Dobbs considered the request improper in that it had been determined that an emergency did not exist at the present time.

Discussion of Legislation Pending Before Congress With Respect to Extension of Tolls on the San Francisco-Oakland Bay Bridge.

Acting Mayor Halley stated that the San Francisco Legislative Committee had considered the matter of Congressional legislation affecting the southern crossing for the past several days. The Committee has unanimously, with the exception of Assessor Russell L. Wolden, come to the conclusion that the amendments to the Federal Consent Statute as approved by the City Attorney and Mr. George Herrington, Bond Counsel, should be recommended by the Board of Supervisors for enactment by Congress. Mr. Wolden has cast a

negative vote since he is in favor of outright repeal of the Federal Consent Statute.

Supervisor Halley presented the following resolution, and moved, in order to bring the issue before the Board for its action, that it be adopted.

Declaring Policy With Respect to S.B. 2289, Amending the "Federal Consent Statute," as It Pertains to the Collection of Tolls on the San Francisco-Oakland Bay Bridge.

File No. 10730, Resolution No. (Series of 1939).

Thereupon Acting Mayor Halley explained that what has been proposed by the San Francisco Legislative Committee is identical with Senator Kuchel's S.B. 2289 except that the amendments, as mentioned, have been included. This matter has been discussed by the Committee with the Chief Administrative Officer, City Attorney and Mr. Herrington and in response to questions propounded by the Acting Mayor as to what, in substance, these amendments did to the original bill, Mr. Herrington dictated a statement to the Acting Mayor's stenographer, reading as follows:

"This bill authorizes the State to continue to collect tolls on the San Francisco-Oakland Bay Bridge not only for the purpose of paying the cost of the bridge and maintenance and operation but also for the purpose of repaying all sums heretofore advanced and required to be repaid to the State of California. Repayment of maintenance and operation charges to the State of California is required by the terms of the Dolwig Bill and is now permitted by this Federal legislation.

"The Federal Act further authorizes the State to continue tolls on the San Francisco-Oakland Bay Bridge to pay the costs of engineering, financing and constructing not to exceed two additional highway crossings over San Francisco Bay and their approaches. It therefore complies with the mandate of the Dolwig Act to the effect that the Southern Crossing shall not be constructed until the limitations upon the collection of tolls on the San Francisco Bay Bridge for the construction of the Southern Crossing have been deleted. The Federal Act does not repeal the restrictions which are contained in the 1931 Federal statute but now specifically authorizes the State to continue to collect tolls on the San Francisco-Oakland Bay bridge for the purpose of constructing not to exceed two additional highway crossings and this would of course include the Southern Crossing which is required to be constructed first under the Dolwig bill. The language of the Federal Statute has now been clarified so that it will be possible to finance the construction of the Southern Crossing. These amendments to the Federal Statute have been approved by Mr. Dion R. Holm, the City Attorney, and every effort will be made to have the Federal bill as amended passed at this current session of Congress."

Supervisor Lewis asked: As I understand it, the written opinion which you have just read to the Board, prepared by George Herrington, was given to the committee after reading the exact language of the bill which has been introduced?

Acting Mayor Halley: It was given to the committee subsequent to the action of the committee approving these amendments. After representatives of the press had asked Mr. Herrington for a statement, I requested that he dictate a statement to one of my stenographers; that is, after Mr. Herrington had studied the amendments, and he stated that he was in accord therewith.

Supervisor Lewis: I want to be satisfied that Mr. Herrington is saying that these amendments would in no way jeopardize the financing of the southern crossing.

Acting Mayor Halley: That is exactly what he is saying. There is nothing in the present legislation, according to Mr. Herrington and City Attorney Holm which, in their opinion, will interfere with the mandate of the Dolwig Bill.

Motion.

Supervisor Lewis, seconded by Supervisor Halley, moved the privilege of the floor for Thomas Gray, manager of the Downtown Association of San Francisco, residing at 2848 Union Street.

No objection and so ordered.

Mr. Gray stated that two weeks ago the Association wired Senator Knowland to the effect that he was flouting the law of the people of the State of California as expressed by an overwhelming vote of the Assembly and the Senate. Senator Knowland was also reminded that in 1949 he asked for the outright repeal of the Federal Consent Statute on behalf of a parallel crossing, but that now he has changed his position because a southern crossing is contemplated. The meeting in the Mayor's office today developed the thought that no crossing would be approved unless some compromise were reached. We also have the opinion of Mr. Herrington at this time that the proposed amended bill does not conflict with the Dolwig Bill. In yielding somewhat to Senator Knowland, and I think we have nothing to cheer about, the economy and well-being of the area are of more concern to us than to him, perhaps. Therefore, I have been instructed by my Association to approve the Kuchel Bill, S.B. 2289, as it is proposed to be amended by the amendments before you.

Supervisor Lewis: Since this matter started, I was desirous of (1) getting a priority for a southern crossing and (2) being assured that the financing of a southern crossing would not be jeopardized. I would have preferred that the amendments to the Federal Consent Statute provide that a southern crossing be constructed first, rather than providing for two crossings. Tonight I spoke with Mr. Joseph Knowland and he advised me that through his son, Senator Knowland, he has been informed that no Federal Consent Statute could be passed through Congress which would provide for a location for any crossing over San Francisco Bay. That is why the East Bay has agreed to specifying two crossings over the bay. I think this is an occasion for rejoicing and I do not consider it a compromise. We have a priority for a southern crossing, with no jeopardy to its financing. We have the state being allowed to specify where the crossings are to be located and I am very happy and so should the entire Bay Area be thankful that we have finally wrapped this matter up and are in a position at last to proceed with the construction of the southern crossing.

Supervisor McCarty: It should be pointed out at this time that we do not know whether or not Senator Knowland will agree to these amendments. However, I think we should get on with our action here and forward our expressions to Washington.

Controller Harry D. Ross: Mr. Herrington's statement showed that in his judgment there is a problem presented by the bills in their present form; that they place restrictions upon the construction of a southern crossing which might make it necessary to amend the Dolwig Bill to conform to the federal statute. Therefore, we must oppose the bills in their present form, but Mr. Herrington stated that if you approve the amendments now before you, and the bill is so amended as to effectuate the policy agreed upon by the San Francisco Legislative Committee, the Dolwig Bill will not have to be amended. The Committee was of the opinion that the Federal Consent Statute should be repealed, but if that is not possible, then it should be amended in accordance with the amendments now before you.

Motion.

Supervisor McCarty: I move that the Board go on record with the following policy statement: (1) That we advocate an outright repeal of all toll restrictions on the existing bay bridge. (2) That if this is not possible, we advocate the passage of S.B. 2289 with the amendments as proposed by the San Francisco delegation. (3) That we are unalterably opposed to the passage of S.B. 2289 without such amendments. Motion seconded by Supervisor Halley.

An extensive discussion followed.

Withdrawal of Motion.

There being no objection, Supervisor McCarty *withdrew* his motion.

Presentation of Measure.

Supervisor Halley presented the following measure:

Declaring Policy With Respect to S.B. 2289, Amending the "Federal Consent Statute" as It Pertains to the Collection of Tolls on the San Francisco-Oakland Bay Bridge.

File No. 10730, Resolution No. 13505 (Series of 1939).

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby oppose Senate Bill 2289 in its present form because it does not conform to the mandate of the Dolwig Bill; however, that in the event said Senate Bill 2289 be amended as recommended by the San Francisco Legislative Committee as set forth hereinbelow, then this Board of Supervisors does hereby recommend passage thereof:

Proposed amendments as follows:

Section 2(a). The State of California is hereby authorized to fix, charge and collect tolls for the use of the bridge referred to in the first section of this Act, at rates so adjusted as to provide a fund sufficient to pay the reasonable cost of maintaining, repairing and operating such bridge and its approaches under economical management, and to pay the cost of such bridge and its approaches (including reasonable interest, financing and refunding costs, together with the establishment and maintenance of suitable reserves, and the repayment of all sums heretofore advanced and required to be repaid under existing laws of the State of California.)

(b). The State of California is authorized to fix, charge, and collect tolls for the use of such bridge to pay the cost of engineering, planning, financing, constructing, making alterations, additions, betterments, improvements and extensions, and maintaining, repairing, and operating (including reasonable interest, financing and refunding costs, together with the establishment and maintenance of suitable reserves) of not to exceed two additional highway crossings across the bay of San Francisco and their approaches. The State of California is also authorized to fix, charge, and collect tolls for the use of such additional highway crossing or crossings. After a fund shall have been provided from the tolls collected for the use of the bridge referred to in the first Section of this Act and from tolls charged for the use of such additional highway crossing or crossings, sufficient to pay all costs referred to in sub-paragraph (a) hereof and also all costs of such additional highway crossing or crossings and their approaches (including the cost of all additions, betterments, improvements or extensions thereof and all interest, refunding and financing costs, together with the establishment and maintenance of suitable reserves), such bridge, and such additional highway crossing or crossings, shall thereafter be maintained and operated free of tolls, or the rates of toll shall thereafter be adjusted so as to provide a fund of not to exceed the amount necessary for the proper maintenance, repair and operation of such bridge and

such additional highway crossing or crossings and their approaches, under economical management, together with any extensions, improvements or betterments thereof. An accurate record of the cost of such bridge and such highway crossing or crossings and their approaches, the expenditures for maintaining, repairing and operating the same and of the daily tolls collected shall be kept and shall be available for the information of all persons interested.

Motion to Adopt.

Supervisor Halley moved immediate adoption; seconded by Supervisor McCarty.

Adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Figone, Halley, Lewis, McCarty, Mead—7.

Absent: Supervisors Dobbs, Ferdon, Mancuso, Sullivan—4.

Supervisor Lewis urged that Mr. Herrington be prevailed upon to direct a letter to Senator Knowland to the effect that unless the proposed language is accepted, the financing of the southern crossing will be jeopardized.

No action taken.

Motion.

Supervisor Halley moved, seconded by Supervisor McCarty, that the Clerk of the Board be instructed to communicate jointly to City Attorney Dion R. Holm, Chief Administrative Officer Thomas A. Brooks and Congressional Legislative Representative Francis V. Keesling, Jr., at the Statler Hotel, Washington D. C., by telegram, the contents of the resolution adopted above.

No objection and motion *carried*.

Motion.

Supervisor Lewis, seconded by Supervisor Christopher, moved that the Board request Mr. George Herrington to communicate by wire with Senator Knowland and advise the Senator that unless the amendments proposed here are inserted in the Kuchel Bill, the financing of the southern crossing will be jeopardized.

Supervisor Arnold declared that, in his opinion, it would be an imposition to ask Mr. Herrington to render an opinion on this matter at this time.

Supervisor Halley stated that in his opinion a formal request would be out of order at this time but stated further that as the Acting Mayor he will make an endeavor to have Mr. Herrington take some action in that direction.

Withdrawal of Motion.

Thereupon, there being no objection, Supervisor Lewis *withdrew* his motion.

Supervisor Halley stated that the San Francisco Legislative Committee has informed San Francisco's representatives in Washington that the amendments considered and approved this evening were not to be construed, in any way, as indicating a recession from San Francisco's established policy of seeking priority for the construction of an Army Street crossing, nor as any commitment for any other crossing in addition to the Army Street crossing.

Motion to Recess.

Supervisor Halley moved, seconded by Supervisor Lewis, that the Board now recess to meet again at the call of the Chair.

No objection and motion *carried*.

RECESS.

The Board of Supervisors recessed at the hour of 9:15 p. m.

THURSDAY, JULY 9, 1953—8:00 P. M.

In Board of Supervisors, San Francisco, Thursday, July 9, 1953, 8:00 p. m.

The Board met in recessed session:

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Arnold, Christopher, Ferdon, Figone, Halley, McCarty—6.

Absent: Supervisors Dobbs, Lewis, Mancuso, Mead, Sullivan—5.

Quorum present.

Adopted.

Declaring Policy With Respect to S.B. 2289, Amending the "Federal Consent Statute" as It Pertains to the Collection of Tolls on the San Francisco-Oakland Bay Bridge; and Repealing Resolution No. 13505 (Series of 1939).

Supervisor Halley presented:

File No. 10730-1, Resolution No. 13506 (Series of 1939).

Motion to Adopt.

Supervisor Halley remarked that the City Attorney had talked with him in the afternoon and had given him his assurance that the proposed amendments did not change in substance the legislation enacted by the Board at last night's meeting. Supervisor Halley continued that the City Attorney requested that this legislation be enacted so that the Board could go on record as approving the changes, following which Mr. Holm could have them approved in the morning.

Supervisor Halley moved adoption, seconded by Supervisor Christopher.

Discussion.

Supervisor Christopher inquired as to whether or not the two pieces of legislation contained the same intent.

Supervisor Halley answered that according to the assurance he had received from Mr. Holm, corroborated by Mr. Brooks, there was no difference between the resolutions of tonight and yesterday and that the congressional representatives were in accord at the present time.

Supervisor Ferdon asked if the suggested changes were made by Mr. Kuchel.

Supervisor Halley replied that the changes had been suggested by Senators Kuchel and Knowland as well as the Legislative Council; that the Legislative Council had approved the changes as to form and had recommended them.

Supervisor Ferdon said that since there was no substantive change from the action of the Board at yesterday's meeting, it was his thinking that the calling of the meeting disproved the necessity for sending the representatives to Washington. Supervisor Ferdon continued that it was his understanding that the people who went to Washington were to report on substantive changes and that they should assume some responsibility on the matter.

Supervisor Halley explained that Mr. Holm desired that the Clerk of the Board report back to him tonight and inform him of the action of the Board.

Supervisor Ferdon stated that it was his position that when people are trusted with a responsibility they must face that responsibility; that the people who were sent to Washington are the representatives of the people of San Francisco and should not continually turn to the Board of Supervisors for advice. Supervisor Ferdon continued that if they cannot perform their job it might be well to send somebody in whom we have enough confidence to place our trust, because come what may, the Board of Supervisors will be the group held responsible for the results.

Supervisor McCarty explained that it was his opinion that neither Mr. Holm nor Mr. Brooks was shirking any responsibility; that he believed that the request for the Board's approval came from the representatives in Congress.

Supervisor Christopher said that he believed that Supervisor Ferdon was quite right but that he assumed that Supervisor Halley, as Acting Mayor, and the people who were sent to Washington wanted to be sure that if there was an error made somewhere along the line the responsibility would revolve around the heads of the Board. Supervisor Christopher continued that he could not condemn the Acting Mayor for calling the Board in session because there was a document to act upon; that as of tonight it was the best that could be secured and that the Board should accept the responsibility in approving the matter.

Supervisor McCarty stated that he believed that most members of the Board would assume the responsibility of acting on the legislation, and due to the fact that the legislation provided for the building of no more than two bridges the Board would not be going on record for the construction of a parallel bridge.

Supervisor Arnold explained that the legislation was only for the purpose of extending the tolls beyond the present period within which the bonds will expire; that the legislation had nothing to do with the location of any bridge except to provide that tolls may be continued on the present bridge and to provide for the construction of not more than two additional bridges with the southern crossing to be constructed first.

Supervisor Ferdon stated that the Board should remember that the man who has caused all of this is the man who desired a parallel bridge and not the southern crossing. Supervisor Ferdon continued that when the Board was successful in having favorable legislation passed in Sacramento it was the belief that it had been successful, but the Board should realize that every effort would be made by the opponents to have a parallel bridge constructed rather than a southern crossing.

Supervisor Christopher explained that he felt that the legislation would continue tolls for the next 30 years; that this was a method

of compromise that could not be avoided. Supervisor Christopher continued that he did not believe that the Board should insert that we are opposed to a parallel bridge but that the Board should adopt the legislation in its present form and not show how we interpret the matter.

Supervisor McCarty remarked that he did not feel that the legislation called for a parallel crossing and that he believed that the Board would play right into Mr. Knowland's hands if it did not take a stand right now.

Adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Figone, Halley, McCarty—6.

Absent: Supervisors Dobbs, Lewis, Mancuso, Mead, Sullivan—5.

Motion to Recess.

Supervisor Halley, seconded by Supervisor Arnold, moved that the Board recess to the call of the Chair.

No objection and motion *carried*.

RECESS.

There being no further business, the Board, at the hour of 8:50 p. m., recessed.

Passage for Second Reading as Amended.**Privilege of the Floor.**

Supervisor Halley moved, seconded by Supervisor Christopher, that the privilege of the floor be extended to Attorney Harold C. Brown, representing the King and American Ambulance Companies, who explained the purport of the measure.

Amendment.

Supervisor Ferdon stated he felt that the limits fixed for liability insurance were not sufficient and thereupon moved, seconded by Supervisor Dobbs, that the amounts of \$100/200,000 set aside for public liability be increased to \$200/500,000, and that the amount of \$10,000 set aside for property damage be increased to \$20,000.

Discussion.

Supervisor Christopher expressed opposition to the proposed amendment, contending that these particular ambulances took their time and did not race over the city's streets sufficiently to warrant such an increase.

Mr. Brown declared that these ambulances were not emergency ambulances in any sense of the word.

Question was raised as to whether insurance companies would accept the limits proposed by Supervisor Ferdon. Accordingly, Mr. Brown investigated and informed the members of the Board that the larger amounts could be written and that the difference in premium would be in the neighborhood of two hundred dollars a year.

Supervisor Ferdon requested that the written information received by Mr. Brown be placed in the official Board's file.

No objection and so ordered.

Amendment Carried.

The roll was thereupon called and the amendment *carried* by the following vote:

Consideration Continued.

The following recommendation of Public Buildings, Lands and City Planning Committee was taken up:

Present: Supervisors Mancuso, Dobbs.

**Requesting Mayor to Appoint a Technical Coordinating Committee for
the Purpose of Preparing a Detailed Site Plan for the Civic Center.**

File No. 8586-1, Resolution No. . . . (Series of 1939).

Objection.

Supervisor Christopher voiced objection to the proposal of appropriating the sum of \$100,000 for a Civic Center site plan study, claiming that it would be a waste of money unless the city had a definite idea as to the number and type of buildings proposed to be constructed in the area.

He recommended that the matter be referred to the Finance Committee for the purpose of determining the necessity for the proposed appropriation.

Communication Referred to Committee.

Supervisor Dobbs informed the Board that it was his understanding, although he had not seen it, that a reply had been received by the Clerk's office, from the City Attorney, in reply to a query propounded by his committee as to whether funds for the proposed appropriation could be allocated from the Emergency Reserve Fund, or if not from that particular fund, from what other fund. He suggested that such reply be referred to the Finance Committee for consideration.

Statement by Supervisor Arnold.

Supervisor Arnold stated he desired that consideration of the pending measure be continued for a period of two weeks so as to permit the Finance Committee to check into a survey which he believed had been made some time ago by the City Engineer's office relating to the Civic Center, and that he was not certain at this time that such a proposed survey should be made.

He accordingly moved, seconded by Supervisor Ferdon, that consideration of the pending measure be continued for a period of two weeks.

The roll was thereupon called and the motion to continue consideration for two weeks *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Figone, Halley, Lewis, McCarty—8.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Reference to Committee.

Fixing Schedules of Compensation, Effective July 1, 1953, to Be Paid Certain Employees Subject to the Provisions of Section 151.3 of the Charter.

File No. 10207-1, Ordinance No. . . . (Series of 1939).

Discussion.

The privilege of the floor was extended to Mrs. Molly Minudri, attorney for General Laborers' Union Local No. 261, which had allegedly just obtained a certification for a 15-cent hour wage increase, who urged the Board to immediately pass the pending measure to second reading, and who stated that failure so to do might jeopardize the increase.

Deputy City Attorney Thomas Blanchard expressed the opinion that the Board had until July 25th to pass the necessary appropriation to cover the increases granted.

At this point, Supervisor Arnold read a part of Section 151.3 of the Charter having to do with the Board receiving a review of rates from the Civil Service Commission on or before the second Monday in July.

Privilege of the Floor.

The privilege of the floor was extended to Milton Marks, Jr., attorney-at-law, representing Automotive Machinists' Local No. 1305, who called attention to a letter addressed to the Board from said local in which the Board was requested to urge the Civil Service Commission to certify certain rates just agreed to between the union and certain employers.

Supervisor McCarty asked Deputy City Attorney Thomas Blanchard just what power the Board had with respect to directing the Civil Service Commission to certify any rates.

Mr. Blanchard replied that previous opinions issued by his office held that with respect to certification the Board had only ministerial powers and unless the error or oversight was obvious, and all parties were in agreement as to the error, the Board had no power to direct the Civil Service Commission to certify any rates.

Supervisor McCarty: Do we have any power to force the Civil Service Commission to certify any particular rates to us today?

Mr. Blanchard: None that I know of.

Supervisor Christopher inquired of Mrs. Kathleen Dolen, Supervisor of Wage Schedules and Classifications, as to the claim of Mr. Marks, to which she replied that the Civil Service Commission had reviewed all rates and that the Board had received a letter from the Commission outlining its position in the matter; further, the union represented by Mr. Marks had submitted a rate which was not justified and not adopted by the industry as a whole.

Mr. Marks: Rates of pay were certified by the Civil Service Commission but these rates were not the proper rates of pay which we contend are the proper ones. The Board has the power to demand certification. Today is the last day for certification. If you do not insist that the Civil Service Commission certify these rates today, there is a very serious doubt in my mind that the men can get any other rates except those certified by the Civil Service Commission.

Supervisor McCarty, Acting President: Assuming the Civil Service Commission has made an obvious error, do we have the power to correct it?

Deputy City Attorney Thomas Blanchard asked permission to seek written opinions on the matter and was temporarily excused for that purpose.

Privilege of the Floor.

The privilege of the floor was next accorded J. L. Hogg, president of the Building and Construction Trades Council, who asked that the Board not take any action which would jeopardize rates of pay of the employees represented by his organization.

Consideration of the above matter *temporarily postponed* pending return of Mr. Blanchard.

Adopted.

In Memoriam—Rudolph E. Rehbach.

Supervisor Christopher presented:

File No. 10701, Resolution No. 13524 (Series of 1939).

Motion to Adopt.

Supervisor Christopher moved adoption; seconded by Supervisor Ferdon.

Unanimously adopted by rising vote as follows:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Figone, Halley, McCarty—7.

Absent: Supervisors Lewis, Mancuso, Mead, Sullivan—4.

"In Memoriam" Prepared by Judge Herbert C. Kaufman.

Supervisor Christopher requested that the following "In Memoriam" prepared by Judge Herbert C. Kaufman in connection with the recent passing of Rudolph E. Rehbach, be incorporated in the Journal of Proceedings.

No objection and so ordered.

In Memoriam—Rudolph E. Rehbach.

By Superior Court Judge Herbert C. Kaufman—July 8, 1953.

Writer, scholar, philosopher and friend for thirty years—I have known him as such. Rudolph E. Rehbach, City Editor of the Progress for many years, left our midst on July 8, 1953. He was a writer of the old school, a true philosopher, and had a heart full of the milk of human kindness. He loved his many friendships and his newspaper work was his life. He applauded the many human instincts in men and wrote critically of the hypocrisy that he found in life. He was a great exponent of the "live and let live" philosophy of life, and he practiced this philosophy in his daily life. He was known to many as the writer of the "San Francisco Nite by Nite" column in the Progress. His wit and humor and manner of expression endeared him to thousands of readers. I feel that he will love these few words about him, because I knew his intimate thinking about as well as any man, and to have these thoughts expressed in the paper that he so ably headed for many years will be a joy to him.

We will miss you, Rudolph, and we will never forget you.

Reference to Committee.

Memorializing Interstate Commerce Commission to Act Favorably on Application of Waterman Steamship Corporation to Operate Direct Service From San Francisco to New York and Boston.

Supervisor Christopher presented:

File No. 10742, Resolution No. . . . (Series of 1939).

Supervisor Christopher moved adoption of the foregoing measure.

Objection, however, was raised by Supervisor Dobbs, who explained that in his opinion the subject matter wasn't any different from other pieces of legislation affecting the nation. He stated he did not know whether adoption of the measure would benefit San Francisco in any way and until he had sufficient facts, he could not vote intelligently.

Referred to Commercial and Industrial Development Committee.

Palace of Fine Arts Rehabilitation.

Supervisor Christopher requested that the proper committee hold a hearing, possibly this week, for the purpose of definitely determining the future status of the Palace of Fine Arts; that the committee may wish to consider the advisability of submitting either a charter amendment or a bond issue at the coming November election. The Recreation and Park Commission and all interested organizations are requested to be in attendance, as well as Assemblyman Weinberger.

Referred to Public Buildings, Lands and City Planning Committee.

Statement by Supervisor Dobbs on Policy-Making by Board's Committees.

Supervisor Dobbs stressed the importance of the Board's following the mandates of its own rules of order, and that all matters relating to policy should be referred to the proper committee for study. If this is not followed, the Board might just as well dispense with the Board's committees as such, and maintain only a Finance Committee.

Supervisor Arnold, Chairman of the Finance Committee, stated that his committee had no intention of usurping the prerogatives of any other committee.

Resumption of Consideration of Salary Standardization, Charter Section 151.3.

Upon his return to the chambers, Mr. Thomas Blanchard, Deputy City Attorney, read a portion of an opinion rendered by the City Attorney some time ago.

Acting President Francis McCarty asked Mr. Blanchard if an official opinion could be rendered immediately as to whether the Board must act on the pending measure, in view of the opinion expressed by Mr. Marks that the Board, under the Charter, must act on the measure today.

Mr. Blanchard replied to the effect that pursuant to the provisions of the Charter, the Board can only act on the pending measure if it were in the form of an emergency.

Supervisor Arnold: The City Attorney has told us that we have jurisdiction and that we do not have to pass this matter today. There aren't enough members here today to pass the measure as an emergency and of necessity, it should go to the Finance Committee. (Here the Supervisor again read that portion of the Charter stating that the Board, not later than the 25th day of July, must pass the necessary appropriation ordinance to provide funds for the increases certified by the Civil Service Commission.)

Mr. Blanchard: In my opinion, it is not necessary for the Board to pass this matter today.

Supervisor Arnold: Could we pass it today?

Mr. Blanchard: The way I look at it, it would require nine votes to pass it today.

Mrs. Molly Minudri insisted that a literal interpretation of the word "thereupon" meant "immediately."

Supervisor Arnold: This matter has never been passed on the second Monday in July. Historically, the procedure followed in the past has been to refer the matter to the Finance Committee.

Supervisor Dobbs objected to any further discussion of the matter, and declared that the matter should be referred to the Finance Committee.

Supervisor McCarty: Can Mr. Marks' objections be taken up at the next meeting of the Finance Committee on Wednesday when certification of rates are to be considered?

Mr. Blanchard: That is my opinion.

Privilege of the Floor.

The privilege of the floor was next extended to Henry S. Foley, representing the C. I. O. Carmen's Union, who spoke on behalf of his group.

Acting President Francis McCarty: Can the Board on any date after today receive certification of any other rates other than those certified to us today?

Mr. Blanchard: It is my opinion that the Civil Service Commission does have the power to make additional certifications.

Mrs. Kathleen Dolen, Supervisor of Wage Schedules and Classifications, Civil Service Commission, again reiterated her previous statement to the effect that full and complete hearings were held on the subject under discussion and that it could not be shown that the rates presented by Mr. Marks were those generally prevailing in the industry.

The Clerk of the Board pointed out that in 1951 the Salary Standardization Ordinance affecting Section 151.3 was passed as an emergency measure on July 15; in 1952, it was passed again as an emergency measure on July 21st; both dates being subsequent to dates of certification by the Civil Service Commission.

There being no further discussion, the pending measure was referred to the Finance Committee.

Request for Review of Golden Gate Bridge Tolls.

Supervisor McCarty asked that the Finance Committee study the advisability of requesting the Golden Gate Bridge directors to review the Bridge's toll structure with the thought in mind of recommending a reduction therein.

Referred to Finance Committee.

Request for Preparation of Legislation Transferring Jurisdiction of San Francisco's Harbor from the State to the City and County.

Supervisor McCarty requested that the City Attorney confer with Don Cleary, Legislative Representative, for the purpose of drafting legislation to be submitted to the State Legislature, calling for the transfer of jurisdiction of harbor facilities from the State of California to the City and County of San Francisco.

No objection and the Clerk was directed to comply.

Request for Investigation of State of Title to Lick Place.

Supervisor McCarty requested that the City Attorney determine the exact status of the title to Lick Place, which had heretofore been open to vehicular travel, but which, at the moment, is closed to such travel by means of barriers, and further, that the City Attorney determine if abutting property owners may have come into possession of prescriptive rights.

No objection and the Clerk was directed to comply.

ADJOURNMENT.

There being no further business, the Board, at the hour of 6:35 p. m., adjourned.

JOHN R. McGRATH, Clerk.

Approved by the Board of Supervisors August 3, 1953.

I, John R. McGrath, Clerk of the Board of Supervisors of the City and County of San Francisco, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Discussion.

Supervisor Halley declared that as Acting Mayor, he had appointed the Fair Rent Committee and Father O'Shea was selected as Chairman. It was considered to be in the public interest that public funds be used to defray the expenses of the Committee.

Supervisor Ferdon objected to the measure, contending that since the Board, by majority vote, found that no emergency existed, he could not see how any money could be spent. If help is required, expense for such should be borne by contributions. Further, the Board was told that no public funds would be necessary.

Supervisor Halley stated that it was determined that the sum requested would enable the Committee to get the proper kind of help through the medium of the Civil Service Commission and it was the

opinion of Father O'Shea that public funds should be used for the purpose.

Supervisor Ferdon reiterated his contention that since the Board had determined the non-existence of an emergency, he could not see where there was any use for the money.

Supervisor Halley asserted that if the committee is given the opportunity of functioning, it will prove that no emergency exists and that the only emergency that could possibly arise would be as a result of the greed of certain landlords.

Supervisor Ferdon expressed the opinion that there existed in his mind a serious doubt as to the legality of the appropriation.

Supervisor Christopher stated that one of the committee's functions would be to form a pool of accommodations which could be used to assist those being evicted or desiring to move. Other cities have established fair rent committees which have forestalled the possibility of any emergency which could have arisen.

Supervisor Dobbs supported the stand taken by Supervisor Halley and asked that the Board pass the measure.

Supervisor Arnold informed the Board that the apartment house industry is still willing to bear a portion of the expense. However, the Finance Committee felt that it would be in the public interest to recommend the appropriation requested herein.

Roll Call.

The roll was thereupon called and the pending measure was *refused passage for second reading* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Halley, McCarty—5.

Noes: Supervisors Ferdon, Mancuso—2.

Absent: Supervisors Figone, Lewis, Mead, Sullivan—4.

Rescission.

Supervisor Halley expressed the opinion that the matter should be considered when more members of the Board are present, and accordingly moved, seconded by Supervisor Arnold, that the Board rescind its action whereby the Board refused to pass the pending measure to second reading.

Supervisor Ferdon stated he would vote against rescission because to do so would violate a matter of principle with him.

The roll was thereupon called and the motion to rescind *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Halley, McCarty—5.

Noes: Supervisors Ferdon, Mancuso—2.

Absent: Supervisors Figone, Lewis, Mead, Sullivan—4.

Supervisor Christopher stated that the urgency of the matter was such that possibly at the conclusion of the meeting a call of the Chair should be made or that perhaps a recessed meeting should be held later on in the week.

Supervisor Halley moved temporary postponement of consideration of the pending matter until the end of the meeting for the purpose of determining when the Board might again meet on it.

The President asked that inquiry be made as to the condition of Supervisor Figone to see if he could possibly attend a meeting of the Board.

Explanation of Negative Vote.

Supervisor Mancuso explained that his negative vote was cast because he desired additional time within which to peruse certain documents which were located in his residence, and which contained information for and against rent control. The Supervisor further stated that to his knowledge no other community asked for money and that those areas which did have fair rent committees operated on a voluntary basis. He further expressed fear that once the com-

mittee is allocated public funds, it would become a permanent institution.

Supervisor Dobbs: The Board passed the Fair Rent measure by eleven votes and we have an obligation to the people of San Francisco. The Board should give cognizance to the recommendations of the members of the Fair Rent Committee.

Roll Call.

The roll was thereupon called and consideration in the pending matter was *temporarily postponed* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Mancuso, McCarty—7.

Absent: Supervisors Figone, Lewis, Mead, Sullivan—4.

The following measure from Finance Committee with recommendation "Do Pass After Amendment," was taken up:

Present: Supervisors Arnold, Christopher.

An Ordinance Fixing and Determining Schedules of Compensation to Be Paid Certain Employees of the City and County of San Francisco and Employees of the San Francisco Unified School District Allocated to Classifications Specified Herein, Compensations for Which Are Subject to the Provisions of Section 151.3 of the Charter and Fixing Schedules of Compensation for Sub-foreman, Foreman, and General Foreman of Such Crafts, and Fixing Schedules of Compensations for Classifications for Which Schedules of Compensations Are Based Upon Schedules Established in Collective Bargaining Agreements as Described in Section 151.3 of the Charter; Providing That Said Schedules of Compensations Shall Be Effective Beginning July 1, 1953.

File No. 10207-1, Ordinance No. (Series of 1939).

(Proposed amendment is as follows: Establish the rate of \$1.894 per hour for each classification enumerated in Section 8.50 (platform employees and bus operators).)

Communications.

Supervisor Arnold, Chairman of the Finance Committee, advised that his Committee had received, from the Civil Service Commission, a certification as to the compensations being paid police officers and firemen as of July 1, 1953, in California cities of over 100,000 population.

He accordingly moved, seconded by Supervisor Mancuso, that the report be filed.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Mancuso, McCarty—7.

Absent: Supervisors Figone, Lewis, Mead, Sullivan—4.

Motion to Adopt Amendment.

Supervisor Arnold moved, seconded by Supervisor Christopher, that the proposed amendment advanced by the Finance Committee—that of establishing a rate of \$1.894 per hour for each classification enumerated in Section 8.50 (platform employees and bus operators), be adopted.

To an inquiry propounded by Supervisor Christopher, Mr. Albert of the Civil Service Commission replied that it had been the custom to carry the rate to three places after the decimal point.

The roll was thereupon called and the motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Mancuso, McCarty—7.

Absent: Supervisors Figone, Lewis, Mead, Sullivan—4.

Discussion of Automotive Machinists' Rates of Pay.

Supervisor Christopher informed the Board that he had asked the Civil Service Commission if it had considered the fact that the Automotive Machinists' Local had rejected a 7½ cent per hour increase, when arriving at their recommendations respecting rates of pay effective July 1, 1953.

The Supervisor was advised that the Civil Service Commission had been fully apprized of the situation and was aware of the fact that the employees had rejected a 7½ cent increase.

Supervisor Halley: In view of presentations made by Supervisor Christopher and by the representative of the Automotive Machinists' Local No. 1305, is there any possible means by which this Board of Supervisors may correct an apparent injustice?

Mr. Blanchard, Deputy City Attorney: I can only reiterate what I said last week; unless rates are certified by the Civil Service Commission, the Board of Supervisors is powerless to change them.

Privilege of the Floor.

Supervisor Halley moved, seconded by Supervisor Arnold, that the privilege of the floor be extended to Mr. Milton Marks, Jr., representing Automotive Machinists' Local No. 1305.

No objection and motion *carried*.

Mr. Marks called the Board's attention to the fact that Supervisor Christopher's statement that the offer covering a 7½ cent increase was rejected was incorrect; the union did not reject such an offer. Further, Mr. Marks contended that under the charter the Civil Service Commission is directed to certify to the Board of Supervisors the existing rates established by contracts which are in effect between employers and labor organizations as of July 1, 1953. He maintained that his organization had a bona fide existing contract as of the date mentioned; and recommended that the Board, in compliance with charter provisions, now request the Civil Service Commission to so certify the rates which are in effect between his union and employers, and have been since July 1, 1953.

Supervisor Mancuso asked Deputy City Attorney Thomas Blanchard if the Board had the power to request the Civil Service Commission to certify at this time certain rates purported to have been negotiated.

Mr. Blanchard advised that Deputy City Attorney Bourne had rendered an opinion to the effect that such an act would be an improper one.

No further action taken on Mr. Marks' request.

Roll Call on Pending Measure.

The roll was thereupon called on the pending measure, as amended, and it was *Passed for Second Reading* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Mancuso, McCarty—7.

Absent: Supervisors Figone, Lewis, Mead, Sullivan—4.

Fixing Date of Special Hearing of Board.

Supervisor Halley moved, seconded by Supervisor Arnold, that when the Board adjourns this day, it do so to meet again in special session on Saturday, July 25, at the hour of 10 o'clock a. m., for the purpose of considering those measures on the calendar which must be finally passed on or before that date.

No objection and motion *carried*.

(See later action for rescission and setting of a new time.)

(Amount of bond issue—\$1,894,950.)

Reading of Telegram.

Supervisor Christopher read a wire which he had received from the Great Highway Club, urging postponement of consideration of the pending measure for the purpose of determining if plans called for the construction of a library in the Sunset Community Center.

Mr. Sam Markowitz of the Public Library Commission advised that the construction of a branch library in the Sunset Community Center is a definite part of the long-range plan.

File No. 10207-1, Ordinance No. 8039 (Series of 1939).

Communication.

The Clerk read a letter from Milton Marks, Jr., representing the Automotive Machinists' Local No. 1305, regarding rates of pay for auto machinists.

Supervisor Mancuso asked the Deputy City Attorney: Is the Board bound by the certification of the Civil Service Commission to the extent that the Board is without power to make any change in the rates so certified?

Mr. Thomas Blanchard, Deputy City Attorney: It is still the opinion of the City Attorney's office that the Board is bound by the certification of the Civil Service Commission and can make no change in those certifications.

Supervisor Mead asked: Has the Machinists' Union entered into a new contract which was adopted too late to get before the Commission for certification?

Supervisor Arnold: The facts as brought out before the Finance Committee were that there were operating agreements for approximately 12 members of this classification out of an aggregate of approximately 446. The Civil Service Commission considered the contracts but came to the conclusion that the rates paid by the industry, as a whole, were set forth correctly in the certification by the Commission to this Board. The Commission's certifications are binding upon this Board and we can take no action to change them. Our hands are completely tied. There has been filed a letter dated July 24th from Dave Day, Assistant Director, Joint Labor Relations Committee, The Associated General Contractors of America, Inc., addressed to William D. Coughlin, Special Representative, Northern California Chapter, Associated General Contractors of America, Inc., calling attention to the fact that in four instances the recommendations of the Civil Service Commission are not in conformity with the Master Agreement between various crafts and the Civil Service

Commission. I would suggest that rather than consider the four amendments at this time and thus possibly jeopardize the entire ordinance, the communication from Mr. Day be referred to the Finance Committee for study and any necessary action.

Thereupon, the President *referred the communication to the Finance Committee.*

Supervisor Mancuso suggested that Mr. Day's communication be sent directly to the Civil Service Commission with the request that the Commission report thereon to the Finance Committee.

Thereupon, the President rescinded his earlier action and directed the Clerk to refer Mr. Day's communication to the Civil Service Commission for report to the Finance Committee.

The roll was thereupon called on the pending measure and it was *finally passed* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Halley, Mancuso, McAteer, McCarty, Mead, Sullivan—9.

Absent: Supervisors Ferdon, Lewis—2.

Passage for Second Reading.

Appropriating \$5,000, Board of Supervisors, for Operation of the Fair Rent Committee.

File No. 10674-1, Ordinance No. (Series of 1939).

(Temporary salaries	\$2,700
Contractual services	1,000
Materials and supplies	300
Equipment	400
Rent	600)

July 20, 1953—Consideration continued to July 25, 1953.

Supervisor Halley explained to the Board the events which led to the formation of the Fair Rent Committee, the appointment of members and the fact that in the interest of impartiality, it was considered preferable for the money needed for the committee's operation to come from the City rather than from one of the landlords' or tenants' groups.

Supervisor Halley presented a communication from the Reverend James D. O'Shea, Chairman of the Fair Rent Committee, dated July 24, 1953, addressed to the Board of Supervisors, enclosing a resolution adopted by the committee, requesting that the Board implement the efforts of the committee with sufficient funds to carry on its program in the interest of the people of the City and County of San Francisco.

Supervisor Halley urged enactment of the appropriation measure.

Supervisor Mancuso explained his position in the matter; that he has carefully studied the results of a report concerning decontrol in the major cities throughout the country; that in practically all of those cities there was a Fair Rent Advisory Committee formed; but in none of them were governmental funds requested; and further, a much greater number of complaints was received in those cities. His opinion is that our committee can perform a great public service but he cannot go along with their findings that they should have public funds at this time. He feels that the committee's work will be completed in approximately 30 days as it has in all similar communities. He does not feel there are sufficient complaints registered at the present time to warrant such an expenditure of public funds.

Supervisor McCarty stated that one of the points made last week was that since the Board declared there was no emergency, there is no need to appropriate money for the committee. There may not be an emergency; we all hope there is not; but that does not mean the absence of an emergency necessarily precludes a substantial num-

ber of unfair increases. This committee is set up to alleviate that type of abuse. Another point made was that funds were deleted from the original legislation but there is no reason why that action cannot be changed if the Board feels that there is need for the services of such a committee. I think the Board owes a debt to the people of San Francisco regardless of whether the problem was faced in other communities, to make sure that there is as little rent-gouging as possible. A public service will be thereby performed. The Fair Rent Committee feels it needs the money and I feel we owe an obligation to the committee which we created, to give it the tools with which to work.

Supervisor Mancuso submitted to the Clerk six complaints concerning rent increases which he requested be referred to the Fair Rent Committee.

Supervisor Halley, at the request of Supervisor McAteer, explained details of the appropriation items contained in the pending measure.

Supervisor Mead: I am firmly convinced, regardless of what any other part of the country does, that you get only what you pay for. The committee set up is one of the finest public agencies it has been possible to secure and we should give them the tools with which to work.

The roll was thereupon called on the pending measure as follows:

Ayes: Supervisors Arnold, Christopher, Dobbs, Halley, McAteer, McCarty, Mead, Sullivan—8.

No: Supervisor Mancuso—1.

Absent: Supervisors Ferdon, Lewis—2.

Vote Changed from "No" to "Aye."

Before the result of the foregoing roll call was announced, Supervisor Mancuso requested that his vote be changed from "No" to "Aye" in order that the Board may present a unanimous front with respect to the passage of the ordinance.

The President thereupon directed that Supervisor Mancuso's vote be changed from "No" to "Aye" and the measure was *passed for second reading* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Halley, Mancuso, McAteer, McCarty, Mead, Sullivan—9.

Absent: Supervisors Ferdon, Lewis—2.

Final Passage.

Requesting Chief Administrative Officer to Make Available a Sum Not to Exceed \$5,000 and to Delegate a Representative to Visit Midwestern and Eastern Cities in an Effort to Provide a Major League Baseball Franchise for San Francisco.

File No. 10753, Resolution No. 13554 (Series of 1939).

Discussion.

In answer to a query, Chief Administrative Officer Thomas A. Brooks stated that if the Board adopted the pending measure, he would be inclined to go along with it.

Supervisor Dobbs asked Mr. Brooks what his action would be if the Board did not take the initiative. Mr. Brooks replied that in that event he probably would not approve it.

Mr. Brooks continued by stating that he was a baseball fan and that he was in favor of the city's having a major league franchise.

Supervisor Dobbs raised the question that the Board might be interfering with the prerogatives of the Chief Administrative Officer by the adoption of the measure and suggested that it be reframed.

Mr. Brooks stated he would prefer to study the matter, should it be approved by the Board, and then handle it in the best possible way.

Supervisor Arnold suggested that the Chief Administrative Officer be requested to use his own discretion as to the feasibility and practicability of sending a representative to the midwestern and eastern states, and to dispose of the funds as he saw fit.

Motion.

Accordingly, Supervisor Arnold moved, seconded by Supervisor Dobbs, that as an amendment to the pending measure, the Chief Administrative Officer be requested to exercise his own judgment and discretion and to consider the feasibility and practicability of selecting a representative to be sent to midwestern and eastern cities in an effort to provide a major league baseball franchise for San Francisco.

Supervisor Dobbs: Does this motion change the complexion of the measure before the Board today?

Mr. Brooks: I believe it does.

Supervisor McCarty: If this resolution is passed, the Chief Administrative Officer can make the money available or not. He can do anything he wants to. In the case of the proposed reduction of tolls on the Golden Gate Bridge, we took the position that we considered we had no right to tell the bridge directors what to do, but we had the right to make known our desires following our studies and our conclusions. We know that Mr. Brooks does not have to make the money available. However, I want to tell him what I

think. If we vote for it, we are merely making our positions known. There is nothing wrong. For that reason, I will vote against the amendment to the original motion.

Substitute for the Whole.

Supervisor Sullivan moved, as a substitute for the whole, that the entire matter be re-referred to committee for the purpose of re-drafting a measure which will prove acceptable to the Board.

Motion lost for want of a second.

Supervisor Halley appealed to Supervisor McCarty to support the pending amendment and thus assure a unanimous affirmative vote on the resolution.

Amendment Lost.

The roll was thereupon called on the amendment and it lost by the following vote:

Ayes: Supervisors Arnold, Dobbs, Halley, McAteer—4.

Noes: Supervisors Mancuso, McCarty, Mead, Sullivan—4.

Absent: Supervisors Christopher, Ferdon, Lewis—3.

Explanation of Votes.

Supervisor Mancuso stated he would vote for the pending measure and hoped that the other members of the Board would do likewise, contending that the Board should take definite action on it.

Supervisor Mead stated that while on his recent trip east, he was asked when major league baseball would make its debut on the Pacific Coast, and particularly in San Francisco. The Supervisor saw no harm in appropriating the sum of \$5,000 for the purpose intended, declaring that San Francisco would get more than that amount of benefit in publicity alone.

The roll was thereupon called and the pending measure was adopted by the following vote:

Ayes: Supervisors Arnold, Halley, Mancuso, McAteer, McCarty, Mead, Sullivan—7.

No: Supervisor Dobbs—1.

Absent: Supervisors Christopher, Ferdon, Lewis—3.

Congratulations to City Officials.

Supervisor Mancuso declared that congratulations are in order because of the fine work performed by Controller Ross and Supervisors Mead and Sullivan at the recent convention of the National Association of County Officials held in Boston.

Supervisor Mancuso mentioned that a bill being prepared for introduction in Congress would provide that any property held by the Federal Government prior to 1948 would be subject to payments in lieu of taxation.

Well-Wishes Extended to New Supervisor J. Eugene McAteer.

As each Supervisor rose under Roll Call, best wishes were extended to Supervisor J. Eugene McAteer.

MONDAY, JULY 27, 1953

Supervisor Dobbs, in particular, reminded Supervisor McAteer that when Supervisor MacPhee resigned as a member of the Board, he expressed the opinion that of all the Boards upon which he had served, the present Board was among the finest, if not the finest, and therefore Supervisor McAteer could be assured that the caliber of the incumbent members was such as to guarantee their constructive effort and assistance.

ADJOURNMENT.

**Taken Up Out of Order—No Action Required by Board.
Motion to Suspend Rules.**

Supervisor McCarty, seconded by Supervisor Arnold, moved suspension of the rules to take the following up out of order.

No objection and motion carried.

**Statement of Parking Authority Re Construction of Bus Terminal at
Proposed Civic Center Underground Garage.**

Supervisor McCarty explained that for eight years the air line companies had been working on the matter of constructing a central air line terminal and they have secured an option on a parcel of land on Ellis Street. Right after they had come to their agreement the Parking Authority issued a statement that it was considering the inclusion of a bus terminal in the proposed Civic Center Garage.

Supervisor McCarty continued that he did not believe that any branch of the City should take it upon itself to make such a statement after the air line companies had reached an agreement. He then inquired of Mr. Fisher if the Parking Authority had given any consideration to the discussions that had been underway involving the air line companies.

Mr. Fisher replied that on Friday, Mr. Smith of the Parking Authority pointed out that he had made studies of parking under the Civic Center and that throughout those considerations plans had been made for other uses of the garage, including an air line bus terminal to be used by those companies that did not desire to go into the central air line bus terminal.

Supervisor McCarty exclaimed that the Parking Authority had not cooperated with the City Planning Commission because the Civic Center Plaza was not a site recommended by the Commission in its survey for air line bus terminals.

Supervisor McCarty further stated that United Air Lines had been opposed to going into the matter with the other air lines with all the other companies.

Supervisor Arnold explained that he believed that the Parking Authority would do well to focus its thought and time on parking and not to enter into other matters that might be controversial. Supervisor Arnold also stated that he did not believe that the United Air Lines should be made to go where they did not want to.

Supervisor Christopher remarked that he found it difficult to understand that after the air lines had determined a bus terminal that the Parking Authority should come out with the statement that the bus terminal should be constructed in the Civic Center Plaza; and that he would not vote any money for the construction of an air line bus terminal in the Civic Center.

Supervisor Christopher said that he believed that the Parking Authority could do a great deal of good if they would issue a statement to the effect that they were not studying the construction of a bus terminal in the Civic Center.

SPECIAL ORDER—3:00 P. M.

**Public Hearing—Amendment to the Municipal Railway Schedule of
Fares to Provide for a Five-cent Special Shopper's Fare in the Down-
town Area of San Francisco.**

File No. 9145.

(Board of Supervisors to hear all persons interested in or objecting to the proposed amendment to the Municipal Railway Schedule of Fares to provide for the establishment of a Special Shopper's Fare of five cents in the downtown area of

San Francisco along a route as delineated on Municipal Railway Drawing SK-530625-0, commencing at Eighth and Market Streets, thence along Market Street to New Montgomery Street, to Jessie Street, to Second Street, across Market Street to Post Street, thence along Post Street to Grant Avenue, to Geary Street, to Stockton Street, to Market Street, to McAllister Street, to Hyde Street, to point of commencement.)

Tabled.

Making a Finding Concerning Financial Effect of Proposed Amendment to the Municipal Railway Schedule of Fares to Provide for a Five-cent Special Shopper's Fare in the Downtown Area of San Francisco.

File No. 9145-2, Resolution No. . . . (Series of 1939).

Discussion.

Mr. Carl Stoll, representing the Retail Dry Goods Association, explained that if any benefit was to be received from the shuttle bus that the routing was the key factor; that it was his opinion that the bus should tie in with fringe parking, should be operated through the financial district during the lunch hours and that transfers should be accepted on the bus.

Supervisor Lewis stated that he believed that all efforts should be made to relieve traffic conditions in the downtown area of San Francisco; and that the route of the bus should have been worked out by the Public Utilities Commission with the assistance of the City Planning Commission, Parking Authority and the Police Commission.

Supervisor Ferdon asked for clarification as to intent of resolution that the rates of fares would be sufficient to pay for all expenses for the current fiscal year.

Mr. Blanchard, Assistant City Attorney, replied that the information contained in the resolution was not supported by information transmitted by the Public Utilities Commission; that they limit it to 60 days only, whereas the resolution fixes it at a period of one year. Mr. Blanchard continued that the Public Utilities Commission had advised him that it was impossible to determine for a period of one year.

Motion to Do Pass.

Supervisor Mancuso, seconded by Supervisor Lewis, moved do pass.

Discussion Continued.

Mr. Ross, Controller, remarked that it was necessary for the Board to make a finding as to whether or not there was a deficiency budget.

Supervisor Christopher inquired of Controller as to whether or not the Board was permitted to presume that the findings, although based on theory, were facts.

The Controller answered that there apparently would be no added expenses from that adopted in the budget, that it was impossible to estimate the amount that might accrue in 60-day period and that it could not have any effect upon the budget.

Supervisor Christopher said that usually the Public Utilities Commission provided the Board with all of the facts in matters relating to rates and fares, but in the matter now being discussed the Board had to guess.

Supervisor Christopher further stated that he would like to know whether or not the Board could say that it was making a finding when in fact it was not making a finding.

Mr. Blanchard replied that he did not believe that pursuant to the information submitted by the Public Utilities Commission it was necessary for the Board to make a finding in the matter.

Motion to Table.

Supervisor Christopher, seconded by Supervisor Ferdon, moved that the legislation be tabled.

Discussion.

Supervisor Ferdon inquired whether or not the failure to make a finding would jeopardize the amendment to the rates of fares.

Mr. Blanchard answered that in his opinion he did not believe so because it was not possible to make a finding.

Supervisor Mancuso asked if there was any provision in the Charter providing that in instituting a new service it was necessary to enact legislation making a finding concerning financial effect of the amendment to the schedule of fares before the adoption of legislation approving the amendment to the schedule of fares.

Mr. Blanchard answered that to his knowledge there was none.

Mr. Ross explained that in accordance with Section 130 of the Charter it was necessary to make a finding as to whether or not there would be a deficit.

Point of Order.

Supervisor Ferdon, in rising to a point of order, pointed out that there was a motion before the Board that was not debatable.

Request to Withdraw Motion.

Supervisor Christopher requested permission to withdraw his motion.

No objection and motion withdrawn.

Discussion Continued.

Supervisor McCarty stated that he felt that the Public Utilities Commission should give the Board their expert opinion as to whether or not a deficit would accrue, and that he would not vote on the legislation without specific information.

Mr. Ross remarked that all of the revenues for the Municipal Railway for the ensuing fiscal year had been budgeted and there were no surplus funds. If the operation should result in revenue loss there would be a deficit budget, but it was impossible to determine the amount of loss. Mr. Ross informed the Board that he believed that a loss would result.

Supervisor Mancuso inquired of Mr. Dal Thomson as to whether or not it was necessary to make a finding.

Mr. Thomson replied that he did not believe, due to the circumstances of the case, that it was necessary for the Board to enact a resolution relative to their findings but should confine itself to approving the amendment to the rate schedule.

Supervisor Mancuso remarked that unless the Board adopted a resolution making a finding it would be necessary to approve the amendment to the schedule of rates by a two-thirds vote.

Supervisor Ferdon stated that the Commission has not set forth in its resolution that the operation of the Shoppers' Special was for a period of 60 days.

Mr. Thomson answered that that was eliminated on his recommendation because the 60-day trial did not make any change in rate schedule.

Supervisor Halley inquired if the matter could be continued on the calendar for one week.

The Chair ruled that the matter could be continued.

Motion to Postpone.

Supervisor Halley, seconded by Supervisor Mancuso, moved that consideration be continued for one week.

Motion *defeated* by the following vote:

Ayes: Supervisors Halley, Mancuso—2.

Noes: Supervisors Arnold, Christopher, Ferdon, Lewis, McCarty, Mead—6.

Absent: Supervisors Dobbs, McAteer, Sullivan—3.

Discussion Continued.

Supervisor Halley said that the City Attorney and the Controller had both informed the Board as to different ideas on the matter, City Attorney stating it is not necessary to make a finding and the Controller stating that it is necessary.

Motion to Table.

Supervisor Christopher, seconded by Supervisor McCarty, moved that the legislation be tabled.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Lewis, McCarty, Mead—6.

Noes: Supervisors Halley, Mancuso—2.

Absent: Supervisors Dobbs, McAteer, Sullivan—3.

Adopted.

Approving Amendment to the Municipal Railway Schedule of Fares to Provide for a Five-cent Special Shopper's Fare in the Downtown Area of San Francisco.

File No. 9145-3, Resolution No. 13604 (Series of 1939).

Motion to Pass.

Supervisor Lewis, seconded by Supervisor Ferdon, moved adoption.

Explanation of Vote Required.

The Chair explained that four affirmative votes would be required to approve the legislation and eight negative votes to disapprove.

Explanation of Vote.

Supervisor Mancuso stated that he was going to vote against the legislation because of the belief that the Board would be adopting a schedule without proper information; that he believed that it would create a deficit budget and would required eight votes to approve.

Motion to Rescind Action.

Supervisor Ferdon, seconded by Supervisor Halley, moved that the Board rescind its action by which it tabled the legislation relating to a determination as to the financial effect of the amendment to the Municipal Railway Schedule of Fares.

Explanation of Vote.

Supervisor Christopher explained that he was going to vote against the motion because the statements made by the Controller were not evidence.

Request to Withdraw Motion.

Supervisor Ferdon requested permission to withdraw his motion.

No objection and motion withdrawn.

Adoption.

Adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Halley, Lewis, McCarty, Mead—7.

No: Supervisor Mancuso—1.

Absent: Supervisors Dobbs, McAteer, Sullivan—3.

Request for Legal Opinion.

Supervisor Halley requested that a communication be directed to the City Attorney asking him for an opinion as to whether or not, in view of the fact that the Public Utilities Commission did not submit to the Board, in support of the proposed amendment to the Municipal Railway schedule of fares to provide for a Shopper's Special fare in the downtown area of San Francisco, any data upon which said rate is based and a report of the anticipated effect of said schedule upon the budget of the Municipal Railway for the current (1953-54) fiscal year, the Board should have enacted legislation making a finding that there would be no deficit before approving the proposed amendment to said schedule of fares.

No objection and request granted.

Supervisor McCarty inquired of Mr. Thomson as to whether or not the Commission would abandon the line after 60 days if it was not successful.

Mr. Thomson answered that he believed that if the line did not produce revenue desired then the Commission would abandon it.

Supervisor McCarty requested Mr. Thomson to inform the Commission that the Public Utilities Committee was desirous of the Commission's sitting down with people from downtown to provide the most efficient route.

Discussion.

Supervisor Dobbs remarked that he had not had the opportunity of discussing the legislation at the previous meeting because he was ill, but he believed that the increase was due to two good reasons, viz., the salary standardization ordinance and the budget of the San Francisco Unified School District.

Request to Be Excused from Voting.

Supervisor McAteer requested permission to be excused from voting on the legislation on the grounds that he did not have any background on it and therefore could not vote intelligently.

Supervisor Ferdon, seconded by Supervisor Dobbs, moved that Supervisor McAteer be excused from voting.

Discussion.

Supervisor Mancuso stated that he was opposed to excusing any member of the Board from voting on the tax rate ordinance, because it was his duty and responsibility to vote, and that Supervisor McAteer had assumed the duty and responsibility of voting.

Supervisor Ferdon remarked that he believed that the Board should, as a courtesy, excuse Supervisor McAteer from voting.

Supervisor Mancuso said that the fixing of the tax rate was merely an administrative act because the Board did not arrive at the rate but that it was figured out by the Controller. Supervisor Mancuso continued that if any Supervisor was excused from voting, he would vote against the legislation.

Supervisor McAteer explained that since he had been on the Board for only four months he did not know why the tax rate had gone up \$0.60, and if he were not excused he would not vote one way or the other.

File No. 10715.

August 24, 1953—Consideration continued to August 31, 1953.

Motion to Submit.

Supervisor Mancuso, seconded by Supervisor Christopher, moved submission.

Discussion.

Supervisor Ferdon explained that he had opposed the matter in committee on the grounds that he had not been able to receive a satisfactory answer from the representatives of the Public Utilities Commission as to whether they were in favor of, or opposed to the charter amendment.

Motion to Rerefer.

Supervisor Arnold, seconded by Supervisor Ferdon, moved that the legislation be rereferred to Judiciary Committee.

Discussion.

Supervisor Mancuso inquired of the Registrar of Voters as to the last day for submitting charter amendments.

Mr. Toomey replied that the Board had until September 8th to act on matters to be placed on the November ballot.

Supervisor Mancuso stated that he believed that the charter amendment should be voted on at this meeting; and that the representatives

of the Public Utilities Commission should be sent for to explain their feelings in the matter.

Supervisor Arnold replied that the legislation should be returned to committee to permit representatives from the various labor unions to present their side.

The Chair inquired of the Judiciary Committee members if they would have the legislation back before the Board at its next meeting.

Supervisor Ferdon remarked that he would not guarantee that the legislation would be back for next week's meeting.

Supervisor McCarty explained that he was convinced that there were a lot of ramifications that would need a great deal of study and that the Judiciary Committee should be given every opportunity to study the matter.

Supervisor Christopher stated that he believed that the Board should hear from a representative of the Public Utilities Commission.

The Chair inquired if the Board would like to hear from Mr. Thomas Irwin of the Public Utilities Commission.

Supervisor Ferdon explained that he would oppose the privilege of the floor for any representative of the Public Utilities Commission, except Mr. Turner.

Supervisor Christopher replied that the Rules of Order provided that Mr. Irwin could be questioned by the members of the Board and he would be privileged to answer.

Supervisor Ferdon requested the Chair to rule on the matter.

The Chair ruled that Mr. Irwin could answer.

Supervisor Christopher inquired as to whether or not the Public Utilities Commission had given any consideration to the charter amendment.

Mr. Irwin replied that the Public Utilities Commission had not taken any action on the charter amendment and that he was not authorized to speak for Mr. Turner.

Supervisor Christopher requested Mr. Irwin to inform the Commission that it was his opinion that the Commission had been derelict in the matter because over the past years the Commission had made statements that one of the things that had hampered the Municipal Railway was the dual union setup.

Supervisor Lewis stated that he would vote against the motion to send the matter back to committee because it had had a thorough hearing at the last committee meeting.

Communications.

The Clerk presented communications from the Civil Service Commission, Down Town Association, Civil Service Association of San Francisco and the San Francisco Municipal Conference expressing opposition to the proposed charter amendment.

Calling and Providing for a Special Election to Be Held in the City and County of San Francisco on Tuesday, November 3, 1953, for the Purpose of Submitting to the Voters of the City and County of San Francisco a Proposition to Incur a Bonded Debt of the City and County to the Amount of \$3,275,000 for the Acquisition, Construction and Completion by the City and County of San Francisco of the Following Municipal Improvement, To Wit: An Exhibit Hall, Consisting of a Main Floor and Roof Under the Surface of the Southerly One-half of the Civic Center Plaza, With Access Under Grove Street to the Civic Auditorium, With All Other Works, Property, or Structures Necessary or Convenient for an Exhibit Hall, Including the Relocation of Utilities, All Within the City and County of San Francisco, and That the Estimated Cost to the City and County of San Francisco for Said Municipal Improvement Is and Will Be Too Great to Be Paid Out of the Ordinary Annual Income and Revenue of the City and County of San Francisco and Will Require an Expenditure Greater Than the Amount Allowed Therefor by the Annual Tax Levy; All in Order to Do and Perform Any and All of the Matters Hereinabove Referred to for the Acquisition, Construction and Completion of an Exhibit Hall, Including the Relocation of Utilities, All Within the City and County; Fixing Rate of Interest of Said Bonds and Providing for the Levy and Collection of Taxes to Pay Both Principal and Interest Thereof, Prescribing Notice to Be Given of Such Election and Consolidating the Special Election With the General Municipal Election.

File No. 3551-5, Ordinance No. (Series of 1939).

Discussion.

Mr. Holm, City Attorney, explained that the Civic Center Plaza was not a privately deeded park so it did not have to be given a very strict interpretation of Section 42 of the Charter; and inasmuch as various court decisions had held that recreational structures could be constructed in park areas, the construction of an exhibit hall below the surface of the park would be a proper use of the park.

Supervisor Arnold inquired if the building would be under the control of the Recreation and Park Commission.

Mr. Holm replied that that had not been given any thought, but that it could be considered after the structure is completed.

Passed for Second Reading by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, Mead—10.

Absent: Supervisor Sullivan—1.

File No. 9693-4, Ordinance No. . . . (Series of 1939).

Discussion.

Supervisor Ferdon explained that he would vote against the bond issue because he was opposed to the separation of the two proposals for the Municipal Railway.

Supervisor Mancuso explained that he was going to vote against the bond issue because he believed that the people should have the opportunity of voting on a separate commission for the operation of the Municipal Railway.

Supervisor Mancuso requested that when the Registrar of Voters submitted the pamphlets to the people a statement be included to the effect that the bond issue was submitted by a vote of the Board but that it was not a unanimous vote.

The Clerk informed the Supervisor that the vote by "ayes" and "noes" was shown in the ballot pamphlet.

File No. 9693-5, Ordinance No. . . . (Series of 1939).

Refused Passage for Second Reading by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Halley, McAteer, McCarty, Mead—7.

Noes: Supervisors Ferdon, Lewis, Mancuso—3.

Absent: Supervisor Sullivan—1.

Motion to Rescind.

Supervisor Dobbs, seconded by Supervisor McCarty, moved that the Board rescind its action by which it refused to pass the foregoing for second reading.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, Mead—10.

Absent: Supervisor Sullivan—1.

Motion to Continue Consideration.

Supervisor Dobbs, seconded by Supervisor Halley, moved that consideration be continued for one week.

Discussion.

Supervisor McCarty stated that Supervisor Sullivan was in favor of the legislation and if he had been present he would have voted for it and for that reason he believed that one of the Supervisors who had voted against the legislation should change his vote.

Request to Withdraw Motion.

Supervisor Dobbs requested permission to withdraw his motion to postpone consideration.

No objection and request *granted*.

Discussion.

Supervisor Lewis stated that he was opposed to submitting the bond issue to the people because he did not believe that the Public Utilities Commission should propose to tear up any of the remaining street car tracks.

Supervisor Christopher said that he believed that one of the Supervisors should change his vote because when the bond issue went to the people it would require a two-thirds vote to carry.

Supervisor Lewis explained that he would vote for the matter on the condition that there would appear on the printed matter sent to the people a statement that the submission of the matter did not necessarily reflect the feeling of the Supervisors, and also that the Board submit his recommendation against the bond issue.

Supervisor Mancuso suggested that the Board consider the calendar in its proper order.

The Chair ruled that the Board would take up the various matters as they appeared on the calendar.

Refused Submission.

The following, called from Joint Judiciary and Public Utilities Committee by Supervisor Mancuso, heretofore considered, was taken up:

Charter Amendment—Adding Sections 133.1—133.4, to Provide for Creation of a San Francisco Municipal Railway Commission.

File No. 10105.

August 24, 1953—Consideration continued to August 31, 1953.

Motion to Submit.

Supervisor Mancuso, seconded by Supervisor Christopher, moved submission.

Discussion.

Motion to Amend.

Supervisor Mancuso, seconded by Supervisor McAteer, moved that starting on the second line delete the following "one of whom must be a labor man,".

Supervisor Halley Presiding.

Supervisor Mead relinquished the chair to Supervisor Halley.

Substitute Motion.

Supervisor Mead, seconded by Supervisor McAteer, moved as a substitute that the words "labor man" be deleted and the words "labor official" be substituted.

Discussion.

Supervisor Ferdon requested the Clerk to read the communication previously sent by the City Attorney on the point in question.

The Clerk read that portion of the communication wherein the City Attorney recommended that the following be substituted for the words "labor man", "... one of whom must be, at the time of his appointment, connected with a union in organized labor, either as a member thereof or as an official ..."

The Chair suggested that Supervisor Mead use the proposed language.

Substitute Motion.

Supervisor Mead accepted the suggestion and accordingly moved, seconded by Supervisor McAteer, that the words "a labor man" be deleted and the following language be added, "at the time of his appointment, connected with a union in organized labor, either as a member thereof or as an official".

Discussion.

Supervisor Dobbs in explaining his vote stated that he was going to vote against the motion because he believed that the charter amendment should be rereferred to committee for further study.

Substitute motion *defeated* by the following vote:

Ayes: Supervisors Arnold, Mancuso, McAteer, Mead—4.

Noes: Supervisors Christopher, Dobbs, Ferdon, Halley, Lewis, McCarty—6.

Absent: Supervisor Sullivan—1.

Supervisor Mead Presiding.

Supervisor Mead again presiding.

Communications.

The Clerk presented communications from the San Francisco Municipal Conference and the Down Town Association expressing opposition to the proposed charter amendment.

Ordered *filed*.

Motion to Amend Carried.

Original motion to amend *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Lewis, Mancuso, McAteer, Mead—6.

Noes: Supervisors Dobbs, Ferdon, Halley, McCarty—4.

Absent: Supervisor Sullivan—1.

Discussion.

Supervisor Mancuso explained that he had presented the charter amendment in the belief that the Municipal Railway should be removed from the Public Utilities Commission because with the duty of operating the rest of the utilities they could not do a good job on the Municipal Railway.

Supervisor McCarty inquired as to the provision that the Commission should not be able to succeed itself.

Supervisor Mancuso explained that that feature of the amendment had been taken from the Seattle Transit Authority.

Supervisor Christopher remarked that he would vote for the charter amendment provided it could be amended to place it in proper order.

Motion to Amend.

Supervisor Christopher, seconded by Supervisor Mancuso, moved that on the first page, second from last line, after the word "Supervisors" change the comma to a period and delete the following "provided, however, that no commissioner shall be eligible to succeed himself."

Motion *defeated* by the following vote:

Ayes: Supervisors Arnold, Christopher, Mancuso, McAteer, Mead—5.

Noes: Supervisors Dobbs, Ferdon, Halley, Lewis, McCarty—5.

Absent: Supervisor Sullivan—1.

Supervisor Christopher, seconded by Supervisor Mancuso, moved that on the first page, in the last line, delete the following "serve without compensation" and substitute the following "receive the sum of one hundred dollars per month".

Motion *defeated* by the following vote:

Ayes: Supervisors Arnold, Christopher, Mancuso—3.

Noes: Supervisors Dobbs, Ferdon, Halley, Lewis, McAteer, McCarty, Mead—7.

Absent: Supervisor Sullivan—1.

Supervisor Christopher, seconded by Supervisor Mancuso, moved that in Section 133.3, second line, after the word "Railway" insert a period and delete the following, "whose appointment shall be subject to approval by a vote of two-thirds of the members of the board of supervisors, and who shall have the management of the San Francisco Municipal Railway".

Refused Passage for Second Reading.

Motion to Take Up Out of Order.

Supervisor Lewis, seconded by Supervisor Dobbs, moved that the Board take up the following out of order.

No objection and motion *carried*.

Calling Special Election for \$2,749,000 Extension and Improvement of the Municipal Railway Bond Issue.

File No. 9693-5, Ordinance No. . . . (Series of 1939).

Discussion.

Supervisor Lewis inquired of the Registrar as to whether or not the Board could direct him to place in the ballot pamphlet words to the effect that the "aye" vote of the individual Supervisors recited did not necessarily mean they favored the charter amendments they submitted to the people.

Mr. Toomey replied that he believed the Board could incorporate the language in the ballot argument.

Supervisor Lewis stated that it should be included and moved, seconded by Supervisor Christopher, that there be inserted in the ballot pamphlet a statement that the "aye" vote of the individual Supervisors recited does not necessarily mean they favor the bond issue which they voted to submit to the people.

Supervisor McCarty inquired of the City Attorney as to whether or not when a Supervisor voted to submit a matter to the people that the Supervisor was in favor of it.

Mr. Ward replied that he could not answer the question but that it seemed to him that when a Supervisor voted for a proposition he was in favor of it and when he voted against a proposition he was opposed to it.

Supervisor Arnold asked the City Attorney if the vote was first for the submission to the people and not whether the Supervisor was in favor of the matter.

The Chair pointed out that for the past many years Supervisors have voted to submit matter to the people and then campaign against it.

Supervisor McCarty stated that he would vote for the motion because he believed it stated the truth.

Supervisor McAteer inquired if it was to be included as a preface to each charter amendment and bond issue submitted to the people and, if so, suggested that the motion be amended to incorporate a preface in the pamphlet sent to the people.

Mr. Ward informed the Board that if the motion was to be a qualified motion for calling a special election he doubted that it could be done.

Substitute Motion.

Supervisor Dobbs, seconded by Supervisor Mancuso, moved that the two bond issues for the Municipal Railway be consolidated.

The Chair inquired from the City Attorney as to whether such action could be taken.

Mr. Ward replied that the Board would have to go back and reword the resolution of necessity to consolidate the bond issues.

Supervisor Dobbs suggested that the Board contact the bond attorneys to determine whether or not the proposals could be consolidated.

Mr. Toomey stated that the resolution of necessity was presented to the bonding attorneys and before an issue could be consolidated they would have to be presented to the bonding attorney for report.

The Chair ruled the substitute motion out of order.

Substitute Motion.

Supervisor Lewis, seconded by Supervisor Christopher, moved as a substitute to his original motion, that there be inserted in the ballot pamphlet a statement that the "aye" vote of the individual Supervisors recited does not necessarily mean they favor the bond issues and charter amendments which they have voted to submit to the people.

Discussion.

Supervisor McCarty stated that he believed that since the resolution of intention declared the necessity for the issue then the vote on the calling of the special election meant the way a Supervisor voted.

Request to Withdraw Second.

Supervisor Christopher requested permission to withdraw his second.

No objection and request *granted*.

There being no other second to the foregoing motion the Chair ruled it *lost for the want of a second*.

Refused Passage for Second Reading.

Refused passage for second reading by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Halley, McAteer, McCarty, Mead—7.

Noes: Supervisors Ferdon, Lewis, Mancuso—3.

Absent: Supervisor Sullivan—1.

File No. 10847.

August 24, 1953—Consideration continued to August 31, 1953.

Communication.

The Clerk presented a communication from the City Attorney stating that he had been informed that the Police Department would shortly request an opinion on the matter and that he would prefer to await their request before writing his opinion.

Ordered *filed*.

Motion to Rerefer.

Supervisor Ferdon, seconded by Supervisor McCarty, moved that the matter be rereferred to Police Committee.

Discussion.

Supervisor Mancuso stated that he believed that the motion should be ruled out of order because when a matter was called out of committee the Board should decide the issue one way or the other and not rerefer it to committee.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Halley, Lewis, Mancuso, McAteer, Mead—8.

Absent: Supervisors Dobbs, McCarty, Sullivan—3.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

TUESDAY, SEPTEMBER 8, 1953—2:00 P. M.

In meeting of Board of Supervisors, San Francisco, Tuesday, September 8, 1953, 2:00 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Christopher, Dobbs, Halley, Lewis, Mancuso, McAteer, McCarty, Mead, Sullivan—9.

Absent: Supervisors Arnold, Ferdon—2.

Quorum present.

President Dewey Mead presiding.

Supervisor Arnold on authorized leave.

Supervisor Ferdon excused from attendance. (See below.)

Supervisor Ferdon Excused.

The President was informed by the Clerk that Supervisor Ferdon had left word that he be excused due to a court appearance.

There being no objection, Supervisor Ferdon was excused.

APPROVAL OF JOURNAL.

The Journal of Proceedings for Monday, August 24, 1953, was considered read and approved.

Communication.

The Clerk read a communication from the Rev. James D. O'Shea, Chairman of the Fair Rent Committee, in which the case of Mrs. Pleas Brapton was presented.

Referred to the Public Health and Welfare Committee.

Legislation Considered Out of Order.

Suspension of the Rules.

Supervisor Halley moved the suspension of the rules, seconded by Supervisor Sullivan, for the purpose of considering the following recommendation of the Judiciary Committee out of order.

No objection and motion *carried*.

Present: Supervisors Dobbs, Ferdon, Lewis.

Consideration Temporarily Postponed.

Assigning Alphabetical Designations to Local Propositions on the Ballot for the Election of November 3, 1953.

File No. 10926, Resolution No. 13680 (Series of 1939).

Statement by Supervisor Halley—Motion to Table.

Supervisor Halley stated that he had been informed by the City Attorney's office that the designation of ballot measures was purely an administrative function and therefore outside the purview of the Board of Supervisors, and moved that the measure be tabled.

Consideration of the measure was *temporarily postponed* pending Board action on the remainder of the recommendations of the Judiciary Committee.

Suspension of the Rules.

Supervisor McAteer moved the suspension of the rules, seconded by Supervisor Christopher, for the purpose of discussing action of the Board in adopting a resolution at its last regular meeting relative to the endorsement of proposed effort to amend initiative measure to increase the garbage rates.

No objection and motion *carried*.

Supervisor McAteer explained that it was his understanding that it was unusual for the Board to endorse matters of such a controversial nature, and thereupon moved, seconded by Supervisor Christopher, that the Board rescind its action whereby it had, at its last regular meeting, adopted Resolution No. 13664 (Series of 1939), entitled "Endorsing amendment to initiative ordinance on garbage collection."

Supervisor Christopher agreed with the premise expressed, that insufficient discussion had been given the measure, and that it should be given an exhaustive committee hearing, and thus give all persons interested ample opportunity to express their views.

Supervisor Mancuso denied that the Board acted hastily last week in approving the endorsement of the initiative garbage measure to provide an increase in rates, and stated that the garbage industry is entitled to the consideration which the Board had accorded it. He believed that it would be unwise for the Board to rescind its previous action.

Supervisor McCarty expressed the opinion that since there is considerable time before election day and since two members of the Board desired to have a hearing on the matter, he would extend a courtesy vote for rescission. He explained that he did not vote hastily last week but in view of existing circumstances, he would vote for rescission.

Supervisor Christopher likewise stated he did not vote hastily on the measure but since there are large taxpaying and citizen groups who may feel they have been deprived of the opportunity of expressing themselves on the matter, and that if such a hearing is not held, the measure may be jeopardized, he would vote for rescission.

Supervisor Dobbs stated that he had given the measure proper consideration but that he would go along on rescission.

Call of the Board.

On motion by Supervisor Dobbs, seconded by Supervisor Mancuso, a call of the Board was *approved* by the following vote:

Ayes: Supervisors Christopher, Dobbs, Halley, Mancuso, McAteer, McCarty—6.

Noes: Supervisors Lewis, Mead—2.

Absent: Supervisors Arnold, Ferdon, Sullivan—3.

Request for Permission to Refrain from Voting.

Supervisor Sullivan stated that since he was not present when the measure on which the Board proposed to rescind its action, was acted upon, he asked that he be excused from voting.

Supervisor Mancuso objected to the request of Supervisor Sullivan.

Motion.

Supervisor McCarty moved, seconded by Supervisor McAteer, that Supervisor Sullivan be excused from voting, since he was not present when the measure was voted upon at the Board's last regular meeting.

Supervisor Christopher expressed the opinion that of late there have been altogether too many requests for permission to abstain from voting.

The President informed the Supervisor that, personally, he had no right to excuse anyone; he was merely being guided by the wishes of the members of the Board.

Supervisor Christopher declared that if the practice continues of excusing a Supervisor on such a flimsy excuse as has been offered today, a dangerous precedent would be set. It was his opinion that in the past, excuse to abstain from voting was granted only in those cases where a Supervisor was directly or indirectly concerned with the measure at hand. To excuse Supervisor Sullivan on voting on the pending issue, which he believed was based on purely political considerations, would constitute a dangerous practice and would be in violation of a Supervisors' responsibility to his constituents.

Request for City Attorney's Opinion.

Supervisor Christopher thereupon asked the Clerk of the Board to obtain an opinion from the City Attorney as to the grounds on which any member may be excused from voting.

Supervisor Sullivan explained that he was not being pressured into abstaining from voting; he had voted in the past on major measures and his vote had decided many an important issue; he was not afraid to vote on the pending one but he felt that since he was not present at the Board's last regular meeting when the measure was approved, he should not be compelled to vote on rescission.

Point of Order.

Supervisor Mancuso rose to a point of order and inquired of the President if, in order to circumvent the provisions of Rule 24 of the Board's Rules of Order relating to voting, it was not necessary to first move the suspension of the rules by at least eight votes, and then vote on the motion to excuse Supervisor Sullivan from voting.

The President ruled the point of order well taken and declared the pending motion to excuse Supervisor Sullivan from voting, out of order.

Suspension of the Rules.

Supervisor McCarty thereupon moved the suspension of the rules for the purpose of permitting Supervisor Sullivan to abstain from voting. Motion seconded by Supervisor Sullivan.

Supervisor Christopher stated that if Supervisor Sullivan could offer a more plausible reason that he has for wanting to be excused from voting, he would go along with the motion.

The roll was thereupon called on the motion to suspend the rules and it lost by the following vote:

Ayes: Supervisors Dobbs, Halley, Lewis, McAteer, McCarty, Mead, Sullivan—7.

Noes: Supervisors Christopher, Mancuso—2.

Absent: Supervisors Arnold, Ferdon—2.

Vote on Rescission.

The roll was then called on the motion to rescind the Board's previous action in adopting Resolution No. 13664 (Series of 1939) at the last regular meeting of the Board, and entitled "Endorsing

amendment to initiative ordinance on garbage collection," and it carried by the following vote:

Ayes: Supervisors Christopher, Dobbs, Halley, Lewis, McAteer, McCarty, Mead, Sullivan—8.

No: Supervisor Mancuso—1.

Absent: Supervisors Arnold, Ferdon—2.

Motion to Refer to Proper Committee.

Supervisor McAteer moved, seconded by Supervisor Dobbs, that the pending measure be now referred to the proper committee for hearing.

Motion carried by the following vote:

Ayes: Supervisors Christopher, Dobbs, Halley, Lewis, McAteer, McCarty, Mead, Sullivan—8.

No: Supervisor Mancuso—1.

Absent: Supervisors Arnold, Ferdon—2.

Referred to the Public Health and Welfare Committee.

Suspension of the Rules.

Supervisor Mead moved, seconded by Supervisor Christopher, that the rules be suspended for the purpose of considering the following measure out of order.

No objection and motion carried.

Adopted.

File No. 10701, Resolution No. 13669 (Series of 1939).

Re-reference to Committee.

No objection and motion *carried*.

Re-referred to Judiciary Committee.

Legislation Considered Out of Order.

Supervisor Halley suggested that the rules be suspended for the purpose of considering the proposed charter amendment, now reposing in the Judiciary Committee, relating to curtailment or discontinuance of fireboat operation. Supervisor Halley stated he was anxious to take every possible step to assure the men involved that when the fireboat operation ceased, they could be employed elsewhere in the Fire Department.

Motion to Call Measure from Committee.

Supervisor McCarty accordingly moved, seconded by Supervisor Halley, that the proposed charter amendment, identified by File No. 10765, relating to the curtailment or discontinuance of fireboat operation, be called from the Judiciary Committee.

Suspension of the Rules.

It was pointed out that the proper procedure would be to move suspension of the rules. Accordingly, Supervisor McCarty moved, seconded by Supervisor Halley, that the rules be suspended for the purpose of calling the aforementioned charter amendment from committee.

Query.

Supervisor Halley asked Mr. Albert of the Civil Service Commission if, in the event the city should cease its participation in waterfront fireboat operation, the Civil Service Commission would procure other jobs for the men displaced. Mr. Albert replied that a charter amendment would have to be submitted to achieve the desired results.

Explanation of Section of Legislative Procedure Ordinance.

The Clerk of the Board called the Board's attention to the provision of Section 8 of the Legislative Procedure Ordinance, wherein it states that *unless otherwise authorized or directed by the Board*, any member of the Board may call a matter from committee, provided such measure had been in committee for more than 30 days.

In view of the above language, Supervisor McCarty withdrew his motion to suspend the rules, there being no objection, and thereupon moved, seconded by Supervisor Halley, that the aforementioned charter amendment be immediately called from committee for the purpose of consideration.

Motion *carried* by the following vote:

Ayes: Supervisors Christopher, Halley, Lewis, McAteer, McCarty, Mead, Sullivan—7.

Supervisor Lewis Excused.

Supervisor Lewis asked to be excused.

No objection and Supervisor Lewis was *excused* at 5:40 p. m.

Privilege of the Floor.

Supervisor McAteer moved the privilege of the floor to Robert Callahan of the Fire Department.

Mr. Callahan informed the Board that the present measure, now being considered, had been discussed with the City Attorney's office, members of the Fire Commission and with the Civil Service Commission. The measure would have been before the Board sooner but that it had been held up because of the death of two members of the Fire Commission. The measure as it stands has been officially approved by both the Chief of Department and the Fire Commission.

The privilege of the floor was likewise extended to Ira G. Thompson of the Retirement System, who explained that while he had seen the draft of the substitute charter amendment he had not studied it. He expressed the belief that if the men involved came under provisions of Section 171.1 of the Charter, no complexities would ensue.

Mr. Callahan expressed the opinion that all of the personnel involved, with the exception of one, would come under Section 171.1 of the Charter.

Supervisors McAteer and Mancuso stated they would vote for the amendment.

The roll was thereupon called and the pending charter amendment was *ordered submitted* by the following vote:

Ayes: Supervisors Christopher, Halley, Mancuso, McAteer, McCarty, Mead, Sullivan—7.

No: Supervisor Dobbs—1.

Absent: Supervisors Arnold, Ferdon, Lewis—3.

Adopted.

Resumption of Consideration of File No. 10926 Entitled "Assigning Alphabetical Designations to Local Propositions on the Ballot for the Election of November 3, 1953."

Deputy City Attorney Thomas Blanchard read a portion of Section 173 of the Charter relating to the duties of the Registrar of Voters and observed that designation of ballot measures is a proper function of said officer.

Supervisor Halley inquired of Mr. Thomas Toomey, Registrar of Voters, if it was his understanding that the power of designating ballot measures was his, and that the Board had no such power. Mr. Toomey replied that the Board had handled such designations in the past and if it does not intend to follow such procedure, the Registrar would, naturally, take over.

Supervisor Dobbs said that his committee felt that designations should and have been assigned in order of submission of propositions.

Supervisor Mancuso declared that the Clerk of the Board had designated ballot measures in the past and even if the Board agreed with the premise of the City Attorney, it still had the right to make known its desires to the Registrar.

Supervisor Halley asked Deputy City Attorney Blanchard if Section 22 of the Charter would be involved by the action of the Board in designating the ballot measures. Mr. Blanchard replied that since the Registrar had stated that the Board had handled the matter in the past, and he has no objection to continuing that procedure, there would be no violation of Section 22.

Supervisor McCarty stated he felt the Registrar would continue to take the recommendations of the Board with respect to ballot measure designations and that this procedure should continue.

Amendments.

Supervisor Dobbs moved, seconded by Supervisor Mancuso, that the pending measure be amended by substituting in place of Proposition "L" relating to Section 36, hours of duty of members of the Fire Department, the following: "Charter Amendment relative to curtailment or discontinuance of fireboat operation."

No objection and motion *carried*.

Communication.

Supervisor Halley read a communication which he had received from Ben Swig and Lloyd Graybiel representing a bond committee to support the passage of the Municipal Railway rehabilitation bond issues, advising that such bond issues had been designated as "Propositions A and B."

The Supervisor accordingly moved, seconded by Supervisor Mancuso, that Proposition "C" shall become Proposition "A" and Proposition "A" shall become Proposition "C."

The roll was thereupon called on the proposed amendment and it *carried* by the following vote:

Ayes: Supervisors Christopher, Halley, Mancuso, McCarty, Sullivan—5.

Noes: Supervisors Dobbs, McAteer, Mead—3.

Absent: Supervisors Arnold, Ferdon, Lewis—3.

The roll was then called on the measure as amended and it was *adopted* by the following vote:

Ayes: Supervisors Christopher, Halley, Mancuso, McCarty, Mead, Sullivan—6.

Noes: Supervisors Dobbs, McAteer—2.

Absent: Supervisors Arnold, Ferdon, Lewis—3.

Adopted.

(For personal injuries and property damage due to alleged defective condition of traffic signals.)

Discussion.

Supervisor Lewis inquired of Mr. Smith, Superintendent of Plant, Department of Electricity, as to the reason for failure of signals.

Mr. Smith explained that the Wiley type signal was a mechanical signal and failure could be caused by breakdown of cable or circuit or a defect in the signal itself; that such failures were usually reported by policemen, railway personnel or other persons who notice the failure, but that such report might not be made for two or three hours after the failure.

Mr. Smith continued that there was no device on the Wiley signals to give an indication of signal failure.

Supervisor Lewis, seconded by Supervisor Arnold, moved that the Department of Electricity immediately check to determine whether or not there is some device that can be installed on the Wiley type signal that would relay a warning to the Control Room at the Central Fire Alarm Station so that the operators would know immediately that one of the traffic signals had failed.

Discussion.

Supervisor McAteer inquired of the Chair as to whether or not the Board could act by motion.

The Chair informed the Supervisor that action could be taken by motion, in the absence of objection to such mode of procedure.

Supervisor McAteer stated that he would like to have an opinion from the City Attorney as to whether the Board could act by motion.

Mr. Blanchard, Deputy City Attorney, explained that in the particular situation before the Board it did not make any difference whether action was by motion or resolution because the action was purely a parliamentary action and not an action as contemplated under Section 13 of the Charter.

Supervisor McAteer requested that the City Attorney render his written opinion as to the circumstances in which the Board of Supervisors could act by motion, in view of the provision contained in Section 13 of the Charter that "Action by the Board of Supervisors shall be by ordinance or resolution in writing introduced by a member or by a committee of said Board and passed and adopted by a majority of all the members of the Board at each reading," and a general expression as to what constituted a "legislative act" which Section 13 directs be accomplished by ordinance.

Privilege of the Floor.

The privilege of the floor was extended to Captain A. M. Cohan, Executive Secretary of the San Francisco Rapid Transit Commission, who informed the Board that all of the interested counties, with the exception of the City and County of San Francisco, had already appropriated their respective shares of the cost of a rapid transit survey.

Motion Adopted.

The roll was thereupon called on the pending motion, and it was adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, McAteer, McCarty, Mead, Sullivan—10.

Absent: Supervisor Mancuso—1.

Report by N. Loyall McLaren on Efforts to Secure Major League Baseball Franchise for San Francisco.

The privilege of the floor was extended to N. Loyall McLaren, who was appointed as the city's representative to attempt to bring big league baseball to San Francisco. Mr. McLaren orally reported on his activities, and concluded by saying that the matter should be handled on a non-political basis and that the Mayor should be requested to appoint a suitable Citizens' Committee to follow the matter through.

Motion.

Supervisor Christopher accordingly moved, seconded by Supervisor Halley, that the Mayor be and he is hereby requested to appoint a Citizens' Committee which shall carry on with the program undertaken by Mr. N. Loyall McLaren, looking to the location of a major league baseball franchise in San Francisco.

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, McAteer, McCarty, Mead, Sullivan—10.

Absent: Supervisor Mancuso—1.

September 28, 1953—Consideration continued to October 5, 1953.

Motion to Defer Consideration.

Supervisor McCarty moved, seconded by Supervisor Arnold, that consideration of the foregoing matter be continued for one week.

Supervisor Lewis decried the necessity of having people appear in the Chambers week after week and then having to tell them that consideration was being postponed for another week. It was unfair, Supervisor Lewis concluded, and he intended to see that steps are taken to correct this injustice.

The roll was thereupon called and the motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, McAteer, McCarty, Mead, Sullivan—9.

No: Supervisor Lewis—1.

Absent: Supervisor Mancuso—1.

File No. 10916-2, Resolution No. . . . (Series of 1939).

September 28, 1953—Consideration continued to October 5, 1953.

Consideration continued one week.

Legislation Taken Up Out of Order.

There being no objection, the privilege of the floor was extended to City Attorney Dion R. Holm, who informed the Board that he had received a communication from the Navy Department asking that the Board make its position known immediately insofar as it relates to the Navy Department's intention to provide seaplane facilities which would entail a curvature in the heretofore proposed straight line Bay crossing from Army Street to Bay Farm Island in Alameda County. The City Attorney recommended that the Board go on record as accepting the Navy's offer.

To a query advanced by Supervisor McCarty, Mr. Holm stated that the original estimated cost of the Army Street crossing in 1947 amounted to some \$178,000,000 but that it would be necessary to add 20 per cent to account for increased costs since that time.

Motion.

Supervisor McCarty moved, seconded by Supervisor Arnold, that the proper city officials be empowered to state that San Francisco's position with respect to the Army Street crossing is in consonance with the demands outlined by the City Attorney.

The Chief Administrative Officer was called upon to comment and he stated that since the California Toll Bridge Authority had made the original application for a straight line crossing, he considered it quite pertinent to determine if the Authority's engineers were inclined to see eye to eye with the recommendations of the Navy Department.

Supervisor McCarty asked Mr. Brooks whether the city, in view of the situation in which it now finds itself with respect to policy, should immediately take steps to inform the Army Engineers that it will comply with the requirements outlined by the Navy Department.

Mr. Brooks replied that the city should first determine whether the California Toll Bridge Authority is willing to modify its permit requirements.

Supervisor Christopher suggested that the Mayor be sent for and that his position be made known.

Consideration Temporarily Postponed.

There being no objection, consideration of the pending matter was *temporarily postponed* pending the arrival of the Mayor.

Consideration of Legislation Out of Order.

Suspension of Rules.

Supervisor Arnold moved, seconded by Supervisor Sullivan, that the rules be suspended for the purpose of considering the following recommendation of the Finance Committee, after amendment, out of order.

No objection and motion *carried*.

Present: Supervisors Arnold, Christopher, McCarty.

Appropriating \$18,944, City Attorney, from the Emergency Reserve Fund, for Temporary Salaries, Contractual Services, Materials and Supplies, Fees and Special Compensations Required in Opposing the Application of the Pacific Telephone and Telegraph Company to the State Public Utilities Commission for Increases in Rates; an Emergency Measure.

File No. 10924, Ordinance No. 8204 (Series of 1939).

(Temporary Salaries	\$8,820
Contractual Services	4,924
Materials and Supplies	200
Fees and Special Compensations	5,000)

Proposed amendments are as follows:

1. Substitute words "for intervention in" for words "in opposing."
2. Delete appropriation of \$5,000 for fees and special compensation, and amend title of measure to reflect change. (Supervisor Arnold dissenting.)

Amendment.

Supervisor McCarty moved adoption of Amendment No. 2. Motion seconded by Supervisor Christopher.

Supervisor Arnold voiced objection, contending that the funds were necessary in order to effectively intervene in the application of the telephone company. If the application were granted, it would mean that an additional three and a half million dollars must be provided by the residents of the city.

Mr. Dion R. Holm, City Attorney, stated that Los Angeles has ten rate engineers and three attorneys for the job; San Francisco has but one. If the application is granted, the telephone company will receive a \$47,500,000 increase for the entire state of California, with San Francisco taxpayers being assessed some three and one-half million dollars. The company is entitled to an increase, but a fair rate of return has been determined to be 5.6 per cent, rather than 7.5 per cent.

Supervisor Dobbs supported the stand taken by Supervisor Arnold, while Supervisor Lewis maintained that there were sufficient rate experts employed by the State Public Utilities Commission to see that a fair return was forthcoming, without the necessity of providing our own expert.

The roll was thereupon called and Amendment No. 2 was *defeated* by the following vote:

Ayes: Supervisors Christopher, Lewis, McCarty, Mead—4.

Noes: Supervisors Arnold, Dobbs, Ferdon, Halley, McAteer, Sullivan—6.

Absent: Supervisor Mancuso—1.

Amendment.

Supervisor Arnold moved that Amendment No. 1 be adopted. Motion seconded by Supervisor Christopher and *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, McAteer, McCarty, Mead, Sullivan—10.

Absent: Supervisor Mancuso—1.

The roll was thereupon called and the measure, as amended, was *finally passed* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, McAteer, McCarty, Mead, Sullivan—10.

Absent: Supervisor Mancuso—1.

UNFINISHED BUSINESS.**Final Passage.**

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, McAteer, McCarty, Mead, Sullivan—10.

Absent: Supervisor Mancuso—1.

Resumption of Consideration of Matter Relating to San Francisco's Position on the Army Street Crossing.

The Mayor having put in an appearance, Supervisor Christopher asked him as to his position with respect to the request made by the Navy Department that a deviation be made in the original request filed by the California Toll Bridge Authority for a straight line crossing from Army Street to Bay Farm Island, to provide for a curvature necessary for seaplane facilities.

The Mayor responded by saying that the City and County was in no position to debate the matter further, but suggested that any Board action contain the proviso that when the final plans have been worked out the extension of the bridge to compensate for the bend be not longer than five hundred feet.

To a query by Supervisor Christopher as to whether the Board should not wait to see if the Army Engineers might still approve the application of the California Toll Bridge Authority for a straight line crossing, the Mayor replied that he considered such action a remote possibility, and that if he saw any reason for a delay at this time, he would so recommend.

Substitute.

Supervisor Lewis presented the following substitute for the pending motion:

Accepting Variation in Design of the Army Street Crossing in Accordance With Proposal to the City and County of San Francisco by the Secretary of the Navy.

File No. 11013, Resolution No. . . . (Series of 1939).

SPECIAL ORDER—2:00 P. M.**Consideration Continued.**

Hearing of Appeal from the Decision of the City Planning Commission by Its Resolution No. 4180, Disapproving Application for a Variance from the Lot Size Requirement Ordinance, Affecting Property Located at the Southwesterly Corner of California Street and Thirty-second Avenue.

File No. 10916

October 5, 1953—Consideration continued to October 13, 1953.

Motion to Defer Consideration.

Supervisor Sullivan moved, seconded by Supervisor Christopher, that consideration of the foregoing measure be continued for one week.

Discussion.

At the request of Supervisor Lewis, those in attendance who were interested in the subject appeal were asked to stand. Approximately 20 persons responded.

Supervisor Lewis reminded the Board that when the existing charter amendment relating to zoning appeals was being considered, it was the thought that the Board would have discretion in hearing any zoning appeal; that it was a shame and decidedly unfair to have many people come to the Board's Chambers week after week and then be told that since the entire membership of the Board was not present, the appeal could not be heard; and he emphasized that he would definitely oppose any further delay.

Substitute.

Supervisor Lewis thereupon moved, as a substitute, that the hearing be temporarily delayed pending appearance of other members of the Board.

Motion lost for want of a second.

Supervisor Christopher expressed the opinion that it would be unfair to the appellants to hear the matter today in view of the fact that two members of the Board would not be in attendance.

Supervisor Lewis insisted that the provisions of the Charter were not mandatory but permissive and left it to the discretion of the Board to decide if and when to hear any appeal.

Substitute.

Supervisor Lewis moved, as a substitute, that the matter be temporarily postponed. Motion seconded by Supervisor Halley.

Query.

Supervisor Ferdon asked Deputy City Attorney Thomas Blanchard as to the purport and intent of Section 117 of the Charter.

Mr. Blanchard, after reading a portion of the section, advised that the Board could postpone the appeal for a period not longer than 90 days from date of its receipt in the event that less than a full membership were present at each meeting during that period of time, and that eight votes would be required to overrule the decision of the City Planning Commission.

Substitute Motion Withdrawn.

There being no objection, the substitute motion was *withdrawn*.

Supervisor Lewis thereupon asked that the appeal be immediately heard.

Supervisor McCarty reminded the Board that he had mentioned last week that he intended to disqualify himself from voting due to an acquaintanceship with one of the individuals involved in the appeal. If the matter were heard today, it would leave only eight members voting and the entire Board would have to vote against the City Planning Commission in order to overrule its decision. The Supervisor stressed the importance of having the full membership of the Board present when any appeal is heard.

Supervisor Ferdon voiced the opinion that if the appellant desired to have the entire membership present, the Board should go along with him.

Attorney Leon Frank Shafran, representing the appellant, was called upon to state whether or not he desired to have the appeal heard today, and he replied that he would prefer to have the matter considered when the full Board was present, if possible. The attorney pointed out that if Supervisor McCarty disqualified himself, his client would have to get all of the votes of the remaining members of the Board to overrule the decision of the City Planning Commission.

Supervisor Christopher maintained that it was not the intention of the Board to deny any appellant the privilege of having his or her appeal considered by the entire membership of the Board.

Motion to Defer Consideration Carried.

The roll was thereupon called on the motion to defer consideration for one week and it *carried* by the following vote:

Ayes: Supervisors Christopher, Dobbs, Ferdon Halley, McAteer, McCarty, Mead, Sullivan—8.

No: Supervisor Lewis—1.

Absent: Supervisors Arnold, Mancuso—2.

Supervisor McCarty Temporarily Excused.

Present: Supervisors Lewis, Sullivan.

Assenting to Deviation from Location Originally Approved for Southern Crossing of San Francisco Bay.

File No. 11013-1, Resolution No. 13783 (Series of 1939).

Discussion.

Supervisor Lewis suggested that the pending matter be referred to the California Toll Bridge Authority for their reaction.

Supervisor Ferdon declared that the Board had taken a definite stand on the matter of a southern crossing and that it should continue to support its heretofore accepted location.

Supervisor Halley ventured the opinion that the language of the measure serves the purpose and that the Army Engineers have the final say in the matter.

Mr. Thomas A. Brooks, Chief Administrative Officer, declared that in his opinion, the Navy Department has gone as far as it will insofar as concessions to San Francisco are concerned.

President Dewey Mead stated that while the Navy may have gone as far as it can, the fact still remains that the Army has the final say.

Supervisor Halley disclosed that he doubted whether the Army would approve anything that would be contrary to the policy of the Navy Department insofar as national defense was concerned.

Supervisor McCarty testified that the Navy Department will make no further concessions to the City and County of San Francisco, and that it had already come down quite a bit from its original demands.

Supervisor McAteer asserted that it was his personal opinion that the Army Department will deny the application of the California Toll Bridge Authority.

Department Heads Requested to Be Present.

Supervisor Lewis requested that the City Attorney and the Director of Public Works be requested to be present so that the language in the measure may be rearranged to the satisfaction of the Board membership.

Consideration of measure temporarily postponed.

To a query propounded by Supervisor Halley, Mr. Holm replied that the pending measure, as drawn, would meet the requirements of the City and County.

Supervisor McCarty, in quoting from a copy of the Dolwig Bill, claimed that if the Army does not grant the permit applied for by the California Toll Bridge Authority, it is impossible to construct a crossing at any other place.

Mr. Holm stated that his understanding of the provisions of the Dolwig Bill was that if the permit to construct the proposed Army Street Crossing was not granted, a crossing could then be constructed south of Army Street.

Amendment.

Supervisor Lewis moved that the pending measure be amended by adding after the words "southern crossing of San Francisco Bay," contained in the "Resolved" section of the measure, the following be added: "comprising solely and only an approximately 500-foot extension of the east side of the proposed crossing." Motion seconded by Supervisor McCarty and *adopted* by the following vote:

Supervisor Arnold moved, seconded by Supervisor Sullivan, that the Board rescind its action whereby it had heretofore passed to second reading the measures relating to (1) an Appropriation of \$11,120, Public Health, for position of General Clerk-Stenographer and 3 positions of Housing and Industrial Inspector, and (2) the

accompanying salary ordinance amendment. Motion seconded by Supervisor Sullivan.

No objection and motion *carried*.

Discussion.

Supervisor Ferdon asked the Chief Administrative Officer whether the above mentioned positions would remain in existence only for the duration of the slum clearance program, or the occupants of same be assigned other duties. Mr. Brooks was unable to say, at this time, just what their duties would be aside from the slum clearance program; however, he did emphasize that these positions were necessary.

It was brought out that these positions were in the budget but had been deleted before reaching the Board of Supervisors. Supervisor Ferdon stated he would vote in favor of the positions in view of the fact that they were required for the slum clearance program but stressed the importance of determining at budget time, instead of during the fiscal year, the necessity for creating any new positions.

Supervisor Mead asked Mr. Brooks if qualified help could be obtained on a temporary basis. Mr. Brooks replied that he would have no objection to getting people on such a basis but doubted whether any qualified personnel would care to take the job under such conditions.

Supervisor McAteer, who had heretofore objected to approving the positions at this time, withdrew his objection and supported the stand taken by Supervisor Ferdon in that something must be done at budget time to obviate the necessity of creating positions during the fiscal year.

The roll was thereupon called on the measure identified as File No. 11033-1, an appropriation measure, and it was *passed for second reading* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, Mead, Sullivan—11.

The roll was thereupon called on the measure identified as File No. 11033-2, a salary ordinance amendment, and it was *passed for second reading* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, Mead, Sullivan—11.

Authority to Continue Shoppers' Special Bus Operation.

To a query by Supervisor Lewis, Deputy City Attorney Thomas Blanchard advised the Board that since the operation of the Shoppers' Special Bus Route was for an experimental 60-day period, it would be necessary for the Board, upon recommendation of the Public Utilities Commission, to concur in an extension of time to continue the service, if such is their desire.

APPROVAL OF JOURNAL.

The Journal of Proceedings for Monday, October 19, 1953, was considered read and approved.

Communications.

From the City of Alameda, copy of adopted resolution memorializing the United States Maritime Administration to maintain, in active status, the Alameda United States Maritime Service Training Station, and urging that the Board take similar action.

Referred to County, State and National Affairs Committee.

From Director of Public Health, progress report on slum clearance program.

Copy to each Board member; filed.

Presentation of Distinguished Guest.

The President of the Board called upon Supervisor Christopher to introduce Miss Rachel Zabari, a member of the Israeli Parliament and an educational planner. Miss Zabari spoke briefly of the problems confronting her homeland. She likewise mentioned that she is tremendously impressed with our city and that it reminds her so much of Haifa with its rolling hills.

The President of the Board conveyed to Miss Zabari the Board's best wishes for a pleasant and profitable stay in our city.

Request for Extension of Five-Cent Special Shopper's Fare to December 31, 1953.

The Clerk read a communication from the Public Utilities Commission, transmitting copy of adopted resolution in which request is made that the Board approve the extension of the five-cent special shopper's fare in the downtown area to December 31, 1953.

Motion to Adopt.

Supervisor Lewis moved, seconded by Supervisor Mancuso, that measures purporting to show (1) finding of fact with respect to effect of proposed extension of shopper's fare on the tax rate and (2) approval of the recommendation of the Public Utilities Commission, be considered as being before the Board of Supervisors for consideration.

Motion Ruled Out of Order.

The President ruled the motion out of order until such time as the measures have been officially introduced in writing.

Query of Deputy City Attorney.

Supervisor Mancuso asked Deputy City Attorney Thomas Blanchard whether, in view of the recommendation of the Public Utilities Commission, the Board could consider the adoption of such recommendation at today's session. Mr. Blanchard advised that the Board had, customarily in the past, set a date for public hearing.

Consideration of the subject matter was *temporarily postponed* pending preparation of the measures necessary for effectuating the recommendations of the Public Utilities Commission.

Discussion on Permitting Employees Time Off for Voting Purposes.

There being no objection, Supervisor McAteer informed the Chief Administrative Officer that he had been advised that notices had been posted in the Laundry Room of the San Francisco hospital that employees would not be permitted time off to vote. The Supervisor directed attention to the provisions of the Salary Standardization Ordinance wherein it is provided that every employee shall be allowed the opportunity to take two consecutive hours off for voting purposes in municipal or state elections, and asked if something could not be done to assure the employees the necessary time off to vote.

Mr. Brooks informed Supervisor McAteer that employees at the institutions whose tours of duty permitted them to vote either before coming on duty or after duty were not granted time off; however, time off was granted to those where it was shown that a hardship would ensue. It was pointed out that with such a large number of employees at the institution, if all of them were given two hours off, service would be badly disrupted and a chaotic condition would ensue.

Mr. Brooks stated he would look into the matter of the posting of notices with a view to correcting any impropriety.

Rescission of Board Action.

Supervisor McAteer moved, seconded by Supervisor Ferdon, that the Board rescind its action whereby it had, earlier in the meeting, adopted a measure designated as File No. 11079, entitled "Waiving residential requirements for Clinical Director of Psychiatry, Chief, Division of Tuberculosis Control, and Chief, Division of Venereal Disease Control, effective only for next following civil service examination."

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, Mead, Sullivan—11.

Supervisor McAteer informed the Board that he was not aware of the fact that it was mandatory for a non-resident who was certified to a city position to take steps within a year to move his residence to San Francisco, and since he has come into possession of such information he was in favor of the measure.

Motion to Continue Consideration.

Supervisor Ferdon moved, seconded by Supervisor Sullivan, that consideration of the foregoing measure be continued for one week, and that Ross Shoaf of the Department of Public Works be invited

Consideration Continued.

The following recommendations of County, State and National Affairs Committee were taken up:

Present: Supervisors Lewis, Mancuso.

Urging the State Park Commission to Acquire Angel Island for Historical and Recreational Purposes.

File No. 7660-11, Resolution No. . . . (Series of 1939).

Discussion.

Supervisor Lewis, Chairman of the County, State and National Affairs Committee, explained that the purport of the measure is that the State Park Commission be urged to take over the island and steps could then be taken to effectuate a mutual agreement between state and city governments for the use of the island by the city for recreational and historical purposes. He urged that the Board take affirmative action and thus assure the citizens of San Francisco an excellent area for recreational activities.

Supervisor Dobbs expressed the belief that when the people voted affirmatively on the declaration of policy some years ago, they were of the opinion that the island would be acquired by the City and County at no cost, and that it was further understood that the island would pay for itself. He objected to taking any action on the pending measure until all pertinent facts are made known.

Supervisor McCarty stated the opinion that the arguments put forth by the proponents of the ballot measure were to the effect that no cost would accrue to the city, and emphasized that the Board should not proceed further in the matter until it has all the figures at hand.

Motion to Continue Consideration.

Thereupon Supervisor McCarty moved, seconded by Supervisor Ferdon, that consideration of the foregoing matter be continued for one week, and that all information on the subject matter be made available at that time.

Objection.

Supervisor Mancuso: I object to putting this matter over for one week. We should now call on Mr. Lewis for any information which may be desired. We are not being asked to enter into any agreement at this time.

Supervisor Ferdon averred that the measure in effect implied that the city was bound to enter into an agreement with the state, and that he could never go along with such a condition.

Motion Withdrawn.

There being no objection, Supervisor McCarty withdrew his motion to continue consideration of the pending measure for a period of one week.

Privilege of the Floor.

The privilege of the floor was extended to Mr. David E. Lewis, General Manager of the Recreation and Park Department.

Mr. Lewis warned the Board that the Federal Government had set a definite deadline of January 1, 1954, within which to decide whether state and local authorities wanted the island. Mr. Lewis added that the Army desired but a small portion of the island for guided missile purposes and that they intended to provide certain docking facilities as well as certain utilities. This would, in a great measure, reduce the expense which it was anticipated would be incurred in the event the city acquired the island. He added further that the Recreation and Park Department had never proceeded on the theory that the island could be acquired at no cost to the city, but that in view of the Army's intention to initiate certain improvements, the overall expenses would be materially reduced.

Supervisor Halley declared that it was his understanding that adoption of the pending measure would not bind the city in any manner.

Amendment.

Supervisor Arnold moved, seconded by Supervisor Sullivan, that the "Resolved" section of the proposed measure be amended by deleting therefrom the following: ". . . the terms of operation as between the State and City and County of San Francisco to be resolved at a subsequent date by mutual agreement."

Supervisor Christopher mentioned that the proposed purchase of Angel Island had been a source of discussion for over two years. The price had originally been set around \$700,000, then reduced to \$250,000. It would be necessary to provide adequate facilities on the site, such as fireman and policeman services, docking facilities, water and sewage systems and other needed improvements. He therefore felt that the amendment proposed by Supervisor Arnold should be approved.

Supervisor Lewis urged the Board to adopt the measure and thus indicate a willingness on the part of the city to sit down at a future date, with the State Park Commission for the purpose of reaching a mutual agreement on the future use of the island. The City should not overlook the opportunity of utilizing the island for recreational purposes.

Supervisor McCarty called the Board's attention to language contained in the ballot argument accompanying the declaration of policy wherein it read ". . . San Francisco can acquire Angel Island without cost by means of a major concessionaire guaranteeing payment to the Government of the ridiculously low price of \$20,000 down and \$10,000 per year for 20 years (total price \$199,000). All operating expenses, improvements, fire, police, insurance, etc., to be borne by the concessionaire with the City administering the lease."

Motion to Defer Consideration.

Supervisor McCarty moved, seconded by Supervisor Sullivan, that consideration of the pending measure be continued for one week, with the request that an appropriate representative of the state agency having an interest in the matter, be respectfully requested to be in attendance next Monday so that the Board may determine definitely just what the state wants.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, Mead, Sullivan—11.

Consideration continued one week.

Request for City Attorney's Opinion.

Supervisor Mancuso requested that an opinion be obtained from the City Attorney as to the intent of the ballot argument supporting the Declaration of Policy voted upon by the electorate at the election of November 4, 1952, relative to the acquisition of Angel Island for recreational purposes.

Urging Study and Report on Improvements, Including Adequate Security Facilities, at the Youth Guidance Center.

Supervisor Lewis presented:

File No. 10156-1, Resolution No. . . . (Series of 1939).

Discussion.

Supervisor Lewis gave a report of conditions which he found at the Youth Guidance Center, deploring the fact that 11 hardened youths, who recently escaped from the Center, were permitted to mingle with other youths whose offenses were trivial or who were not delinquent in any respect.

Supervisor Lewis stressed the necessity of providing additional personnel to keep the hardened youths in line and to provide other facilities which would preclude future escapes.

President Dewey Mead mentioned the fact that in his opinion the Youth Center construction was supervised poorly. He brought to light a case where unbreakable glass should have been used but wasn't. Supervisor Mead criticized the lack of proper inspection and mentioned that this seemed to be the case with other public improvements as well.

Supervisor McAteer stated that in view of statements made today, legislation or other appropriate steps should be initiated calling for an investigation of the conditions complained of.

Statement on Proposed Reduction of Sidewalk Widths on Pine Street, File No. 11055.

Supervisor Lewis stated that about two years ago he had endorsed the widening of Pine Street but objection was expressed at the time due to the excessive expense which would have to be incurred in the removal of the various light standards in the area, and asked the Chief Administrative Officer to make available the contents of the report which he had prepared at that time.

Division of Tax Rate to Show Percentage Required by the San Francisco Unified School District.

Supervisor McAteer called the Board's attention to the division of the tax rate appearing on the current tax bills, wherein a separate rate for the San Francisco Unified School District is shown as well as the rate for city and county functions. The Supervisor mentioned the fact that in committee some time ago Supervisor Mancuso had suggested that the Tax Collector show such a segregation on future bills and that it was his understanding that a letter conveying the suggestion of Supervisor Mancuso was never transmitted to the Tax Collector.

The Chief Administrative Officer informed the Supervisor that it was he who had instructed the Tax Collector to show the division of the tax rate on the new bills.

Supervisor Mancuso said he had discussed the matter with the Chief Administrative Officer and the Controller and it was agreed that the new bills would show the division of the rates, without further action by the Supervisors.

Announcement of Meeting of Rules Committee.

The President of the Board announced a meeting of the Rules Committee to be held on Thursday, November 5, 1953, 3 p. m.

Supervisor Dobbs declared that there were matters in committee in which he was directly interested and that the Thursday date would conflict with commitments made by him, and he asked that the hearing date be changed.

Accordingly the President set the date for Thursday, November 12, 1953, 3 p. m., for the meeting of the committee.

Adopted.

In Memoriam—George G. Whiteley.

Supervisor Mead presented:

File No. 10701, Resolution No. 13825 (Series of 1939).

Motion to Adopt.

Supervisor Mead moved adoption; seconded by Supervisor Halley.

Unanimously adopted by rising vote as follows:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, Mead—10.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, Mead—10.

Absent: Supervisor Sullivan—1.

Quorum present.

President Dewey Mead presiding.

Supervisor Sullivan excused due to illness. (See below.)

Supervisor Sullivan Excused from Attendance.

The President of the Board was informed that Supervisor Sullivan was ill; there being no objection, Supervisor Sullivan was *excused* from attendance.

APPROVAL OF JOURNAL.

The Journal of Proceedings for Monday, October 26, 1953, was considered read and approved.

Communications.

The Clerk read a communication from the Public Utilities Commission, transmitting copy of adopted resolution and financial data, wherein the recommendation was made that the five-cent special shopper's bus service be extended to the financial district.

Discussion.

Supervisor McCarty expressed the opinion that the proposed measure contained ambiguities which should be eliminated by the Public Utilities Commission; and that the measure should be remanded to the Commission for proper rephrasing.

Supervisor McCarty accordingly moved that in connection with Public Utilities Commission Resolution No. 13828, adopted November 2, 1953, that the matter be referred to the Public Utilities Commission with the request that the third paragraph of the "resolved" clause be amended by the Public Utilities Commission to indicate clearly that the hours "11:30 a. m. to 1:30 p. m. daily except Saturdays, Sundays and holidays" for operation of the Shopper's Special Bus be limited solely to operation of said bus in the Financial Area, and that the fourth paragraph of the "Resolved" clause be amended to strike all of the language following the date "December 31, 1953," and that the Public Utilities Commission be requested to return said

resolution, as amended, in time for consideration at such time as the President shall fix for hearing by this Board on next Monday, November 16, 1953.

Motion seconded by Supervisor McAteer, and *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, Mead—10.

Absent: Supervisor Sullivan—1.

Additional Ambiguity.

Supervisor Ferdon stated that in his opinion an additional ambiguity existed in the measure in that portion relating to the need or non-requirement for a tax subsidy. He accordingly moved rescission of previous Board action adopting the motion to remand the measure to the Public Utilities Commission. Motion seconded by Supervisor Dobbs and *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, Mead—10.

Absent: Supervisor Sullivan—1.

Discussion.

Supervisor Ferdon stated that something should be done to determine whether or not there will be a tax subsidy.

He accordingly moved, seconded by Supervisor Dobbs, that the Commission's statement about a tax subsidy be clarified so that its position regarding the need or non-necessity for a tax subsidy may be clearly understood. This motion is in addition to and incorporates the original motion made by Supervisor McCarty.

Substitute Motion.

Supervisor Arnold moved, as a substitute, seconded by Supervisor Halley, that the matter be referred to the Public Utilities Committee, with the suggestion that the Chairman of the Committee communicate with the Public Utilities Commission, urging that the Commission modify its resolution, and that the entire matter be brought before the Board again next Monday.

Objection.

Supervisor McCarty objected to the substitute motion, pointing out that the ambiguities have already been called to the attention of the Public Utilities Commission, the Controller and the City Attorney, and that they have agreed that the ambiguities exist and should be corrected. The Supervisor pointed out that the motion which he had heretofore made was in consonance with the understanding reached at a meeting with the respective department heads, and that the Public Utilities Commission was awaiting affirmative action on his motion before taking a position thereon. The Supervisor pointed out that if his motion is not passed, he did not believe the Board would be in a position to hear the matter next Monday and the service would be unnecessarily delayed.

Query of Deputy City Attorney.

Supervisor Lewis asked Deputy City Attorney Thomas Blanchard if the ambiguity complained of by Supervisor Ferdon relating to the need or non-necessity of a tax subsidy was in fact a requirement of the ordinance which the Board had passed in connection with the consideration of rates. Mr. Blanchard replied that such was the case and that the Public Utilities Commission was merely following the requirements of the ordinance.

Supervisor Lewis thereupon urged the Board to reject Supervisor Arnold's substitute motion.

Temporarily Postponed.

Supervisor Lewis moved, seconded by Supervisor Christopher, that consideration of the pending measure be temporarily postponed pending appearance of the Controller and Mr. James H. Turner, Manager of Utilities.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, Mead—10.

Absent: Supervisor Sullivan—1.

Re-reference to Committee.

The following recommendation of Streets Committee, heretofore considered, was taken up:

Present: Supervisors Ferdon, Halley, Sullivan.

Changing the Sidewalk Widths on Pine Street Between Larkin and Franklin Streets from 12 Feet to 10 Feet.

File No. 11055, Ordinance No. . . . (Series of 1939).

November 2, 1953—Consideration continued to November 9, 1953.

Discussion.

Supervisor Lewis pointed out that in 1950 he had introduced a measure which would change the sidewalk widths on both Pine

and Bush Streets from Kearny Street west. The Chief Administrator Officer was requested to look into the matter and subsequently received a report from the Director of Public Works that the cost of reducing sidewalk widths on Pine Street between Kearny and Webster Streets from 15 to 12 feet would be \$235,200. In addition heavy expense would accrue to the telephone and power companies in the moving of their utilities.

Privilege of the Floor.

Mr. Ross Shoaf of the Department of Public Works was called upon to explain the necessity for the pending measure and he informed the Board that an investigation of that particular area disclosed that pedestrian travel did not require the entire 15 feet and that a reduction would aid immeasurably in the flow of traffic.

Supervisor Lewis expressed the belief that if the Police Department placed no-stopping restrictions in the area, the need for the expense inherent in the measure would not be necessary. He suggested that the Streets Committee study the report of Mr. Duckel and attempt to determine if the installation of no-stopping restrictions on both Pine and Bush Streets would not take care of any attempt to reduce sidewalk widths on those streets.

Motion to Re-refer.

Thereupon Supervisor Ferdon moved, seconded by Supervisor Halley, that the pending measure be re-referred to the Streets Committee.

No objection and motion *carried*.

The Clerk was requested to notify Supervisor Lewis if and when the Streets Committee held a hearing on the matter.

Final Passage.

The following recommendation of Police Committee, heretofore Passed for Second Reading, was taken up:

Present: Supervisors Halley, Ferdon.

Authorizing the Establishment of a Crosswalk on Nineteenth Avenue, South of the Entrance to San Francisco State Teachers' College.

File No. 10932, Ordinance No. 8237 (Series of 1939).

Finally Passed by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, Mead—10.

Absent: Supervisor Sullivan—1.

Consideration Continued.

The following recommendation of County, State and National Affairs Committee, heretofore considered, was taken up:

Present: Supervisors Lewis, Mancuso.

Urging the State Park Commission to Acquire Angel Island for Historical and Recreational Purposes.

File No. 7660-11, Resolution No. (Series of 1939).

November 2, 1953—Consideration continued to November 9, 1953.

Communications.

The Clerk read the following communications:

1. From Newton D. Drury of the State Division of Beaches and Parks, advising that a representative will be on hand to discuss, with the members of the Board, the various phases relating to the pro-

posed acquisition of Angel Island at the regular Board meeting on November 9.

2. From John G. Brucato, Chairman of the Committee for the Acquisition of Angel Island, urging adoption of the measure.

3. From the City Attorney, legal opinion relating to the interpretation of the declaration of policy voted upon by the electorate relating to the proposed acquisition of Angel Island as well as the accompanying ballot argument.

Motion to Continue Consideration.

Supervisor Christopher moved, seconded by Supervisor Arnold, that consideration of the foregoing measure be continued to November 30th.

Privilege of the Floor.

The privilege of the floor was extended to F. J. Roney of the State Division of Beaches and Parks, who stated that the question of acquisition of the island was on the Commission's agenda for consideration next Saturday.

Supervisor Mancuso asked Mr. Roney if a deadline date had been set by the Federal Government for state or city action. Mr. Roney stated it was his understanding that the deadline was December 31, 1953.

Supervisor Halley suggested that the measure be re-referred to committee in view of the opinion rendered by the City Attorney.

Substitute Motion.

Supervisor Halley moved, as a substitute, seconded by Supervisor Ferdon, that the measure be re-referred to committee and that the Committee render its recommendation for Board action on November 30th.

Supervisor Christopher requested that the committee give consideration to a proposal heretofore advanced by the Citizens' Committee for the Acquisition of Angel Island whereby a concessionaire would operate the island and provide the necessary facilities, under a lease arrangement with the city. The Supervisor asked that this proposal be studied to determine if the concessionaire was still available and to determine if the city would actually benefit by such an arrangement.

The roll was thereupon called and the pending measure was *re-referred to committee* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, Mead—10.

Absent: Supervisor Sullivan—1.

Re-referred to the County, State and National Affairs Committee.

The Clerk was requested to notify the State Division of Beaches and Parks with respect to Board action today.

Resumption of Consideration of Measure Relating to Extension of Five-Cent Special Shopper's Bus Service to the Financial District.

Supervisor McCarty asked the Controller if his remarks that no tax subsidy would be necessary to extend the special shopper's bus service to the financial district were true. Mr. Ross replied that his remarks were correct insofar as no tax subsidy would be required up to and including December 31, 1953.

Supervisor Christopher: Can we accept your judgment in place of official figures of the Public Utilities Commission?

The Controller replied that there was nothing in the figures supplied by the Public Utilities Commission which would indicate that a tax subsidy would be required for the period ending December 31, 1953.

Supervisor Christopher (to Deputy City Attorney Thomas Blanchard): May we proceed with this matter and disregard the official report of the Public Utilities Commission and take the position of Mr. Ross?

Mr. Blanchard: You can rely on Mr. Ross' statement with respect to the interpretation of figures submitted by the Public Utilities Commission.

At this point, Supervisor Arnold informed the Controller of ambiguities which Supervisors McCarty and Ferdon claim to be inherent in the resolution adopted by the Public Utilities Commission and thereupon asked whether in the judgment of the Controller, it would be a satisfactory procedure to have all the ambiguities clarified in order to avoid a possible taxpayer's suit.

The Controller replied that he thoroughly agreed that such a procedure would be a proper one.

Supervisor McCarty asked the Controller whether his motion or the substitute one offered by Supervisor Arnold had greater merit. The Controller stated he refused to involve himself in a question of Board procedure.

The President stated he saw no harm in referring the pending measure to the Public Utilities Commission, asking them to clarify the existing ambiguities as claimed, and then have a public hearing on the matter next Monday.

Substitute Motion Lost.

The roll was thereupon called on Supervisor Arnold's substitute motion and it lost by the following vote:

Ayes: Supervisors Arnold, Dobbs—2.

Noes: Supervisors Christopher, Ferdon, Halley, Mancuso, McAteer, McCarty, Mead—7.

Not Voting: Supervisor Lewis—1.

Absent: Supervisor Sullivan—1.

Discussion.

Supervisor Ferdon asked that the request be made of the Public Utilities Commission that they incorporate in their resolution the statement of whether or not a tax subsidy is required for the bus service proposed and that this request be incorporated and made a part of Supervisor McCarty's original motion.

The Clerk thereupon read the original motion of Supervisor McCarty:

"In connection with Public Utilities Commission Resolution No. 13828, adopted November 2, 1953, I move that this matter be referred to the Public Utilities Commission with the request that the third paragraph of the 'Resolved' clause be amended by the Public Utilities Commission to indicate clearly that the hours '11:30 A. M. to 1:30 P. M., daily except Saturdays, Sundays and holidays' for operation of the Shopper's Special Bus be limited solely to operation of said bus in the Financial Area, and that the fourth paragraph of the 'Resolved' clause be amended to strike all of the language following the date 'December 31, 1953'; also that the Public Utilities Commission be requested to return said resolution, as amended, in time for consideration at such time as the President shall fix for hearing by this Board on next Monday, November 16, 1953; and, further, that the suggestion be and it is hereby transmitted to said Commission that it report to the Board categorically, either in its resolution amending the existing fare schedule or in the report accompanying said resolution and rendered in accordance with Ordinance No. 7384 (Series of 1939), that a statement that a tax subsidy will or will not be required by reason of the proposed amendment to the fare schedule, or, in the alternative, a statement of the reasons which preclude such categorical pronouncement."

The foregoing motion was again moved by Supervisor McCarty, seconded by Supervisor Ferdon.

The roll was thereupon called and the motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Mancuso, McAteer, McCarty, Mead—9.

No: Supervisor Lewis—1.

Absent: Supervisor Sullivan—1.

Reference to Finance Committee.

In prefacing the introduction of a measure calling for an appropriation of funds for the employment of a phonographic reporter, Supervisor Lewis declared that, in his opinion, it is important that every utterance made in the Board be made a part of the record. That what has been recorded to date, has been merely the interpretation of the Minute Clerk and not actually the verbatim utterances of the individual Supervisor. Supervisor Lewis stressed the importance of such a record, particularly at budget time.

Supervisor Mancuso objected to consideration, contending that

a yearly expense of \$50,000 would result. Supervisor Lewis, in reply, stated that such an expense would be justified.

He thereupon introduced the following measure:

Directing the Clerk of the Board of Supervisors to Request a Supplemental Appropriation of \$1,500 for the Services of a Phonographic Reporter at Board Meetings.

File No. 11128, Resolution No. . . . (Series of 1939).

Statement on Defeat of Bond Issues.

Supervisor Mancuso expressed the opinion that a lack of leadership on the part of the Mayor was instrumental in the defeat of the various bond issues submitted to the electorate at the election on November 3, 1953. He suggested that the Mayor appoint a bond committee of interested representatives of business and fraternal organizations and include thereon the Chairmen of the Finance and Judiciary Committees of the Board of Supervisors so that proper steps may be taken to insure the success of bond issues at future elections.

Reference to Committee.

Supervisor Mancuso requested that the measure introduced by him some time ago and which had been filed by committee, relating to the creation of a Municipal Railway Commission, be referred to the Judiciary Committee for study. He likewise asked that the measure heretofore jointly introduced by Supervisors Dobbs and Ferdon, relating to the creation of a Transit Authority, be likewise considered by the Judiciary Committee.

Announcement of Committee Meeting.

Speaking on behalf of Supervisor Arnold, Chairman of the Finance Committee, Supervisor McCarty announced a meeting of the Finance Committee for Tuesday, November 10, 1953, at 3:00 p. m.

Statement by Supervisor McCarty on Defeat of Bond Measures.

Supervisor McCarty, in answer to charges made by Supervisor Mancuso that the defeat of the bond issues was attributable to lack of leadership on the part of the Robinson administration, stated that

such was not the case, and that such defeat was the result of public apathy in an off-election year. He had witnessed instances where sincere attempts were made to sell the various bond issues, but the indifference of the people in the exercise of their franchise privileges was instrumental in defeating the issues.

Announcement of Committee Meeting.

The President of the Board announced a meeting of the Rules Committee for Thursday, November 12, 1953, at 3:00 p. m.

Motion to Defer Consideration.

Supervisor McAteer moved that consideration of the foregoing measure be continued for one week and that in the meantime the Clerk be directed to ascertain from Mr. Walter Gordon the price at which he proposes to sell the property. Motion seconded by Supervisor Arnold.

Objection.

Supervisor Mancuso objected to the motion, contending that the general public had an opportunity to bid on the property and that the inquiry should not be considered as sufficient grounds to delay voting on the measure.

Supervisor McCarty stated that as a matter of courtesy, he would vote for a week's postponement but that he was opposed to that portion of the motion seeking information from Mr. Gordon.

Supervisor Arnold stated he agreed with the statements made by Supervisors Mancuso and McCarty, and added that Mr. Gordon had the right to dispose of the property in any manner he saw fit. The only reason he seconded the motion was because he believed Supervisor McAteer wanted certain information and was entitled to get it.

Withdrawal of Portion of Motion.

There being no objection, Supervisor McAteer amended his motion by deleting that portion relating to information to be sought from Mr. Walter Gordon, leaving, for the Board's consideration, the remaining portion relating to a week's postponement.

Discussion.

The President mentioned that in the past members of the Board who were authorized to attend conventions, in many cases voted as they chose. The intent of the pending measure is to make it mandatory for the Board representative or representatives to vote pursuant to any Board policy which has been established.

Communications.

Statement by Supervisor Halley.

Supervisor Halley requested that the following statement issued by him be made part of the record.

No objection and so *ordered*.

I extend my congratulations to Mr. Carberry and to the returning members of the Board of Supervisors. While it is naturally a great personal disappointment to lose in such a close election, I find even in defeat, a renewed faith in the value and justice of our democratic system. A contest of this kind demonstrates the power of each individual's vote, and serves well to remind us all of the importance of our franchise.

I wish to personally thank Mr. Maurice Moskovitz, for the able and conscientious manner in which he managed my campaign. It is a source of great satisfaction to me, and to my family, that at no time was there resort to any undignified practice that might question one's claim to good citizenship.

I also wish to express my appreciation to the 93,000 people who voted for me and to the many hundreds of loyal friends who worked so diligently in my behalf.

The support given my candidacy by the San Francisco Examiner and the San Francisco Call-Bulletin was of immeasurable value.

Some persons have suggested that I contest this election, but a thorough examination of all of the facts convinces me that while there might be technical grounds for objection, the vote itself was

conscientiously cast, and honestly and fairly recorded. The announced results I therefore accept as a tabulation of the wishes of the people.

To all of the members of our Board of Supervisors, I extend my heartfelt hope that they shall continue to diligently serve our City, and that they may all secure the same feeling of personal satisfaction and pleasure that I derived from this work.

Commending Supervisor Halley.

Supervisor Christopher praised the contents of the statement by Supervisor Halley and the Board thereupon went on record as commending Supervisor Halley for the unselfish and admirable manner in which he accepted defeat at the polls and tendered felicitations to the newly-elected Supervisor, Matthew C. Carberry.

Re-referred to Judiciary Committee.

Adopted as Amended.

The following recommendation of County, State and National Affairs Committee, heretofore considered, was taken up:

Present: Supervisors Lewis, Mancuso.

Urging the State Park Commission to Acquire Angel Island for Historical and Recreational Purposes.

File No. 7660-11, Resolution No. 13893 (Series of 1939).

(The foregoing measure was re-referred to committee by the Board at its meeting of November 9th with the express directive that it again be placed on the Board calendar for its meeting of November 30th.)

Discussion.

Supervisor Mancuso stated that if the island is declared surplus, the disabled veterans' organization was interested in acquiring it.

Amendment.

Supervisor Christopher stated that he couldn't vote for the measure as it now appeared on the calendar and moved that a portion of the "Resolved" section, and reading as follows: ". . . the terms of operation as between the State and the City and County of San Francisco to be resolved at a subsequent date by mutual agreement," be deleted. Motion seconded by Supervisor Arnold.

Supervisor Ferdon stated he could not vote for the measure unless and until somebody came up with something constructive and of benefit to the city and county. He reiterated his belief that when the people voted on the declaration of policy, they did so with the thought in mind that the island would be acquired for recreational purposes and without cost to the city and county.

Supervisor Christopher declared that if the city were to acquire the island, it certainly would not cost the city anything, and such acquisition would fulfill the terms of the declaration of policy.

Substitute Motion—Lost.

Supervisor Halley moved as a substitute that the word "to" appearing as the first word on the last line in the "Resolved" section of the measure, be deleted and in lieu thereof, the word "may" inserted.

Motion *lost* for want of a second.

Supervisor Arnold echoed the sentiments expressed by Supervisor Christopher, in that the measure, if amended, would carry out the mandate of the people in approving the declaration of policy and would cost the city nothing.

Supervisor Halley stated he intended to vote against the measure, if amended, because in that event, he believed the intent of the measure would prove worthless.

Amendment Adopted.

The roll was thereupon called on the amendment and it was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, McAteer, McMahon—5.

Noes: Supervisors Ferdon, Halley, Mancuso—3.

Absent: Supervisors Lewis, McCarty, Mead—3.

SPECIAL ORDER—3:00 P. M.

Making a Finding That a Special Five-Cent Municipal Railway Fare for Children for Other Than School Purposes Will Not Require Financing by Tax Subsidy During the Current Fiscal Year, But That Any Loss of Revenue During the Ensuing Fiscal Years Will Require Financing by Tax Subsidy.

File No. 11157-1, Resolution No. 13900 (Series of 1939).

November 23, 1953—Consideration continued to November 30, 1953.

Statement by Controller.

The Controller advised the Board that the measure as prepared makes the finding that a tax subsidy will not be required for either the current fiscal year or for the succeeding fiscal year, and that the accounting divisions of the Public Utilities Commission and the Controller do not agree with the finding that no tax subsidy will be required in the next ensuing fiscal year.

Supervisor Mancuso asked the Controller if it were possible to delete from the pending measure all reference to the next ensuing fiscal year.

The Controller informed the Supervisor that Section 130 of the Charter, dealing with rates, contains language that rates for a utility shall be so fixed that the revenue therefrom shall be sufficient to pay for at least the succeeding fiscal year, all expenses of every kind and nature incident to the operation and maintenance of said utility.

Privilege of the Floor.

The privilege of the floor was extended to George P. Negri, of the Public Utilities Commission's accounting bureau, who stated that the Commission had reported to the Board that it was estimated that no tax subsidy would be needed for the current fiscal year but that one would be required for the succeeding fiscal year.

Deputy City Attorney Thomas Blanchard advised that the measure before the Board was not properly drafted.

Temporary Continuance.

There being no objection, consideration of the pending measure was *temporarily postponed* pending redrafting of the measure by the Controller.

Passage for Second Reading.

File No. 11163, Ordinance No. . . . (Series of 1939).

Discussion.

Supervisor McAteer expressed the opinion that if the public buildings are to be operated on holidays, funds should have been provided for such contingency during budget time.

Supervisor Arnold commented that added funds were requested but that cuts were made either by the Chief Administrative Officer or the Mayor.

Amendment—Lost.

Supervisor Ferdon moved that the sum of \$1,235 be reduced to \$1,010. Motion seconded by Supervisor Dobbs and *lost* by the following vote:

Ayes: Supervisors Christopher, Dobbs, Ferdon—3.

Noes: Supervisors Arnold, Halley, Mancuso, McAteer, McMahon—5.

Absent: Supervisors Lewis, McCarty, Mead—3.

Substitute Measure.

Supervisor Arnold moved, seconded by Supervisor Christopher, that the proposed substitute measure prepared by the Controller and the City Attorney be adopted.

Request for Use of School Tickets on Sundays.

Supervisor McAteer suggested that the Public Utilities Commission be requested to consider permitting the use of school tickets on Sundays and holidays as there were many widows of Korean war heroes who had children and who may desire to visit places of amusement on Sundays and holidays. This naturally would entail considerable expense.

The President suggested to Supervisor McAteer that his request be made under Roll Call.

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Mancuso, McAteer, McMahan—8.

Discussion.

Supervisor Christopher informed the Board that when the pending measure was being discussed in Finance Committee, he had been advised by Admiral Cook, in reply to a query, that a new employment would not be required.

Supervisor Ferdon expressed the opinion that the Board might not have accepted the equipment were it known at that time that a new employment would be requested, and cautioned the Board to scrutinize such requests in the future with the greatest of care.

In reply to a query by Supervisor Arnold, the Chief Administrative Officer, Thomas A. Brooks, advised the Board that he had given considerable study to the necessity of recommending an additional employment. Mr. Brooks pointed out that not only was the question of civil defense involved, but that the mobile unit would be used in normal field operations of the Department of Public Works.

Supervisor Lewis supported the need for the position. He pointed out that a comparable situation existed in the purchase of insurance. While the need may never exist, it was good to know that one was protected in event of disaster.

Privilege of the Floor.

The privilege of the floor was extended to Admiral Cook who explained the purpose of the request and answered questions asked by the several Supervisors.

Explanation of Vote.

President Dewey Mead asked the Chief Administrative Officer certain questions; however, he admitted he was somewhat confused, and when he is in such a state of mind, he invariably casts a negative vote.

The roll was thereupon called and the measure was *passed for second reading* by the following vote:

Privilege of the Floor.

The privilege of the floor was extended to Vining T. Fisher, General Manager of the Parking Authority.

Mr. Fisher told the Board that his Authority had conferred with city departments and with downtown groups such as the Down Town Association, Chamber of Commerce, Retail Dry Goods Association, Building Owners and Lessees Association, Real Estate Board, Apartment House Association, San Francisco Forward Committee, Municipal Conference and that agreement was reached with respect to those sites for the construction of off-street parking facilities currently before the Board.

Supervisor Lewis asked Mr. Fisher if his Authority could take steps to circumvent the all-day parking of office workers and others who work in the down town area and thus afford an opportunity to shoppers in finding parking accommodations.

Mr. Fisher replied that something could be worked out along the lines suggested by the Supervisor. He pointed out that at the time the Board is considering the appropriation of funds, it will have before it copies of the proposed lease and undoubtedly such lease could be amended to take care of the suggestion made by Supervisor Lewis.

Statement by Controller.

Controller Harry D. Ross pointed out to the Board that at the time the appropriation of funds is before the Board for consideration as well as the call for bids and the proposed lease, unless it is shown that the city will have control over rates and management, he would be unable to certify as to the availability of funds.

Request for Copies of Proposed Lease.

Supervisor Mancuso suggested that the Parking Authority supply the members of the Board with copies of the proposed lease or leases when the matter is being considered by the Board.

The roll was thereupon called on the pending measure and it was adopted by the following vote:

Discussion.

Supervisor Christopher said he had conversed over the telephone with Walter Mails, Publicity Director of the San Francisco Baseball Club, and it was agreed that the best thing to do would be to leave the pending measure on the calendar until such time as the present controversy over the management of the baseball club was clarified.

Accordingly, Supervisor Christopher moved, seconded by Supervisor Halley, that consideration of the pending measure be continued for a period of two weeks.

No objection and motion *carried*.

Consideration continued two weeks.

Passage for Second Reading.

Discontinuing and Abandoning a Portion of McLaren Park for Park Purposes.

File No. 6436-4, Ordinance No. . . . (Series of 1939).

(Land required for school purposes. Area: A total of 16.23 acres, more or less. Electorate voted discontinuance at election of June 3, 1952.)

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, McMahon, Mead—11.

Discontinuing and Abandoning Columbia Square as a Public Park.

File No. 8738-4, Ordinance No. . . . (Series of 1939).

(Land required for school purposes. Electorate voted discontinuance at election on November 4, 1952. Land bounded by Folsom, Sherman, Harvard, Columbia Square Streets. Area: Approximately 257 feet by 550 feet.)

Explanation of Vote.

Supervisor Lewis wanted the record to show that he agreed with the views heretofore expressed by the City Planning Commission that a school should not be constructed in this industrial area. What the area needed was a park, not a school; however, since the electorate had voted to discontinue the use of Columbia Park Square for park purposes, he intended to go along with the mandate of the people.

Privilege of the Floor.

The privilege of the floor was extended to Roy Flamm, Chairman of the Society for the Preservation of Golden Gate Park, who wanted action taken guaranteeing the preservation of the trees and flora now located in Columbia Park Square in view of the fact that such lands would now be utilized for school purposes.

(Measure on the subject introduced on Roll Call by Supervisor Halley.)

The roll was thereupon called and the pending measure was *passed for second reading* by the following vote:

Ayes: Supervisors Christopher, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, McMahan, Mead—9.

Absent: Supervisors Arnold, Dobbs—2.

Final Passage.

Motion "Do Pass."

Supervisor Arnold moved, seconded by Supervisor McCarty, that the foregoing measure "do pass."

Howe, Jr., Director of the California Palace of the Legion of Honor, January 5-30, 1954; Oliver M. Rousseau, President, Public Utilities Commission, December 23, 1953-January 3, 1954; Harold L. Zellerbach, President of the Art Commission, December 12-16, 1953, All With Permission to Leave the State.

File No. 10700, Resolution No. 13909 (Series of 1939).

Supervisor Arnold moved adoption; seconded by Supervisor McCarty.

Objection.

Supervisor Mancuso objected to that portion of the Mayor's recommendation where a request was made for a leave for the period December 23, 1953, to January 4, 1954, contending that during his tenure in office, the Mayor had spent considerable time away from his desk, a state of affairs which he could not view with favor. He stated he was willing to vote in favor of the leave required to attend the convention, namely for the period December 9-16, but not the leave following.

Motion to Consider Leaves Seriatim.

Supervisor Mancuso thereupon moved, seconded by Supervisor Mead, that the Board consider the leaves seriatim.

There being no objection, the foregoing motion was *withdrawn*.

There being no objection, consideration of the proposed leaves was divided into two parts: One dealing with the leave for the Mayor for the purpose of attending a meeting on civil defense matters in Washington, D. C., along with the leaves proposed for other city officials, and the other dealing with the leave for the Mayor for the period December 23, 1953, to January 3, 1954.

The roll was first called on the measure authorizing leaves for the Mayor and other city officials and it was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, McMahan, Mead—11.

The roll was then called on the measure, designated as File No. 10700, Resolution No. 13910 (Series of 1939), providing a leave for the Mayor for the period December 23, 1953, to January 3, 1954, and it was *adopted* by the following vote:

The privilege of the floor was extended to Captain Otto Meyer of the Traffic Bureau, who explained the necessity for the signs.

Supervisor McCarty supported the recommendation of the committee, expressing the opinion that there are not enough stop signs throughout the city, and that such installations are only recommended after a thorough investigation by the Police Department.

Supervisor Mead moved, seconded by Supervisor Ferdon, that the following words in Rule 35 be deleted: “if any,” and change word “and” appearing after the phrase “established policy of Board,” to read “or.”

Opposition.

Supervisor Mancuso opposed the measure, contending that the Board should have confidence in its representatives at conventions and not saddle them with specific instructions. He explained that he believed he compiled an enviable record as President and a member of the Board of Directors of the County Supervisors' Association and that he considered the pending measure as a personal affront to him.

He thereupon moved re-reference of the measure to committee.

Supervisor Ferdon stated he believed there was no intention to have the measure considered as an affront to Supervisor Mancuso, but did believe that when the Board authorized a representative to attend a meeting or convention, the member should be directed to carry out the policy of the Board.

It was pointed out to the Board that a subsequent calendar item identified as File No. 10364-1, entitled: “Regulating votes and representations of officers and employees of the City and County at meetings and conventions attended pursuant to authorization granted by the Board of Supervisors,” is considered to be all inclusive, and Supervisor Dobbs thereupon moved, seconded by Supervisor McAteer, that the pending measure be tabled:

Supervisor Mancuso told the Board that if the pending legislation is passed, he would tender his resignation as a member of the Board of Directors of the County Supervisors' Association, because he believed the legislation was neither necessary nor worthwhile.

Supervisor Mead stated he had disagreed with many issues over the years but when the Board made know its stand in any particular matter, he supported it regardless of his personal position in the matter;

Amendment.

File No. 11154, Resolution No. 13960 (Series of 1939).

Objection.

Supervisor Halley said he would vote against the measure as he believed its adoption would affect the rate structure of the Municipal Railway in that it would either have to be revised or a tax subsidy imposed.

Resumption of Consideration of File No. 11171 Relating to Conduct of a Sports Car Race in Golden Gate Park.

Discussion.

Supervisor Lewis said he seriously questioned the authority of the Board to pass upon a measure of this kind, and called upon Deputy City Attorney Thomas Blanchard to quote sections from the Charter to corroborate his opinion.

Mr. David E. Lewis, General Manager of the Recreation and Park Department, said the presentation of the measure to the Board was done in the community interest; however, he pointed out that if the courts were to decide who had jurisdiction over the matter, he believed the Recreation and Park Commission would be given the final say.

Motion "Do Pass."

Supervisor Halley moved, seconded by Supervisor Arnold, that the pending measure "Do Pass" for second reading.

Substitute Motion.

Supervisor Lewis moved, as a substitute, that the measure be remanded to committee and an opinion obtained from the City Attorney as to whether or not the Board had the authority to pass on it.

Motion lost for want of a second.

Position of Supervisor McAteer.

Supervisor McAteer explained that he is heartily in favor of the aims of The Guardsmen and that he is an advocate of all types of athletic endeavor. He has been a member of the organization for over four years, and many of its members were close personal friends of his. He stated that the auto races could not be considered as the only source of revenue. The Supervisor proceeded to narrate on the number of underprivileged youngsters sent to camp over the years, and thereafter read excerpts from various cities where auto racing is banned in the public parks. The Supervisor likewise proceeded to list the number of objections raised by the various groups to the holding of the event in Golden Gate Park. He explained that his personal objection to the event being held was based on the potential personal injury factor.

The Supervisor concluded that the question of a permit to conduct the race should not be considered a life and death matter for The Guardsmen but it might be just that for one or more of the spectators and for that reason, he was voting against the measure.

Supervisor Halley expressed opposition to the measure.

Point of Order.

Supervisor Lewis rose to a point of order, contending that the Board should not be permitted to consider the measure any further, because in effect, the Board was merely sitting as an appellate body, and if this were permitted, all matters pertaining to the public interest would come before the Board. He emphasized that the Charter was clear as to jurisdiction of matters affecting the public parks, and in view of such clarity of Charter provisions, the pending matter was not properly before the Board.

The President ruled the point of order not well taken.

Statement.

Supervisor McCarty expressed the opinion that Golden Gate Park is an area of diversified interests; not one confined to trees and flowers. He pointed out that baseball, polo, football, tennis and other sports are played there. The only question before the Board is whether the safety factor is of such moment as to compel the Board to reverse its previous action and prohibit auto racing in the park.

Supervisor McMahon stated that she would vote against the measure as she did not believe that the revenue expected to be derived by The Guardsmen was worth jeopardizing life.

Questions Raised.

Supervisor Christopher asked questions of and received answers from Dr. Philip Westdahl, President of The Guardsmen, with respect to revenue derived from the holding of such races.

Opinions Requested of the City Attorney.

1. Supervisor Lewis moved that consideration of the pending measure be continued for one week and in the meantime the Clerk obtain a written opinion from the City Attorney as to whether the Board or the Recreation and Park Commission has the authority to decide whether or not automobiles shall race on the roads located within the boundaries of Golden Gate Park. Motion seconded by Supervisor Mancuso.

No objection and the *Clerk was directed to comply*.

2. Supervisor McAteer requested an opinion from the City Attorney as to whether the proposed agreement is in the nature of a contract or administrative recommendation or action within the purview of Section 22 of the Charter, so that enactment of the proposed measure by the Board would constitute a violation of said Section 22.

No objection and the *Clerk was directed to comply*.

3. Supervisor Arnold requested an opinion from the City Attorney as to whether, in the event the agreement be entered into, The Guardsmen would be granted exclusive control of large areas within Golden Gate Park, and whether the erection of grandstands and other structures appurtenant to the conduct of the race would necessitate formal approval by the Board of Supervisors.

No objection and the *Clerk was directed to comply*.

The roll was thereupon called on the motion to continue consideration for one week and it *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, McMahan, Mead—11.

Recommendations of Judiciary Committee (Continued).

Statement by Deputy City Attorney.

Deputy City Attorney Thomas Blanchard, when asked if his office was now in position to render an opinion as to the legality of the measure, stated that he had discussed the subject with the City Attorney and agreement had been reached that the proposed measure is invalid and that time would be required to work out a suitable one.

Motion to Re-refer.

Accordingly, Supervisor Halley moved re-reference to committee; seconded by Supervisor Ferdon.

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Mancuso, McAteer, McCarty, McMahan, Mead—10.

Supervisor Ferdon moved, seconded by Supervisor Halley, that Subdivision 3, Subsection b, Section 310, be amended by adding thereto the following: "These last measurements may be taken in a line conforming to normal path of travel that would be taken by a pedestrian."

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Mancuso, McAteer, McCarty, McMahan, Mead—10.

Absent: Supervisor Lewis—1.

The roll was thereupon called and the pending measure, as amended, was *passed for second reading* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Mancuso, McAteer, McCarty, McMahan, Mead—10.

Absent: Supervisor Lewis—1.

Rescission of Board Action.

Supervisor Ferdon moved, seconded by Supervisor Christopher, that the Board rescind its action whereby it had, earlier in the meeting, passed for second reading File No. 11042, entitled: "Amending Ordinance No. 6071 (Series of 1939), Legislative Procedure Ordinance, by amending Section 8 thereof, relating to calling measures from committee."

No objection and *motion carried*.

Discussion.

Supervisor McCarty stated the City Attorney had ruled in the past that the Board has the power, by majority vote, to call any matter from committee, at any time, and saw no reason why the Board should hamstring itself with the proposed legislation. He accordingly would vote against the measure.

Supervisor McCarty thereupon asked Deputy City Attorney Thomas Blanchard if it is not a fact that the Board does have the power to call a matter from committee at any time for immediate action. Mr. Blanchard stated that such was his understanding.

Supervisor Mancuso praised the proposed measure as supplying an intelligent approach to committee action.

The President declared that, with but few exceptions, the Board procedure has been in the past, and that included his nineteen years on the Board, to call for a matter from committee only after it had been in such committee for more than 30 days. The few exceptions were the result of verbal opinions from the City Attorney.

Roll Call.

The roll was thereupon called and the measure was *passed* for second reading by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McMahon, Mead—10.

No: Supervisor McCarty—1.

Recommendations of Judiciary Committee (Continued).

File No. 11059, Ordinance No. . . . (Series of 1939).

December 21, 1953—Consideration continued to December 28, 1953.

Statement by Supervisor Lewis.

Supervisor Lewis objected to the measure as proposed, contending that it differed from the one he originally introduced; he did not believe that city officials should be allowed to formulate the proposed Charter; further, it does not accomplish the purposes set forth in his original measure and accordingly he would vote against it.

Roll Call.

The roll was thereupon called and the measure was *passed* for second reading by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Mancuso, McAteer, McCarty, McMahon, Mead—10.

No: Supervisor Lewis—1.

SPECIAL ORDER—3:00 P. M.

The following measures, ordered on the calendar by direction of the President, were taken up:

Adopted.

Making a Finding That Continuance of the Five-Cent Fare for the Special Shoppers' Shuttle Service from December 31, 1953, to June 30, 1954, Will Not Require a Tax Subsidy for the Current Fiscal Year but Will Require a Tax Subsidy for the Fiscal Year 1954-1955.

File No. 11261-1, Resolution No. 13978 (Series of 1939).

Motion to Adopt.

Supervisor Lewis moved adoption; seconded by Supervisor Mancuso.

Statement by Public Utilities Commission.

The Clerk read a statement from the Public Utilities Commission to the effect that no tax subsidy would be required to operate the shuttle bus service for the period January 1 to June 30, 1954.

Controller Harry D. Ross stated that his office believed that a tax subsidy would be required for the ensuing fiscal year should the shuttle bus service be extended to cover that period. The Controller further stated the change in fare structure contemplated by Public Utilities Commission Resolution No. 13921 will, to some degree, adversely affect the amount available at June 30, 1954, for use as revenue during the ensuing fiscal year 1954-55.

Supervisor Lewis stated he believed the city was making money by running the shuttle busses. He pointed out that the only expense involved was for gasoline and oil and upkeep, as the men were being paid just the same. In this way, busses would be serving the public instead of remaining unused in the yards.

Supervisor Lewis declared that a breakdown should be supplied to show where the railway is losing money, particularly in this case where idle busses are being taken from the yards and serving the public.

Supervisor McCarty asked the Controller whether, in reaching his conclusions that the shuttle bus service was losing money, the question of operating salaries had been taken into consideration. The Controller replied that he was not concerned with the cost of operation, but was concerned with the effects of the service upon revenues.

Supervisor Lewis stated he differed with the statement of the Controller in that he believed the shuttle bus service was a paying proposition, and that the Controller's judgment that a deficit will ensue during the fiscal year 1954-55 was purely speculative.

Roll Call.

The roll was thereupon called on the pending measure and it was adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, McMahan, Mead—11.

Tabled.

Making a Finding That Continuance of the Five-Cent Fare for the Special Shoppers' Shuttle Service from December 31, 1953, to June 30, 1954, Will Not Require a Tax Subsidy for the Current or Succeeding Fiscal Year.

Motion to Table.

Supervisor Mancuso moved that the foregoing measure be tabled. Motion seconded by Supervisor McAteer and carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, McMahan, Mead—11.

File No. 10673

December 21, 1953—Consideration continued to December 28, 1953.

Discussion.

Supervisor McCarty voiced opposition, declaring that to have but one member of the Board act as Mayor during the latter's absence would tend to create conditions which might be detrimental to any program which the Mayor may have been following.

Supervisor Mancuso said he believed the Mayor should continue to have the power to appoint anyone he chose to serve in his stead during his absence, and that he saw no reason why the present method of rotating members of the Board to serve as Acting Mayor should be changed.

Request to Be Excused from Voting.

Supervisor Christopher asked that he be excused from voting due to the fact that he was elected to serve as President of the Board for the next two years, effective January 8, 1954.

Objection.

Supervisor Ferdon objected to permission being granted, contending that he saw no valid reason for granting such permission.

Motion.

Supervisor Mancuso moved, seconded by Supervisor Halley, that Supervisor Christopher be excused from voting.

Statement.

Supervisor Dobbs announced he would vote against permission being granted, since it was a matter of principle with him and he saw no factual basis for the request in the statement that Supervisor Christopher had been elected as President for the next two years.

The roll was thereupon called and the motion to excuse Supervisor Christopher from voting *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Halley, Lewis, Mancuso, McAteer, McCarty, McMahon, Mead—9.

Noes: Supervisors Dobbs, Ferdon—2.

Motion to Defer Consideration.

Supervisor Ferdon moved, seconded by Supervisor Dobbs, that consideration of the pending measure be continued for one week.

Ayes: Supervisors Arnold, Dobbs, Ferdon, Halley, Lewis, Mancuso, McAteer, McCarty, McMahan, Mead—10.

Excused from Voting: Supervisor Christopher—1.

The roll was thereupon called and the measure was *refused submission* by the following vote:

Accordingly, under such conditions, he was withdrawing his objection.

The roll was thereupon called and the measure *passed for second reading* by the following vote:

Adding Section 35.1 to Article 3, Chapter XI (Traffic Code), Part II of the San Francisco Municipal Code, Prohibiting Left-Hand Turns Within a Specified Downtown Area.

Supervisor Lewis presented:

File No. 11273, Ordinance No. . . . (Series of 1939).

Referred to Police Committee.

Consideration of Measure from Committee.

Supervisor Lewis moved, seconded by Supervisor Mancuso, that the measure now pending before the County, State and National Affairs Committee and designated as File No. 11082-1, entitled: "Urging legislative and other action to provide for relinquishment of surplus land in The Presidio of San Francisco for private development," be called from committee for immediate Board consideration.

Motion Ruled Out of Order.

The President ruled the motion out of order since the measure had not been in committee the required thirty days.

Objection.

Supervisor McCarty voiced objection to the decision of the President, contending that the City Attorney had ruled, on several occasions, that the Board had the power, by majority vote, to call a measure from committee at any time.

The President countered with the statement that the expressions of the City Attorney in those instances mentioned by Supervisor McCarty, were but oral ones and therefore not conclusive.

Appeal from Decision of the President.

Supervisor McCarty thereupon appealed from the decision of the President, and the President requested Supervisor Ferdon to assume the Chair for the purpose of conducting the appeal proceedings.

Supervisor Mancuso rose to a point of order, asserting that an appeal to be properly before the Board must be moved and seconded.

Acting President Ferdon ruled the point of order not well taken.

Appeal Withdrawn.

Supervisor McCarty withdrew his appeal; thereupon the President resumed the Chair.

Point of Order.

Supervisor Lewis began to speak on the subject of The Presidio lands whereupon Supervisor McCarty rose to a point of order, pointing out that the President had ruled that the matter could not be called out of committee at the present time and therefore discussion on the measure was not in order.

The President ruled the point of order well taken.

Meeting of Committee.

Supervisor Lewis asked permission to have the members of the County, State and National Affairs Committee caucus immediately on the measure.

No objection and the members of the committee *were excused* for that purpose.

Reference to Committee.

Urging That Swimming Facilities at San Francisco State College Be Made Available to Public Use at Specified Times.

Supervisor McAteer presented:

File No. 11274, Resolution No. . . . (Series of 1939).

Referred to Education, Parks and Recreation Committee.

Declaring a Policy Concerning the Elimination of Smog and Urging Other Bay Area Counties to Take Similar Action.

Supervisor McCarty presented:

File No. 9574-2, Resolution No. . . . (Series of 1939).

Referred to Public Health and Welfare Committee.

Adopted.

The following recommendation of the County, State and National Affairs Committee was taken up:

Urging Legislative and Other Action to Provide for Relinquishment of Surplus Land in The Presidio of San Francisco for Private Development.

File No. 11082-1, Resolution No. 13975 (Series of 1939).

Statement by Supervisor Lewis.

Supervisor Lewis stated he was opposed to the practice of conducting a committee meeting in a matter of seconds without adequate notice to the public, but he felt in the present case he was justified in that his committee had already held a meeting some time ago on a similar proposition, to-wit the obtaining of surplus Presidio lands for private development purposes; the only difference between the resolution adopted by the committee at that time and the present one under consideration by the committee was that the initial one provided intervention on the part of the House Armed Services Committee and the present one calls for action on the part of our Congressmen and Legislative Representative.

Objection.

Supervisor Ferdon objected to the method pursued by the County, State and National Affairs Committee in recommending the pending measure, contending that it should have been handled through normal committee study. He stated that he would vote against the pending measure but would not be averse to directing that the Clerk send out letters, over his signature, to the parties mentioned in the measure, urging favorable action, should immediate Board action be refused.

Supervisor Lewis asked Supervisor Ferdon if it would not be possible for him to excuse himself from Board attendance so that the record will not show him as voting against the measure.

Supervisor Ferdon stated that it was a matter of principle with him, and that the pending measure should have received proper committee consideration.

The roll was thereupon called and the measure was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Lewis, Mancuso, McAteer, McCarty, McMahan, Mead—9.

No: Supervisor Ferdon—1.

Absent: Supervisor Halley—1.

Committee Meeting.

Supervisor Mancuso announced a meeting of the Public Buildings, Lands and City Planning Committee for Tuesday, January 5, 1954, at 3:30 p. m.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:55 p. m., adjourned.
